WESTMARK PRODUCTS, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011

PLAN NUMBER: 001
EMPLOYER IDENTIFICATION NUMBER: 91-1434613

Note 1. Description of Plan

The following description of Westmark Products Inc. 401k Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Westmark Products Inc. (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate in the Plan after reaching age eighteen. Employees are automatically enrolled in the Plan on the first day of the month after meeting eligibility requirements, unless employees opt out.

Contributions

Participants – Participants make voluntary contributions to the Plan through payroll deductions. These contributions are funded to the Plan following each pay date. Participants may contribute a percentage of their pre-tax or post-tax (Roth) compensation to the Plan, subject to certain limitations as defined by the Internal Revenue Code (the Code). Participants may also make rollover contributions from other qualified plans and eligible participants (those 50 years of age or older during the year) may make up to \$5,500 in "catch-up" contributions to the Plan.

Matching – The Employer may make a match contribution to the Plan, equal to a percentage of the participant's elective deferral contributions. Matching contributions were \$18,308 for the plan year ended December 31, 2011.

Discretionary – The Employer may make a discretionary contribution to the Plan. No discretionary contributions were made in 2011.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer contribution as defined above, and an allocation of the Plan's earnings based on the participant's account balance as defined in the plan document. Certain fees, if applicable, are also charged to participant accounts.

Vesting

Participants are fully vested immediately in their deferral contributions and actual earnings thereon. Participants are fully vested in employer matching contributions after two years of credited service.

PLAN NUMBER: 001
EMPLOYER IDENTIFICATION NUMBER: 91-1434613

Note 1. Description of Plan (cont)

Notes Receivable from Participants

Participants may borrow from their vested balance a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested balance or \$50,000. Loan terms are up to 60 months or an agreed upon term for the purchase of a primary residence. Loans are secured by the balance in the participant's account.

Payment of Benefits

Upon termination of service, disability, or attainment of retirement age, benefits of \$1,000 or less will be paid out in a lump sum distribution. Benefits of less than \$5,000, but greater than \$1,000, will be paid in a direct rollover to an individual retirement plan designated by the Plan administrator. Benefits in excess of \$5,000 will be paid out in lump sum or installment payments as elected by the participant. If a participant should die, their account will be paid to their designated beneficiary.

Note 2. Summary of Accounting Principles

Basis of Accounting

The financial reports of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments consist of mutual funds, pooled separate accounts (PSA) and stable value funds and are stated at fair value as determined by the Trustee, Principal. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PLAN NUMBER: 001

Note 2. Summary of Accounting Principles (cont)

Investment Valuation and Income Recognition (cont)

PSAs consist of pooled accounts and are valued at fair market value which is determined by the account's share balance and the net asset value received from the underlying fund's external managers. Interest and dividends are earned on the underlying investments held by the PSA. There are no dividends or realized and unrealized gains with respect to the PSA. Instead, the dividends and realized and unrealized gains for the underlying funds are factored into the value of the PSA.

Stable value funds held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, such as guaranteed investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment. The difference between contract value and fair value is determined to be immaterial to the users of the financial statements. The statement of changes in net assets available for benefits is prepared on a contract value basis. See Note 4 for determination of fair value for the stable value fund.

Payment of Benefits

Benefits are recorded when paid.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts will be used to pay any administrative expenses to the Plan, or reduce future employer contributions. Forfeitures for the years ended December 31, 2011 were \$312, and were used to pay administrative fees.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Fees

Certain administrative expenses are paid by the Employer.

Subsequent Events

The Plan has evaluated subsequent events through September 28, 2012, which is the date the financial statements were available to be issued. Subsequent to year end, the Plan's management has not identified any subsequent events requiring financial statement disclosure.

Note 2. Summary of Accounting Principles (cont)

Tax Status

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As the Plan is tax-exempt, the Plan administrator has concluded that as of December 31, 2011, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 3. Party in Interest Transactions

Certain investments held as pooled separate accounts are managed by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. This Company acts as trustee as defined by the Plan. These transactions qualify as exempt party in interest transactions.

Note 4. Stable Value Fund

For the plan year ended December 31, 2011, investments included the Union Bond & Trust Company Stable Value Fund. The objective of the fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. The Fund seeks to achieve this objective by investing primarily in a variety of high quality Stable Value Investment Contracts (the performance of which may be predicated on the underlying fixed income securities), as well as cash equivalents. It is intended that the Fund's Stable Value Investment Contracts will maintain a minimum weighted average credit quality rating of A or better. The underlying fixed income securities must be rated investment grade and meet issuer diversification guidelines. The duration of the Fund will not exceed 4 years. The Fund is typically appropriate for investors who desire low volatility, stable principal value, and returns commensurate with a capital preservation objective for a component of their retirement savings. The fund is designed for long-term retirement investing. Participants direct the withdrawal or transfer of all or a portion of their investments at contract value. Contract value represents the contributions made to the fund, plus earnings, less participant withdrawals and administrative expenses.

Fair value of conventional investment contracts is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end.

Note 5. Fair Value Measurements

The guidance provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. These categories include (in descending order of priority): Level 1, defined as quoted prices (unadjusted) in active markets for identical assets or liabilities that may be accessed at the measurement date; Level 2, defined as inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

Assets at Fair Value as of December 31, 2011				
	Level 1	Level 2	Level 3	Total

Note 6. Information Prepared and Certified by Custodian

The Plan's management has obtained certification from the Custodian, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, that the following information provided by the Custodian and included in the Plan's financial statements and supplemental schedule is complete and accurate in accordance with section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

1. Amounts included as investments and notes receivable from participants in the statements of net assets available for benefits at December 31, 2011, and supplemental schedule at December 31, 2011.
2. Additions and deductions to net assets included in the statement of changes in net assets available for benefits for the year ended December 31, 2011.

Note 7. Investments

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participant accounts and the net assets of the Plan would be distributed to the participants as provided by the Plan.

Note 9. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits.
