401(k) Retirement Savings Plan

Notes to Financial Statements

January 9, 2012 and December 31, 2011

1. Description of the Plan

The TriHealth G, LLC 401(k) Retirement Savings Plan (the Plan) is a defined contribution profit-sharing plan covering employees of TriHealth G, LLC (Company). See Note 8 regarding the merger of the Plan as of January 9, 2012. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the Company.

Contributions

The Company makes a discretionary matching contribution of 100% of the first 3% of each eligible participant's deferred contribution and 50% of the next 2% of each eligible participant's deferred contribution. The Company may also elect to make Company contributions or supplemental contributions on behalf of eligible participants. Participants classified by the Company as Physicians or members of the Senior Leadership Team are not eligible for discretionary matching contributions, Company contributions, or supplemental contributions.

Each year, participants may contribute any whole percentage of pretax income to the Plan, subject to maximum dollar contribution limits (\$16,500 in 2012 and 2011, adjusted for cost-of-living increases in years beyond). Participants over the age of 50 can make a catch-up contribution (\$5,500 in 2012 and 2011, adjusted for cost-of-living increases in years beyond).

Investment Options

Participants can elect to invest their contributions as well as any Company contribution in any of the fund options offered under the Plan. Participants can change their contribution allocations quarterly and may elect to transfer amounts between fund options throughout the year.

Participant Accounts

Each participant account is credited with the participant contributions, eligible Company contributions and plan earnings. All amounts in the participant accounts are participant directed.

1. Description of the Plan (continued)

Vesting

Participants are immediately vested in their 401(k) contributions and rollover contributions and discretionary matching contributions. The Company account consists of Company supplemental contributions. Participants who terminate employment for reasons other than retirement, disability, or death are eligible to receive a vested portion of their Company account according to the following schedule:

<u>Years of Vesting Service</u>	<u>Vested Percentage of Company Account</u>
Less than 3 years	0%
3 years or more	100%

Forfeitures

Forfeitures represent the nonvested portions of participant account balances upon termination. Forfeited amounts are applied to reduce Company contributions. During the 9 days ended January 9, 2012 and 12 months ended December 31, 2011, no forfeitures were applied to reduce Company contributions. As of January 9, 2012, December 31, 2011, and December 31, 2010, no amounts were available for application against future Company contributions or the Plan's administrative expenses.

Payment of Benefits

Participants become eligible for benefit payments upon retirement, terminations of employment, disability, or death. Benefits will be distributed in a single sum. Benefits are recorded when paid.

Distributions of vested balances are available upon termination subject to the approval of the Company, retirement, attaining age 55, death, or permanent and total disability. Distributions are made in lump-sum payments to designated beneficiaries and joint survivors.

2. Summary of Significant Accounting Policies

The following describes the significant accounting policies followed in the preparation of these financial statements, which have been prepared on the accrual basis of accounting.

Investments

The Plan's investments are comprised of mutual funds and are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

In accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurement* (ASC 820), assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

- Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.
- Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include record keeping and trustee fees. Expenses relating to purchases, sales, or transfer of the Plan's investments are charged to the particular fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

3. Investments

All investment information for the Plan disclosed in the accompanying financial statements and supplemental schedule including investments held at January 9, 2012, December 31, 2011, and December 31, 2010, and net appreciation (depreciation) in fair value of investments in mutual funds, and interest and dividend income for the period from January 1, 2012 to January 9, 2012 and year ended December 31, 2011, was obtained or derived from information provided to the Company and certified as complete and accurate by Vanguard Fiduciary Trust Company, the trustee of the Plan.

3. Investments (continued)

Individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

	January 9, 2012	December 31, 2011	2010
Vanguard Target Retirement 2025 Fund	(*)	\$ 14,149,991	\$ 14,703,935

Vanguard Total Bond Market Fund Investor Shares	(*)	2,647,002	(*)
William Blair Funds: International Growth Fund; Class N	(*)	(*)	3,122,899

(*) Investment is less than 5%

4. Fair Value Measurements

The fair value of all investments as of January 9, 2012 is \$0 due to the merger of the Plan with the TriHealth 401(k) Retirement Savings Plan and the TriHealth, Inc. Designated Groups 401(k) Retirement Savings Plan, as discussed in Note 8.

The following table sets forth by level, within the fair value hierarchy, the assets in the Plan at fair value as of December 31:

	2011			
	Level 1	Level 2	Level 3	Total
Mutual funds:				
Targeted retirement funds	\$ 36,777,809	\$ —	\$ —	\$ 36,777,809
U.S. equity funds	5,132,547	—	—	5,132,547

4. Fair Value Measurements (continued)

	2010			
	Level 1	Level 2	Level 3	Total
Mutual funds:				
Targeted retirement funds	\$ 37,271,620	\$ —	\$ —	\$ 37,271,620
U.S. equity funds	5,179,171	—	—	5,179,171
International equity funds	3,122,899	—	—	3,122,899
Fixed income fund	4,726,065	—	—	4,726,065
Money market fund	1,605,289	—	—	1,605,289
Total mutual funds at fair value	\$ 51,905,044	\$ —	\$ —	\$ 51,905,044

The fair value of mutual funds is determined by quoted market prices reported on the active market on which they are traded. The Plan does not adjust the quoted market price for such financial instruments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

TriHealth G, LLC
401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

6. Income Tax Status

The Plan's sponsor has applied for, but not received a determination letter from the Internal Revenue Service (IRS) stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code). The Plan's sponsor identified certain operational failures with respect to the Plan and in 2011 submitted an application under the Voluntary Compliance Resolution Program to the IRS. By a letter dated May 3, 2012, the Plan's sponsor was informed by the IRS that their application for a compliance statement was accepted. During the year ended December 31, 2011, the Plan's sponsor contributed approximately \$42,000 to the Plan to correct these failures.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 9, 2012, December 31, 2011, and December 31, 2010, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2008.

7. Related-Party Transactions

The Plan holds units of mutual funds managed by Vanguard Fiduciary Trust Company, the trustee of the Plan. The related transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

TriHealth G, LLC
401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

8. Plan Merger

Effective January 9, 2012, assets of the Plan were merged into either the TriHealth 401(k) Retirement Savings Plan or the TriHealth, Inc. Designated Groups 401(k) Retirement Savings Plan depending on the role of the participant in the Company.

The net assets transferred out are reflected on the statement of changes in net assets available for benefits as a transfer to other qualified plans. The total amount transferred was \$52,752,026. Of the total, \$22,102,481 was transferred into the TriHealth, Inc. Designated Groups 401(k) Retirement Savings Plan and \$30,649,545 was transferred into the TriHealth 401(k) Retirement Savings Plan.

9. Subsequent Events

Management evaluated subsequent events for the Plan through September 19, 2012, the date the financial statements were available to be issued.
