To the Participants and Administrator of
Quintairos, Prieto, Wood & Boyer, P.A. 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of Quintairos, Prieto, Wood & Boyer, P.A. 401(k) Plan (the "Plan") as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

Except as discussed in the following paragraph, we conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Investment Bank and Trust Company, the trustees for the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had we performed procedures with respect to the information summarized in Note 3, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2011 and 2010, and the changes in the net assets available for benefits for the year ended December 31, 2011, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules listed in the accompanying index are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

1. Description of the Plan

The following description of the Quintairos, Prieto, Wood & Boyer, P.A. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) Profit Sharing Plan covering all employees of Quintairos, Prieto, Wood & Boyer, P.A. (the "Company") who are age 21 or older as of the Plan entry date and have completed six months of service. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute between 1% and 90% of pre-tax annual compensation subject to limitations, as defined by the Plan. In addition, participants over 50 years of age are permitted to make additional catch up contributions of $5,500. Participants may also contribute amounts representing rollover distributions from other qualified plans. Upon enrollment, participants may direct their contributions to any of the Plan's investment options. Additionally, participants may change their investment options at any time.

The Company shall contribute an amount equal to a percentage of each participant's compensation for each plan year as specified by resolution of the Board of Directors. The percentage for the employer contribution was 100% on the first 4% of employees' compensation which is deferred for the year ended December 31, 2011. The company from time to time may contribute additional amounts on a discretionary basis to the plan. Company contributions shall be calculated and allocated each pay period and invested in accordance with the participant's directed investment options. Effective January 1, 2009, the matching contribution will not exceed $9,800 a year.

Participants' Accounts

Each participant's account is credited with the participant's contributions, and allocations of (a) the Company's contributions and (b) Plan earnings or loss. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Prior to January 1, 2009, vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A participant is 100% vested after six years of credited service. Effective January 1, 2009, the Company adopted a Safe Harbor 401(k) Plan and, as a result, all the 2011 Company's contributions are immediately vested. In the event of Plan termination, all participants will be considered fully vested.

Payment of Benefits

On termination of service, normal retirement, attainment of age 59½, death, or disability, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a monthly annuity (fixed or variable) distributed in accordance with the Plan

Notes Receivables from Participant
Participants may borrow from their fund accounts a minimum of $500 up to an amount not to exceed the lesser of $50,000 or 50% of their vested account balance. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with the prime rates at the time the loan is effective, as published in the Wall Street Journal on the 14th of each month, plus two percentage points. Principal and interest is paid ratably through semimonthly payroll deductions. Loan terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. A participant may not have more than one loan outstanding at a time. At December 31, 2011 and 2010, there was $102,476 and $73,633, respectively, in outstanding participant loans. Such amounts have been included in investments in the statement of net assets available for benefits.

Forfeited Accounts
These amounts will be used to reduce future employer contributions or plan administrative expenses. At December 31, 2011, there were no forfeited non-vested balances. Also in 2011, employer contributions were reduced by $100 from forfeited non-vested accounts.

Plan Termination
Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested.

Administrative Expense
The Company pays all of the Plan's administrative expenses.

2. Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America may require management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties
The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of such investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits and statement of changes in net assets available for plan benefits.

Investment Valuation and Income Recognition
The Plan's investments in mutual funds are valued at fair value (see Fair Value Measurements). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Participant loans are valued at their outstanding values, which approximates fair value.

The Plan presents in the statement of changes in net assets available for plan benefits, the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are recorded on a trade-date basis. Gains or losses on sale of investments are determined by the specific identification method. Investment income is recorded as earned. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants
Notes receivable from participants is measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Benefit Payments
Benefits are recorded when paid.

Date of Management's Review
Subsequent events were evaluated through August 22, 2012, which is the date the financial statements were available to be issued.

3. Information Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Investment Bank and Trust Company, the trustees for the Plan, as of December 31, 2011 and 2010, has certified to the completeness and accuracy of all investments and investment related information including net appreciation and depreciation in fair value of investments and interest and dividend income. Information certified by the trustee does not include the following:

- Determination of the amounts to be contributed by the Company and participants;
- Determination of the amounts of benefits and distributions paid to participants;
- Tax status of Plan; and,
- Plan description and Plan amendments.

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2011	2010
Investment, at fair value	4,616,740	4,338,976
U.S. government securities	454,084	-
Investment income	(256,077)	-

4. Related Party Transactions

There are $102,476 and $73,633 in outstanding participant loans as of December 31, 2011 and 2010, respectively. The participants are related parties and these transactions qualify as party-in-interest transactions.

5. Tax Status

The Plan is an adoption of the standardized prototype plan written by Automatic Data Processing Prototype 401(k) and Profit Sharing Plan. The prototype sponsor has received a favorable determination letter dated November 6, 2001 in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator may rely on this letter, and believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC.

In 2009, the Plan adopted the provisions of ASC 740-10, Accounting for Income Taxes. The Plan records a liability for uncertain tax positions when it is probable that a loss has been incurred and the amount can be reasonably estimated. As of December 31, 2011, the Plan has no liabilities for uncertain tax positions. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and has no income subject to unrelated business income tax.

6. Investments

The following table presents the Plan's investments at December 31, 2011 and 2010 that represent 5% or more of the Plan's net assets available for benefits.

	2011	2010
Growth & Income Strategy Portfolio - Class A	$ 1,008,433	$ 1,385,015

Concentrated International Equity Fund	*	217,238
Core Fixed Income Fund - Class A	*	234,012

* Investment was not available in the Plan's net assets available for benefits.

7. Fair Value Measurement

The Plan adopted FASB Accounting Standard Codification 820, *Fair Value Measurements*, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include 1) quoted prices for similar assets or liabilities in active markets, 2) quoted prices for identical assets or liabilities in inactive markets, 3) inputs other than quoted prices that are observable for the asset or liability, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

U.S. government securities - Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds – Valued at the net asset value (NAV) of shared held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's Level 1 assets consisted of mutual funds totaling $4,616,740 and $4,338,976 and U.S. government money market fund totaling $454,084 and $0 as of December 31, 2011 and 2010, respectively. The Plan holds no Level 2 and 3 assets.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2011 and 2010:

	2011	2010
Net assets available for benefits per the financial statements	$ 5,213,424	$ 4,461,520
Less: Contributions receivable accrued at year-end	(40,124)	(48,911)
Net assets available for benefits per the Form 5500	$ 5,173,300	$ 4,412,609

The following is a reconciliation of the contributions per the financial statements to the Form 5500 for the year ended December 31, 2011:

Contributions per financial statements:	$ 1,332,480
Less: December 31, 2011 accrual of contributions receivable	(40,124)
Plus: December 31, 2010 accrual of contributions receivable	48,911
Contributions per the Form 5500	$ 1,341,267

Contributions are recorded on the Form 5500 using the cash basis of accounting.
