Independent Auditor's Report

To the Trustees
Monotech of Mississippi, Inc. 401(k) Plan
Schertz, Texas

We were engaged to audit the accompanying statement of net assets available for benefits of Monotech of Mississippi, Inc. 401(k) Plan as of December 31, 2011 and the related statement of changes in net assets available for benefits for the year then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2011. These financial statements and the supplemental schedule are the responsibility of the Plan's management. The financial statements of Monotech of Mississippi, Inc. 401(k) Plan as of December 31, 2010 were audited by Thompson Dunavant PLC, whose members became shareholders of Mayer Hoffman McCann P.C. as of August 1, 2011. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the custodian of the Plan. Their report, dated August 24, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the 2010 financial statements taken as a whole, and (b) the form and content of the information included in the 2010 financial statements, other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified by the custodian of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2011 and for the year then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and we do not, express an opinion on the accompanying 2011 financial statements and the supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and the supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of Monotech of Mississippi, Inc. 401(k) Plan provides only general information. Readers should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

Monotech of Mississippi, Inc. 401(k) Plan (the "Plan") is a defined contribution 401(k) retirement plan available to all employees of Monotech of Mississippi, Inc. (the "Company") who are eighteen (18) years of age or older, have completed three months of service, and whose compensation and conditions of employment are established pursuant to the terms and conditions of the Collective Bargaining Agreement between the Company and the International Union of Operating Engineers, Local No. 624. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may elect to defer up to five percent (5%) of their annual eligible compensation subject to Internal Revenue Service limitations. There are no provisions under the Plan Agreement for employer matching or profit sharing contributions.

Participant accounts

Each participant's account is credited with the participant's deferral contribution, plus a proportionate interest in the investment earnings or losses of the funds in which the contributions are invested. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their deferral contributions plus earnings thereon.

Payment of benefits

Upon termination of service for any reason, participants may elect to receive account distributions in the form of a lump sum payment as defined in the Plan Agreement. If the participant's balance does not exceed $1,000, the Plan may distribute funds in the form of a lump sum payment without the consent of the participant. Withdrawals by a participant while employed are limited to those requested due to events of financial hardship as defined by the Plan Agreement or upon attainment of the age of 59½.

Plan termination

Although it has not expressed any intent to do so, the Company has the right to modify or terminate the Plan at any time subject to the provisions of ERISA and the Plan Agreement.

Note 2 - Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments

Benefit payments to participants are recorded upon distribution.

Events occurring after reporting date

Management has evaluated events and transactions that have occurred between December 31, 2011 and September 17, 2012, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

Use of estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions which affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Note 3 - Investments

The custodian of the Plan's investments has supplied the plan administrator with certifications as to the completeness and accuracy of all information presented in the accompanying financial statements and the supplemental schedule pertaining to investments, investment income (loss), and reportable transactions as of December 31, 2011 and 2010 and for the years then ended.

The Plan allows participants to direct their contributions and account balances among different options within The Collective Investment Funds of First Mercantile Trust Company.

The fair value of the individual investments which represent five percent (5%) or more of the Plan's net assets available for benefits as of December 31, 2011 and 2010 is as follows:

Note 3 - Investments (continued)

	2011	2010

Note 4 - Information prepared and certified by the custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, First Mercantile Trust Company, the custodian of the Plan, has certified the following data included in the accompanying financial statements and the supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Net appreciation (depreciation) in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and the supplemental schedule.

Note 5 - Fair value measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides a common definition of fair value and establishes the framework for measuring fair value. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also

Note 5 - Fair value measurements (continued)

establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value, and describes three levels of inputs that may be used to measure fair value.

Level 1: Quoted prices for identical assets in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect management's own assumptions about the assumptions that market participants would use in pricing an asset.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2011 and 2010.

Common/collective trust funds: Valued at the net asset value of units held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although plan management believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010.

	Assets at Fair Value as of December 31, 2011

Note 6 - Related party transactions

Plan investments represent interests in certain common/collective trust funds offered by First Mercantile Trust Company. First Mercantile Trust Company is the custodian for the Plan and provides the Plan with certain record keeping and administrative services. These services and the investments and related investment transactions qualify as party-in-interest transactions.

The Company provides the Plan with certain management and administrative services for which no fees are charged.

Note 7 - Tax status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated February 24, 2004 stating that the Plan qualifies under the applicable sections of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. The Plan, which has been amended since receiving the determination letter, is required to operate in conformity with the IRC to maintain its qualification. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has evaluated the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The plan administrator believes it is no longer subject to IRS examinations for years prior to December 31, 2008.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
