Anixter Inc. Employee Savings Plan

Notes to Financial Statements

Years ended December 31, 2010 and 2009

Note 1. Description of Plan

The following description of the Anixter Inc. Employee Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Certain amounts have been reclassified to conform to the current year presentation.

General

The Plan, established January 1, 1994, is a defined-contribution plan covering all non-union domestic employees of Anixter Inc. and Accu-Tech Corporation (collectively, the “Employer”). Participants are eligible to enroll in the Plan on their date of hire. Participants who do not opt out during the 60 day period beginning on their date of hire are automatically enrolled in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Administrative Expenses

The Employer pays substantially all administrative expenses.

Contributions

Non-highly-compensated participants, as defined in the Plan agreement, may elect to contribute up to 50% of pre-tax compensation, up to limits established by the Internal Revenue Service (IRS). Highly-compensated participants may contribute up to 7% of pre-tax compensation, as defined by the Plan, limited to IRS maximum amounts. Subject to IRS limitations, the Employer makes a matching contribution equal to 25% of that portion of a participant’s contribution that does not exceed 6% of a participant’s compensation, as defined.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Employer’s contributions and Plan earnings and losses. Forfeited balances of terminated participants’ nonvested accounts are used to reduce future Employer contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Anixter Inc. Employee Savings Plan

Notes to Financial Statements (continued)

Note 1. Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. Participants are 100% vested after two years of credited service or upon death, disability, or attaining age 65 while still an employee.

Investment Options

Upon enrollment in the Plan, a participant may direct Employer and participant contributions, in 1% increments, in one or a combination of the investment options offered by the Plan. Participants may change their investment options daily, subject to restrictions imposed by the trustee or its affiliated funds, related to excessive trading.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates, as determined by the record-keeper. Principal and interest are paid ratably through regular payroll deductions. Loan repayment periods range from one to five years, in whole-year increments.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant or beneficiary may receive a lump-sum amount equal to the vested value of their account. Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (continued)

Recent Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (“FASB”) issued new accounting guidance on improving disclosures about fair value measurements. The new guidance requires new disclosures relating to significant transfers between Level 1 and 2 of fair value hierarchy and, for Level 3, fair value measurements, disclosures regarding purchases, sales, issuances and settlements. The guidance also clarifies existing disclosures about inputs and valuation techniques and the appropriate level of disaggregation of assets and liabilities for which fair values are provided. The Plan has provided these disclosures in Note 3, “Investments” in the notes to financial statements. There were no transfers between Level 1 and Level 2 assets during the year ended December 31, 2010. Also, the Plan does not have any Level 3 fair value measurements under the fair value hierarchy as of December 31, 2010.

In September 2010, the FASB issued new accounting guidance on reporting loans to participants by defined contribution pension plans. This guidance requires that participant loans be classified as notes receivable from participants in the statement of net assets available for benefits, segregated from plan investments, and measured at their principal balance plus any accrued but unpaid interest. It is effective for fiscal years ending after December 15, 2010. The Plan adopted this guidance as of December 31, 2010. There was no impact to the Plan’s net assets as of December 31, 2010 and 2009 as a result of the adoption.

Recently issued accounting pronouncements not yet adopted

In May 2011, the FASB issued an update to the fair value measurements disclosure which may change a particular principle or requirements for measuring fair value or for disclosing information about fair value measurements. The update will be effective in 2011. The Employer is currently evaluating the potential impact of the accounting guidance on the Plan’s financial statements.

Fair Value Measurements of Investments

The following presents information about the Plan’s assets measured at fair value on a recurring basis at the end of fiscal 2010, and the valuation techniques used by the Plan to determine those fair values. The inputs used in the determination of these fair values are categorized according to the fair value hierarchy as being Level 1, Level 2 or Level 3.

In general, fair values determined by Level 1 inputs use unadjusted quoted prices in active markets for identical assets that the Plan has the ability to access. The Plan’s assets valued by Level 1 inputs are comprised of mutual funds which are traded actively on a public exchange and valued at quoted prices at the end of the fiscal year.

