(the Plan) as of December 31, 2011 and 2010, and for the year ended December 31, 2011, as listed in the accompanying table of contents. These financial statements in liquidation and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), as amended, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by T. Rowe Price Trust Company (T. Rowe Price), the trustee and custodian of the Plan, except for comparing such information with the related information included in the financial statements in liquidation and supplemental schedule. We have been informed by the Plan Administrator that T. Rowe Price holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from T. Rowe Price as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the Plan Administrator by T. Rowe Price is complete and accurate.

As further discussed in Note 1 to the financial statements in liquidation, the Board of Directors of CVS Caremark Corporation, the Plan's sponsor, voted to terminate the Plan effective December 31, 2010. In accordance with accounting principles generally accepted in the United States of America, the financial statements have been presented on a liquidation basis.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements in liquidation and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The form and content of the information included in the financial statements in liquidation and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MED$AVE RETIREMENT SAVINGS PLAN
FOR AFFILIATES OF MEDPARTNERS, INC.

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION
DECEMBER 31, 2011 AND 2010

NOTE 1 - THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General - The following description of the Med$ave Retirement Savings Plan for Affiliates of MedPartners, Inc. (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a multiple employer defined contribution plan that formerly covered employees of affiliates of MedPartners, Inc., now known as Caremark Rx, L.L.C. (the Company). The employees of the affiliates were not employed by the Company. Full-time employees of the affiliates were eligible to participate in the Plan upon completion of two months of service. Part-time and per diem employees of the affiliates were eligible to participate in the Plan after completion of one year of service. The Company divested its affiliates during 1999, at which point contributions to the Plan ceased. Effective March 22, 2007, the Company merged with CVS Caremark Corporation. Effective September 24, 2008, sponsorship of the Plan transferred from the Company to CVS Caremark Corporation. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

During 2010, the Management Planning and Developing Committee (a delegate of the Board of Directors of the Company) voted to terminate the Plan effective December 31, 2010, with Plan assets to be distributed to participants as soon as administratively possible, subject to the provisions of ERISA. All participants were previously fully vested. Therefore, in accordance with accounting principles generally accepted in the United States of America, the Plan's financial statements are presented on a liquidation basis for 2010 and 2011.

Administration - CVS Caremark Corporation has appointed a Benefit Plans Committee (the Committee) to manage the operation and administration of the Plan. Effective January 2009, the Committee further named an Administrative Subcommittee and an Investment Subcommittee, and delegated certain fiduciary duties to each of the subcommittees. CVS Caremark Corporation has contracted with T. Rowe Price Trust Company (T. Rowe Price) to act as the trustee, custodian and third-party administrator to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Plan.

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION
DECEMBER 31, 2011 AND 2010

Estimates - The preparation of financial statements in liquidation in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting - The financial statements in liquidation of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Benefit withdrawals and distributions are recorded when paid.

Investment valuation and income recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan has a fully benefit-responsive common/collective trust as an investment.

The statements of net assets available for benefits in liquidation present the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits in liquidation is prepared on a contract value basis.

Income taxes - The Plan has been amended since receiving a favorable determination letter dated September 28, 2009. CVS Caremark Corporation believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. No uncertain positions have been identified that would require recognition of a liability (or asset) or disclosure in the financial statements in liquidation as of December 31, 2011. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2008.

Risks and uncertainties - The Plan provides for various investment options in any combination of investment securities. In addition, CVS Caremark Corporation common stock is included in the Plan's investments. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits in liquidation and the statement of changes in net assets available for benefits in liquidation.

Recent accounting pronouncements - In May 2011, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU 2011-04). ASU 2011-04 amended ASC 820 to converge the fair value measurement guidance in U.S. generally accepted accounting principles (GAAP) and International Financial Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The Plan's management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements in liquidation.

Subsequent events - The Plan has evaluated subsequent events through September 10, 2012, which is the date the financial statements in liquidation were available to be issued.

NOTE 2 - FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS IN LIQUIDATION
DECEMBER 31, 2011 AND 2010

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Common stocks and employer securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds and common/collective trusts: Valued using the market approach at the net asset value (NAV) of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth additional disclosures for the fair value measurement of significant investments in certain entities that calculate NAV per share (or its equivalent) as of December 31, 2011 and 2010:

T. Rowe Price Equity Index Trust Fund - The investment objective of the Fund is to provide investment results that correspond to the total return performance of common stocks publicly traded in the United States as represented by Standard & Poor's (S&P) 500 Composite Stock S&P Index (S&P Index). Under normal conditions, the Fund will invest substantially all of its assets in common stocks of companies that comprise the S&P Index. Under the terms of the Declaration of Trust of the Fund, the Plan is required to provide either 90 day advance written notice to T. Rowe Price prior to redemption of trust units; the notice period may be shortened or waived by T. Rowe Price at their sole discretion.

T. Rowe Price Stable Value Fund - The investment objectives of the Fund are to maximize current income consistent with the maintenance of principal and to provide for withdrawals for certain participant-initiated transactions under a retirement plan without penalty or adjustment. The trust will attempt to achieve these objectives by investing principally in guaranteed investment contracts issued by insurance companies; investment contracts issued by banks; structured or synthetic investment contracts issued by banks; insurance companies and other issuers, as well at the securities supporting such contracts; separate account contracts; and other such instruments that are intended to maintain a constant net asset value while permitting participant initiated, benefit-responsive withdrawals for certain events. Under the terms of the Declaration of Trust of the Fund, the Plan is required to provide either 12 or 30 month advance written notice to T. Rowe Price prior to redemption of trust units; the notice period may be shortened or waived by T. Rowe Price at their sole discretion.

NOTE 3 - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by T. Rowe Price, the trustee and custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.
