NOTE 1. DESCRIPTION OF THE PLAN

General

The following description of FMSbonds, Inc. (the "Company" or "Sponsor") Employees' 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan, which was formed on January 1, 1979, is a defined contribution plan covering all eligible employees. Employees are eligible to participate in the Plan following the completion of five hundred hours of service within six months of the date of their employment and are over age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to reduce their compensation by a specific percentage or dollar amount up to the maximum statutory amount allowed as an elected deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make discretionary matching contributions to the Plan up to 50% of the first $2,000 of compensation that a participant contributes to the Plan. During the year ended December 31, 2011, the Company elected to contribute $27,974. The Company may also make a discretionary profit-sharing contribution in an amount to be determined annually. During 2011, the Company elected to make discretionary profit-sharing contributions of $338,174. In order to be eligible for the matching contribution and discretionary profit sharing contribution, participants must attain the age of 21 and completed twelve (12) months of service with a minimum of 1,000 hours of service. Each year following that, participants must work at least 1,000 hours of service and must be employed by the Company as of the last day of the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Sponsor's matching contribution and allocations of Plan earnings, net of any administrative expenses directly chargeable to a participant's account. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Plan participants are 100% vested in the full value of their contributions plus actual earnings. Vesting in the Company's matching and profit-sharing contributions is based on years of continuous service. A participant is fully vested after six years of continuous service.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Forfeitures

At December 31, 2011 and 2010, forfeited non-vested accounts totaled $0 and $1,207, respectively. These accounts will be used to reduce future employer contributions or administrative expenses. During the 2011 plan year, forfeitures of $1,207 were used to reduce employer contributions.

Plan Administration

The Plan is administered by the Company and investments are maintained in a trust by the Company (the "Trustee") who has been appointed as Trustee by the Plan. The Trustee is responsible for the management and control of the Plan's assets. The Plan assets are maintained by its custodians, John Hancock Life Insurance Company U.S.A. ("John Hancock") and Penson Financial Services, Inc ("Penson"). Sentinel Benefits & Financial Group serves as the record keeper for the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions in any of the various investment options, including self-directed brokerage accounts. Participants may change their investment options daily.

Notes Receivable from Participants

A participant may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of 50% of a participant's vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1%, at the time of application. At December 31, 2011, the interest rates on participant loans ranged from 4.25% to 9.25%. The interest rate on all new loans issued during 2011 was 4.25%. Principal and interest are paid ratably over a period up to 60 months, or up to 120 months if loans are to purchase a primary residence, through payroll deductions.

Payment of Benefits

On any termination of service, whether due to death, disability, retirement, or other termination of employment, a participant is entitled to the value of the participant’s vested interest in his or her account (the “Vested Balance”). If the participant’s Vested Balance is less than or equal to $5,000 at the date of termination of service, the participant receives either a single lump-sum payment or rollover into an IRA. If the participant’s Vested Balance is greater than $5,000 at the date of termination of service, the participant may elect to receive a distribution of the vested account balance in a single lump-sum payment in cash or in property, depending upon investment option.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value. Units of pooled separate accounts are valued based on the underlying net asset values of the investments. The self-directed brokerage accounts are recorded at the quoted market prices of the individual investments held in the brokerage account. The fair value of municipal bonds is estimated using recently executed transactions, market price quotations and pricing models that factor in, where applicable, interest rates, bond or credit default swap spreads and volatility. Corporate bonds are valued using recently executed transactions, market price quotations (where observable), bond spreads or credit default swap spreads. When observable price quotations are not available, fair value is determined based on cash flow models with yield curves, bond, or singlename credit default swap spreads and recovery rates based on collateral values as key inputs. Security transactions are recorded on a trade date basis, which is the date the order to buy or sell is executed. Interest income is accrued on a daily basis. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payment

Benefit payments to participants are recorded when paid.

Plan Expenses

Certain administrative functions are performed by employees of the Sponsor. No such employees receive compensation from the Plan. Administrative expenses, such as professional fees, are paid directly by the Company. Fees related to excess contributions and loans are paid by the participant engaging in any such transaction and are recorded when incurred.

Party-In-Interest Transactions

Certain plan investments are units of pooled separate accounts managed by John Hancock. John Hancock is a custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Concentrations

Substantially all of the Plan's assets are held by John Hancock, located in Buffalo, New York and Penson, located in Dallas, Texas.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3. INVESTMENTS

Information related to the investments held by the Plan as of December 31 is as follows:

a) Individual investments representing 5% or more of the Plan's net assets available for benefits at December 31, 2010 are as follows:

Self-directed brokerage accounts	
Investments:	
Capital Asset Money Market Fund	$ 1,276,615
Other investments individually representing less than 5% of the Plan's net assets	9,302,588
Total self-directed investments	$ 10,579,203

Total self-directed investments at December 31, 2011 aggregated $10,348,040. No single investment represented 5% or more of the Plan's net assets as of December 31, 2011.

NOTE 3. INVESTMENTS (Continued)

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) held in self-directed brokerage accounts depreciated in value by $1,651,231. In addition, for the year ended December 31, 2011, interest and dividends relating to the Plan's investments, as well as interest on notes receivable from participants held in self-directed brokerage accounts amounted to $359,262 and $11,415, respectively. Notes receivable from participants held in self-directed brokerage accounts aggregated $269,481 and $234,317 at December 31, 2011 and 2010, respectively.

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) in pooled separate accounts, depreciated in value by $71,866. In addition, for the year ended December 31, 2011, interest and dividends relating to the Plan's investments, as well as interest on notes receivable from participants held by John Hancock, amounted to $23 and $11,574, respectively. NOTE 4. FAIR VALUE MEASUREMENT

Fair value is measured by a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4. FAIR VALUE MEASUREMENT (Continued)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A description of the valuation methodologies the Plan uses for assets measured at fair value is included in Note 2. There have been no changes in the methodologies used at December 31, 2011 and 2010.

The methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. FAIR VALUE MEASUREMENT (Continued)

The following table presents information about the Plan's assets measured at fair value as of December 31, 2011 and 2010:

NOTE 5. EXCESS CONTRIBUTION PAYABLE

The Plan failed the discrimination test for the years ended December 31, 2011 and 2010, resulting in excess contributions amounting to $11,229 and $6,413, respectively, which are recorded as a liabilities in the accompanying statements of net assets available for benefits. The excess contributions during the year ended December 31, 2011 are recorded as a reduction of participant-directed contributions in the accompanying statement of changes in net assets available for benefits and were reimbursed to participants during the 2012 plan year.

NOTE 6. INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although, the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan assesses its tax positions in accordance with *"Accounting for Uncertainties in Income Taxes"* as prescribed by the *Accounting Standards Codification*, which provides guidance for financial statement recognition and measurement of uncertain tax positions taken or expected to be taken in a tax return for open tax years (generally a period of three years from the later of each return's due date or the date filed) that remain subject to examination by the Plan's major tax jurisdictions. Generally, the Plan is no longer subject to income tax examinations by major taxing authorities for years before 2008.

The Plan assesses its tax positions and determines whether it has any material unrecognized liabilities for uncertain tax positions. The Plan records these liabilities to the extent it deems them more likely than not to be incurred. Interest and penalties related to uncertain tax positions, if any, would be classified as a component of income tax expense.

The Plan believes that it does not have any significant uncertain tax positions requiring recognition or measurement in the accompanying financial statements.
