Independent Auditor's Report

Trustee
The Custom Companies Retirement Savings Plan
Northlake, Illinois

We were engaged to audit the financial statements of **The Custom Companies Retirement Savings Plan** as of and for the year ended December 31, 2011, and the supplemental schedule as of December 31, 2011, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the plan's management. Blackman Kallick, LLP was engaged to audit the financial statement of the plan as of December 31, 2010 and their report dated July 27, 2011, expressed a disclaimer of opinion on those statements for the same circumstances indicated below. Blackman Kallick, LLP subsequent merged with Plante & Moran, PLLC.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company, USA, the custodian of the plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of and for the year ended December 31, 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of The Custom Companies Retirement Savings Plan (the plan) provides only general information regarding the plan. The plan agreement should be referred to for understanding the context of the information that follows and for a complete description of the plan's provisions. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Coverage and Eligibility

The Custom Companies Retirement Savings Plan is a profit-sharing plan and 401(k) savings plan covering all eligible employees of The Custom Companies, Inc. (the company).

All nonunion employees of the company who are citizens or residents of the United States of America, and have attained the age of 21, are eligible to participate in the plan. Employees can enroll in the plan on the first day of the month which coincides with or next follows the date that the eligibility requirements are met.

Allocations

For the profit-sharing portion, a separate account is maintained for each participant and can be changed by the following:

Contributions - Allocated proportionately, based on plan year compensation of the participants.

Forfeitures - Allocated proportionately, based on plan year compensation of the participants. There were no forfeitures in 2011 to be reallocated to eligible participants' accounts.

Earnings - Allocated proportionately, based on participants' account balances as of the date of allocation.

Employer Contributions

For the 401(k) portion, the employer contributed a discretionary amount equal to 40% of each eligible participant's first 6% of compensation contributed as elective deferrals for the year ended December 31, 2011. Employer-matching contributions are made annually and require that a participant has completed 1,000 hours of service during the plan year and is actively employed on the last day of the plan year in order to share in such contributions. Profit-sharing contributions are at the discretion of the employer. There were no profit-sharing contributions during the year ended December 31, 2011.

An eligible employee may elect to contribute 1% to 100% (in whole percentages) of the employee's pretax earnings, not to exceed current Internal Revenue Service (IRS) regulations. Eligible employees may also contribute, with the consent of the plan administrator, amounts representing distributions from other qualified defined-benefit or defined-contribution plans.

Note 1 - Description of Plan (Continued)

Vesting

For the profit-sharing portion of the plan, participants' equity in the company contribution account vests as follows:

Years of Service	Percentage of Balance of Account Vested
1	None
2	20%
3	40
4	60
5	80
6	100

For the 401(k) portion of the plan, participants are immediately 100% vested in the employee and employer contributions to the plan. Upon termination of service, participants can elect to receive a lump sum or an annuity payment equal to the value of their accounts.

Administration of the Plan

John Hancock Life Insurance Company, USA (John Hancock) is the plan's third-party administrator and custodian. John Hancock Life Insurance Company holds the plan's investment assets and executes transactions for the plan. Therefore, the plan's investment transactions and administrative costs qualify as party-in-interest transactions. Financial information relating to those assets and the related investment income is included in the accompanying financial statements based on reports submitted by the plan administrators and custodians. These reports were certified by John Hancock as being complete and accurate.

Notes Receivable from Participants

Participants may borrow, from their fund accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or one half of their vested account balance. The loan repayment period is not to exceed five years. The loans are secured by the vested balance in the participant's account and bear interest rates that range from 3.25% to 8.25%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through periodic payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant will elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or an annuity paid in annual installments over a period of not more than the participant's assumed life expectancy determined at the time of distribution.

Note 1 - Description of Plan (Continued)

Administrative Expenses

The company absorbs a significant portion of the administrative costs of the plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAPUSA).

Notes Receivable from Participants

Effective January 1, 2010, the plan retrospectively adopted updated GAAPUSA regarding the reporting of loans to participants by defined contribution plans. Such loans are now required to be presented as "notes receivable from participants" that are measured at their unpaid principal balance plus any accrued but unpaid interest. Prior to this change, loans to participants were presented as investments that were measured at fair value. In addition, fair value measurement disclosures regarding loans to participants are no longer required.

Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 3 for a discussion of fair value measurements.

The plan's investments are exposed to various risks such as interest rate, credit and overall market volatility. Due to these risk factors, it is reasonably possible that changes in the value of investments will occur in the near term and materially affect the amounts reported in the statements of net assets available for benefits.

Investment Transactions

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Continued)

Fair Value Measurements

Effective January 1, 2010, the plan adopted new guidance that requires it to report significant transfers between Level 1 and Level 2 and the reasons for those transfers, as well as disclosing the reasons for transfers in and out of Level 3. Additionally, the guidance requires the plan to clarify existing disclosure requirements about the level of disaggregation and inputs and valuation techniques. The adoption of this guidance did not have a significant impact on the plan's financial statements, other than expanded disclosures.

