1. Description of the Plan

The following description of the Boening Bros. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan became effective on January 1, 1987, and is a participant-directed defined contribution plan as described in Section 401(k) of the Internal Revenue Code. Non-union employees of Boening Bros. Inc. and Oak Beverages, Inc. (collectively the "Company") are eligible to participate upon completing one year with 1,000 hrs. of service and attaining the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each participant may contribute up to an annual limit of the lesser of 100% of the participant's eligible compensation each year, or as limited by law, a maximum amount of $16,500 for the year 2011. Individuals who will be at least age 50 by December 31, 2011, may make an additional "catch-up" contribution, up to a maximum amount of $5,500, in 2011. There is no provision for employer contributions.

Vesting

Participants are always 100% vested in their rollover contributions, qualified non-elective contributions, regular deferral contributions, and earnings thereon.

Participant Loans

There is no provision for participant loans.

Payment of Benefits

A participant may elect to receive a distribution of benefits any time after reaching the normal retirement age as defined in the Plan, or upon termination of employment. Prior to termination of employment, participants may elect to withdraw their employee pretax contributions and rollover contributions if they incur a hardship as defined by the Plan. Payments of benefits can be made in a lump sum or as an annuity as selected by the participant.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings and charged with an allocation of administrative expenses for investments with the custodian. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon enrollment, participants direct the investment of their contributions into investment options offered by the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Money market funds are valued at cost plus accrued interest, which approximates fair value. Interest income is recorded on the accrual basis.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses
The Company may elect to pay administrative expenses of the Plan.

3. Investment Information Certified By Plan's Custodian (Unaudited)

The following is a summary of the investment information regarding the Plan as of December 31, 2011 and 2010, and for the year ended December 31, 2011, included in the Plan's financial statements, that was prepared or derived by John Hancock Life Insurance Company of New York, the custodian of the Plan, and furnished to the plan administrator. The plan administrator has obtained a certification from the custodian that such information is complete and accurate.

The following table represents the fair value of investments that represent 5% or more of the Plan's net assets at December 31:

	2011	2010
VSNY Money Market Fund	$ 284,433	$ 613,671
PIMCO Total Return	522,322	458,905
Davis New York Venture Fund	463,864	644,824
Franklin Balance Sheet	269,579	304,754
VSNY Blue Chip Growth Fund	247,179	318,649
500 Index Fund	651,201	719,168
Lifestyle-Conservative	258,887	246,036
American Century Heritage Fund	278,606	-

During 2011, investment loss from the Plan's investments (including gains and losses on investments bought and sold, and unrealized gains and losses on investments held during the year) amounted to $ (106,285) as follows:

Investment loss

Money market and mutual funds	
Net depreciation in fair value of investments	$ (109,412)
Interest	3,127
Total investment loss	$ (106,285)

4. Fair Value Measurements

The Financial Accounting Standards Board established a framework for measuring fair value under accounting principles generally accepted in the United States of America and expands disclosure about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The following is a summary of the fair value of the investments (unaudited, see Note 3) which was derived by John Hancock Life Insurance Company of New York.

The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds: Valued at quoted market prices which represent the net asset value of the shares held by the Plan at year-end.

- Money market funds: Valued at cost plus accrued interest, which approximates fair value.

The following are the major categories of assets measured at fair value on a recurring basis and summarized by the fair value hierarchy as described above, as of December 31, 2011 and 2010.

Description	December 31, 2011	Fair Value Measurements at Reporting Date: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market fund	$ 464,965	$ 464,965	$ -	$ -

5. Related Party Transactions

Some of the plan investments are shares of registered investment companies managed by John Hancock Trust. John Hancock Life Insurance Company of New York is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The fees paid by the Plan for investment management during the year ended December 31, 2011, amounted to $20,763.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue it at any time and to terminate the Plan, subject to the provisions of ERISA.

7. Tax Status

The Plan obtained its latest determination letter dated August 25, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service ("IRS"). The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

8. Risks and Uncertainties

The Plan's investments are concentrated in funds that invest in marketable equity securities. Such securities are subject to various risks that determine the value of the funds. Due to the level of risk associated with certain equity securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2011 to Schedule H of Form 5500:

Net assets available for benefits per financial statements	$ 4,807,090
Excess employee contributions refundable	10,202
Net assets available for benefits per Schedule H Form 5500	$ 4,817,292

The following is a reconciliation of participants' contributions per the financial statements as of December 31, 2011 to Schedule H of Form 5500:

Participants' contributions per financial statements	$ 269,637
Add: Excess employee contributions refundable	10,202
Participants' contributions per Schedule H Form 5500	$ 279,839

There were no reconciling items related to excess employee contributions refunded in the year ended December 31, 2010.

