Trustees of
Komet of America, Inc. 401(k) Plan
Schaumburg, Illinois

We were engaged to audit the financial statements of **Komet of America, Inc. 401(k) Plan** as of and for the year ended December 31, 2011, and the supplemental schedule as of December 31, 2011, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the plan's management. Blackman Kallick, LLP was engaged to audit the financial statement of the plan as of December 31, 2010, and their report dated September 13, 2011, expressed a disclaimer of opinion on those statements for the same circumstances indicated below. Blackman Kallick, LLP subsequently merged into Plante & Moran, PLLC.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company, the custodian of the plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2011 and for the year then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Komet of America, Inc. 401(k) Plan

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Komet of America, Inc. 401(k) Plan (the plan) provides only general information. Participants should refer to the plan agreement for a complete description of the plan's provisions.

General

The plan is a defined contribution plan that covers substantially all employees of Komet of America, Inc. (the company). The plan does not cover nonresident aliens or employees who are covered by a collective bargaining agreement that does not provide for their participation in the plan. The plan was established by the company on July 1, 1987 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Any covered employee is eligible to participate in the plan upon date of hire. Any employee hired after July 1, 2005 shall be automatically enrolled in the plan unless they elect otherwise. The employee payroll deferral rate for such participants will be set at 3%.

Participant Contributions

Participants may elect to make pre-tax 401(k) deferral contributions that are not less than \$5.00 and not greater than 100% of their compensation each pay period. Participants may also make Roth 401(k) deferrals, which are subject to taxation in the year of deferral but not at the time of withdrawal. Participants who have attained age 50 may make catch-up contributions in addition to their regular deferral contributions. Contributions are made through payroll deductions and are subject to certain IRS limitations. The plan also accepts rollover contributions from other qualified plans.

Employer Contributions

The company may elect to make discretionary matching contributions or other discretionary contributions. For the 2011 plan year, the company contributed a Safe Harbor Matching contribution to the plan on behalf of each eligible employee equal to (i) one hundred percent (100%) of the amount of the employee's elective deferrals that do not exceed three percent (3%) of the employee's compensation for the plan year, plus (ii) fifty percent (50%) of the amount of the employee's elective deferrals that exceed three percent (3%) of the employee's compensation but that do not exceed five percent (5%) of the employee's compensation. Employer matching contributions totaled \$291,679 in 2011.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer matching contribution and allocations of plan earnings and charged with allocations of plan losses and administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Vesting

All participants are immediately vested in all their participant accounts.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of service, a participant may request a lump-sum amount equal to the value of the participant's vested interest in his or her account. In-service distributions may be made from a participant's vested account at any time after the attainment of age 59½. Hardship distributions are also permitted if certain criteria are met.

Notes Receivable from Participants

Participants may borrow from their plan accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance and a minimum of \$1,000. Loan terms range from one to five years. The loans are secured by the vested balance in the participant's account and bear a reasonable rate of interest, as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Administration of the Plan

The company is the plan's sponsor and administrator. John Hancock Life Insurance Company (John Hancock) is the contract administrator and custodian of the plan. All investments are self-directed by plan participants. Administrative expenses are paid by the plan to the extent not paid by the company.

Investment Options

Participants direct the investment of their account balances into various investment options provided by the plan. Participants may change their investment options on a monthly basis.

Subsequent Events

The plan administrator has evaluated subsequent events through September 17, 2012, the date the financial statements were available to be issued.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the plan are prepared under the accrual method of accounting.

Komet of America, Inc. 401(k) Plan

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Investments

Investments are reported at fair value in accordance with accounting principles generally accepted in the United States of America (GAAPUSA). See Note 3 for a discussion of fair value measurements.

Effective January 1, 2010, the plan adopted new guidance that requires it to report significant transfers between Level 1 and Level 2 and the reasons for those transfers, as well as disclosing the reasons for transfers in or out of Level 3. Additionally, the guidance requires the plan to clarify existing disclosure requirements about the level of disaggregation and inputs and valuation techniques. The adoption of this guidance did not have a significant impact on the plan's financial statements, other than expanded disclosures.

Effective January 1, 2011, the plan also adopted new guidance requiring the reconciliation of changes in Level 3 fair value measurements to present purchases, sales and settlements separately on a gross basis rather than as a net amount. The adoption of the guidance for Level 3 activity did not have a significant impact on the plan's financial statements.

