To the Plan Administrator and Participants of
Reliant Medical Group, Inc. 403(b) Plan:

We were engaged to audit the accompanying statement of net assets available for benefits of Reliant Medical Group, Inc. 403(b) Plan (formerly Fallon Clinic, Inc. 403(b) Plan) (the "Plan") as of December 31, 2011, and the related statement of changes in net assets available for benefits for the year then ended and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of and for the year ended December 31, 2010 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 14, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole, and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in Note 3, which was certified by Fidelity Management Trust Company, trustee of the Plan, except for comparing the information with the related information included in the 2011 financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2011 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's financial statements that we did not audit, we are unable to, and do not, express an opinion on the 2011 financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting under ERISA. The form and content of the information included in the 2011 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

RELIANT MEDICAL GROUP, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2011 AND 2010

1. DESCRIPTION OF PLAN

The following description of the Reliant Medical Group, Inc. 403(b) Plan (“the Plan”) is provided for general purposes only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

The Plan was formerly named Fallon Clinic, Inc. 403(b) Plan and changed its name effective October 1, 2011 in conjunction with Fallon Clinic, Inc.’s name change to Reliant Medical Group, Inc.

General – The Plan is a defined contribution plan covering all eligible employees of Reliant Medical Group, Inc. (the “Company”) as defined in the Plan. The Plan was adopted on January 1, 2008. The Company’s Pension Plan Committee is responsible for the general administration of the Plan. Fidelity Management Trust Company is the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Participants are allowed to contribute an amount up to 100% of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Effective September 30, 2009, the Company amended the Plan such that no matching contributions would be made with respect to contributions made on or after October 1, 2009. However, the Company may make a profit sharing contribution to the Plan that would be made on the last day of the plan year to the accounts of eligible participants determined at the discretion of the Company’s Board of Trustees. No discretionary contribution was made in 2011 or 2010.

Effective January 1, 2011, the Company amended the plan document and reinstated a matching policy for contributions made on or after January 1, 2011. The amendment allows for a 50% match of deferred contributions (including Roth contributions) made by the participant provided that the match does not exceed 3% of the participant’s compensation. Participants become eligible for the match following six months of employment.

In addition to the changes to the Company match detailed above, the plan document was amended effective for the plan year beginning January 1, 2011, to include a separate Employer Funded Contribution.

1. DESCRIPTION OF PLAN (CONTINUED)

Contributions (continued) – Employer Funded Contribution Accounts are maintained for all eligible employees of the Company, as defined in the plan document. The contribution to be added to Employer Funded Contributions Accounts totaled \$4,735,654 for the year ended December 31, 2011 and is determined based on the sum of the participant's age and completed vesting years as of January 1 of the plan year for which the contribution is being made and his or her compensation for that plan year, in accordance with the following table:

Points (Sum of age and vesting year in whole numbers on January 1 of Plan year)	Percentage of Compensation (Contributed to Employer Funded Contributions Account)
0-44	2.0%
45-54	3.0%
55-64	4.0%
65-74	5.0%
75 and over	6.0%

Effective for the year ended December 31, 2010, employer contributions totaling \$1,089,672 were made to the Employer Funded Contributions Accounts of eligible employees. The contributions were determined in the same manner as described above (with participant age and vesting years determined as of October 1, 2010) in accordance with the following table:

Points (Sum of age and vesting year in whole numbers on October 1, 2010)	Percentage of Compensation (Contributed to Employer Funded Contributions Account)
0-44	0.50%
45-54	0.75%
55-64	1.00%
65-74	1.25%
75 and over	1.50%

Participants' accounts – Each participant's account is credited with the participant's contributions, matching contributions and allocations of plan earnings or losses, and is charged with an allocation of administrative expenses. Plan earnings or losses are allocated based on the participant's share of net earnings or losses of their respective elected investment options.

Separate Employer Funded Contribution accounts will be maintained related to the annual Employer Funded Contribution. These accounts will be subject to different vesting schedules as described below.

Allocations of administrative expenses are based on specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (CONTINUED)

Vesting – Participants are immediately vested in their contributions account balance, including employer matching, plus actual earnings thereon.

Vesting on the balance in the Employer Funded Contributions Account is according to the following schedule:

Less than 2 years of vesting	0%
At least 2 years of vesting	25%
At least 3 years of vesting	50%
At least 4 years of vesting	100%

Payment of benefits – Upon separation of service with the Company due to death, disability, retirement or termination, a participant whose vested account balance exceeds \$1,000 may elect to receive a lump-sum payment. A participant whose vested account balance is \$1,000 or less will automatically receive an immediate lump-sum distribution equal to their vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Participants who defer their distributions must receive their distributions at age 70-1/2.

