Eastbay Equities Inc. 401(k) Retirement Plan
Pleasant Hill, California

We have audited the financial statements of Eastbay Equities Inc. (Company) 401(k) Retirement Plan (Plan) for the year ended December 31, 2011, and have issued our report thereon dated September 14, 2012. Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated June 8, 2012. Professional standards also require that we communicate to you the following information related to our audit.

Qualitative Aspects of Accounting Practices
Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in the notes to financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2011. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

> Management's estimate of the fair value of investments is based on quoted market values for publicly traded securities. We evaluated the key factors and assumptions used to develop the fair value of investments in determining that it is reasonable in relation to the financial statements taken as a whole. We have relied on the certification of investments obtained from the custodian of the Plan assets.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

> The disclosure of significant accounting policies and information certified by the Plan's custodian in notes to financial statements.

Difficulties Encountered in Performing the Audit
We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements
Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no material uncorrected misstatements.

Disagreements with Management
For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations
We have requested certain representations from management that are included in the management representation letter dated September 14, 2012.

Management Consultations with Other Independent Accountants
In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues
We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters
With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the information and use of the audit committee, board of directors and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

We are providing this letter in connection with your audits of the financial statements and supplemental schedules of Eastbay Equities 401(k) Retirement Plan (Plan) as of December 31, 2011 and 2010 and for the years then ended. As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have instructed you not to perform any auditing procedures with respect to information prepared and certified to by the trustee, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedules. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements taken as a whole.

We are responsible for the fair presentation in the Plan's financial statements of net assets available for benefits and changes in net assets available for benefits in conformity with accounting principles generally accepted in the United States of America and for the fair presentation of the accompanying supplemental schedules in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. We are also responsible for adopting sound accounting policies, establishing and maintaining internal control, and preventing and detecting fraud.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgement of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of September 14, 2012, the following representations made to you during your audits.

1. The financial statements and related footnotes are fairly presented in conformity with accounting principles generally accepted in the United States of America, and the notes include all disclosures required by laws and regulations to which the Plan is subject, including the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

2. We have made available to you all –

   a. Financial records and related data.

   b. Plan instruments, trust agreements, insurance contracts, or investment contracts and amendments to such documents entered into during the year, including amendments to comply with applicable laws.

3. There have been no minutes or meeting for which minutes have not been prepared.

4. There have been no communications from regulatory agencies concerning noncompliance with, or deficiencies in, financial reporting practices, that could have a material effect on the financial statements in the event of noncompliance.

5. We have no knowledge of any fraud or suspected fraud affecting the Plan involving –

   a. Management,

   b. Employees who have significant roles in internal control, or

   c. Others where the fraud could have a material effect on the financial statements.

6. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators, or others.

7. We have no –

   a. Plans or intentions that may materially affect the carrying value or classification of assets and liabilities.

   b. Intentions to terminate the Plan.

8. The following have been properly recorded or disclosed in the financial statements –

   a. Related-party transactions, including transactions with parties-in-interest, as defined in ERISA section 3(14) and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements, and guarantees, and amounts receivable from or payable to related parties.

   b. Guarantees whether written or oral under which the Plan is contingently liable to a bank or other lending institution.

   c. All significant estimates and material concentrations known to management that are to be disclosed in accordance with AICPA *Statement of Position 94-6, Disclosure of Certain Significant Risks and Uncertainties.* We understand that the significant estimates covered by this disclosure are estimates at the date of the statement of net assets that are reasonably possible of changing materially within the next year. Concentrations refer to the nature and type of investments held by the plan, or markets for which events could occur which would significantly disrupt normal finances within the next year.

   d. Amendments to the plan instrument, if any.

9. There are no uncorrected financial statement misstatements.

10. There are no –

    a. Violations or possible violations of laws or regulations (including ERISA, DOL, and IRS regulations) whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency.

    b. Other liabilities or gain or loss contingencies that are required to be accrued or disclosed by *FASB Accounting Standards Codification 450, Contingencies*.

    c. Material transactions that have not been properly recorded in the accounting records underlying the financial statements.

