Report of Independent Auditors

Plan Administrator
Mercy Health Partners 401(k) Retirement Plan

We were engaged to audit the accompanying financial statements and supplemental schedule of Mercy Health Partners 401(k) Retirement Plan (the "Plan") as of December 31, 2011 and 2010 and for the years then ended, as listed in the table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 4, which was certified by State Street Bank and Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As discussed in Note 1 to the financial statements, the Plan administrator approved the freezing of the Plan effective September 30, 2011. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis to the liquidation basis for 2011. The adoption of the liquidation basis of accounting did not have a significant impact on the Plan's 2011 financial statements.

Mercy Health Partners 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2011

1. Significant Accounting Policies

Basis of Accounting and Freezing of Plan

The accounting records of the Mercy Health Partners 401(k) Retirement Plan (the “Plan”), previously the St. Mary’s 401(k) Retirement Plan through March 31, 2010, are maintained on an accrual basis. Annual returns filed under applicable provisions of the Employee Retirement Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”) are filed on the cash basis of accounting and do not include contributions receivable.

During 2011, Mercy Health Partners, Inc. (the “Plan Fiduciary”) was acquired by Health Management Associates. In connection with the acquisition, the Plan Fiduciary elected to freeze the Plan effective October 1, 2011 (“Frozen Date”). In accordance with accounting principles generally accepted in the United States of America, the Plan changed its basis of accounting from the ongoing basis used in presenting the 2010 financial statements to the liquidation basis used in presenting the 2011 financial statements. The adoption of the liquidation basis of accounting did not have a significant impact on the Plan’s 2011 financial statements.

As a result of the decision to freeze the Plan, effective the Frozen Date, all participant accounts became fully vested, no new participants will be admitted to the Plan, no additional contributions will be made to the Plan by participants and no new participant loans are allowed. The Plan will continue until all participant accounts have been distributed, at which time, it will be terminated. The net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations. Any unallocated assets of the Plan will revert back to the employer unless required otherwise under the terms of the Plan.

Plan Description

The Plan includes employees of the Plan Fiduciary, as well as the employees of certain affiliates of the Plan Fiduciary: Jefferson Memorial Hospital, Inc., St. Mary’s Hospital of Campbell County, Inc., Mercy Health and Wellness Center, LLC, St. Mary’s Medical Center of Scott County, Inc., and Baptist Hospital of Cocke County, Inc. (collectively, the “Sponsor Employers”). The Sponsor Employers were all acquired in the acquisition discussed above.

Use of Estimates

The preparation of financial statements on the liquidation basis of accounting are in conformity with accounting principles generally accepted in the United States of America and require the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Mercy Health Partners 401(k) Retirement Plan
Notes to Financial Statements (continued)

1. Significant Accounting Policies (continued)

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest.

Upon default of participant notes receivable, the entire outstanding principal and interest shall be immediately due and payable. If a distributable event, as defined by the IRC, has occurred, the note receivable will be foreclosed on and be offset against the participant's account balance. If a participant's note receivable is in default, the participant shall be treated as having a taxable deemed distribution whether or not a distribution event has occurred.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses (primarily investment fees) are paid by the Plan and allocated to participant accounts. Remaining fees for legal, accounting and other administration are paid by the Sponsor Employers.

Subsequent Events

In preparation of the accompanying financial statements, subsequent events that have occurred since the balance sheet date have been evaluated through September 27, 2012, the date the financial statements were available for issuance.

2. Description of the Plan

General

The Plan is a defined contribution plan with a cash or deferred arrangement ("401(k)"). Prior to the Frozen Date, the Plan was available to all employees of the Plan Fiduciary and affiliates (the "Affiliates") who had completed one year of service and attained age 21. Participation in the Plan was strictly voluntary, and employees could elect to participate as of the date the age and service requirements were satisfied. The Plan is subject to the provisions of ERISA.

The Plan Fiduciary is responsible for the administration of the Plan and entrusted the maintenance of records and the day-to-day administration to Diversified Investment Advisors ("DIA"). Additionally, Retirement Plan Consultants is the local service provider.

Mercy Health Partners 401(k) Retirement Plan
Notes to Financial Statements (continued)

2. Description of the Plan (continued)

Contributions

Prior to the Frozen Date, participating employees could defer 401(k) contributions up to the IRS limitation. The Sponsor Employers made matching contributions of 50% of the first 4% of earnings. At year-end, the Sponsor Employers could make additional contributions (“Sponsor Employer contributions”) at the option of the Sponsor Employers’ Board of Directors.

Receivables from the Sponsor Employers for contributions were unsecured. Participants could also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participant rollovers to the Plan totaled \$215,986 in 2011 and \$310,457 in 2010.

Employee contributions to the Plan were made through payroll deductions. The employee contributions and employer matching contributions were remitted to the Trustee after each payroll.

Investments

The Plan Fiduciary has established a trust with State Street Bank and Trust Company (“SSBT” or the “Trustee”) to hold, administer and invest the assets of the Plan. Each investment fund with SSBT (including certain investment options of Transamerica Financial Life Insurance Company (“Transamerica”), an affiliate of DIA) is a collective investment trust in which the Plan has an undivided interest with other employee benefit plans that participate in the investment funds.