Administrative expenses – Loan and distribution fees are charged to participant accounts, as provided in the Plan. All other administrative expenses of the Plan are paid by the Company.

Participant notes – Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years. A participant may have only one outstanding loan with the Plan at any time. The loans are secured by the balance in the participant's account and bear interest at one percent plus the Prime interest rate on the first business day of the month in which the loan is made. This rate will remain fixed for the duration of the loan. Principal and interest are paid ratably through payroll deductions.

Plan termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of estimates – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – The Plan's investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant notes – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits – Benefits to participants are recorded when paid.

Risks and uncertainties – The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market volatility, liquidity and credit risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent events – The Company has evaluated subsequent events through September 7, 2012, the date the financial statements were available to be issued.

3. INVESTMENT INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations under ERISA.

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2011 and 2010, and the net appreciation (depreciation) in fair value of investments, interest, dividends and interest income on notes receivable from participants for the years ended December 31, 2011 and 2010, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

3. INVESTMENT INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED) (CONTINUED)

The fair value of individual investments that represent 5% or more of the Plan's net assets available for benefits as of December 31 are as follows:

	2011	2010
Fidelity Freedom 2020 Fund	\$ 5,029,773	\$ 4,090,733
Vanguard Institutional Index Fund	3,352,484	2,397,050

Fidelity Retirement Money Market Fund	*	2,039,954
American Europacific Growth Fund	*	1,651,962

* Less than 5% of Plan's net assets available for benefits

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation method include: quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation method are unobservable and significant to the fair value measurement. Level 3 inputs included management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds – valued by the Plan at year end as reported on the active market on which the shares are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
Stock investments	\$ 15,889,782	\$ -	\$ -	\$ 15,889,782

5. TAX STATUS

The Plan has been designated to qualify under Section 403(b) of the Internal Revenue Code (the Code) and therefore, it is not currently required to receive a determination letter from the Internal Revenue Service. The Plan is required to operate in conformity with the Code to maintain its qualification under Section 403(b). Plan management believes the Plan is currently designed and being operated in compliance with applicable requirements of the Code.

5. TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

6. PARTY-IN-INTEREST

The Plan assets are invested in shares of mutual funds managed by Fidelity Management Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, the transactions are exempt from the prohibited transactions rule under ERISA.

Reliant Medical Group, Inc. 403(b) Plan:

We were engaged to audit the accompanying statement of net assets available for benefits of Reliant Medical Group, Inc. 403(b) Plan (formerly Fallon Clinic, Inc. 403(b) Plan) (the "Plan") as of December 31, 2011, and the related statement of changes in net assets available for benefits for the year then ended and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of and for the year ended December 31, 2010 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 14, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole, and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in Note 3, which was certified by Fidelity Management Trust Company, trustee of the Plan, except for comparing the information with the related information included in the 2011 financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2011 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's financial statements that we did not audit, we are unable to, and do not, express an opinion on the 2011 financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting under ERISA. The form and content of the information included in the 2011 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

RELIANT MEDICAL GROUP, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2011 AND 2010

1. DESCRIPTION OF PLAN

The following description of the Reliant Medical Group, Inc. 403(b) Plan (“the Plan”) is provided for general purposes only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

The Plan was formerly named Fallon Clinic, Inc. 403(b) Plan and changed its name effective October 1, 2011 in conjunction with Fallon Clinic, Inc.’s name change to Reliant Medical Group, Inc.

General – The Plan is a defined contribution plan covering all eligible employees of Reliant Medical Group, Inc. (the “Company”) as defined in the Plan. The Plan was adopted on January 1, 2008. The Company’s Pension Plan Committee is responsible for the general administration of the Plan. Fidelity Management Trust Company is the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Participants are allowed to contribute an amount up to 100% of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Effective September 30, 2009, the Company amended the Plan such that no matching contributions would be made with respect to contributions made on or after October 1, 2009. However, the Company may make a profit sharing contribution to the Plan that would be made on the last day of the plan year to the accounts of eligible participants determined at the discretion of the Company’s Board of Trustees. No discretionary contribution was made in 2011 or 2010.

Effective January 1, 2011, the Company amended the plan document and reinstated a matching policy for contributions made on or after January 1, 2011. The amendment allows for a 50% match of deferred contributions (including Roth contributions) made by the participant provided that the match does not exceed 3% of the participant’s compensation. Participants become eligible for the match following six months of employment.

In addition to the changes to the Company match detailed above, the plan document was amended effective for the plan year beginning January 1, 2011, to include a separate Employer Funded Contribution.

