As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Charles Schwab Bank, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2011 and 2010 and for the year ended December 31, 2011 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule as a whole. The information included in the supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Seyfarth Shaw LLP 401(k) Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The Plan is a defined contribution plan covering all partners and employees of Seyfarth Shaw LLP (the Firm) whose employment is not governed by a collective bargaining agreement, have attained age 21, and who have completed one month of service. Independent contractors are excluded from participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Firm is the plan administrator and plan sponsor.

Contributions: Each year, participants may contribute up to 50% of compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Firm, at the sole discretion of the Pension Committee, may elect to make a contribution to the Plan on behalf of all eligible nonlegal employees, subject to Internal Revenue Code (the Code) limits. In 2011, the Firm contributed 7.5% of eligible participant's compensation. Employees who are engaged in the practice of law are not currently eligible to receive any firm contributions under the terms of the Plan.

Participant Accounts: Each participant's account is (a) credited with the participant's contribution and allocations of the Firm's contribution and (b) adjusted for investment experience and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participant contributions to the Plan, whether made through payroll deduction or by "rollover" of an interest in another qualified retirement plan, are always fully vested. Participants are fully vested in the Firm's contributions after five years of service. Notwithstanding the aforementioned, if a participant completes one hour of service on or after January 1, 2007, he or she is immediately 100% vested in his or her contributions from the Firm.

Participant forfeitures of employer contributions can be used to offset future employer contributions or can be reallocated to remaining participants, based upon their relative account balances. Forfeitures not yet used by the Firm to offset employer contributions or to reallocate to remaining participants as of December 31, 2011 and 2010 were $34,352 and $19,082, respectively.

Notes Receivable from Participants: Upon approval of the plan administrator, a participant may receive a loan from the balance in their account subject to certain conditions. Generally loan amounts may not exceed the lesser of 50% of the participant's vested account balance or $50,000. Interest rates on participant loans are set at the time of loan issuance and are equal to the prime rate plus 1%.

Payment of Benefits: On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Administrative Expenses: Investment expenses charged by the Plan's investment funds and certain administrative fees are paid by the Plan. Other expenses incurred in the administration of the Plan are paid by the Firm.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value as further described in Note 6. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statement of net assets available for benefits, any material difference between the fair value of the Plan's indirect interest in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals, and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds an indirect interest in such contracts through its investments in the stable value fund and lifestyle collective trusts.

Risks and Uncertainties: The Plan provides for investment options in certain collective trusts, mutual funds and other investments. The underlying investment securities are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

(Continued)

NOTE 4 - UNAUDITED INFORMATION - CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from investments supplied to the plan administrator and certified as complete and accurate by the Charles Schwab Bank the trustee of the Plan. This information has not been audited by independent accountants.

NOTE 5 - INVESTMENTS

The following table lists the fair values for the Plan's investments that represented 5% or more of the Plan's net assets available for benefit as of December 31, 2011 and 2010:

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held, during the year) appreciated (depreciated) in value by $5,251,603 as follows:

Mutual funds	$ (4,628,652)
Collective trust funds	63,099
Common stocks	(418,005)
Other	(268,045)
	$ (5,251,603)

During the year ended December 31, 2011, the Plan's investments earned interest and dividend income of $2,711,419.

NOTE 6 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

> Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
>
> Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
>
> Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds, preferred stock and common stock: The fair values of mutual funds, preferred stock, and common stock are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Lifecycle collective trusts: Each life cycle collective trust has a component invested in stable value funds. The fair values of participation units in the life cycle collective trusts are based upon the net asset values of such funds, after adjustments to reflect all stable value fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (level 2 inputs). The investment objectives and underlying investments of the collective trusts vary, with some holding domestic equities, international equities, fixed income, and stable value. The funds invest in a combination of underlying Schwab Institutional Trust Funds, Schwab Stable Value Funds, non-proprietary mutual funds and collective trust funds, and separate accounts. Each collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Certificate of Deposit Accounts: Fair values are estimated to approximate deposit account balances, payable on demand, as no discounts for credit quality or liquidity were determined to be applicable (level 2 inputs).

(Continued)

Stable value fund: The fair values of participation units in the stable value collective trust are based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (level 2 inputs). The fund seeks to provide a stable rate of return with preservation of principal and liquidity as primary objectives, although there is no guarantee against loss of principal. It also provides a core holding for retirement plan that is highly diversified and invests primarily in high-quality financial instruments and utilizes multiple sub-advised strategies and wrap contracts. The stable value fund provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

U.S. government and agency securities: Fair values reflect the closing price reported in the active market in which the security is traded (level 1 inputs).

Corporate bonds: Corporate bonds are valued at the closing price reported in the active market in which the bond is traded (level 1 inputs).

Life insurance contracts: Valued at the cash surrender value of the policies (level 2 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as a fiduciary of the Plan, any party rendering services to the Plan, the Firm, and certain others. Certain of the Plan's investments are shares of collective trust funds managed by Charles Schwab Trust Company. The Charles Schwab Trust Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $11,570 for the year ended December 31, 2011 qualify as party-in-interest transactions.

NOTE 8 - TAX STATUS

On July 31, 2008, the Internal Revenue Service issued a favorable determination letter stating that the Plan meets the requirements under Section 401(a) of the Internal Revenue Code ("Code"). The trust which funds the Plan is therefore exempt from taxation under the provisions of Section 501(a) of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the Code.
