### **Employee Benefits Committee Casey Family Programs 403(b) Plan**

We have audited the accompanying statements of net assets available for benefits of the Casey Family Programs 403(b) Plan (the Plan) as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2011 and 2010, and the changes in its net assets available for benefits for the year ended December 31, 2011 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2011, is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**CASEY FAMILY PROGRAMS 403(B) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2011 and 2010**

**1. PLAN DESCRIPTION**

The following description of the Casey Family Programs 403(b) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

**General** - The Plan is a defined-contribution tax-sheltered annuity plan covering all eligible employees of Casey Family Programs (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Plan administration** - The Employer is the plan sponsor. The plan administrator is the Employee Benefits Committee whose members are appointed by the Chief Executive Officer of the Employer and approved by its Board of Trustees. The Plan's third party administrative service provider and record keeper is Great-West Retirement Services

**Eligibility** - All employees, excluding independent contractors, are considered eligible to participate in the Plan; there is no service requirement.

**Contributions** - Participants may contribute up to 100% of their eligible compensation to the Plan on a pre-tax basis, subject to certain limitations as defined by the Internal Revenue Code (the Code). Eligible participants may make "catch-up" contributions subject to certain limitations as defined by the Code. Participants may also make rollover contributions from other qualified plans. Participant salary deferral contributions are remitted after each pay period.

**Notes receivable from participants** - The Plan may make loans to participants of up to 50% of their vested account balance, not to exceed \$50,000. At December 31, 2011, such loans bear interest at rates ranging from 5.25% to 10.25%, are secured by the balance remaining in the participant's account, and are due at various dates through 2016. Principal and interest payments are received directly from participants at least quarterly.

**Participants' accounts** - Each participant's account is credited with the participant's contributions, their rollover contribution, if any, earnings on contributed balances; and is charged with an allocation of administrative expenses not borne by the Employer. The Plan's earnings and administrative expenses paid by the Plan are allocated by fund based on each participant's unit values. Participants may direct the investment of their account balances to any combination of the Plan's investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting** - Participants are fully vested in their contributions and earnings thereon.

**CASEY FAMILY PROGRAMS 403(B) PLAN**  
**NOTES TO FINANCIAL STATEMENTS, continued**  
**December 31, 2011 and 2010**

**1. PLAN DESCRIPTION, continued**

**Payment of benefits** - Upon termination, including termination due to death, disability, or attainment of retirement age, participants meeting specific criteria may receive benefits in the form of either lump-sum payments or an annuity contract purchased from an insurance company. Distributions may also be made in installments to comply with minimum distribution rules required by the Code. The Plan permits in-service withdrawals to participants meeting certain requirements. At December 31, 2011, one participant in the Plan had requested a distribution in the amount of \$3,556, which was not made until January 2012. There were no outstanding distribution requests at December 31, 2010.

**2. SIGNIFICANT ACCOUNTING POLICIES**

**Basis of accounting** - The financial statements of the Plan are presented on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in an investment contract, specifically a group annuity contract (GAC) through Great-West Life & Annuity Insurance Company (Great-West). The statements of net assets available for benefits present the fair value of the investment in the GAC as well as the adjustment, if any, of the fully benefit-responsive investment in the GAC from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

**Investment valuation and income recognition** - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold during the year as well as those held at year end.

**Notes receivable from participants** - Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the plan document.

**Benefit payments** - Benefits are recorded when paid to participants.

**CASEY FAMILY PROGRAMS 403(B) PLAN**  
**NOTES TO FINANCIAL STATEMENTS, continued**  
**December 31, 2011 and 2010**

**2. SIGNIFICANT ACCOUNTING POLICIES, continued**

**Administrative expenses and revenue sharing** - Certain asset-based fees are deducted directly from each participant's investment returns. Certain other fees, including investment management fees, are paid by the Plan at the discretion of Plan management from revenue sharing that the Plan receives from Great-West, as per the revenue sharing agreement. Under the terms of the agreement, each quarter Great-West refunds and deposits into the Plan certain excess fees, as defined by the agreement. These deposits are credited to plan earnings in the accompanying statement of changes in net assets available for benefits, and are held by the Plan and may be used to pay administrative expenses. During 2011, the Plan received revenue sharing amounts totaling \$62,441, and used \$48,834 to pay certain of the Plan's administrative expenses. At December 31, 2010, accrued administrative expenses represented amounts due to another qualified plan sponsored by the Employer for administrative expenses it incurred on behalf of the Plan. During 2011, certain administrative expenses of the Plan were paid by the Employer. Any fees paid directly by the Employer are not included in the financial statements.

