INDEPENDENT AUDITORS' REPORT

Plan Administrator
Graphics Atlanta, Inc. 401(k) Profit Sharing Plan
Stone Mountain, Georgia

We were engaged to audit the accompanying statements of net assets available for benefits of Graphics Atlanta, Inc. 401(k) Profit Sharing Plan as of December 31, 2011 and 2010, the statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by TD AmeriTrade Trust Company (formerly Fiserv Trust Corporation), the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the plan:

The following description of the Graphics Atlanta, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a pre-tax savings plan established under section 401(k) of the Internal Revenue Code (IRC). The Plan is available to substantially all eligible employees of Graphics Atlanta, Inc. (the Company or Plan administrator) who have met certain age and length of service requirements.

The Plan was established effective May 1, 1995 with an asset transfer from a previous defined contribution plan from which the Company's Board of Directors approved a "split-off." Its operation is overseen by the Plan administrator and the administrative committee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

All employees who have completed six months of service and attained the age of 18 are eligible to participate in the Plan.

Employee contributions to the Plan are limited to the maximum amount allowable under law, which was $16,500 for the year ended December 31, 2011. Participants age 50 or older during the year can also make catch-up contributions subject to Internal Revenue Service (IRS) maximums.

At the discretion of the Board of Directors of the Company, the Company may also make additional contributions for a plan year. An employee's share of this contribution is based on a uniform percentage of included compensation. No such additional contributions were made to the Plan during 2011.

Rollover provision

The Plan allows participants to rollover assets from other qualified savings plans into the Plan. During 2011, rollovers into the Plan totaled $3,160,228.

Note 1 - Description of the plan - continued:

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are 100% vested in their voluntary contributions, rollover contributions and the related investment income on those funds. Participants become vested in additional Company profit sharing contributions in accordance with Plan provisions based upon years of service and become fully vested after six years of continuous service.

Forfeited accounts

Forfeitures of discretionary Company contributions are allocated to all participants eligible to share in the allocations in the same proportion that each participant's compensation for the year bears to the compensation of all participants for such year.

Forfeited accounts were $299 and $51 at December 31, 2011 and 2010, respectively. During 2011, no forfeitures were allocated to participants' accounts.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, repayable generally within five years, bearing a reasonable fixed interest rate between 4.25% and 9.25%. The notes receivable are secured by the balance in the participant's account. At December 31, 2011 and 2010, notes receivable from participants were $213,760 and $162,682, respectively. At December 31, 2011 and 2010, no notes receivable from participants were in default.

Note 1 - Description of the plan - continued:

Payment of benefits

The participant's vested portion of their account balance is available for distribution in the event of retirement, disability, death, or termination of employment. Payments for amounts contributed by the employee are 100% vested. For payments that represent vested benefits greater than $5,000, the participant must consent to the distribution before it may be made. If the participant does not elect a payment option for balances that represent vested benefits between $5,000 and $1,000, the Plan will distribute the benefits to an individual retirement account at the Plan's discretion. Payments that represent vested benefits less than $1,000 can be paid in a lump sum at the Plan's discretion. Hardship withdrawals are permitted if Plan participants meet certain criteria.

Administrative expenses

The Company is responsible for the Plan's administrative expenses to the extent that they are not paid by the Plan.

Note 2 - Summary of significant accounting policies:

Basis of presentation

The Plan has adopted the Financial Accounting Standards Board (FASB) Codification (Codification). The Codification is the single source of authoritative generally accepted accounting principles in the United States (U.S. GAAP) recognized by the FASB to be applied by nongovernmental entities. All of the Codification's content carries the same level of authority.

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with U.S. GAAP.

Note 2 - Summary of significant accounting policies - continued:

Fully benefit-responsive investment contract

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents the cost plus contributions made under the contracts plus interest at the contract rates less withdrawals and administrative expenses. This specifically affects the presentation of the amounts related to the Plan's participation in the common collective trust fund. The statements of net assets available for benefits present the fair value of the investment in the common collective trust fund as well as the adjustment from fair value to contract value for the Plan's proportionate share of fully benefit-responsive investment contracts within the common collective trust fund. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Investment valuation and income recognition

The Plan's investments are valued at fair value based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition - continued

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2011 and 2010.

