(A) - DESCRIPTION OF PLAN

General - The plan is a defined contribution plan covering all full-time employees of the Company who have three months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974.(ERISA). This is the initial year of the Plan which became effective on January 1, 2011.

Contributions - Each year, participants may contribute up to 12% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The plan currently offers mutual funds and common collective trusts as investment options for participants. The Company contributes 100% of the first 2% of base compensation that a participant contributes to the Plan. The matching Company contribution is invested as directed by the participant.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charges with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account, or annual installments over a ten year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts - At December 31, 2011, forfeited nonvested accounts totaled $96. These accounts will be used to reduce employer contributions. Also, in 2011, employer contributions were reduced by $86 from forfeited nonvested accounts.

(B) - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through September 21, 2012, which is the date the financial statements were available to be issued.

(B) - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-Continued

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation included the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan are paid by the Company, with the exception, of a $50 transaction fee for each voluntary distribution.

(C) - FAIR VALUE MEASUREMENTS

The Plan's investments are recorded at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 input consist of significant other observable inputs and Level 3 input consist of significant unobservable inputs. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No level 2 or 3 inputs were available to the Plan.

(C) - FAIR VALUE MEASUREMENTS - (continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011:

December 31, 2011	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual funds:		
Income fund	$ 4,749	4,749
Growth & income fund	70,492	70,492
Growth fund	6,678	6,678
Aggressive fund	1,706	1,706
	-	-
Common collective trusts:	-	-
SSGA S&P 500 Index	3,705	3,705
Invesco Stable Asset ADP85	2,028	2,028
Total assets at fair value	$ 89,358	$ 89,358

Level 1 Fair Value Measurements

The fair value of mutual funds and the common collective trusts are based on quoted net asset values of the shares held by the Plan at year-end.

(D) - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

	December 31, 2011
American Century Livestrong 015 Port - R	$ 11,622
American Century Livestrong 025 Port - R	23,724
American Century Livestrong 035 - R	16,884
American Century Livestrong 045 - R	10,323

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by ($1,634), of which ($1,530) is attributable to mutual funds and ($104) is attributable to common collective trusts.

(E) - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(F) - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in the company contribution portion of their account.

(G) - RISKS and UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
