Independent Auditors' Report

To the Plan Administrator and Participants
of the Xoriant Corporation 401(k) Profit Sharing Plan

We were engaged to audit the financial statements and supplemental schedule of the Xoriant Corporation 401(k) Profit Sharing Plan ("the Plan") as of December 31, 2011 and 2010, and for the year ended December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank and Trust Company ("State Street"), the trustee and custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. The Plan Administrator has informed us that State Street holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from State Street as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the Plan Administrator by State Street is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by State Street, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

XORIANT CORPORATION 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010 (See Independent Auditors' Report)

NOTE 1 - DESCRIPTION OF PLAN

General **-** The following description of the Xoriant Corporation 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established in 1997 by Xoriant Corporation ("the Company" or "Plan Administrator") covering all eligible employees of the Company as defined in the Plan agreement. Non-resident aliens, union employees, and leased employees are excluded from Plan participation. The Plan Administrator believes the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration **-** An Administrative Committee ("the Committee") manages the operation of the Plan. The Company has contracted with State Street Bank and Trust Company ("State Street"), to act as trustee and custodian. The Company has contracted with a third-party record-keeper to process and maintain the records of participant data.

Contributions **-** Each year, participants may contribute up to an annual maximum of 90% of eligible compensation as defined in the Plan agreement, not to exceed the maximum statutory amount. Participants who are age 50 or older can elect to make catch-up contributions to the Plan, not to exceed the maximum statutory amount. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may make discretionary matching contributions to the Plan each year. In 2011, the Company matched 25% of a participant's contribution up to a maximum of 6% of compensation. The Company match in the amount of approximately $49,500 for 2011 was entirely funded through forfeitures in 2012.

Participant Accounts **-** Each participant's account is credited or charged with the participant's contribution, the Company's matching contribution (if any), Plan earnings or losses, and Plan expenses as applicable to the Plan. Plan earnings and losses are credited or charged to participant accounts based on participant investment choices. All contributions/investments are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Certain fees are charged by the custodian and included in investment income and losses and charged to participant accounts. Participants should refer to the funds' prospectuses for further information on these fees.

Vesting **-** Participants are immediately vested in their contributions and rollover amounts plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts is based on years of service. Participants vest at the rate of 25% after the first year of credited service and are fully vested after four years of credited service. Participants fully vest upon death, permanent disability, and normal retirement or Plan termination.

Notes Receivable from Participants **-** Participants may borrow from their fund accounts a minimum of $500 up to a maximum of $50,000 or 50% of their account balance, whichever is less. Participants may only have one note outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. Outstanding notes at December 31, 2011 and 2010 carry an interest rate of 4.25%. Principal and interest is paid ratably through payroll deductions. Notes must be repaid in five years, unless used for the financing of a principal residence in which case the periodic repayment period may be longer. The Plan Administrator establishes the specific terms and conditions of such notes.

Payment of Benefits **-** Distributions from the Plan may only be made after specific events have occurred. Participants are eligible for a distribution upon termination of employment, death, retirement, and disability and are paid in accordance with Plan provisions. Subject to meeting certain conditions, participants may be eligible to receive distributions up to their vested account balance in the case of financial hardship. Participants are eligible to receive in-service distributions upon attaining age $59^{1/2}$.

Forfeited Accounts - Forfeitures can be used to pay Plan expenses or reduce employer contributions. The forfeiture employer matching account balance was approximately $53,000 and $93,000 at December 31, 2011 and 2010, respectively. Approximately $34,000 of forfeitures were utilized in 2011 to pay the prior year (2010) employer contributions. Forfeitures used to pay Plan expenses amounted to approximately $10,000 for year 2011.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting **-** The accompanying financial statements are prepared on the accrual basis of accounting in accordance with principles generally accepted in the United States of America.

Use of Estimates **-** The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition **-** Investments of the Plan are reported at fair value as determined by State Street. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants **-** Notes receivable from participants in the financial statements are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Operating Expenses **-** Recordkeeping expenses incurred for administering the Plan are paid by the Company. Plan audit expenses were paid by the Plan. Distribution and participant note fees are paid by the participant.

Payment of Benefits **-** Benefits are recorded when paid.

