INDEPENDENT AUDITORS' REPORT

To the Trustees
American Chartered Bank 401(k) Plan
Schaumburg, Illinois

We were engaged to audit the statements of net assets available for Plan benefits of the American Chartered Bank 401(k) Plan as of December 31, 2011, and the related statement of changes in net assets available for Plan benefits for the year ended December 31, 2011 and the schedule of assets (held at end of year) as of December 31, 2011. These financial statements and supplemental schedule is the responsibility of the Plan's management. Other auditors were engaged to audit the financial statements of the Plan for the year ended December 31, 2010, whose report dated September 16, 2011, disclaimed an opinion on the 2010 financial statements for the same reason described in the following paragraph.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan Administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

AMERICAN CHARTERED BANK 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - GENERAL DESCRIPTION OF THE PLAN

The American Chartered Bank 401(k) Plan ("the Plan") is a defined contribution plan covering employees of American Chartered Bank ("the Bank"), a wholly owned subsidiary of American Chartered Bankcorp, Inc. ("the Company"). The Plan was adopted effective January 1, 1995 and covers all employees who have completed three months of service. The Plan also contains an automatic enrollment feature. Employees may enter the Plan on January 1, April 1, July 1, or October 1, following the completion of the eligibility requirements. Due to a change in trustee, any individual who was employed by the bank on September 1, 2006 was eligible to participate on that date. Effective February 1, 2011, the Plan was amended to change the eligibility requirements for temporary employees. Temporary employees, as defined, become eligible to participate in the plan on the first entry date after reaching age 21 and upon completion of at least 1,000 hours of service during an eligibility computation period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The administrator of the Plan is American Chartered Bank ("the Administrator"), and the custodian of the Plan is Fidelity Management Trust Company.

Participants may make salary deferrals to the Plan up to 80% of their annual compensation and catch-up contributions, all of which are subject to Internal Revenue Code ("IRC") limitations. Some or all of the deferral contributions made during the year may be designated as Roth deferral contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Matching contributions can be made at the Bank's discretion each plan year. In addition, at the Bank's discretion, the Bank may make a profit sharing contribution to each participant account as determined on a yearly basis by the Bank. During 2011, the Bank matched 50% of employee deferrals up to 2% of compensation. The Bank did not make profit sharing contributions for 2011 and 2010 plan years.

Each participant's account is credited with employee contributions and plan earnings. Employer matching contributions are allocated to participant accounts in proportion to employee contributions. The profit sharing contribution is allocated based on the proportion that an employee's compensation bears to the compensation of all eligible participants for the plan year. Plan earnings are allocated based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

AMERICAN CHARTERED BANK 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 1 - GENERAL DESCRIPTION OF THE PLAN, CONTINUED

Participants are immediately vested in their elective contributions plus earnings thereon. Vesting in the Bank's contributions is based on years of continuous service. A participant is 100% vested after five years of credited service in accordance with the table below.

<u>Years of Service</u>	<u>Percent Vested</u>
One	20%
Two	40%
Three	60%
Four	80%
Five	100%

A participant is entitled to 100% of his or her account balance upon attainment of age 65, death, or disability.

Upon termination of service, a participant may receive the value of the vested interest of his or her account in the form of a lump-sum distribution or installment payments.

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account. The loan will bear interest at 0.25% over the prime rate at the time the loan is initiated. Principal and interest is paid ratably through bi-weekly payroll deductions.

Upon enrollment in the Plan, a participant may direct contributions in investment options made available by the plan administrator. Employer contributions are allocated in the same percentages as the employee has elected. The investment options are derived from a combination of various mutual funds. Plan participants are allowed to reallocate funds between investment options on a daily basis.

At December 31, 2011 and 2010, forfeited nonvested balances of terminated participants' accounts were \$35,865 and \$100,162, respectively. The nonvested portion of participant's account will be used by the Company to reduce future employer contributions or pay expenses of the Plan. In 2011, employer contributions were reduced by \$91,621 from forfeited nonvested accounts.

Certain administrative expenses of the Plan are paid by the Plan sponsor.

AMERICAN CHARTERED BANK 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation

The Plan's mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gain and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest.

Benefits

Benefits are recorded when paid.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reported period. Accordingly, actual results could differ from those estimates.

Subsequent Events

Subsequent events have been evaluated through September 24, 2012, the date that the financial statements were available for issue.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 3 - INVESTMENTS

The Plan's investments are held by Fidelity Management Trust Company, the custodian of the Plan for the years ended December 31, 2011 and 2010. The custodian has certified the completeness and accuracy of the following information which is included in the financial statements and supplemental schedule. The following table presents the fair values of investments in excess of 5% of the Plan's net assets as of December 31, 2011 and 2010:

FAIR VALUE OF INVESTMENTS

	<u>2011</u>	<u>2010</u>

	\$ <u>18,811,152</u>	<u>18,707,246</u>

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$1,229,566.

NOTE 4 - NOTES RECEIVABLE FROM PARTICIPANTS

The notes receivable from participants bear interest at rates ranging from 3.5% to 8.5%. At December 31, 2011 and 2010, notes receivable from participants were \$726,690 and \$712,810, respectively.

NOTE 5 - TAX STATUS OF PLAN

The Company has adopted a Volume Submitter plan. The Volume Submitter obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the Volume Submitter, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not requested its own determination letter from the IRS. The Plan has been amended since receiving the opinion letter, however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

AMERICAN CHARTERED BANK 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 5 - TAX STATUS OF PLAN, CONTINUED

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position, that more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any interest to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Bank contribution portion of their account.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for the investment services amounted to \$20,072 for the year ended December 31, 2011.

NOTE 8 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

AMERICAN CHARTERED BANK 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 9 - FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Based on quoted net asset values of the shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
