Report of Independent Certified Public Accountants

Plan Administrator
EMTEQ, Inc. 401(k) Profit Sharing Plan and Trust

We were engaged to audit the accompanying statements of net assets available for benefits of the EMTEQ, Inc. 401(k) Profit Sharing Plan and Trust (the “Plan”) as of December 31, 2011, and the related statement of changes in net assets available for benefits for the year then ended, and the supplemental schedules of (1) Schedule H, line 4(a) - Schedule of Delinquent Participant Contributions as of December 31, 2011 and (2) Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and supplemental schedules are the responsibility of the Plan’s management. The statement of net assets available for benefits of the Plan as of December 31, 2010, was audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (“ERISA”), the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated August 23, 2011 indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note D, which was certified by The Hartford Financial Services Group, Inc. and Fidelity Management Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that Fidelity Management Trust Company holds the Plan’s investment assets and executes the related transactions as of December 31, 2011 and for the period August 1, 2011 to December 31, 2011 and that The Hartford Financial Services Group, Inc. held the Plan’s investment assets and executed the related transactions as of December 31, 2010, and for the period January 1, 2011 to July 31, 2011. The plan administrator has obtained certifications from the trustees as of and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to express, and we do not express, an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for purposes of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America established by the American Institute of Certified Public Accountants and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE A - PLAN DESCRIPTION

The following brief description of the EMTEQ, Inc. 401(k) Profit Sharing Plan and Trust (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

1. General

The Plan is a defined contribution plan, which was established for the benefit of the employees of EMTEQ, Inc., (the “Company”). All eligible employees of the Company may elect to participate in the Plan, which is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

2. Contributions

Each year, participants may contribute up to the maximum percentage allowable by the Internal Revenue Service (“IRS”) of pretax annual compensation (salary reduction contributions), as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company may make matching safe harbor contribution up to 4% of the participant’s compensation. Additional Company contributions may be contributed at the discretion of the Company’s Board of Directors. There was no safe harbor or discretionary contribution made by the Company for the year ended December 31, 2011. Contributions are subject to certain limitations.

3. Participants’ Accounts

Each participant’s account is credited with the participant’s salary reduction contributions, rollover contributions and an allocation of the Company’s contributions and plan earnings. Allocations are based on the participant’s eligible compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

4. Vesting

Participants are immediately vested in their salary reduction, rollover contributions and safe harbor contributions, plus earnings thereon. Participants who leave the Plan because of death, early or normal retirement or disability retirement, as defined in the Plan, are considered 100% vested. Company matching contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

<u>Vesting years of service</u>	<u>Percentage vested</u>
1	0 %
2	20 %
3	50 %
4	100 %

NOTE A - PLAN DESCRIPTION - Continued

4. Vesting - continued

Company discretionary contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

<u>Vesting years of service</u>	<u>Percentage vested</u>
1	0 %
2	0 %
3	50 %
4	100 %

5. Forfeited Accounts

As of December 31, 2011 and 2010, forfeited non-vested accounts totaled \$43,083 and \$23,343, respectively. These accounts will be reallocated to participants in the same manner as Company discretionary contributions. There were no forfeitures allocated to participant accounts during the year ended December 31, 2011.

6. Notes Receivable from Participants

Participants may borrow from the Plan approved amounts no less than \$1,000 and no greater than (a) one-half of the vested account balance as of the most recent valuation date or (b) \$50,000 less amounts specified within the plan document, whichever is less. The loans are collateralized by the participant's balance in the Plan. The loans bear interest at rates from 3.25% to 5.25%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

7. Administrative Expenses

The Company pays a portion of the Plan's administrative expenses.

8. Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan agreement. The Plan provides for normal retirement at the age of 65. No early retirement provision is provided in the Plan. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment. No hardship distributions are allowed.

9. Plan Termination

Although the Company has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time, subject to the penalties set forth in ERISA. In the event of termination, participants will become 100% vested in their accounts.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

The Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements are as follows:

1. Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

2. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date-basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

3. Fixed Income Account

The Plan invested in a Fixed Income Account in 2010 and part of 2011 until the Plan changed trustees as disclosed in note C.

The Fixed Income Account, a collective trust fund, invests with the objective to provide stable investment returns with a high degree of capital protection. To achieve its investment objective, the fund may be party to guaranteed investment contracts ("GICs"), synthetic guaranteed investment contracts ("Synthetic GICs"), separate account contracts, contract value liquidity agreements, cash equivalents and agreements to resell securities purchased (repurchase agreements). GICs represent contracts with insurance companies that provide a guaranteed return on principal, generally over a period of time, subject to the credit worthiness of the issuer. Synthetic GICs consist of investments in high-quality, fixed-income securities which include corporate bonds, mortgage-backed and asset-backed securities and U.S. government securities, which are owned directly by the Fixed Income Account or through units of collective investment funds, together with contract value liquidity agreements under which a bank or insurance company provides for benefit-responsive withdrawals by plan participants at contract value.