10. Subsequent Events

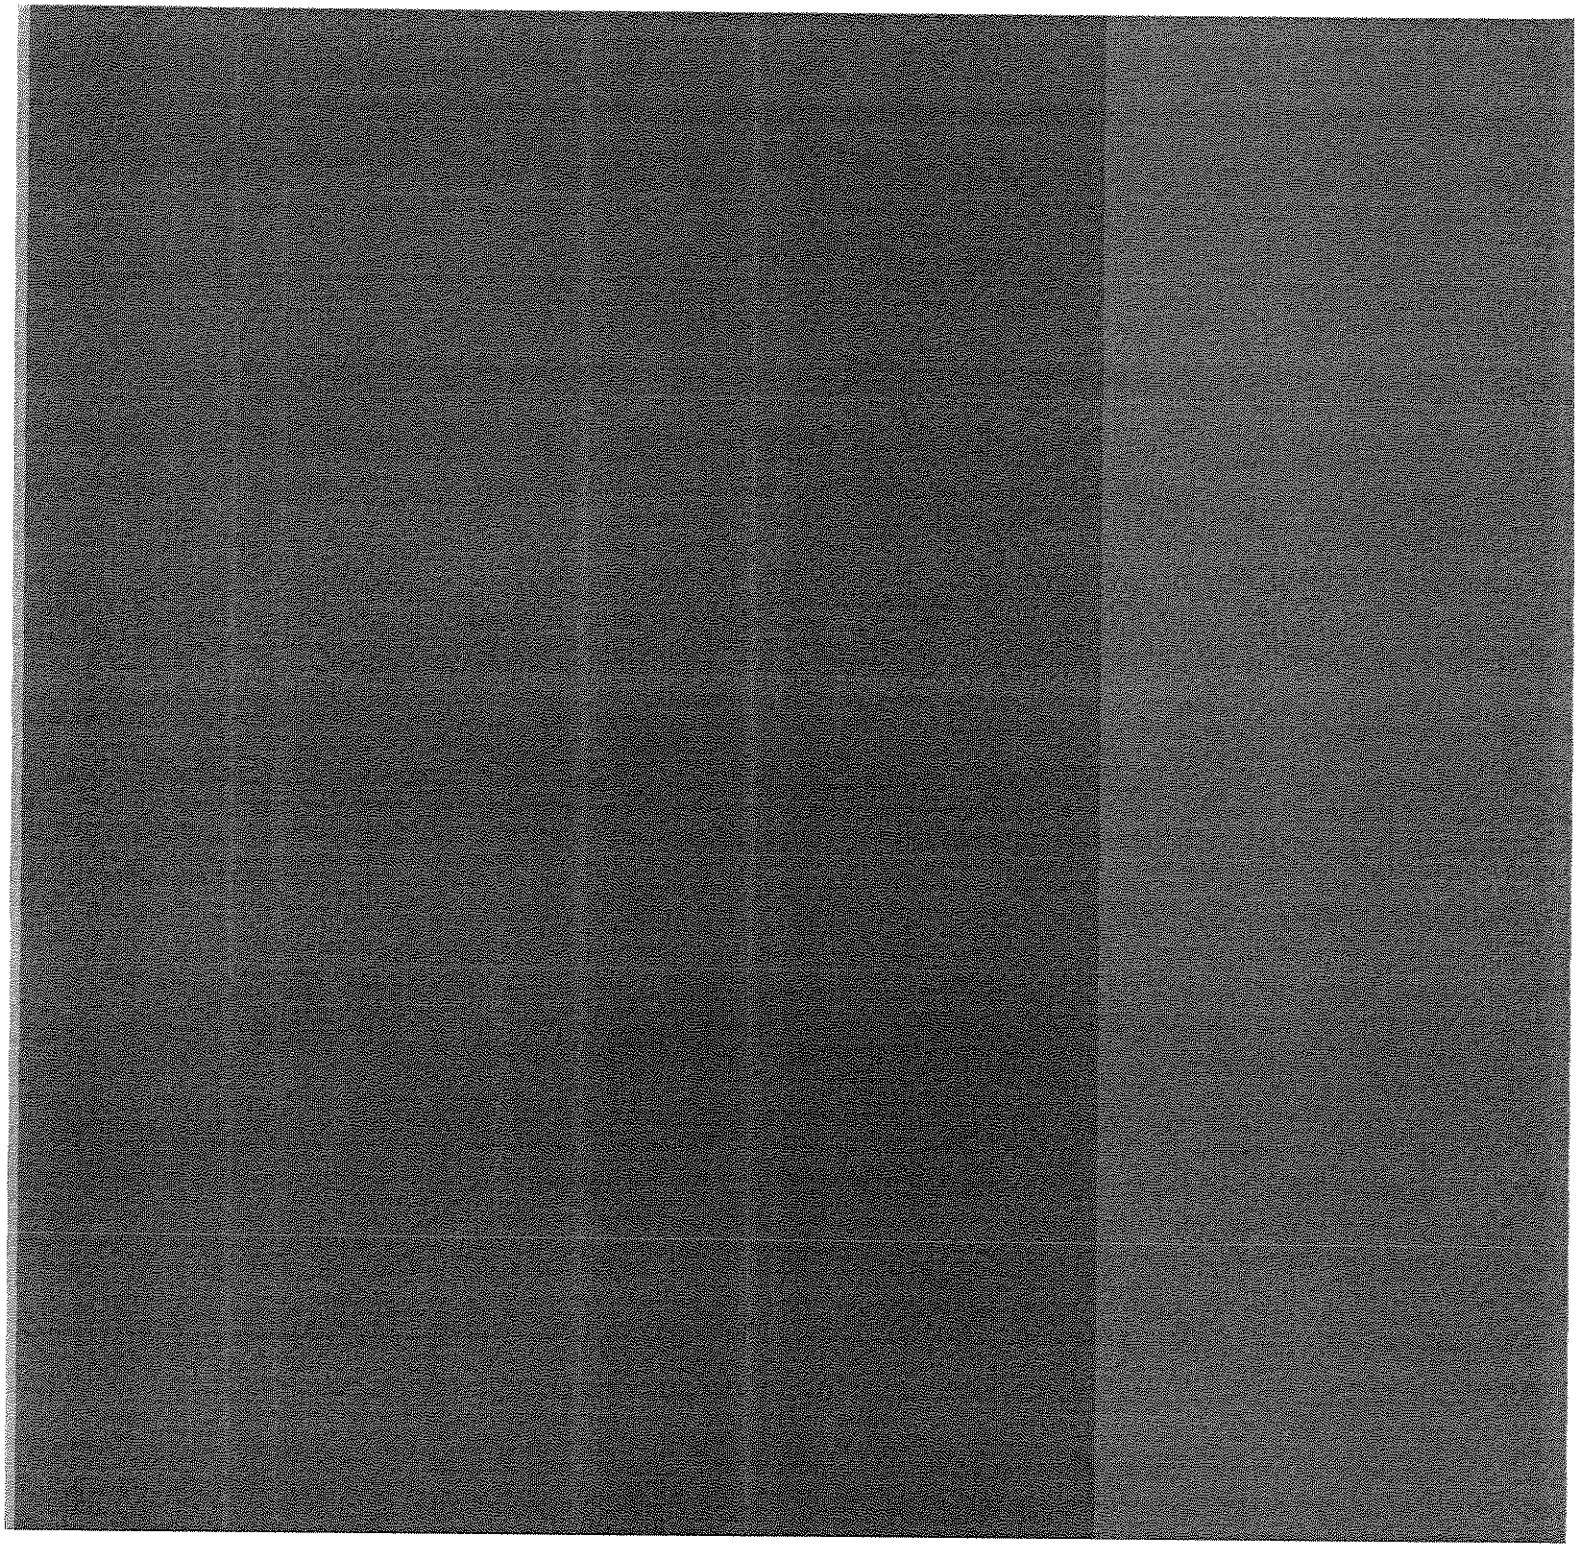

The Plan has evaluated subsequent events through September 28, 2012, the date the financial statements were available for issuance.
