VOSS INDUSTRIES, INC. SAVINGS PLAN –
EMPLOYEES OF VOSS INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of the Voss Industries, Inc. Savings Plan – Employees of Voss Industries, Inc. (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan.

General:

The Plan is a defined contribution (401(k) salary deferral) plan established to provide retirement benefits to eligible employees. Under the Plan, all employees of Voss Industries, Inc. of Cleveland, Ohio (the “Company”) who have met eligibility requirements can participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility:

All employees are eligible to participate in the Plan on the first day following four months of service and attaining the age of eighteen.

Contributions:

Participating employees may elect to contribute up to 50% of eligible compensation on a pre-tax basis, as defined in the Plan and subject to certain limitations in the Internal Revenue Code. Participants also may rollover distributions from other qualified plans. The Company may make discretionary, non-elective contributions to be allocated to participants who are employed on the last day of the plan year and who worked at least 1,000 hours during the plan year. There were no Company contributions during the years ended December 31, 2011 or 2010.

Participant Accounts:

The Company maintains an individual account for each participant. These accounts are credited with participants' contributions, Company contributions, related earnings, and charged with an allocation of administrative expenses.

Participants elect to maintain their aggregate contributions in the investment funds offered by the Plan and managed by Principal Life Insurance Company and Orchard Trust Company, LLC (collectively the “Trustees”), for the periods January 1, 2010 through July 11, 2011 and July 12, 2011 through December 31, 2011, respectively. Separate accounting for each of the funds is made pursuant to the participant's designated election. The net value of each participant account is established daily through the valuation of the funds at fair value. All dividends, interest, and other proceeds received with regard to any fund are reinvested automatically in the same fund.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of the Plan (Continued)

Notes Receivable from Participants:

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants account and each participant can only have one loan outstanding at any given time. Interest is charged based on the prevailing rate at the time of the loan. Repayments of principal and interest are credited to the participant's separate account within the funds as elected by the participant. Until such payments are received, the loan receivable is accounted for in notes receivable from participants. Notes receivable from participants are stated at their outstanding loan balances, plus any interest accrued.

Plan Withdrawals and Distributions:

A participant, upon retirement, termination, disability or the attainment of age 59 ½, or a participant's beneficiary, upon the participant's death, may elect to either rollover the funds until age 70 1/2 or receive a lump-sum amount equal to the value of their account. In the case of a severe financial hardship, the Plan Administrator, in its sole discretion, may direct distribution of all or a portion of the participant's elective and/or voluntary contributions, subject to certain restrictions.

Vesting Provisions:

Participants are fully vested at all times in their respective accounts.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting:

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a settlement-date basis. No material difference exists as a result of purchases and sales being recorded on a settlement-date basis as opposed to a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition: (Continued)

As defined by accounting principles generally accepted in the United States of America, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. From January 2010 to July 11, 2011, the Plan was invested in the Principal Life Insurance Guaranteed Interest Fund. This fund was determined not to be fully benefit-responsive and is recorded on the statement of net assets available for benefits at fair market value. From July 12, 2011 to December 31, 2011 the Plan was invested in the Key Guaranteed Portfolio Fund, a fully benefit-responsive investment contract. No adjustment from fair value to contract value is presented on the statements of net assets available for benefits as of December 31, 2011, as fair value of the Key Guaranteed Portfolio Fund approximates contract value.

Administrative Expenses:

Administrative fees of the Plan are paid by the Company or the Plan at the option of the Company. Certain fees associated with distributions and notes receivable from participants are paid by the affected participants.

Risks and Uncertainties:

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Use of Estimates:

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Payment of Benefits:

Benefits are recorded when paid.

Termination Provisions:

The Company intends to continue the Plan indefinitely but reserves the right to terminate or amend the Plan as necessary subject to the provisions of ERISA. In the event of termination of the Plan, the accounts of the participants will be distributed at the time and in the manner determined by the Plan administrator and in accordance with the terms of the Plan.

VOSS INDUSTRIES, INC. SAVINGS PLAN –
EMPLOYEES OF VOSS INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Evaluation of Subsequent Events:

The Plan has evaluated subsequent events and transactions for potential recognition and presentation through the date the financial statements were available to be issued, September 26, 2012, and had determined no such events required disclosure.

Note 3. Tax Status

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

The Plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements. In general, the Plans previous three tax years remain subject to examination by the Internal Revenue Service, as well as various other taxing authorities.

Note 4. Unaudited Information

The trustees hold all Plan investment assets and execute all transactions therein. Financial information relating to those assets is included in the accompanying financial statements and supplemental schedule based on information certified by the trustees to be both complete and accurate. That information has not been audited by independent accountants.

Note 5. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. Fair value is defined as the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

VOSS INDUSTRIES, INC. SAVINGS PLAN –
EMPLOYEES OF VOSS INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 5. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets of the Plan measured at fair value at December 31, 2011:

- Registered investment companies: Valued at their quoted closing market prices in active markets for identical investments, and are classified as Level 1.
- Pooled separate accounts: Valued at their reported net asset value (“NAV”). The NAV is based primarily on observable inputs, the market value of the underlying investments, and is classified as Level 2.
- Guaranteed investment contract: Valued at contract value, which approximates fair value, and represents contributions plus interest at a specified rate, less participant withdrawals and fees. Insurance contracts are generally classified as Level 3 as there are no quoted prices or other observable inputs for pricing.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. There have been no changes in the methodologies used from 2010 to 2011. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2011 and 2010:

Assets at Fair Value as of December 31, 2011

Note 6. Guaranteed Investment Contract

In 2011, the Plan entered into a fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company ("Great-West"). Contributions are maintained by Great-West in a general, unallocated account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

VOSS INDUSTRIES, INC. SAVINGS PLAN –
EMPLOYEES OF VOSS INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 6. Guaranteed Investment Contract (Continued)

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. As described in Note 5, Great-West has determined that the contract value approximates fair value. Contract value, as reported to the Plan by Great-West, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but is guaranteed never to be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. Certain events limit the ability of the Plan to transact at contract value with the issuer. However, the plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields:	<u>2011</u>
Based on actual earnings	2.00%
Based on interest rate credited to participants	2.03%

Note 7. Party-in-Interest Transactions

Certain Plan investments consisted of units of pooled separate accounts and Principal guaranteed investment contracts managed by Principal as of the year ended December 31, 2010 and for the period January 1, 2011 through July 11, 2011. Administrative expenses paid to Principal from the plan were \$468 and \$1,152 for the period January 1, 2011 through July 11, 2011, and for the year ended December 31, 2010, respectively. Principal was the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Effective July 12, 2011, Great-West was appointed by the Company to serve as the third party administrator of the Plan. Administrative expenses paid to Great-West from the Plan were \$50 for the period July 12, 2011 through December 31, 2011.

Note 8. Transfers From Other Qualified Plans

The Plan accepts diversifications from the Voss Industries, Inc. Employee Stock Ownership Plan and Trust (the "ESOP") made at the direction of eligible ESOP participants. During the years ended December 31, 2011 and 2010, \$-0- and \$1,137, respectively, were transferred into the Plan under elections made by participants. In addition, the Plan accepts rollover contributions from other qualified plans. No rollover contributions from other qualified plans were accepted by the plan for the years ended December 31, 2011 and 2010.