The Fixed Income Account's GICs and Synthetic GICs are carried at contract value, which represents contributions made plus interest accrued at the contract rate, less withdrawals. In monitoring liquidity, the investment committee of the fund considers such factors as the benefit-responsiveness of the investment contracts, the ability of the parties to the investment contracts to perform in accordance with the terms of the contracts, and the likelihood that plan-directed withdrawals would result in payments to plan participants at amounts other than contract value.

NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE B - SIGNIFICANT ACCOUNTING POLICIES - Continued

3. Fixed Income Account - continued

The interest crediting rate is the periodic interest rate accrued to participants and is either set at the beginning of the contract and held constant, or reset periodically to reflect the performance of the underlying securities. Traditional GICs do not reset their crediting rates as they provide a fixed rate of interest over the term to maturity to the contract. Synthetic GICs are designed to reset their respective crediting rates, typically on a quarterly basis and cannot credit interest at a rate less than 0%. The average yield for the fund was 3.00% at December 31, 2010, and the fund reported a crediting interest rate of 3.00% at December 31, 2010.

Withdrawals from investment contracts may be made at contract value for qualified benefit payments, including participant-directed transfers. The Fixed Income Account attempts to reduce the risk of significant non-benefit related withdrawals by participating plans by requiring 12 months written notice for such withdrawals, allowing the fund to invest in certain contracts that effect book value withdrawals from the issuing entity. The Fixed Income Account's investments in collective trust funds and cash equivalents are carried at net asset value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) material plan amendments, including partial or complete termination or merger of the Plan with another plan; (ii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; (iii) changes to the Plan's prohibition on competing investment options; (iv) the closing of a plant, facility or other business unit of the plan sponsor, or bankruptcy of the plan sponsor. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The GICs do not permit the insurance companies to terminate the agreement prior to the scheduled maturity date.

4. Use of Estimates

The preparation of the Plan's financial statements in conformity with generally accepted accounting principles requires the plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

5. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES - Continued

6. Benefits Paid to Participants

Benefits are recorded when paid.

7. Administrative Expenses

The Company pays a portion of the Plan's administrative expenses.

NOTE C - RELATED PARTY TRANSACTIONS

Certain administrative expenses are paid by the Company. In addition, certain plan investments are managed by Fidelity Management Trust Company ("Fidelity"), the trustee as defined by the Plan, and therefore, transactions with Fidelity qualify as party-in-interest transactions during the year. Fidelity held the Plan's investment assets at December 31, 2011 and executed the related transactions from August 1, 2011 to December 31, 2011. At December 31, 2010 and for the period of January 1, 2011 to July 31, 2011, the Hartford Financial Services Group, Inc. ("Hartford") was the trustee, and accordingly, transactions with Hartford would qualify as party-in-interest transactions during this period.

NOTE D - INFORMATION CERTIFIED BY TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan trustees have certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2011 and 2010.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2011.
- Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2011.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE E - INVESTMENTS

The fair value of individual investments that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2011	2010
Fidelity Prime Fund	\$ 326,513	\$ N/A
Fidelity Equity Income Class A	353,594	N/A
Fidelity Advisor Freedom 2030 Class A	925,233	N/A

Fixed Income Account - contract value	N/A	311,446
	<u>\$ 4,402,328</u>	<u>\$ 3,201,304</u>

The Plan's mutual funds (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$59,784 during 2011.

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

NOTE F - FAIR VALUE MEASUREMENTS

There is a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three Levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement Level within the fair value hierarchy is based on the lowest Level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds and money market funds: Valued at the net asset value ("NAV") of shares traded in active markets held by the Plan at year end.

Fixed income account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no transfers between Levels of investments during the year ended December 31, 2011.

NOTE F - FAIR VALUE MEASUREMENTS - Continued

The Fixed Income Account's objective is to maintain principal value, protect against market price volatility, obtain consistent income return and provide liquidity for benefit payments and withdrawals. To achieve this, the fund invests in instruments which are not expected to experience significant price fluctuation in most economic or interest rate environments. However, there is no assurance that this objective can be achieved.

The changes in Level 3 assets and liabilities measured at fair value on a recurring basis are summarized as follows:

	Fixed income account
Balance, December 31, 2010	\$ 347,381
Contributions, withdrawals, earnings - net	(347,381)
Balance, December 31, 2011	\$ -

NOTE G - INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.
