PRIDE INTERNATIONAL, INC. 401(k) RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2011 and 2010

A. Description of the Plan

General

The following brief description of the Pride International, Inc. 401(k) Retirement and Savings Plan (the "Plan") is provided for general information purposes only. Pride International Inc. (the "Company" or "Plan Sponsor"), a wholly-owned subsidiary of ENSCO UK is the Plan Sponsor. Participants should refer to the Plan Document for more complete information.

The Plan was established effective October 1, 1993, as a defined contribution plan covering all eligible employees of the Company that are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective December 31, 2011, the Plan was merged into the ENSCO Savings Plan ("ESP"). ESP is a defined contribution plan available to employees of ENSCO plc and subsidiary companies. ENSCO International Incorporated, a wholly-owned subsidiary of the Company, is the Plan Sponsor. ENSCO's corporate offices are located in London, England.

Contributions

Each year, participants may contribute from 1% to 50% percent of pretax annual compensation, as defined in the Plan. Employees hired after August 15, 2007, are subject to automatic enrollment. The Company will automatically deduct 3% from their pay on a pre-tax basis. Employees can elect to stop or change this automatic contribution. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from other qualified plans.

On December 12, 2002, Marine Drilling Companies 401(k) Profit Sharing Plan was merged into the Plan and the Marine Drilling common stock was converted to the Company's common stock. The Company's common stock has never been an investment option in the Plan; however, the merger with Marine Drilling Companies 401(k) Profit Sharing Plan resulted in the Plan owning shares of the Company's common stock.

The Company makes a fully vested matching contribution to each participant's account equal to 100 percent of the first 6 percent of the participant's eligible compensation. This contribution is intended to satisfy a safe harbor contribution formula permitted by Internal Revenue Service ("IRS") regulations. By making the safe harbor matching contribution, the Plan will automatically satisfy the nondiscrimination requirements that otherwise would apply to 401(k) contributions made to the Plan. The Company can make additional matching contributions and profit sharing contributions as determined by the Company. During 2011 and 2010 the Company did not make any additional matching or profit sharing contributions, which were subject to the vesting schedule more fully described below.

A. Description of the Plan – continued

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution; (b) Plan earnings; and, (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account

Vesting

Participants are vested immediately in their contributions and Company safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's additional matching and profit sharing contributions is based on years of service. A participant is 100% vested after five years of service.

Notes Receivable from Participants

Active and inactive participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. Notes receivable from participants outstanding as of December 31, 2010, totaled $2,954,409 and bore interest at rates ranging from 3.25% to 8.5% per year. As of December 31, 2011, all notes receivable from participants had been transferred into the ESP.

Benefit Payments

Upon separation of service due to death, disability, retirement, or termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants enrolled in the Plan prior to August 1, 1998, may also elect to receive benefit payments as an annuity, as periodic payments or as a qualified joint and 50% survivorship annuity.

Forfeitures

The non-vested balance in a participant's account is forfeited upon termination of service. Forfeitures may be used to reduce future Company contributions. Unallocated forfeited non-vested accounts totaled $89,475 and $80,918 at December 31, 2011 and 2010, respectively. Unallocated forfeited non-vested accounts for 2011 were transferred into the ESP on December 31, 2011, as part of the Plan merger. During 2011 the Plan allocated forfeited non-vested accounts of $42,711 to reduce Company contributions.

A. Description of the Plan – continued

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals as well as Company matching and profit sharing contributions in 1% increments into any of the Plan's investment options.

Plan Expenses

Employees of the Company performed certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Plan paid $32,371 and $20,049 related to legal and professional fees for the year ended December 31, 2011 and 2010, respectively. Some administrative expenses are paid by the Plan Sponsor and are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's Administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

B. Summary of Significant Accounting Policies – continued

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the Plan year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic No. 820. ASC 820-10 defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note D for information related to the Plan's valuation methodologies under FASB ASC Topic No. 820.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fully Benefit-Responsive Investment Contracts

The Plan accounts for the common collective trust fund in accordance with FASB ASC Topic No. 962, *Plan Accounting—Defined Contribution Pension Plans*. The common collective trust includes synthetic guaranteed investments, among other securities. A synthetic guaranteed investment contract is an investment contract in which the Plan owns the underlying assets and purchases fully benefit-responsive wrapper contracts from independent third parties, which provide market value and cash flow risk protection to the Plan.

Investment contracts held by a defined contribution plan are typically presented at fair value in the statement of net assets available for benefits and the amount representing the different between fair value and contract value is present as a single amount, calculated as the sum of the amounts necessary to adjust the portion of net assets attributable to each fully benefit-responsive investment contract from fair value to contract value. The accompanying statements of changes in net assets available for benefits are prepared on a basis that reflects income credited to participants in the Plan and net appreciation or depreciation in the fair value of only those investment contracts that are not deemed to be fully benefit-responsive.

