NOTES TO FINANCIAL STATEMENTS

NOTE 1—PLAN DESCRIPTION

The following description of the Peer Bearing Company (Company) Employees' Profit Sharing Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

1. General – The Plan is a defined contribution plan covering all non-union employees of the Company.

   Participants can make voluntary 401(k) contributions and share in matching contributions after completing 90 days of service. Participants become eligible to participate in profit sharing contributions after completing one year of service. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).

2. Contributions – Participants may choose to contribute by payroll deduction up to 100% of their compensation, to a maximum of $16,500 for 2011 and 2010. Participants who are at least age 50 may make additional "catch-up" contributions of $5,500 for 2011 and 2010. Participants are allowed to designate a portion of the deferral as Roth elective deferrals.

   The Company is required to contribute, as a matching contribution, 100% of the first 3% of salary deferred, plus 50% of the next 3% of salary deferred, for a total matching contribution of 4.5%.

   The Company may also elect to make a discretionary profit-sharing contribution allocated based on eligible wages of participants. Discretionary contributions were $284,148 for 2011 and $269,128 for 2010.

3. Participant Accounts – Each participant's account is credited with the participant's contribution and allocation of the Company's contributions, plan earnings, and an allocation of forfeitures of terminated participants' nonvested account balances. Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Terminated participants, as a result of death or total and permanent disability, shall be allocated any contribution and forfeitures based upon wages paid to them during such year of termination.

4. Vesting – Participants are 100% vested in their voluntary contributions plus actual earnings thereon. Participants' vesting in the Company's matching contributions and discretionary profit-sharing contribution, plus actual earnings thereon, is determined in accordance with a schedule based on the participant's years of service.

5. Forfeited Accounts – Forfeitures of non-vested matching contributions and profit-sharing account balances are allocated to participants based upon the proportion of their eligible wages to the total eligible wages. . Forfeitures totaled $60,262 for 2011 and $36,515 for 2010. The amount allocated to participants was $58,299 for 2011 and $36,642 for 2010. Forfeitures available for future use as of December 31 are $843 for 2011 and $-0- for 2010.

NOTE 1—PLAN DESCRIPTION (Continued)

6. Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect one of several methods to distribute the value of a participant's vested account, as defined by the Plan.

7. Administrative Expenses – Administrative expenses of the Plan are paid out of plan assets and by the Company.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared using the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from plan assets during the reporting period. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are held by Charles Schwab Trust Company as described in Note 4. All funds are valued at market value as of December 31, 2011 and 2010.

Dividend and interest income are recognized when earned. Net appreciation (depreciation) on investments held represents the change in market value of the investments from the beginning of the Plan year (or date the investments were purchased, if later) to the end of the Plan year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 3—FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and* Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Level 1 Fair Value Measurements

The fair value of money market funds, mutual funds, common stocks, unit investment trusts, and publicly-traded partnerships is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

Units of common/collective trusts are valued by the asset custodian at the daily net asset value ("NAV"), which represents the cumulative market values of the common/collective trust's underlying investments. There are no unfunded commitments or any restrictions on the participant's ability to redeem investments.

NOTE 3—FAIR VALUE MEASUREMENTS (Continued)

Level 3 Fair Value Measurements

Level 3 Fair Value Measurements are not applicable to the Plan for 2011 and 2010.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

NOTES TO FINANCIAL STATEMENTS

NOTE 7—TAX STATUS

The Plan obtained its latest determination letter on March 6, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 8—RELATED PARTY AND PARTY-IN-INTEREST TRANASACTIONS

The Company provides to the Plan certain accounting and administrative services for which no fees are charged. In addition, the majority of the expenses of the Plan are paid by the Company.

Plan investments are managed by Charles Schwab Trust Company, the trustee of the Plan. Therefore, this company is considered a party-in-interest. Investment management fees paid were $1,980 in 2011 and $1,890 in 2010.

NOTE 9—PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 10—FINANCIAL STATEMENT PRESENTATION

Certain prior period amounts have been reclassified to conform to the current year presentation.

NOTE 11—SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 21, 2012, the date which the financial statements were available to be issued. There were no subsequent events which require disclosure.
