Independent Auditor's Report

Plan Trustee and Administrator
VVV Corporation 401(K) Plan
2400 Wisconsin Ave.
Downers Grove, Illinois 60515

I was engaged to audit the accompanying statement of net assets available for benefits of VVV Corporation 401(K) Plan (the "Plan") as of December 31, 2011 and December 31, 2010, and the related statement of changes in net assets available for benefits for the years December 31, 2011 and December 31, 2010, and the supplemental Schedule of Assets Held as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great West Life & Annuity Insurance Company, the Custodian of the Plan, except for comparing the information with the related information included in the 2011 and 2010 financial statements and the supplemental schedules. I have been informed by the Plan administrator that the Custodian holds the Plan investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Custodian as of and for the years ended December 31, 2011 and December 31, 2010 that the information provided to the Plan administrator by the Custodian is complete and accurate.

Because of the significance of the information in the Plan's 2011 and 2010 financial statements that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule as of December 31, 2011. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Custodian, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Act of 1974.

VVV CORPORATION 401(K) PLAN
PLAN NUMBER 001
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2011

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the VVV Corporation 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is sponsored by VVV Corporation (the "Company"), is a defined contribution plan that was established effective October 15, 1996 and was most recently amended and restated on January 1, 2010. The Plan covers all employees of VVV Corporation (the "Company") who have met specific eligibility requirements. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants could contribute a percentage of their pretax annual compensation up to the maximum allowable under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make a discretionary matching contribution equal to 10% each participant's contribution. All participants making pretax contributions receive matching contributions. The Company did not make any discretionary matching contributions during the years ended December 31, 2011 and December 31, 2010.

The Plan also allows for an additional discretionary profit-sharing contribution as determined by the Company. Participants must be employed by the Company on the last day of the Plan year to be eligible to receive a profit-sharing contribution. The discretionary Company profit-sharing contribution is allocated to the participants based on compensation. The Company did not make any discretionary profit-sharing contributions during the years ended December 31, 2011 and December 31, 2010.

Vesting

Participant contributions, and related earnings thereon, vest immediately. Company discretionary matching contributions and Company discretionary profit-sharing contributions, and related earnings thereon, vest at a rate of 20% per year after one year of service.

Participant Accounts

All contributions received by the Plan are credited to individual participant accounts. Participants direct the investment of their account balances into 27 mutual funds offered by the Plan. Participant accounts are subdivided by contribution type based on Plan and IRS rules for each contribution type (i.e. participant pretax contributions, Company discretionary matching contribution, Company discretionary profit-sharing contributions, rollovers, etc.).

Investment income, gains, and losses are credited to participant accounts on a daily basis.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Participant Loans

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance of the participant's account and bear interest at a rate commensurate with rates charged by other lenders on similar loans. Loan repayments are made ratably through payroll deductions over a period not to exceed five years.

Payment of Benefits

The only form of payment under the Plan is a lump-sum distribution equal to the total value of the participant's vested interest in his or her account. A participant can receive payment under the following circumstances: 1) reaching normal retirement age, 2) upon reaching the age of 59 1/2, 3) termination of employment, 4) death or disability, and 5) financial hardship. Benefits paid under financial hardship, which can only be made from participant contributions, are exempt from lump-sum distribution provisions.

Forfeitures

Forfeited accounts are used to reduce future Company contributions. Forfeitures during the years ended December 31, 2011 and December 31, 2010 were not material to the financial statements.

Administrative Expenses

The Company pays the expenses associated with the administration of the Plan, except for certain investment management fees, and loan fees which are deducted directly from the participant's account; and certain third party administrator fees which were paid from cash held by the custodian.

Tax Status

The Plan obtained a favorable determination letter from the Internal Revenue Service on September 28, 2006. Therefore, no provision for income taxes have been included in the Plan's financial statements.

Plan Amendment and Termination

The Company has reserved the right to amend or terminate the Plan. However no amendment can reduce the benefit earned by the participants. All participants become fully vested upon termination of the Plan. The Company has not expressed any desire to end the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments in mutual funds are stated at fair value based on quoted market prices of the net asset value of shares held by the Plan at year end. Investments in guaranteed contracts are stated at contract value. Participant loans are stated at cost, which approximates fair value.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The plan has evaluated subsequent events through July 19, 2012, the date financial statements were available to be issued.

NOTE 3 -INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The Plan's administrators have elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974. Accordingly, the Plan's Custodian, Great West Life & Annuity Insurance Company, has certified that the following data included in the accompanying financial statements and supplemental information as of December 31, 2011 and for the year then ended is complete and accurate:

Net Assets Available for Benefits	Amount as of Dec. 31, 2011
Mutual funds held in pooled separate accounts	$ 1,543,645
Guaranteed investment contracts	208,050
Loans receivable from participants	160,245
Cash held by custodian	4,750
Total	1,916,690

Additions (Deductions) in Net Assets Available for Benefits	Amount
Net investment losses over income and gains	$ (80,768)
Interest earned on guaranteed accounts	4,287
Interest earned on loans to participants	6,494
Administrative expenses	(1,860)
Net additions in net assets available for benefits	$ (71,847)

NOTE 4 - INVESTMENTS

The Plan's independent auditor did not perform auditing procedures with respect to the information in the table below except for comparing such information to the related information included in the financial statements and supplemental schedule (See Note 3).

The table below presents investments that individually exceed 5% or more of the Plan's net assets available for benefits as of December 31, 2011:

Description	Amount
Guaranteed Portfolio Fund	$ 208,050
Pace Gov't Securities Fixed Income	238,762
Invesco Energy	103,012
Maxim S&P 500 Index	99,360
Total	$ 649,184

All of the investments listed above, except the Guaranteed Portfolio Fund, are in participant-directed accounts.

NOTE 5 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets in active markets,
- quoted prices for similar or identical assets in inactive markets,
- inputs other than quoted prices that are observable for the asset,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 - Inputs to valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(Continued on the following page)

NOTE 5 - FAIR VALUE MEASUREMENTS (continued from preceding page)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and December 31, 2010:

Mutual Funds - Valued at net asset value of shares held by the Plan at year end.

Guaranteed Investment Contracts - Valued at contract value.

Participant Loans - Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and December 31, 2010:

Assets at Fair Value as of December 31, 2011

	Level 1	Level 2	Level 3	Total

NOTE 5 - FAIR VALUE MEASUREMENTS (continued from preceding page)

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2011:

	Participant Loans
Balance, beginning of the year	$ 128,987
Purchases, sales, issuances, and settlements (net)	31,258
Balance, end of year	$ 160,245

NOTE 6 - GUARANTEED INVESTMENT CONTRACT

The Plan invests in a benefit-responsive guaranteed investment contract that is maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by the contract issuer, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include premature termination of the contract by the Plan, plant closings, layoffs, Plan termination, bankruptcy, mergers, and early retirement incentives. The Plan's administrator believes any events which would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The actual average yield earned by the Plan for the years 2011 and 2010 was 2.03% and 2.43%, respectively.

NOTE 7 - CONTRIBUTIONS RECEIVABLE

Contributions receivable as of December 31, 2011, consist of participant elective deferrals incurred on or before December 31, 2011 that were paid into the Plan in 2012.

NOTE 8 - RECONCILIATION OF AUDIT REPORT TO FORM 5500

Listed below is a reconciliation of net assets and net increase in net assets per the audit report to form 5500 for the year ended December 31, 2011.

	Net Assets Available for Plan Benefits	Net Increase in Net Assets
