Legacy Transportation 401(k) Plan
San Jose, California

We were engaged to audit the financial statements of Legacy Transportation 401(k) Plan (the Plan) as of December 31, 2011 and 2010 and for the years then ended, and the supplemental schedule as of December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the Nationwide Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the plan administrator that trustee held the Plan's investment assets and executed investment transactions. The plan administrator has obtained certification from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of Legacy Transportation (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees have completed 90 days of service, and are not covered under collective bargaining agreements, are leased employees, or are non-resident aliens who do not receive any compensation from U.S. sources. Employees who are part-time employees (defined by the Plan as an employee whose normal work schedule is less than 30 hours per week) must work twelve months and 1,000 hours to become eligible. Participants can enter the Plan on the Plan entry dates - January 1 or July 1 each year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. The Company's Board of Trustees oversees the Plan.

Contributions

Employee

Participants make salary deferral contributions on a voluntary basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

Employer

The Company may make a discretionary matching contribution and/or a special discretionary contribution (profit sharing). For participants to qualify for the discretionary matching and special contributions, they must be actively employed on the last day of the Plan year, or be credited with more than 500 hours of service during the Plan year if terminated, or be separated from employment by reason of death, disability or retirement.

Matching contributions are allocated to participants based upon the percentage that their deferred contributions during the Plan year bears to the total deferred contribution of all participants during the Plan year. For the year ended December 31, 2011, the Company did not make a matching contribution ($50,000 for year ended December 31, 2010).

Profit sharing contributions are allocated to participants based upon their share of the total compensation paid during the Plan year to all participants in the Plan. For the year ended December 31, 2011, the Company did not make a profit sharing contribution ($150,000 for year ended December 31, 2010).

1. **DESCRIPTION OF THE PLAN** (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant vests in employer contributions at a rate of 20% per 1,000-hour year after one full year of service. Therefore, participants will be 100% vested after six or more years.

1. **DESCRIPTION OF THE PLAN** (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested balance. Loans may be made for general purpose loans and principal residence loans. General purpose loans have a maximum term of 5 years and principal residence loans have a maximum term of 15 years.

The loans are secured by the participant's vested interest in the Plan. The interest rate for the term of the loan will be set at 2% above the prime rate as published in the Wall Street Journal at the time the loan is approved by the Plan's Administrative Committee. The prime rate at December 31, 2011 and 2010 was 3.25%.

Payment of Benefits

Distributions from the Plan are generally not permitted before age 59½ except in the event of death, disability or termination of employment. At the time a participant is entitled to receive a distribution, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures

Forfeitures are created when participants terminate employment before becoming fully vested under the provisions of the Plan. There were $4,153 of forfeitures in 2011 ($3,247 in 2010). The Plan used these funds to pay Plan expenses in 2011 and 2010. Unallocated forfeitures at December 31, 2011 were $1,806 ($5,533 at December 31, 2010).

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at their fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5, *Fair Value Measurements* for discussion of fair value measurements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Expenses of Administration

Investment expenses incurred by the manager of the funds and directly related administrative expenses are deducted from the earnings of the Plan. Loan processing fees are paid by the participants through reduction in their investment balances. All other expenses of maintaining the Plan are paid by the Company.

Recent Accounting Pronouncements

In May 2011, the FASB issued ASU No. 2011-04, Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS. ASU 2011-04 provides guidance which is expected to result in common fair value measurement and disclosure requirements between U.S. GAAP and IFRS. It changes the wording used to describe many of the requirements in U.S. GAAP for measuring fair value and for disclosing information about fair value measurements. For many of the requirements, the FASB does not intend for ASU 2011-04 to result in a change in the application of the requirements in Topic 820. Some of the amendments clarify the FASB's intent about the application of existing fair value measurement requirements. Other amendments change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. ASU No. 2011-04 is to be applied prospectively and is effective for annual periods beginning after December 15, 2011. The adoption of this guidance is not expected to have a material impact on the Plan's financial statements.

Subsequent Events

The Plan has evaluated all subsequent events through September 26, 2012, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

At December 31, 2011 and 2010, the Plan's investments were held by Nationwide Trust Company (Nationwide), the trustee of the Plan. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The fair value of investments at December 31, 2011 and 2010, as reported by the trustee, is summarized as follows:

	2011	2010
Mutual funds	$ 3,506,031	$ 3,265,677

The following is a summary of investment income certified by the trustee for the years ended December 31, 2011 and 2010:

	2011	2010
Net realized and unrealized appreciation (depreciation) in fair value of investments	$ (10,433)	$ 379,743

4. INVESTMENTS

The following investment options represented investments in excess of 5% of net assets available for benefits, as reported by the Nationwide at December 31:

5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs for the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted market prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan is responsible for the determination of fair value. The Plan has not historically adjusted the prices obtained from the pricing services.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

5. FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan reviews the fair value hierarchy classification on an annual basis. Changes in the ability to observe valuation inputs may result in a reclassification of levels for certain securities within the fair value hierarchy. The Plan's policy is to recognize transfers into and out of levels within the fair value hierarchy at the end of the fiscal quarter in which the actual event or change in circumstances that caused the transfer occurs. There were no transfers between levels of the fair value hierarchy during the years ended December 31, 2011 and 2010. When a determination is made to classify an asset or liability within Level 3, the determination is based upon the significance of the unobservable inputs to the overall fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	Investments at fair value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Mutual funds:				
Large-cap	$ 718,386	$ -	$ -	$ 718,386

6. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Nationwide. Nationwide is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

7. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 4, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in Statements of Net Assets Available for Benefits.