Accounting pronouncement **-** In May 2011, the Financial Accounting Standards Board issued ASU 2011-04, "Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS." ASU 2011-04 amended ASC 820, "Fair Value Measurement," to converge the fair value measurement guidance in GAAP and International Financial Reporting Standards. Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular

principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

Subsequent Events **-** The Plan has evaluated subsequent events through September 24, 2012, the date the financial statements were available to be issued.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 - CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by State Street as of December 31, 2011 and 2010, and transactions entered into during the year ended December 31, 2011, regarding the current value of assets held, and transactions entered into, were used in the preparation of the accompanying financial statements and supplemental schedule. The following table includes the fair values of investment funds that represent 5% or more of the Plan's net assets available for benefits at December 31:

During the year ended December 31, 2011 dividends and interest income was as follows:

Mutual fund dividends	$33,192
Interest income on notes receivable from participants	$2,220

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows for the year ended December 31, 2011:

Gain on collective investment funds	$ 32,450
Net change in market value adjustment for collective investment funds	(17,838)
Net collective investment fund income	14,612
Mutual funds	(157,331)
Total	($142,719)

NOTE 5 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end based on closing market prices.

Collective Investment and Collective Trust funds: Valued on a unitized basis based on the underlying fair value of the investments in the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2011

NOTE 6 - COLLECTIVE INVESTMENT/TRUST FUNDS

The SSGA S&P 500 Index, SSGA Stable Value funds and Invesco Stable Asset fund are collective investment/trust funds valued at contract value as reported by State Street. Effective January 21, 2011, the SSGA Stable Value fund was transferred to the Invesco Stable Asset fund. Collective investment/trust funds held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment/trust funds. The funds are fully benefit-responsive. For the SSGA S&P 500 Index fund contract value approximates fair value as of December 31, 2011 and 2010. For the Invesco Stable Asset fund the adjustment from fair to contract value is reflected on the statement of net assets available for benefits as of December 31, 2011. For the SSGA Stable Value fund the adjustment from fair to contract value is reflected on the statement of net assets available for benefits as of December 31, 2010.

The average yield to the Plan and the average yield to participants for the SSGA S&P 500 Index fund was approximately -0.25% for 2011 and 14% for 2010. There is no crediting rate for this fund. For the Invesco Stable Asset fund, the average yield to the Plan and the average yield to participants were approximately 0.63% for 2011. The average crediting rate for the fund was approximately 1.72% for 2011. For the SSGA Stable Value fund, the average yield to the Plan and the average yield to participants were approximately 1% for 2010. The average crediting rate for the fund was approximately 1.85% for 2010. Crediting income to the funds is based on the Plan's contract with State Street.

NOTE 7 - PLAN TERMINATION AND/OR MODIFICATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend or terminate the Plan at any time, subject to the provisions of ERISA.

NOTE 8 - RELATED PARTY TRANSACTIONS

Plan investments are managed by the custodian and are considered party-in-interest transactions under ERISA regulations. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 9 - TAX STATUS

The Plan has adopted a prototype plan, which received a favorable opinion letter dated March 31, 2008 from the Internal Revenue Service. The Plan has been amended since, however, the Plan Administrator believes that the Plan, as amended, and the related trust are designed in accordance with applicable sections of the Internal Revenue Code and state statutes and is exempt from federal income and state franchise taxes.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years for which the applicable statutes of limitations have expired.

NOTE 10 - SUBSEQUENT EVENTS

Effective April 2, 2012, the Plan changed providers from State Street to Transamerica Retirement Services (TRS) and adopted a Transamerica Prototype Plan which received an opinion letter dated September 14, 2011. Plan assets were transferred in accordance with the provisions of ERISA and mapped to similar funds at TRS. The black-out period in connection with the change was from March 23, 2012 to April 23, 2012. Additionally, the Plan changed the third party administrator from ADP Retirement Services to Nicholas Pension

Consultants and a Company Officer became Plan Trustee. In connection with the change in providers, the Plan was amended effective January 1, 2012 as follows:

1. To change the Plan's eligibility requirements to be completion of one month of service for participant salary deferrals, attainment of age 21 and completion of one year of service for the discretionary employer profit sharing and discretionary employer matching contributions. Previously there was no age or service requirement for participant salary deferrals; and for the match the requirement was one year. Employer profit sharing contributions were not previously allowed.
2. To change the Plan's entry dates to be monthly. Previously the entry date was on the date of hire.
3. To change the year of service definition for vesting purpose to 12 months of service during the calendar year ending within the Plan year. Previously to earn a year of service for vesting purposes the participant must be credited with at least 1,000 hours of service during a Plan year.
4. To allow for automatic rollover of terminated participant balances between $1,000 to $5,000 to an IRA Rollover account designated by the Plan Administrator. Previously there was no such provision.
