These financial statements and supplemental schedules are the responsibility of the Plan's management.

We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN

Lotus Communications Corp. 401(k) Retirement and Savings Plan (the "Plan") is a defined contribution plan established effective January 1, 1992. Employees of Lotus Communications Corp. (the "Company") become eligible to participate upon completing 11 months of service by the end of a 12 month period with the Company and attaining the age of 21. Effective September 1, 2010, the service requirement is three months (see Note 10). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

THE PLAN DOCUMENT INCLUDES DETAILED RULES FOR EACH SITUATION. PARTICIPANTS AND OTHER INTERESTED PARTIES SHOULD REFER TO THE PLAN DOCUMENT AND ANY AMENDMENTS REGARDING SPECIFIC PROVISIONS OF THE PLAN.

A. Contributions

Participants may contribute a percentage of their eligible compensation, as defined in the Plan, to an annual limit of the lesser of 60% of eligible compensation or the maximum annual amount specified by the Internal Revenue Code. The Company makes a matching contribution based upon a participant's pre-tax contribution. The amount of matching contributions is determined annually by the Company's board of directors. From January 1, 2010 through August 31, 2010, the Company made matching contributions of 25% of each employee's deferrals of up to 4%. Effective September 1, 2010, the Company makes non-discretionary matching contributions of 50% of each employee's deferrals of up to 4% (Note 10). The Company may also make discretionary matching contributions, qualified matching contributions, and qualified non-elective contributions.

Employee contributions are recorded in the period during which the Company makes payroll deductions from the participants' earnings. Matching contributions are recorded in the same period.

B. Participant Accounts

Each participant's account is credited with the participant's contribution, rollovers, an allocation of the Company's contribution and Plan earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from his or her account.

C. Vesting

Participants are immediately vested in their voluntary contributions and rollovers, plus actual earnings thereon. The balance of vesting in the participants' accounts is based on years of service. A participant becomes 25 percent vested after one year of service, 50 percent vested after two years of service, 75 percent vested after three years of service and 100 percent vested after four years of service. However, if an active participant dies prior to attaining the normal retirement age, the participant's account becomes 100 percent vested.

D. Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of $1,000 and a maximum amount of the lesser of 50% of the vested account balance or $50,000 reduced by the highest outstanding loan balance in the participant's account during the prior 12 month

period. A loan is secured by the balance in the participant's account and bears interest at the prime rate in effect at the time of the loan. The interest earned on each participant's loan is allocated back to his or her account.

E. Benefits

Benefits are recorded when they are paid by the Plan. Benefits under the Plan begin when a participant retires, dies or ceases to be an employee, whichever applies. Normal retirement age is 65. Hardship withdrawals are permitted.

A participant may elect to receive a lump-sum distribution of his or her vested account balance in the form of cash, a direct rollover, or a combination of both.

F. Administrative Expenses

The Company pays most Plan expenses. However, participants are responsible for loan fees.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

GAAP requires investment contracts held by a defined contribution plan to be reported at fair value. Contract value is the relevant measurement attribute to fully benefit responsive investment contracts because contract value is the amount participants would receive when initiating transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of investment contracts as well as the adjustment of the fully benefit responsive investment contracts from fair to contract value. The adjustment was not material as of December 31, 2011 or 2010.

B. Investment Valuation and Income Recognition

The participants select how their share of plan assets will be invested among those investment vehicles made available. Participants may change their investment options at any time during the Plan year.

GAAP establishes a hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are quoted prices in an active market. Level 2 inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The following tables summarize the Plan's investments based on the inputs used to value them:

Investments in mutual funds are valued at their quoted market prices. The Fidelity Managed Income Portfolio is an open-end collective trust fund that invests in a diversified pool of stable investment contracts and other fixed income securities. It is valued at net asset value. The investment objective of the Fidelity Managed Income Portfolio is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. Shares may be redeemed any time at contract value. There are no restrictions on redemptions and no unfunded commitments to purchase additional shares of the common/collective trust. Net appreciation (depreciation) in fair value of investments relates to mutual funds.

C. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

D. New Accounting Pronouncement

The Financial Accounting Standards Board (FASB) recently issued ASU 2010-25, Reporting Loans to Participants by Defined Contribution Pension Plans – a consensus of the FASB Emerging Issues Task Force, clarifying the classification and measurement guidance on participant loans of a defined contribution pension plan. The ASU requires participant loans to be classified as notes receivable from participants and measured at their unpaid principal balance

plus accrued unpaid interest. This guidance is a change to the requirement to classify participant loans as investments recognized in accordance with ASC 820, Fair Value Measurements Disclosures. The new guidance is effective for fiscal years ending after December 15, 2010 and must be applied retroactively. The Plan adopted this new guidance for the Plan year ended December 31, 2010.

NOTE 3 - FINANCIAL INFORMATION CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY

In accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, all of the investment information, including investment income (loss), shown in the accompanying financial statements and supplemental schedules has been certified as complete and accurate by the trustee of the Plan.

NOTE 5 - TAX STATUS

The Company has adopted a Fidelity Management Trust Company prototype plan, which has received an opinion letter from the Internal Revenue Service that it is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan's administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

The Plan has adopted guidance on accounting for uncertainty in income taxes issued by FASB. Management believes that the Plan has taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance. Information returns for Plan years subsequent to 2007 are subject to examination by authorities.

NOTE 6 - FORFEITURES

Forfeitures result from nonvested accounts remaining in the Plan for all terminated employees. Upon reaching the break-in-service requirement, forfeitures generally are available to offset Company contributions, which would be otherwise payable by the Company, in accordance with Plan document, or Plan expenses. In 2011 and 2010, respectively, forfeitures totaling $1,420 and $5,473 were used to offset Plan expenses. In 2011, forfeitures of $17,600 were used to offset Company contributions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and Plan assets will be distributed based upon the participants' account balances at that time.

NOTE 8 - RELATED PARTY TRANSACTIONS

The Plan's trustee, Fidelity or related entities, manage certain investment options offered under the Plan. Transactions in these funds, while considered party in interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party in interest transactions under ERISA.