The new guidance also requires the reconciliation of changes in Level 3 fair value measurements to present purchases, sales and settlements separately on a gross basis rather than as a net amount, effective for fiscal years beginning after December 15, 2010. The adoption of the guidance for Level 3 activity did not have a significant impact on its financial statements, other than expanded disclosures.

Management Estimates

The preparation of financial statements in conformity with GAAPUSA requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Subsequent Event

The plan administrator has evaluated subsequent events through October 1, 2012, the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

GAAPUSA defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the principal market or, in the absence of a principal market, the most advantageous market accessible to the reporting entity as of the measurement date. Under GAAPUSA, the principal market is the market in which the reporting entity would sell the asset or transfer the liability with the greatest volume and level of activity. The most advantageous market, which may be a hypothetical market, is the market in which the reporting entity would sell the asset or transfer the liability with the price that maximizes the amount that would be received for the asset or minimizes the amount that would be paid to transfer the liability, considering transaction costs in the respective market.

Note 3 - Fair Value Measurements (Continued)

GAAPUSA describes three approaches to measuring fair value: the market approach, the income approach and the cost approach. Each approach includes multiple valuation techniques. GAAPUSA does not prescribe which valuation technique should be used when measuring fair value, but does establish a fair value hierarchy that prioritizes the inputs used in applying the various techniques based on the degree to which such inputs are observable to market participants. Inputs broadly refer to the assumptions that market participants use to make pricing decisions, including assumptions about risk.

The plan's investments are classified in one of the following three categories based on the inputs used to determine their respective fair values.

- Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.

- Level 2 - Observable market-based inputs or unobservable inputs that are corroborated by market data. These inputs may include quoted prices for similar assets or liabilities in active markets as well as quoted prices for identical or similar assets or liabilities in inactive markets

- Level 3 - Unobservable inputs that cannot be corroborated by market data. These inputs reflect management's best estimate of fair value using its own assumptions about the assumptions a market participant would use in pricing the asset or liability.

When the inputs used to value an investment fall into more than one level, the investment is classified in its entirety based on the lowest level input that is significant to that investment's fair value measurement. Management's assessment of the significance of a particular input to the fair value measurement requires judgment and is dependent on factors specific to the investment. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3 - Fair Value Measurements (Continued)

As of December 31, 2011 and 2010, the following valuation methodologies have been used to value the plan's investments:

- Pooled separate accounts - Valued at the net asset value (NAV) per unit as determined by the insurance company or contract administrator. Such NAV is based on the value of the underlying assets and liabilities of the account.

- Guaranteed investment contracts - Valued by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. The contracts are not considered to be fully benefit responsive and are therefore carried at fair value.

The methods described above might produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the different methodologies or assumptions used to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following tables summarize by level, within the fair value hierarchy, the plan's investments that are measured at fair value on a recurring basis as of December 31, 2011 and 2010:

	Fair Value Measurements as of December 31, 2011			
	Level 1	Level 2	Level 3	Total

The plan did not have any transfers between Level 1 and Level 2 securities for the year ended December 31, 2011.

The following table summarizes the change in investments measured at fair value on a recurring basis using Level 3 inputs for the year ended December 31, 2011:

	Guaranteed Investment Contract
Balance as of December 31, 2010	$ 187,388
Purchases	31,324
Sales	-
Reinvested interest	2,810
Balance as of December 31, 2011	**$ 221,522**

Note 4 - Investments

The following table presents investments that represent 5% or more of the plan's net assets as of December 31, 2011 or 2010.

	2011		2010	
	Number of Shares	Fair Value, End of Year	Number of Shares	Fair Value, End of Year
Pooled Separate Accounts				
Lifestyle Balanced Account	35,729	$ 1,219,062	31,529	$ 1,104,033
Lifestyle Growth Account	36,423	1,145,206	34,449	1,143,665
Lifestyle Aggressive Account	29,593	834,376	28,312	859,304
500 Index Account	341	238,468	445	307,678

During the year ended December 31, 2011, the plan's pooled separate account investments (including gains and losses on investments bought and sold as well as held during the year) depreciated in value by ($213,129).

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian of the plan has certified as to the completeness and accuracy of the Plan's investments reflected in the statements of net assets available for benefits as of December 31, 2011 and 2010, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2011 and the schedule of assets held at end of year as of December 31, 2011, as indicated above and in total.

Note 5 - Refund of Excess Contributions

For the year ended December 31, 2010, the plan failed the Average Deferral Percentage Nondiscrimination Test. As a result, a portion of the 2010 contributions had to be refunded to highly compensated employees in order for the plan to maintain its qualified status with the IRS. Earnings on the excess contributions were also refunded. There were no 2011 contributions which were required to be refunded.

Note 6 - Tax Status

The plan sponsor has received a determination letter, dated August 7, 2001, from the IRS qualifying the plan prototype under Section 401(a) of the Internal Revenue Code (IRC), which exempts the income of the plan from federal income taxes. The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the plan was qualified and the related trust was tax-exempt as of December 31, 2011.

Note 6 - Tax Status (Continued)

GAAPUSA requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken or expected to be taken by the plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 7 - Plan Termination

Although the company has not expressed any intent to do so, it has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their profit-sharing accounts.