11. We are not aware of any pending or threatened litigation, claims or assessments or unasserted claims or assessments that are required to be accrued or disclosed in the financial statements in accordance with *FASB Accounting Standards Codification 450, Contingencies*, and the Plan has not consulted a lawyer concerning litigation, claims or assessments.

12. The Plan has complied with all aspects of debt and other contractual agreements that would have a material effect on the financial statements in the event of noncompliance.

13. The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes.

14. Financial instruments with concentrations of credit risk have been properly recorded or disclosed in the financial statements.

15. All required filings of Plan documents with the appropriate agencies have been made. The Plan obtained its latest determination letter on November 5, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

16. The Plan and the trust established under the Plan are qualified under the appropriate section of the Internal Revenue Code and we intend to continue them as a qualified plan and trust. The Plan sponsor has operated the Plan and trust or insurance contract in a manner that did not jeopardize this tax status. Required nondiscrimination testing related to Code Section 401(k) and 401(m) arrangements, as applicable, has been completed for the Plan, and any excess deferrals or contributions have been disposed of in accordance with regulations.

17. The Plan has complied with the Department of Labor's regulations concerning the timely remittance of participant contributions to trusts containing assets for the Plan.

18. The Plan has complied with the fidelity bonding requirements of ERISA.

19. The Plan has satisfactory title to all owned assets which are recorded at fair value, and all liens, encumbrances, or security interest requiring disclosure in the financial statements have been properly disclosed.

    a. Non-exempt party-in-interest transactions (as defined in ERISA section 3(14) and regulations under the section) that were not disclosed in the supplemental schedules or financial statements.

    b. Investments or loans in default or considered to be uncollectible that were not disclosed in the supplemental schedules.

    c. Reportable transactions (as defined in ERISA section 103(b)(3)(H) and regulations under that section) that were not disclosed in the supplemental schedules.

21. We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan.

22. We believe the supplemental schedule of assets held for investment purposes at end of year, including its form and content, is fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The methods of measurement and presentation of the supplemental schedule has not changed from the supplemental schedule used in the prior year, and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplemental schedule.

These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in the note titled information certified by the Plan's trustee, which was certified by State Street Bank & Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. EASTBAY EQUITIES, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DESCRIPTION OF PLAN

The following description of the EastBay Equities, Inc. (Company) 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan commenced on January 1, 2000 and is a defined contribution plan covering eligible employees of the Company.

Eligibility – Eligible employees must be at least 21 years of age and have completed one year of service, as defined in the Plan document. Employees may participate in the Plan on the first day of the month immediately following completion of the age and service requirements. The Plan document defines a year of service as a 12-month period in which the employee works a minimum of 1,000 hours. The first eligibility service period starts on the employee's first day of employment with the Company. After the first 12-month eligibility service period, the Plan measures the employee's eligibility service period on a Plan year basis.

Contributions – Eligible participants may contribute up to 50% of their eligible compensation to the Plan, not to exceed the maximum allowed by the Internal Revenue Service. The Company makes matching contributions to the Plan equal to 50% of employee salary deferrals up to a maximum of $1,000, plus any additional discretionary contributions.

Discretionary Company contributions are determined by the Board of Directors on a year-to-year basis. The Company made no discretionary contribution for the 2011 or 2010 Plan years.

Participant accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Employee deferral contributions are fully vested when contributed. Matching and discretionary contributions become fully vested over a period of six years of service as follows.

Years of Service	Vesting Schedule
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investment options – Upon enrollment in the Plan, a participant may direct employee and employer contributions to be invested into various funds offered by the Plan. Investments in these funds do not have guaranteed income or principal. Participants may change their deferral percentages at any time, and may change their investment options by contacting the third party administrator directly, or through accessing the third party administrator's internet site.

