## Notes to Financial Statements December 31, 2011 and 2010

### Note 1 - Plan Description

The following brief description of the Severstal Columbus 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

**General** - The Plan is a defined contribution plan covering substantially all employees of Severstal Columbus (the "Company") who have completed three months of service and are at least 18 years of age. Employee participation in the Plan is voluntary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Administration** - The Company is the sponsor of the Plan. Fidelity Management Trust Company functions as trustee and investment manager.

**Contributions** - Participants may elect to make pretax or after-tax contributions to the Plan through payroll deductions from a minimum of 1 percent of eligible earnings, as defined in the plan document, to a maximum of 90 percent of eligible earnings, subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Effective January 1, 2010, the Plan was amended to remove the employer-matching contribution. Effective October 15, 2010, the Plan was again amended to restore the employer-matching contribution. Prior to January 1, 2010 and after October 15, 2010, the Plan provided for employer-matching contributions of 100 percent of each participant's contributions up to 6 percent of the participant's annual compensation. The Plan also provides that the Company may make annual discretionary contributions not to exceed 4 percent of the employee's annual compensation. There were no discretionary contributions made during 2011.

**Participant Accounts** - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

**Vesting** - Participants are immediately 100 percent vested in employee salary deferral contributions, rollover contributions, the Company's contributions, and any income or loss thereon.

## Notes to Financial Statements December 31, 2011 and 2010

### Note 1 - Plan Description (Continued)

**Benefit Payments** - Distributions equal to the vested balance of a participant's account are payable upon retirement, death, disability, or termination of employment in the form of a cash distribution, direct rollover contribution, or combination of a cash distribution and direct rollover contribution.

**Hardship Withdrawals** - Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

**Participant Notes Receivable** - Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

**Termination** - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, the net assets would be distributed to the participants according to their account balances.

**Party-in-interest Transactions** - Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines. Various administrative expenses are paid by the Company which also qualify as party-in-interest transactions.

### Note 2 - Summary of Significant Accounting Policies

**Investment Valuation** - The Plan's investments are stated at fair value. Mutual funds are valued based on quoted market prices. Money market funds are valued at their outstanding balances, which approximates fair value. See Note 5 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Participant Notes Receivable** - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

**Benefit Payments** - Benefits are recorded when paid.

## Notes to Financial Statements December 31, 2011 and 2010

### Note 2 - Summary of Significant Accounting Policies (Continued)

**Use of Estimates** - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

**Risks and Uncertainties** - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**Subsequent Events** - The financial statements and related disclosures include evaluation of events up through and including July 16, 2012, which is the date the financial statements were available to be issued.

### Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Trustee.

Significant investments at end of the year are as follows:

|                       | 2011       | 2010       |
|-----------------------|------------|------------|
| Fidelity Freedom 2020 | \$ 907,170 | \$ 532,820 |
| Fidelity Freedom 2025 | 1,069,566  | 862,790    |
| Fidelity Freedom 2030 | 1,562,765  | 1,405,837  |
| Fidelity Freedom 2035 | 1,330,588  | 994,509    |
| Fidelity Freedom 2040 | 1,215,158  | 938,279    |
| Fidelity Freedom 2045 | 1,407,650  | 945,198    |
| Fidelity Freedom 2050 | 1,005,762  | 648,503    |

### Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

# Severstal Columbus 401(k) Plan

---

## Notes to Financial Statements December 31, 2011 and 2010

### Note 4 - Tax Status (Continued)

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes it is no longer subject to tax examinations for years prior to 2008.

### Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2011 and 2010 and the valuation techniques used by the Plan to determine those fair values.

**Level 1** - In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

**Level 2** - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

**Level 3** - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.