As of December 31, 2010, contract value approximated fair value.

Notes Receivable from Participants

Notes receivable from participant loans are recorded at the unpaid principal balance plus accrued interest

B. Summary of Significant Accounting Policies – continued

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Interest income on notes receivable from participants for the year ended December 31, 2010 has been reclassified to conform to the current year presentation.

Recently Issued Accounting Pronouncements

In May 2011 the FASB issued Accounting Standards Update ("ASU") 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRS* ("ASU 2011-04"), which amended ASC 820, to converge the fair value measurement guidance in GAAP and International Financial Reporting Standards. Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

In January 2010 the FASB issued ASU 2010-06, *Improving Disclosures about Fair Value Measurements* ("ASU 2010-06"), which amended ASC 820, to clarify certain existing fair value disclosures and require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2, and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances, and settlements of Level 3 assets and liabilities on a gross basis.

C. Investments

Investments that represent 5% or more of net assets available for benefits at December 31, 2010 are as follows:

	2010
Fidelity Advisor Stable Value Fund	$ 15,763,499
Fidelity Advisor Freedom 2035 A Fund	5,580,935
Fidelity Advisor Freedom 2020 A Fund	5,226,054
Dreyfus Basic S&P 500	5,192,824
Fidelity Advisor Freedom 2025 A Fund	4,987,299
Fidelity Advisor Freedom 2030 A Fund	4,676,067

The average yield earned by the underlying investments of the Fidelity Advisor Stable Value Fund was approximately 2.37% during 2010. The average yield of the underlying investments, after an adjustment to reflect the actual interest credited to participants, was 1.48% during 2010.

D. Fair Value Measurements

FASB ASC Topic No. 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined in FASB ASC Topic No. 820 are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

D. Fair Value Measurements – continued

FASB ASC Topic No. 820 requires that we describe the methodologies used to measure the fair value of assets and liabilities. We have described below the methodology used to measure each major category of assets and liabilities. The December 31, 2010, hierarchy has been revised to conform to the current year presentation of participant loans as note receivables rather than investments. There have been no other changes in the methodologies used at December 31, 2011 and 2010.

- Mutual funds: Valued at the net asset value of shares held by the plan at year end.

- Stable value fund: Valued at the net asset value of the shares held by the plan at year end, which is based on the fair value of the underlying investments using information reported by the investment advisor at year end.

The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2010. The Plan has no assets classified within Level 3 of the valuation hierarchy.

	2010		
	Level 1	**Level 2**	**Total**
Mutual funds:			
Target date retirements funds	$31,546,977	$ -	$31,546,977
Blended funds	11,860,736	-	11,860,736
Growth funds	4,716,292	-	4,716,292
Intermediate funds	4,650,410	-	4,650,410
Value funds	3,916,969	-	3,916,969
Other funds	6,848,785	-	6,848,785
Stable value funds	-	15,763,499	15,763,499
Total investments at fair value	$63,540,169	$15,763,499	$79,303,668

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy.

E. Information Certified by the Trustee

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investment information certified by trustee, which included total investments as of December 31, 2011 and 2010, and total investment income (loss) for the years ended December 31, 2011 and 2010.

F. Tax Status

The Plan obtained its latest opinion letter on March 31, 2008, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "Code"). The Plan has been amended since receiving the opinion letter.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan has been operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examinations for years prior to 2008.

G. Parties-in-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company, which is the trustee of the Plan. Fidelity Management Trust Company acts as a trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

H. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2011 and 2010, per the accompanying financial statements to the Form 5500:

	2011	2010
Net assets available for benefits per the financial statements	$ -	$83,022,713
Current year participant contributions receivable	-	(428,445)
Current year Company contributions receivable	-	(336,191)
Net assets available for benefits per the Form 5500	$ -	$82,258,077

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for benefits for the years ended December 31, 2011 and 2010:

	2011	2010
Net increase in net assets available for benefits per the financial statements	$ 1,676,410	$15,800,034
Prior year participant contributions receivable	428,445	-
Prior year Company contributions receivable	336,191	-
Current year participant contributions receivable	-	(428,445)
Current year Company contributions receivable	-	(336,191)
Net increase in net assets available for benefits per the Form 5500	$ 2,441,046	$15,035,398

The reconciling items above are due to the difference in the method of accounting used in preparing the Form 5500 in accordance with government reporting requirements as compared to the Plan's financial statements.

I. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through October 2, 2012, the date the financial statements were available for issuance.