DESCRIPTION OF PLAN *(continued)*

Participant loans – Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Such loans are secured by the balances in the participants' accounts and bear interest at rates ranging from 5% to 10% which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are repaid through participant payroll deductions. Interest is recognized with each payment received. Unpaid loans for terminated employees are considered deemed distributions.

Forfeitures – At December 31, 2011 and 2010, there were no forfeited nonvested accounts. Forfeited nonvested accounts are used to offset future Company matching contributions. During 2011 and 2010, employer matching contributions were offset by $0 and $1,088, respectively, from forfeited nonvested accounts.

Payment of benefits – Upon a participant's termination of employment, death or disability, the participant (or the participant's beneficiary in the event of death) may elect to receive a lump sum distribution equal to the value of his or her account, or equal installment payments over the period of the life expectancy of the participant or the life expectancy of the participant and a designated beneficiary.

Additionally, the Plan allows participants to make withdrawals on account for financial hardship.

Reclassifications – Certain prior year amounts have been reclassified to conform with current year financial statement presentation.

SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Basis of accounting – The annual financial statements of the Plan are prepared using the accrual method of accounting.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Financial instruments – Financial instruments included in the Plan's statements of net assets available for benefits include investments and receivables. For receivables, the carrying amounts represent a reasonable estimate of the corresponding fair values. Investments are reflected in the accompanying statements of net assets available for benefits at their estimated fair values using methodologies described below.

Fair value measurements – The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The three-level hierarchy for fair value measurements is defined as follows:

Level 1 – Valuation is based on observable inputs using quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.

Level 2 – Valuation is based on inputs from sources other than quoted prices in active markets that are either directly or indirectly observable as of the reporting date. This may include quoted prices for similar assets in an active market, quoted prices for similar assets in a market that is not active, or valuation methods using models, interest rates and yield curves as observable inputs.

Level 3 – Valuation is based on unobservable inputs for the assets or liabilities, reflecting the Plan's assumptions that a market participant would use in pricing the asset or liability, to the extent that observable inputs (Levels 1 and 2) are not available. Level 3 assets and liabilities include situations where there is little or no market activity for the assets or liabilities, and significant management judgment or estimates are required.

Investments consist of mutual funds, interest bearing cash and common/collective trusts. Mutual funds and interest bearing cash are classified as Level 1 of the fair value hierarchy because they are valued using quoted market prices, broker dealer quotations or alternative pricing sources with reasonable levels of price transparency. Common/collective trusts are classified as Level 2 because they are valued using quoted prices for similar assets in an active market.

While the Plan believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at reporting date. Those estimated values may differ significantly from the values that would have been used had a readily available market for such assets and liabilities existed, or had such assets and liabilities been liquidated, and these differences could be material to the financial statements.

Payment of benefits – Benefits are recognized when paid to participants.

Administrative expenses – The Company has elected to pay Plan administrative expenses.

NOTES TO FINANCIAL STATEMENTS

TAX STATUS

The Company has adopted a prototype plan which received a favorable opinion letter from the Internal Revenue Service dated November 5, 2001. The letter stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The prototype plan has been amended since receiving the determination letter, however, the Company believes the Plan is currently designed and operating in compliance with applicable requirements of the IRC and is exempt from federal income taxes.

The Plan has adopted authoritative guidance on accounting for uncertainty in income taxes, which defines a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. As a result of the adoption, the Plan did not identify any uncertain tax positions that qualify for either recognition or disclosure in the financial statements

The Plan files informational returns in the U.S. federal jurisdiction. With few exceptions, the Plan is no longer subject to U.S. federal tax examinations by tax authorities for years before 2008.

PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by State Street Bank & Trust Company. State Street Bank & Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events for potential recognition and/or disclosure through September 14, 2012, the date which the financial statements were available to be issued. No such events exist.
