LANDMARK ELECTRIC, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
For the year ended December 31, 2011

NOTE 1: DESCRIPTION OF PLAN

Landmark Electric, Inc. 401 (k) Plan (the "Plan") is a single-employer plan sponsored by Landmark Electric, Inc. (the "Company"). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of the Company who have one year of service, are age 18 or older and who have worked for a year in which at least 1,000 hours are credited. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions:

Each year, participants may contribute up to 100% of their pretax annual compensation, not to exceed the maximum allowed by law. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds and a money market account as investment options for participants. The Company makes a 25% matching contribution up to 4% of the participant's annual compensation.

In addition, for participants covered by prevailing wage contracts, the Company makes discretionary prevailing wage contributions as compensation paid under such contracts. The Company can offset the total participant's employer contributions allocation by the amount of the prevailing wage contributions. No eligibility conditions apply to prevailing wage contributions unless the prevailing wage contract provides otherwise.

Participant Accounts:

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of Plan earnings within the designated specified investment funds. The Company pays administrative expenses incurred on behalf of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions and the Company's matching contributions plus actual earnings thereon.

NOTES TO FINANCIAL STATEMENTS (Continued)
For the year ended December 31, 2011

NOTE 1: DESCRIPTION OF PLAN (Continued)

Payment of benefits:

Upon termination of service due to death, disability or retirement, a participant may choose to receive a lump sum payment or installments over a number of years if the participant's account balance exceeds $5,000. If the account balance does not exceed $5,000, the participant will receive a lump-sum payment. Benefits are recorded when paid.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Note terms range from one to five years or up to 15 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate equal to 1% over USA Today prime rate as determined by the Plan administrator. Principal and interest are paid ratably through weekly payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Hardship withdrawal:

A participant may be permitted to withdraw a portion or all of the balance of their individual account that is attributable to the tax-deferred contributions (without earnings) for the reasons specified by and to the extent permitted under regulations issued by the Internal Revenue Service.

Administration of the plan:

The Plan is being administered by a two-person committee appointed by the board of directors of the Company. This committee has the general authority and responsibility to control the operation and administration of the Plan. The Company pays for all Plan expenses.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as, held during the year. Purchases and sales of investments are recorded as reported by the Custodian.

LANDMARK ELECTRIC, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
For the year ended December 31, 2011

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

New accounting pronouncement:

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2011-04, Amendments to Achieve Common Fair Value Measures and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards ("IFRS"), ("ASU 2011-04"). ASU 2011-04 amended Accounting Standards Codification ("ASC"), Fair Value Measurements and Disclosures, to converge the fair value measurement guidance in U.S. GAAP and IFRS. Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC, Fair Value Measurements and Disclosures. In addition, ASU 2011-04 requires additional fair value disclosures (although certain of these new disclosures will not be required for nonpublic entities). The amendments are to be applied prospectively and are effective for the Plan year beginning January 1, 2012. Plan management is currently evaluating the effects that the provisions of ASU 2011-04 will have on the Plan's financial statements.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

NOTE 6: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under *Fair Value Measurements* are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the assets or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

(Continued)

NOTE 6: FAIR VALUE MEASUREMENTS (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Investments in mutual funds are valued at the net asset value of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	December 31, 2011			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,143,226	$ -	$ -	$ 2,143,226

	December 31, 2010			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,964,159	$ -	$ -	$ 1,964,159

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA.

NOTES TO FINANCIAL STATEMENTS (Continued)
For the year ended December 31, 2011

NOTE 8: TAX EXEMPT STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2007.

NOTE 9: RISKS AND UNCERTAINTIES:

The Plan provides for various investment options in mutual funds that invest in investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

The Plan invests in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

NOTE 10: SUBSEQUENT EVENTS

The Company has evaluated subsequent events through September 21, 2012, the date which the financial statements were available to be issued. There were no subsequent events noted that would require adjustment to or disclosure in these financial statements.
