Board of Trustees
Blood Centers of the Pacific Retirement Savings Plan

We were engaged to audit the accompanying statement of net assets available for benefits of the Blood Centers of the Pacific Retirement Savings Plan as of December 31, 2011, and the related statement of changes in net assets available for benefits for the period from inception (March 1, 2011) to December 31, 2011, and the supplemental schedule, Schedule of Assets (Held at End of Year), as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by State Street Bank & Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to express, and do not express, an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America established by the American Institute of Certified Public Accountants and in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Blood Centers of the Pacific Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan, formed as of March 1, 2011, is a defined contribution plan formed under Section 401 of the Internal Revenue Code ("IRC"), covering substantially all salaried employees of Blood Centers of the Pacific (the "Company"). The Company controls and manages the operation and administration of the Plan. State Street Bank & Trust Company ("SSBT") serves as the Trustee of the Plan. The Plan is administered by Diversified Investment Advisors (the "Record Keeper"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

The Plan is a defined contribution plan covering all of the eligible employees of the Plan Sponsor. Employees are eligible to participate in the Plan after three months of service.

Employees of the Company who are hired on or after March 1, 2011, and who do not voluntarily elect to enroll in the employee deferred contributions portion of the Plan, will be automatically enrolled in the employee deferred contributions portion of the Plan after they meet the Plan's eligibility requirements at three percent. If an employee hired on or after March 1, 2011, does not want to be automatically enrolled in the employee deferred contributions portion of the Plan, the employee must affirmatively elect not to participate.

Contributions

Each year, participants may contribute up to the maximum percentage of compensation and dollar amount permissible under the IRC limitations. The Company makes matching contributions of 100% of the first 3% of base compensation that a participant contributes to the Plan. The Company makes matching contributions of 50% of the contributions greater than 3% but less than 5%. For 2011, the maximum allowable pre-tax or Roth contribution was $16,500. The Plan also allows participants attaining the age of 50 or older by the end of the calendar year to make catch-up contributions in accordance with Section 414(v) of the IRC. The maximum catch-up contribution for 2011 was $5,500. Additional amounts may be contributed at the discretion of the Company's board of directors. The Company contributed approximately $760,000 in additional discretionary employer contributions for the period of inception (March 1, 2011) to December 31, 2011. Participants may also contribute amounts representing rollover distributions from other qualified plans.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocated Plan earnings and charged with an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the balance in their account into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Company match contributions are 100% vested following two years of service. Discretionary Company contributions are 100% vested following three years of credited service.

Payment of Benefits

Upon termination of service, a participant will receive a lump-sum or annuity installments for the amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

At December 31, 2011, forfeited non-vested accounts totaled $771. These amounts will be used to pay Plan expenses and reduce future employer contributions. During the period from March 1, 2011 to December 31, 2011, no forfeitures were used to reduce employer contributions or pay Plan expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan's investments are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and Uncertainties (continued)

Certain investments held by the Plan invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation / (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan as provided in the Plan document. The Plan sponsor provides certain administrative services at no charge to the Plan. Fees are paid to the Record Keeper for administrative services and are recorded in administrative expenses in the accompanying statement of changes in net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

NOTE 3 - INVESTMENTS

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2011, are as follows:

Vanguard Target Retirement 2015	$	216,323
Vanguard Target Retirement 2025		156,829
Vanguard Target Retirement 2020		131,986
Vanguard Target Retirement 2030		124,541
Vanguard Target Retirement 2035		107,371
Vanguard Target Retirement 2040		98,217
Fidelity Spartan 500 Index Adv		97,224
Vanguard Target Retirement 2040		76,883

NOTE 3 - INVESTMENTS (continued)

During 2011, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) depreciated in value by $37,765, for respective mutual funds and is included in the statement of changes in net assets available for benefits.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

NOTE 5 - TAX STATUS

The Plan document was derived from a prototype document for defined contribution plans from the Record Keeper. This prototype document received a favorable determination letter from the Internal Revenue Service ("IRS") dated March 31, 2008, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. As a result, the plan administrator believes that the Plan is considered tax-exempt under the authoritative guidance. Although the Plan has been amended since receiving this determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe the Plan is qualified and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of liability (or asset) or disclosure in these financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. There are no open tax years as this is the first year the Plan has been in existence.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are cash reserves with SSBT, the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rule of ERISA.

In addition, the Record Keeper provides record keeping services for the Plan, and therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rule of ERISA.

Total fees paid to the Record Keeper by the Plan for services amounted to approximately $2,200 for the period from March 1, 2011 to December 31, 2011.

NOTE 7 - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, SSBT has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the year ended December 31, 2011:

- Investments and cash as shown in the statement of net assets available for benefits as of December 31, 2011.

- Investment income (loss), which includes, net depreciation in fair value of assets and dividend income, as shown in the statement of changes in net assets available for benefits for the period from March 1, 2011 to December 31, 2011.

- Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2011, as reported in the attached Schedule I.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 8 - FAIR VALUE DISCLOSURES

The Financial Accounting Standards Board (the "FASB") established a framework for measuring fair value that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 8 - FAIR VALUE DISCLOSURES (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The determination of what constitutes observable requires judgment by the Plan's management. Plan management considers observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by multiple independent sources that are actively involved in the relevant market. The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

Management has determined that the valuation inputs for all the investments in the Plan are unadjusted quoted prices in active markets, and accordingly, all the investments have been categorized as Level 1.

Mutual funds: Valued at the quoted net asset value of shares held by the plan at year end.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value consisted of the following types of instruments as of December 31, 2011:

	Total	Level 1	Level 2	Level 3
Mutual Funds -				
Equity Funds:				
U.S. Large Cap	$ 15,737	$ 15,737	$ -	$ -
Fixed income funds:				
Interm./Long-Term Bonds	121,046	121,046	-	-
International Stocks	170,218	170,218	-	-
Multi-Asset/Other	1,181,322	1,181,322	-	-
Total investments measured at fair value	$1,488,323	$1,488,323	$ -	$ -