Anixter Inc. Employee Savings Plan

Notes to Financial Statements (continued)

Note 2. Summary of Significant Accounting Policies (continued)

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The Plan presents, in the statements of changes in assets, the net realized and unrealized appreciation or depreciation in fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments. See Note 3, "Investments" for more information regarding the Plan's fair value measurement of its investments.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Note 3. Investments

All investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2010 and 2009, and net realized and unrealized appreciation in fair value of investments in mutual funds for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee, Fidelity Management Trust Company.

During 2010 and 2009, the Plan's investments (including investments bought, sold, and held during the year) appreciated as follows:

	Year ended December 31,	
	2010	2009
Mutual Funds	\$ 19,828,550	\$ 32,738,663

* See Note 2. "Summary of Significant Accounting Policies" for information regarding the valuation techniques used by the Plan.

As of December 31, 2010 and 2009, the Plan did not hold any financial assets valued using Level 2 and Level 3 inputs. As detailed in Note 2, participant loans have been reported as notes receivable, in accordance with FASB authoritative guidance. Note 4. Information Certified by the Trustee

The Plan administrator has elected the method of reporting permitted by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the Plan administrator has obtained a certification from the trustee that the following data included in the accompanying financial statements and schedules is complete and accurate:

- Investments, as shown in the statements of net assets available for Plan benefits as of December 31, 2010 and 2009.
- Investment income, as shown in the statements of changes in net assets available for Plan benefits for the years ended December 31, 2010 and 2009.
- The schedules of assets held at end of year as of December 31, 2010.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and schedules.

Note 5. Plan Termination

Although they have not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6. Income Tax Status

The Plan has received a determination letter from the IRS dated January 24, 2003, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan, as amended, is qualified and the related trust is tax-exempt.

Note 7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the assets available for benefits and the changes in assets available for benefits per the financial statements and the Form 5500.

Assets available for benefits per the financial statements	\$ 201,284,227
Deemed distributions at end of year*	(51,362)
Assets available for benefits per the Form 5500	<u>\$ 201,232,865</u>

Changes in assets available for benefits per the financial statements	\$ 29,369,658

Deemed distributions at end of year*	(51,362)
Changes in assets available for benefits per the Form 5500	<u>\$ 29,400,844</u>

* Deemed distributions represent a portion of participant loans in default or non-payment status as of year end. This amount is included in the current value of the participant loans reported in the Statement of Assets Available for Benefits, but excluded from the current value reported on the Form 5500.

Note 8. Personal Retirement Accounts

Employees hired on or after June 1, 2004 who earn a benefit under a Personal Retirement Account (cash balance account) in the Anixter Inc. Pension Plan (Pension Plan) receive a separate contribution to the Plan in a Personal Retirement Enhancement Account. The contribution equals the interest earned on the Personal Retirement Account in the Pension Plan and is based on the 10 year Treasury securities rate as of the last business day of December. The contribution is invested consistent with the participants' deferral elections.

Note 9. Risk and Uncertainties

The Plan invests in various mutual fund securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Assets Available for Benefits.

Note 10. Subsequent Events

The Employer has evaluated these annual financial statements for disclosure of subsequent events through July 22, 2011, the date on which the financial statements were available to be issued, and has identified the following events.

In December 2010 Anixter Inc purchased the assets of Clark Security Products Inc (“Clark”). In accordance with the Clark’s Board of Directors’ unanimous written consent, Clark’s employee savings plan will be merged with the Plan effective July 1, 2011.

In connection with the amendment and restatement of the Plan, it was discovered that (i) certain operational changes were not reflected by timely amendments and (ii) the Plan provisions regarding crediting of service did not reflect actual practice. The amended and restated Plan document reflects these prior amendments and the correct service crediting provisions. The Employer submitted an application under the Internal Revenue Service's voluntary Correction Program (VCP) on January 31, 2011 and is awaiting a response.