- Money market funds are stated at cost, which approximates fair value, due to the short-term nature of these instruments.
- Mutual funds (or shares of registered investment companies) are valued at the net asset value of shares held by the Plan at year-end by obtaining quoted prices on nationally recognized securities exchanges.
- Stable value funds are valued by the fund's trustee based on the fair value of the underlying assets of the fund at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition - continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value by class within major categorization for debt and equity securities on the basis of nature and risk of the investments as of December 31, 2011 and 2010:

Total assets at fair value	$ 6,974,920	$ -	$ -	$ 6,974,920

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition - continued

There were no significant transfers between Level 1 and Level 2, nor into or out of Level 3 investments during the years ended December 31, 2011 and 2010.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates.

Payment of benefits

Benefits are recorded when paid.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Note 2 - Summary of significant accounting policies - continued:

New accounting pronouncements

In January 2010, the FASB issued ASU No. 2010-06, *Fair Value Measurements and Disclosures*, (ASU No. 2010-06) which amended ASC Topic 820, *Fair Value Measurements and Disclosures*, (ASC Topic 820) by requiring disclosure of significant transfers between Levels 1 and 2 and transfers into and out of Level 3 of the fair value hierarchy and the reasons for those transfers. In addition, ASU No. 2010-06 amends the reconciliation of the beginning and ending balances of Level 3 recurring fair value measurements to present information about purchases, sales, issuances, and settlements on a gross basis rather than as a net number. Finally, ASU No. 2010-06 requires fair value disclosures for each class of assets and liabilities and changes the guidance for employers' disclosure about pension and other postretirement benefit plan assets to require that they be made for classes of assets instead of major categories. ASU No. 2010-06 was effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which is effective for fiscal years beginning after December 15, 2010. The Plan adopted the required provisions of ASU No. 2010-06 on January 1, 2010. The adoption of ASU No. 2010-06 did not have a material impact on the Plan's financial statements.

In May 2011, the FASB issued ASU No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*, (ASU No. 2011-04). ASU No. 2011-04 amended ASC Topic 820 to converge the fair value measurement guidance in U.S. GAAP and International Financial Reporting Standards. Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC Topic 820. In addition, ASU No. 2011-04 requires additional fair value disclosures (although certain of these new disclosures will not be required for nonpublic entities). The amendments are to be applied prospectively and are effective for public entities during interim and annual periods beginning December 15, 2011 and early application is not permitted. It is effective for nonpublic entities for annual periods beginning after December 15, 2011 and nonpublic entities may early implement during interim periods beginning after December 15, 2011. Plan's management is currently evaluating the effect that the provisions of ASU No. 2011-04 will have on the Plan's financial statements.

Subsequent events

The Plan has evaluated subsequent events through September 21, 2012, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2011, have been incorporated into these financial statements.

Note 3 - Information certified by the trustee:

TD AmeriTrade Trust Company (formerly Fiserv Trust Corporation) was the trustee of the Plan in 2011 and 2010. The trustee holds the Plan's investment assets and executes transactions. All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2011 and 2010 and net depreciation in fair value of investments and interest and dividend income for the year ended December 31, 2011, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by TD AmeriTrade Trust Company.

The following is a summary of investments, at fair value, that represent 5% or more of the Plan's net assets at December 31, 2011 and 2010:

Description of Funds	2011	2010
American Europacific Growth Fund	$ 944,825	$ 797,417

*Indicates investment is less than 5% of net assets as of December 31, 2011.
**Indicates investment is less than 5% of net assets as of December 31, 2010.

During 2011, the Plan's mutual funds (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $473,293 and the stable value fund appreciated in value by $17,334.

Note 4 - Related-party transactions:

TD AmeriTrade Trust Company performs services for the Plan, sells products to the Plan, and manages and maintains investments of the Plan for which fees are charged to the Plan. These types of transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

Note 5 - Plan termination:

The Company has the right under the Plan, although it has not expressed any intent to do so, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6 - Tax status:

The underlying prototype plan has received an opinion letter from the IRS dated March 31, 2008 stating that the form of the Plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax-exempt. The Plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.
