We were engaged to audit the accompanying statements of net assets available for benefits of Southern Commercial Bank Target Pension Plan as of April 26, 2011 and December 31, 2010, and the related statements of changes in net assets available for benefits for the period and year then ended. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information cited in Note 3, which was certified by TD Ameritrade Trust Company, the custodian of the plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of April 26, 2011 and December 31, 2010 and for the period and year then ended, that the information provided to the Plan administrator by the custodian is complete and accurate.

As further discussed in Note 7 to the financial statements, the Plan's sponsor elected to terminate the Plan on October 26, 2010. In accordance with generally accepted accounting principles, the Plan has changed its basis of accounting used to value plan assets from the ongoing plan basis to the liquidation basis for periods after October 26, 2010.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on these accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SOUTHERN COMMERCIAL BANK TARGET PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
APRIL 26, 2011 AND DECEMBER 31, 2010

NOTE 1 DESCRIPTION OF THE PLAN

The following description of Southern Commercial Bank Target Pension Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution target benefit plan originally effective on January 1, 1997. The Plan has been amended and restated throughout the years to comply with tax legislation. The Plan was last restated January 1, 2009 and last amended effective October 26, 2010. The Plan covers substantially all full-time employees (except for union employees and non-resident aliens) of Southern Commercial Bank (the Company) who have completed one year of service with at least 1,000 hours and are at least age twenty-one or older. The Bank of Hillsboro is a participating employer in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On October 26, 2010, the Employer elected to terminate the Plan effective December 31, 2010 with final payouts on April 26, 2011.

Contributions

The Company may, at its discretion, elect to make a contribution to the Plan. For the year ended December 31, 2010, the Company contributed an amount necessary to fund the stated target benefit with respect to the participants. The participant's stated benefit was based on 1.17% of a three year average annual compensation multiplied by the participant's years of projected participation (up to a maximum of 30 years) payable annually as a straight life annuity beginning at normal retirement date. Years of service prior to January 1, 1987 were excluded in determining the target benefit. The assumptions used to determine the present value of the target benefit was 7.5% interest and the GAM 83 Male mortality table. To receive an annual Employer contribution, a participant must have completed 1,000 hours during the Plan year and be employed on the last day of the Plan year. The Plan is in compliance with the minimum funding requirements of ERISA.

Participants direct the investment of the Company Contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the Company's contribution and an allocation of plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

Vesting

Vesting in the Company contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. A participant is 100 percent vested after six years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

Participants are eligible for distributions from the Plan upon attaining the normal retirement age of 65, or upon death, disability or termination of employment in the form of a lump sum distribution or an annuity. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent if no election is made by the Participant. Participant account balances greater than \$1,000 but less than \$5,000 will be automatically rolled into an Individual Retirement Account if the participant does not request a distribution.

Forfeited Accounts

Forfeited non-vested accounts are used to reduce future Company contributions or to reduce administrative expenses. At December 31, 2010, forfeited non-vested account totaled \$191, Company contributions were reduced by \$191 for the year ended December 31, 2010. There was no forfeited non-vested account for the period ended April 26, 2011.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the liquidation basis of accounting for the period ended April 26, 2011 and the year ended December 31, 2010.

Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2011 and 2010.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. Investments in certificates of deposit are valued based on fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 24, 2012, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

TD Ameritrade, the custodian of the Plan, has certified to the completeness and accuracy of the investment information reflected on the accompanying statements of net assets available for benefits as of April 26, 2011 and December 31, 2010, and the statements of changes in nets assets available for benefits for the period ended April 26, 2011 and the year ended December 31, 2010.

NOTE 4 FAIR VALUE OF INVESTMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

	Level 1	Level 2	Level 3	Total
Assets:				
Mutual Funds:				
Blended Funds	\$1,772,282	\$ -	\$ -	\$ 1,772,282

Vanguard 500 Index Signal Shares	-	997,431
Vanguard Index Small Cap	-	271,917
Vanguard Total International Stock Index	-	203,252

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Plan assets were fully distributed by April 26, 2011.

NOTES TO FINANCIAL STATEMENTS
APRIL 26, 2011 AND DECEMBER 31, 2010

NOTE 7 PLAN TERMINATION

The management of Southern Commercial Bank the Plan's sponsor, elected on October 26, 2010 to terminate the Plan effective December 31, 2010. Final distributions were determined based on all participants being 100% vested, and all assets were distributed by April 26, 2011. In accordance with generally accepted accounting principles, the Plan has changed its basis of accounting used to value plan assets from the ongoing plan basis to the liquidation basis for periods after October 26, 2010.

NOTE 8 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2008 received from the Internal Revenue Service on the prototype plan indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is therefore not subject to tax under current income tax law. The prototype Plan has been amended since receiving the opinion letter. However the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of April 26, 2011 and December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by TD Ameritrade Trust Company, custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions.
