NOTES TO FINANCIAL STATEMENTS

NOTE A: DESCRIPTION OF PLAN

General

The PMG Research, Inc. 401(k) Plan (the"Plan"), and formerly known as Piedmont Medical Research Associates, Inc. 401(k) Plan, was established to provide retirement benefits for employees of PMG Research, Inc. and all of its affiliate sites (the "Company"). Eligible employees become participants in the Plan following one year of continuous service, a minimum of 1,000 hours, and attainment of age 21, as defined in the Plan agreement. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may make elective deferral contributions to the Plan. The Company contributes 25% of the participant's pre-tax contributions, but not to exceed 6% of the participant's compensation. Total contributions, both participant and employer, including discretionary, are subject to the limits of the Internal Revenue Code (the "IRC") Section 415(c). Participant contributions and employer matching contributions of certain highly compensated participants may also be limited based on contribution nondiscrimination tests described in IRC Section 401(k) and 401(m).

Employer contributions include employer discretionary matching contributions, if any, and are determined annually by the employer. Participant contributions consist of participant pre-tax and rollover contributions.

As a result of the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA), individuals who will be 50 years or older at December 31, 2011 and 2010, are allowed to partially make up for years when 401(k) pre-tax deferrals did not exist and for years when participants had not maximized their 401(k) savings opportunities. Annual catch-up contributions are limited to $5,500 in 2011 and 2010. There is no company match on catch-up contributions.

Participant Accounts and Vesting

Each participant's account is credited with the participant's contributions, the employer's contributions, and an allocation of the Plan's earnings and certain administrative expenses. The Plan's earnings and administrative expenses are allocated according to participants' relative account balances.

Participants are immediately vested in all contributions plus actual earnings thereon.

Investment Options - Participant Directed

Plan participants may direct the investment of their employee contributions and related employer matching contributions in any of the investment options available by the Plan through its Trustee. Accordingly, substantially all of the Plan's investment assets are participant-directed.

Withdrawals and Distributions

On termination of service, a participant may elect to receive a lump-sum amount, in cash or in-kind, equal to their vested value of his or her accounts. Benefits are recorded when paid.

In certain hardship situations, as described in the Plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship. Participant withdrawals are limited to deferred account balances.

Effective as of April 19, 2010, in-service distributions may be made to a participant who has not separated from service provided that the participant has attained age 60, and the participant has been a participant in the Plan for at least 15 years.

Terminated Participant Balances

As of December 31, 2011, $164,552 in vested participant balances of total net plan assets available for benefits of $2,936,033 was allocated to participants who have withdrawn from participation in the Plan's operations due to termination.

Administrative Expenses

Certain administrative expenses for maintaining the Plan, such as expenses incurred for contract pension recordkeeping services are paid by the Plan's Sponsor.

Plan Termination

The Company has the right to terminate the Plan at any time. In the event of plan termination, the respective participant's interest, will become fully vested and will be distributed to each participant as prescribed by the Plan and ERISA.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE D: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

PMG RESEARCH, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

NOTE E: RELATED PARTIES

The Plan Sponsor and Administrator is the employer, PMG Research, Inc. Capital Bank and Trust Company and Plybon and Associates, Inc. provide pension and recordkeeping services for the Plan. For 2011 and 2010, the Plan's Trustees John D. White and Jennifer Byrne, shareholder, of PMG Research, Inc. Effective December, 2011, John D. White was the sole Trustee of the Plan.

NOTE F: INCOME TAX STATUS

The Plan has adopted the Capital Bank and Trust Company's Defined Contribution Prototype Plan and Trust. Employers who adopt and operate under this plan arrangement are considered to have a plan qualified under Internal Revenue Code Section 401(a). The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE G: SUBSEQUENT EVENTS

The Plan evaluated the effects subsequent events would have on the financial statements through September 12, 2012, which is the date the financial statements were available for issuance.