The Plan does not require these investment funds to be insured or collateralized. The maximum loss, if any, that would be incurred by the Plan if the counterparties to the Plan’s investments failed to perform, is the recorded amount of such investments. SSBT has delegated its administrative duties to DIA.

The investment funds are stated at fair value based on the last reported sales price for the year. In accordance with the policy of stating investments at fair value, net appreciation or depreciation in the fair value of investments is reflected in the Statement of Changes in Net Assets Available for Benefits. This includes all investments bought or sold, as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under terms of the Plan. Fully benefit-responsive investment contracts held by the Plan are as follows:

Mercy Health Partners 401(k) Retirement Plan
Notes to Financial Statements (continued)

2. Description of the Plan (continued)

Investments (continued)

Guaranteed Pooled Fund

The Plan invests in an investment contract held in the Guaranteed Pooled Fund of Transamerica. The Statement of Net Assets Available for Benefits presents the fair value of these investment contracts, which approximates contract value. Participants should refer to the Transamerica Financial Life Insurance Company Guaranteed Pooled Fund financial statements for more information.

Stable Fund (General Account)

The Plan also invests in an investment contract held in the Stable Fund (General Account) of Transamerica. SSBT maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Stable Fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Stable Fund is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the Stable Fund. Contract value, as reported to the Plan by SSBT, represents contributions under the contract, plus earnings, less participant withdrawals and administrative expenses and approximates fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of SSBT or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with SSBT. Such events include amendments to the plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The Stable Fund does not permit the insurance company to terminate the agreement prior to the scheduled maturity.

Average yields were 0% in 2011 and 0.2% in 2010. The average yield credited to Plan participants approximates the average yield based on actual earnings.

Mercy Health Partners 401(k) Retirement Plan
Notes to Financial Statements (continued)

2. Description of the Plan (continued)

Participant Accounts

Participants may allocate their account among various investment options as listed in the schedule of assets (held at end of year). Participants have the opportunity to change the investment options previously elected at any time.

Each participant's account is credited with the participant's contribution; the respective Sponsor Employer's matching contribution and an allocation of the Sponsor Employer's discretionary contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participant Loans

Prior to the Frozen Date, participants could borrow part of the value of their before-tax contributions from the Plan. The amount was required to be at least \$1,000 and not more than 1/2 the value of their account, limited to \$50,000. The loan is fully secured by the participant's account. The loan is repaid by the participants over a five-year period, or longer if for the acquisition or renovation of a principal residence, including interest at the prevailing market interest rate.

Vesting

Prior to the Frozen Date, participants were immediately vested in their voluntary contributions plus actual earnings on those contributions. Vesting in the Sponsor Employer's matching and discretionary contribution portion of their accounts plus related earnings was based on years of service, defined as 1,000 hours in a calendar year, as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Effective the Frozen Date, participants became fully vested in their accounts.

2. Description of the Plan (continued)

Forfeitures

Forfeitures were created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures could be used to reduce future Sponsor Employers' contributions or pay Plan expenses. See Note 4 for a summary of the forfeitures account.

Summary Plan Description

The foregoing description of the Plan provides only general information. Participants should refer to the Mercy Health Partner's 401(k) Retirement Plan Summary Plan Description for a more complete description of the Plan's provisions. Copies of this publication are available from the Plan Fiduciary.

3. Income Tax Status

The Internal Revenue Service ("IRS") has ruled the prototype plan from which the Plan was prepared qualifies under provisions of the IRC and is, therefore, not subject to tax under present income tax law. The Plan Fiduciary and the Plan's tax counsel are not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualification status, and believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan sponsor has not submitted a request to the IRS for a favorable determination letter with respect to the Plan's qualified status as of the Frozen Date or as of September 25, 2012, the date the financial statements were available for issuance.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

4. Trustee Information (Unaudited) (continued)

Upon termination of the Plan, any unallocated forfeitures of the Plan will revert back to the Sponsor Employers unless required otherwise under the terms of the Plan.

5. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Quoted prices in active markets for identical assets.
Level 2	Significant other observable inputs.
Level 3	Significant unobservable inputs.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments measured at fair value:

Money market funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value of shares held by the Plan at year-end.

Guaranteed pooled fund, fixed account fund and stable fund: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2010:

Net assets available for benefits per the financial statements	\$95,046,895
Cash contributions receivable from Sponsor Employers	<u>(4,052,579)</u>
Net assets available for benefits per the Form 5500	<u>\$90,994,316</u>

The following is a reconciliation of cash contributions per the financial statements to the Form 5500 for the year ended December 31, 2011:

Total cash contributions per the financial statements	\$ 6,894,287
Plus prior year cash contributions receivable from Sponsor Employers	<u>4,052,579</u>
Total cash contributions per the Form 5500	<u>\$10,946,866</u>

8. Excess Contributions

Benefit payments in 2011 and 2010 include payments of \$48,494 and \$86,572, respectively, made to certain active participants to return them excess deferred contributions to satisfy the relevant nondiscrimination provisions of the Plan for the prior year.

Benefit payments in 2012 will include payments of \$11,413 made to certain active participants to return excess deferred contributions to satisfy the relevant nondiscrimination provisions of the Plan for 2011.

9. Subsequent Events

Subsequent to December 31, 2011, through August 31, 2012, benefit payments totaling approximately \$17,500,000 have been made in connection with the Plan's frozen status.