**Use of estimates** - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts and related disclosures. Actual results could differ from those estimates.

**Subsequent events** - The Plan has evaluated subsequent events through September 11, 2012, the date the financial statements were available to be issued.

**Recently adopted accounting standards** - In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, *Fair Value Measurements and Disclosures*, which amends Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, adding a new disclosure requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis. The requirement is effective for fiscal years beginning after December 15, 2010.

**3. PLAN TERMINATION**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, the net assets of the Plan would be distributed to the participants as provided by the Plan.

**CASEY FAMILY PROGRAMS 403(B) PLAN**  
**NOTES TO FINANCIAL STATEMENTS, continued**  
**December 31, 2011 and 2010**

**4. RELATED-PARTY TRANSACTIONS**

The Plan's assets include a GAC and a pooled separate account managed by Great-West, the Plan's administrative services provider and recordkeeper. Therefore, transactions with Great-West are party-in-interest transactions under ERISA. Notes receivable from participants held by the Plan are also party-in-interest transactions under ERISA. In addition, expenses paid by the Plan are to parties-in-interest as defined by ERISA.

**5. INVESTMENTS**

Investments that represent 5% or more of the value of the Plan's net assets as of December 31, 2011 and 2010 are as follows:

December 31, 2011:

Mutual funds:

Dodge & Cox Stock	\$ 2,439,910
American Balanced R6	2,180,849
Templeton Institutional Foreign Equity	1,818,197
BlackRock S&P 500 Stock	1,628,366
Allianz NFJ Small Cap Value Inst'l	1,591,647
Dodge & Cox Income	1,476,535
GAC - Great-West Guaranteed Fixed Fund	4,298,509

December 31, 2010:

Mutual funds:

Dodge & Cox Stock	\$ 2,728,895
American Balanced	2,503,884
Templeton Institutional Foreign Equity	2,102,727
Allianz NFJ Small Cap Value Inst'l	1,643,396
BlackRock S&P 500 Stock	1,627,870
Dodge & Cox Income	1,424,448
GAC - Great-West Guaranteed Fixed Fund	4,187,773

The GAC is a benefit-responsive investment contract which has no maturity date. Great-West maintains the contributions in its general account. Specific securities within the general account are not attributed to the GAC. The general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great-West is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

**CASEY FAMILY PROGRAMS 403(B) PLAN**  
**NOTES TO FINANCIAL STATEMENTS, continued**  
**December 31, 2011 and 2010**

**5. INVESTMENTS, continued**

Because the GAC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GAC. The GAC is presented on the face of the statements of net assets available for benefits at fair value with an adjustment to contract value, if any, in arriving at net assets available for benefits. Contract value, as reported by the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Contract value equals fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of Great-West or otherwise. The crediting interest rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract (3.50%), and prevailing market conditions. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with Great-West. Such events include the decision to terminate the GAC. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The GAC may be terminated at any time by either the Employer or Great-West.

	2011	2010
Average yields:		
Based on actual earnings	3.18%	3.04%
Based on interest rate credited to participants	3.50%	3.50%

**6. FAIR VALUE MEASUREMENTS**

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

**CASEY FAMILY PROGRAMS 403(B) PLAN**  
**NOTES TO FINANCIAL STATEMENTS, continued**  
**December 31, 2011 and 2010**

**6. FAIR VALUE MEASUREMENTS, continued**

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1:* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2:* Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted market prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

- *Mutual funds:* Valued at the net asset value of shares held by the Plan.
- *GAC:* Valued at the amount the Plan would receive if the contract was terminated, which is contract value less any early withdrawal charge (the contract does not contain an early withdrawal charge).
- *Pooled separate account:* Valued at the net asset value of units held by the Plan as reported by the investment manager.

**8. RISKS AND UNCERTAINTIES**

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks.