Purchases and sales of securities are recorded on a trade-date basis, net of brokerage fees. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

The plan's investments are exposed to various risks, such as interest rate, credit and overall market volatility. Due to these risk factors, it is reasonably possible that changes in the value of investments will occur in the near term and materially affect the amounts reported in the financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Management Estimates

The preparation of financial statements in conformity with GAAPUSA requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Note 3 - Fair Value Measurements

GAAPUSA defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the principal market or, in the absence of a principal market, the most advantageous market accessible to the reporting entity as of the measurement date. Under GAAPUSA, the principal market is the market in which the reporting entity would sell the asset or transfer the liability with the greatest volume and level of activity. The most advantageous market, which may be a hypothetical market, is the market in which the reporting entity would sell the asset or transfer the liability with the price that maximizes the amount that would be received for the asset or minimizes the amount that would be paid to transfer the liability, considering transaction costs in the respective market.

GAAPUSA describes three approaches to measuring fair value: the market approach, the income approach and the cost approach. Each approach includes multiple valuation techniques. GAAPUSA does not prescribe which valuation technique should be used when measuring fair value, but does establish a fair value hierarchy that prioritizes the inputs used in applying the various techniques based on the degree to which such inputs are observable to market participants. Inputs broadly refer to the assumptions that market participants use to make pricing decisions, including assumptions about risk.

The plan's investments are classified in one of the following three categories based on the inputs used to determine their respective fair values.

- Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2 - Observable market-based inputs or unobservable inputs that are corroborated by market data. These inputs may include quoted prices for similar assets or liabilities in active markets as well as quoted prices for identical or similar assets or liabilities in inactive markets.
- Level 3 - Unobservable inputs that cannot be corroborated by market data. These inputs reflect management's best estimate of fair value using its own assumptions about the assumptions a market participant would use in pricing the asset or liability.

When the inputs used to value an investment fall into more than one level, the investment is classified in its entirety based on the lowest level input that is significant to that investment's fair value measurement. Management's assessment of the significance of a particular input to the fair value measurement requires judgment and is dependent on factors specific to the investment. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Komet of America, Inc. 401(k) Plan

Notes to Financial Statements

Note 3 - Fair Value Measurements (Continued)

As of December 31, 2011 and 2010, the following valuation methods have been used to value the plan's investments:

- **Guaranteed interest accounts** - Valued by discounting the related cash flows of the underlying investments based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuers. The investment objective of these accounts is to preserve principal and provide a stable return over the life of the investments. Participants may transfer funds in and out of these accounts without restriction. These investments are not fully benefit-responsive; therefore, the investments are stated at fair value.
- **Pooled separate accounts** - Valued at the net asset value (NAV) per unit as determined by John Hancock. Such NAV is based on the value of the underlying assets and liabilities of the accounts. The investment objective of the accounts varies and can be differentiated by the nature of their holdings as disclosed in the tables below. Participants may transfer funds in and out of the accounts without restriction.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the different methodologies or assumptions used to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following tables summarize the plan's financial assets and liabilities that are measured at fair value on a recurring basis as of December 31, 2011 and 2010:

Komet of America, Inc. 401(k) Plan

Notes to Financial Statements

Note 4 - Investments (Continued)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, the custodian of the plan, has certified to the completeness and accuracy of the plan's investment information in the statements of net assets available for benefits as of December 31, 2011 and 2010, the schedule of assets held at end of year as of December 31, 2011 and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2011, as indicated above and in total.

Note 5 - Plan Termination

While the plan is intended to be permanent, it may be terminated at the discretion of the company subject to the provisions of ERISA. Upon termination of the plan the trustee may commence distribution to each participant.

Note 6 - Party-in-Interest Transactions

The plan's investments include pooled separate accounts and guaranteed interest accounts managed by John Hancock Life Insurance Company, the contract administrator and custodian of the plan. As a result, transactions relating to John Hancock investments qualify as party-in-interest transactions.

Note 7 - Income Tax Status

The plan obtained its latest determination letter on September 8, 2010, in which the Internal Revenue Service stated that the plan was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The plan has been amended since receiving the determination letter; however, the plan administrator and the plan's tax counsel believe that the plan continues to operate in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the plan's financial statements.

GAAPUSA requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.
