We were engaged to audit the accompanying statements of net assets available for benefits of Red Canoe Credit Union Plan A Capital Accumulation Plan as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 8, which was certified by Marshall & Ilsley Trust Company, trustee, and MG Trust Company, custodian, of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee and custodian held Plan's investment assets and executed investment transactions. The plan administrator has obtained a certification from the trustee and custodian as of December 31, 2011 and 2010, and for the year ended December 31, 2011 that the information provided to the plan administrator by the trustee and custodian is complete and accurate.

As discussed in Note 1 to the financial statements, all assets of the Plan were transferred to the CUNA Mutual Group Trustee 401(k) Multiple Employer Plan effective December 31, 2011.

Because of the significance of the information we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from information certified by the trustee and custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Red Canoe Credit Union Plan A Capital Accumulation Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a salary deferral and profit sharing plan covering substantially all employees of Red Canoe Credit Union (the Credit Union) and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Credit Union is the Plan's sponsor and serves as plan administrator.

Eligibility – Employees hired prior to December 31, 2009 are eligible to participate in the Plan after completing one year of service in which at least 1,000 hours are worked.

Plan administration – The Plan is administered by the Pension Oversight Committee, whose members are appointed by the Board of Directors of the Credit Union. The Plan's trustee and custodian, Marshall & Ilsley Trust Company (the Trustee or M&I) and MG Trust Company (the Custodian or MG), respectively, is responsible for the custody and management of the Plan's investments.

Contributions – Each year, participants may elect to contribute up to the maximum pretax compensation allowable by law to the Plan each year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Credit Union may elect to make discretionary profit sharing contributions to the Plan. Participants must complete at least 1,000 hours of service during the Plan year, and be employed as of the last day of the Plan year, to be eligible to receive any profit sharing contributions.

The Credit Union makes a profit sharing contribution of 1% of each participant's eligible annual compensation for individuals with less than five years of service and 11% of eligible compensation for individuals with five or more years of service. Employer contributions are not treated as taxable income until they are distributed and received by the participants as allowed by the Internal Revenue Code (IRC). Contributions are subject to regulatory limitations. The profit sharing contribution was \$630,477 for the year ended December 31, 2011.

Safe Harbor contribution – The Credit Union provides a Safe Harbor employer contribution. Under the Safe Harbor provision, the Credit Union makes a non-elective matching contribution of 100% on salary deferrals up to 3% of compensation and then 50% of salary deferrals from 3% to 5% of compensation. The Safe Harbor contribution was \$271,568 for the year ended December 31, 2011.

RED CANOE CREDIT UNION PLAN A CAPITAL ACCUMULATION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan (continued)

Participant accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are 100% vested in salary deferrals and Safe Harbor contributions plus actual earnings thereon. Vesting in profit sharing contributions and related investment earnings is based on years of service with increases in increments of 20% per year until fully vested after six years.

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. The maximum loan term is five years unless the loan term qualifies as a home loan, in which case the term of the loan may exceed five years. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account balance, substantially equal installments, or partial withdrawals. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay Plan administrative expenses, with any remaining amount used to reduce future Credit Union contributions. As of December 31, 2010, there were no forfeited non-vested accounts.

Transfers – Effective December 31, 2011, the Plan's assets were transferred to the CUNA Mutual Group Trustee 401(k) Multiple Employer Plan to streamline and permit efficient administration. The merge resulted in the transfer of all affected participant accounts at fair market value, as of December 31, 2011, to the CUNA Mutual Group Trustee 401(k) Multiple Employer Plan.

NOTES TO FINANCIAL STATEMENTS

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – Guaranteed investment contracts at December 31, 2010 are stated at contract value and all other investments are stated at fair value as certified by the Plan's trustee, Marshall & Ilsley Trust Company.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net depreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest.

Payment of benefits – Benefits are recorded when paid.

Expenses – All expenses of maintaining the Plan are paid by the Credit Union. Certain transaction fees are paid by the Plan.

NOTES TO FINANCIAL STATEMENTS

Note 2 – Summary of Significant Accounting Policies (continued)

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through September 12, 2012, which is the date the financial statements were available to be issued.