1. DESCRIPTION OF PLAN (CONTINUED)

Contributions (continued) – Employer Funded Contribution Accounts are maintained for all eligible employees of the Company, as defined in the plan document. The contribution to be added to Employer Funded Contributions Accounts totaled \$4,735,654 for the year ended December 31, 2011 and is determined based on the sum of the participant's age and completed vesting years as of January 1 of the plan year for which the contribution is being made and his or her compensation for that plan year, in accordance with the following table:

Points (Sum of age and vesting year in whole numbers on January 1 of Plan year)	Percentage of Compensation (Contributed to Employer Funded Contributions Account)
0-44	2.0%
45-54	3.0%
55-64	4.0%
65-74	5.0%
75 and over	6.0%

Effective for the year ended December 31, 2010, employer contributions totaling \$1,089,672 were made to the Employer Funded Contributions Accounts of eligible employees. The contributions were determined in the same manner as described above (with participant age and vesting years determined as of October 1, 2010) in accordance with the following table:

Points (Sum of age and vesting year in whole numbers on October 1, 2010)	Percentage of Compensation (Contributed to Employer Funded Contributions Account)
0-44	0.50%
45-54	0.75%
55-64	1.00%
65-74	1.25%
75 and over	1.50%

Participants' accounts – Each participant's account is credited with the participant's contributions, matching contributions and allocations of plan earnings or losses, and is charged with an allocation of administrative expenses. Plan earnings or losses are allocated based on the participant's share of net earnings or losses of their respective elected investment options.

Separate Employer Funded Contribution accounts will be maintained related to the annual Employer Funded Contribution. These accounts will be subject to different vesting schedules as described below.

Allocations of administrative expenses are based on specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (CONTINUED)

Vesting – Participants are immediately vested in their contributions account balance, including employer matching, plus actual earnings thereon.

Vesting on the balance in the Employer Funded Contributions Account is according to the following schedule:

Less than 2 years of vesting	0%
At least 2 years of vesting	25%
At least 3 years of vesting	50%
At least 4 years of vesting	100%

Payment of benefits – Upon separation of service with the Company due to death, disability, retirement or termination, a participant whose vested account balance exceeds \$1,000 may elect to receive a lump-sum payment. A participant whose vested account balance is \$1,000 or less will automatically receive an immediate lump-sum distribution equal to their vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Participants who defer their distributions must receive their distributions at age 70-1/2.

Administrative expenses – Loan and distribution fees are charged to participant accounts, as provided in the Plan. All other administrative expenses of the Plan are paid by the Company.

Participant notes – Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years. A participant may have only one outstanding loan with the Plan at any time. The loans are secured by the balance in the participant's account and bear interest at one percent plus the Prime interest rate on the first business day of the month in which the loan is made. This rate will remain fixed for the duration of the loan. Principal and interest are paid ratably through payroll deductions.

Plan termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of estimates – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – The Plan's investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant notes – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits – Benefits to participants are recorded when paid.

Risks and uncertainties – The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market volatility, liquidity and credit risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent events – The Company has evaluated subsequent events through September 7, 2012, the date the financial statements were available to be issued.

3. INVESTMENT INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations under ERISA.

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2011 and 2010, and the net appreciation (depreciation) in fair value of investments, interest, dividends and interest income on notes receivable from participants for the years ended December 31, 2011 and 2010, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

3. INVESTMENT INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED) (CONTINUED)

The fair value of individual investments that represent 5% or more of the Plan's net assets available for benefits as of December 31 are as follows:

	2011	2010
Fidelity Freedom 2020 Fund	\$ 5,029,773	\$ 4,090,733
Vanguard Institutional Index Fund	3,352,484	2,397,050

* Less than 5% of Plan's net assets available for benefits

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation method include: quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation method are unobservable and significant to the fair value measurement. Level 3 inputs included management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds – valued by the Plan at year end as reported on the active market on which the shares are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
Stock investments	\$ 15,889,782	\$ -	\$ -	\$ 15,889,782

5. TAX STATUS

The Plan has been designated to qualify under Section 403(b) of the Internal Revenue Code (the Code) and therefore, it is not currently required to receive a determination letter from the Internal Revenue Service. The Plan is required to operate in conformity with the Code to maintain its qualification under Section 403(b). Plan management believes the Plan is currently designed and being operated in compliance with applicable requirements of the Code.

5. TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

6. PARTY-IN-INTEREST

The Plan assets are invested in shares of mutual funds managed by Fidelity Management Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, the transactions are exempt from the prohibited transactions rule under ERISA.
