INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Camarata Masonry Systems 401(k) Plan
Houston, Texas

We were engaged to audit the financial statements of the Camarata Masonry Systems 401(k) Plan as of September 30, 2011 and December 31, 2010, and for the period ended September 30, 2011, as listed in the accompanying contents. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 4*, which was certified by the John Hancock Life Insurance Company (U.S.A.), the Custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Custodian as of September 30, 2011 and December 31, 2010 and for the period and year then ended, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Camarata Masonry Systems 401(k) Plan (the Plan) provides only general information. Participants should refer to the legal Plan document for a more complete description of the Plan's provisions.

General – The Plan was a qualified retirement plan available to all nonexcluded employees of Camarata Masonry Systems, Ltd. (the Company) who had obtained age 21 or older. The Plan was adopted to provide eligible employees the opportunity to save for retirement on a tax-advantaged basis. The Plan was originally effective on January 1, 2005 and subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated effective January 1, 2009, to conform the Plan to new tax laws.

On September 30, 2011, all Plan assets were liquidated and transferred to the AGC Houston Chapter Multiple Employer 401(k) Plan. After this merger, the Plan ceased to exist.

Contributions – Participants could elect to defer a percentage of their compensation each year, not to exceed a dollar limit which was set by law. A participant's election would remain in effect until they chose to modify or revoke it. Participants who attained at least age 50 by the end of the year could elect to defer additional amounts as catch-up contributions. In addition, participants were permitted to deposit into the Plan distributions they had received from other retirement plans.

Safe harbor matching contributions were made to the Plan by the Company for eligible participants. A Plan participant was eligible for the matching contribution after completing one year of service. The safe harbor matching contribution was equal to 100% of the participant's salary deferrals not to exceed 3% of compensation, plus 50% of salary deferrals between 3% and 5% of a participant's compensation.

Participant Accounts – Each participant's account was credited with their contributions, rollovers, employer contributions, and Plan earnings or losses. Participant accounts were also charged with an allocation of certain administrative expenses. A participant's account did not share in the investment performance of other participants. The benefit to which a participant was entitled was the benefit that could be provided from the participant's account.

Vesting – Participants were immediately vested in their contributions, rollovers, and safe harbor matching contributions and earnings or losses thereon.

Investment Options – Participants directed the investment of their entire interest in the Plan into various investment securities. The Plan offered various mutual funds in pooled separate accounts as investment securities for participants.

Payment of Benefits – Upon normal retirement, disability, death or termination of employment, a participant or beneficiary was entitled to receive 100% of their account balance. Benefits were paid in a single lump-sum payment. Participants automatically received a single lump-sum payment if their vested interest in the value of their terminated benefit did not exceed $1,000.

Participants age 59½ or older could withdrawal all or any part of their vested account. A participant could also request a hardship withdrawal to satisfy certain immediate and heavy financial needs.

Administrative Expenses – The Plan permitted the payment of Plan expenses to be made from the Plan's assets. The expenses paid using Plan assets were generally allocated among the accounts of all participants in the Plan. These expenses were allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. Certain other expenses specifically incurred by, or attributable to, a participant were paid from their account.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan were prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) required the Company to make estimates and assumptions that affect certain reported amounts at the date of the financial statements and during the reporting period. Actual results may differ from those estimates.

Income Valuation and Recognition – Investments were reported at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Net depreciation in fair value of investment includes realized gains and losses on investments sold during the year and unrealized appreciation or depreciation of investments held at year-end. Purchases and sales of securities were recorded on a trade-date basis.

Payment of Benefits – Benefits were recorded when paid.

Subsequent Events – The Plan has evaluated subsequent events through August 10, 2012, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures,* provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described as follows:

- **Level 1** – Quoted prices in active markets for identical assets or liabilities.

- **Level 2** – Inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

- **Level 3** – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value

Pooled Separate Accounts – Investments in mutual funds held in pooled separate accounts are stated at fair value based upon quoted market prices of the net asset value of shares held by the Plan at year-end.

The preceding method could produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2010			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Lifestyle	$ 681,573	$ -	$ -	$ 681,573
Growth and income	2,891	-	-	2,891
Conservative	118,774	-	-	118,774
Total assets at fair value	$ 803,238	$ -	$ -	$ 803,238

There were no significant transfers between Level 1 and Level 2 investments during 2011.

NOTE 4 – INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

Investments and investment activities included in the accompanying statements of net assets available for benefits and the statement of changes in net assets available for benefits have been certified as accurate and complete by John Hancock Life Insurance Company (U.S.A), the Custodian for the Plan, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the certified information except for comparing such information to information included in the Plan's financial statements.

NOTE 5 – INVESTMENTS (UNAUDITED)

All investments of the Plan were participant-directed. Investments that represent 5% or more of the net assets available for benefits are summarized as follows:

Lifestyle Fund Aggressive Portfolio *	$ 111,396
Lifestyle Fund Growth Portfolio*	156,399
Lifestyle Fund Balanced Portfolio *	191,172
Lifestyle Fund Moderate Portfolio *	40,303
Lifestyle Fund Conservative Portfolio *	182,303
Money Market Fund *	118,774

* Indicates party-in-interest.

During 2011, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $65,539.

NOTE 6 – PLAN TERMINATION

On August 5, 2011, the Company approved the liquidation of all Plan assets, effective September 30, 2011, into the AGC Houston Chapter Multiple Employer 401(k) Plan. As a result of this transaction, all participant accounts were transferred to the AGC Houston Chapter Multiple Employer 401(k) Plan; and the Plan ceased to exist.

NOTE 7 – TAX STATUS

The Plan was a volume submitter profit sharing plan with CODA that was adopted by the Company. The volume submitter plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service (IRS) stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan did not request its own determination letter from the IRS. The Company believes that the Plan is designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan and has concluded that as of September 30, 2011, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there were currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examinations for years that are considered closed for tax filing purposes.

NOTE 8 – RELATED PARTY TRANSACTIONS

Certain Plan investments were shares of mutual funds held in pooled separate accounts that were managed by the Custodian. These transactions qualified as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA. Fees paid by the Plan for the investment management services were included with net depreciation in fair value of investments. The Company also provided to the Plan certain accounting and administrative services for which no fees were charged.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities were exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the value of investment securities would occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