Note 3 – Investments

Investments – Investments representing 5% or more of net assets available for benefits consist of the following as of December 31:

	2011	2010
CUNA Mutual Lifestyle Aggressive Fund	\$ -	\$ 2,500,484
CUNA Mutual Lifestyle Moderate Fund	-	1,893,371
Vanguard Extended Market Index Fund	-	1,737,063
Vanguard Institutional Index Fund	-	1,627,199
CUNA Mutual Lifestyle Conservative Fund	-	1,489,774
Vanguard FTSE All-World Ex US Index Fund	-	1,104,451
CUNA Mutual Stable Value Fund *	-	1,101,783
Vanguard Total Bond Market Index Fund	-	802,015

** Contract value has been presented for the CUNA Mutual Stable Value Fund as it is the relevant measurement for financial statement purposes.*

During 2011, the Plan's investments (including gains and losses on investments purchased, sold, as well as held during the year) depreciated in fair value as follows:

Registered investment companies	\$ (248,424)
Collective trusts	<u>70,211</u>
Net depreciation in fair value of investments	<u><u>\$ (178,213)</u></u>

RED CANOE CREDIT UNION PLAN A CAPITAL ACCUMULATION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Basis of Fair Value Measurement

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies (Mutual funds) – Shares of registered investment company funds (or mutual funds) are valued at the net asset value (NAV) of shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded and are classified within level 1 of the valuation hierarchy.

Collective trust – Units held in collective trusts are valued using the NAV of the fund as reported by the fund managers. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV of a collective investment is calculated based on a compilation of primarily observable market information. The number of units of the trust that are outstanding on the calculation date is derived from observable purchase and redemption activity in the trust. Accordingly, the unit value for a collective investment is classified within level 2 of the valuation hierarchy.

RED CANOE CREDIT UNION PLAN A CAPITAL ACCUMULATION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4 – Fair Value Measurements (continued)

Guaranteed investment contracts – Valued at estimated fair value on the statements of net assets available for benefits. The estimated fair value is based upon the fair value of the underlying investments in the insurance company general account as reported on the audited financial statements of CUNA Mutual Insurance Society and Subsidiaries. Guaranteed investment contracts are classified within level 3 of the valuation hierarchy. See note 5.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses by level, the fair value hierarchy, of the Plan's assets at fair value as of December 31, 2010:

	Investment Assets at Fair Value			
	Level 1	Level 2	Level 3	Total

NOTES TO FINANCIAL STATEMENTS

Note 4 – Fair Value Measurements (continued)

The following table discloses the summary of changes in the fair value of the Plan's level 3 investment assets for the year ended December 31, 2011:

	Guaranteed Investment Contract
	<u> </u>
Balance, beginning of year	\$ 1,576,109
Realized gains	88,805
Unrealized losses for the period	(44,192)
Purchases	46,054
Sales	(363,301)
Transfers out of Plan	<u>(1,303,475)</u>
Balance, end of year	<u><u>\$ -</u></u>

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

Note 5 – Guaranteed Investment Contract with CUNA Mutual Insurance Society

In 2010, the Plan entered into benefit-responsive guaranteed investment contracts (GIC's) with CUNA Mutual Insurance Society (CUNA). CUNA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the GIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. The GIC is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by CUNA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

RED CANOE CREDIT UNION PLAN A CAPITAL ACCUMULATION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 5 – Guaranteed Investment Contract with CUNA Mutual Insurance Society (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Accounting standards require that the Plan provide the following disclosures regarding certain investments in GIC's at December 31, 2010:

	Average Yield	Crediting Interest rate	Investments at Fair Value	Adjustment to Contract Value
CUNA Mutual Insurance Society GIC	4.5%	4.5%	\$ 463,104	\$ (4,669)
CUNA Mutual Stable Value GIC	3.1%	3.0%	1,113,005	(11,222)
Total			<u>\$ 1,576,109</u>	<u>\$ (15,891)</u>

Note 6 – Tax Status

The Plan document is a prototype non-standardized defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on April 9, 2008, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes (ASC 740-10), management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements.

RED CANOE CREDIT UNION PLAN A CAPITAL ACCUMULATION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 8 – Information Certified By the Trustee and Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Marshall & Ilsley Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2010.
- Net depreciation in fair value of investments, dividends, and interest reflected on the accompanying statement of changes in net assets available for benefits for the period from January 1, 2011 through May 31, 2011.

MG Trust Company, custodian, has certified to the completeness and accuracy of net appreciation in fair value of investments, dividends, and interest reflected on the accompanying statement of changes in net assets available for benefits for the period from June 1, 2011 through December 31, 2011.

Note 9 – Party-In-Interest Transactions

Plan investments included shares of registered investment company funds managed by CUNA Mutual Group. Transactions with this entity qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were \$87,267 for the year ended December 31, 2011.

Note 10 – Reconciliation to Form 5500

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.
