NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Cameron Communications, LLC Cash or Deferred Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have 90 days of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company refers to employees of the following companies: Cameron Communications, LLC, and LBH, LLC.

Contributions

Each year amounts may be contributed by the Company at the option of the Company's board of directors. Participants may defer an annual limit of the lesser of 50% of eligible compensation or $16,500 for 2011 and 2010. The plan provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making Deferral Contributions to the Plan may also make a catch-up contribution of $5,500 for 2011 and 2010. The Company contributes 50% of the first 10% of base compensation that a participant contributes to the Plan. Profit sharing contributions can be made at the Sponsor's discretion.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings and market fluctuations. The vested portion of the value of the participant's employer contributed account shall be based on the number of years of service. The vesting schedule is as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	50%
3	100%

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN - (Continued)

Participant Loans

Participants may borrow from their own salary deferral savings account once each year. The minimum loan is $1,000 and the maximum amount is the lesser of one-half of the vested account balance or $50,000 reduced by the highest outstanding loan balance in the account during the prior twelve month period. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participants' account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator.

Principal and interest is paid ratably through monthly payroll deductions. All loans shall bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. For the purpose of Code Section 72(p), the participant shall then be treated as having a deemed distribution regardless of whether or not a distribution event has occurred.

Payment of Benefits

Distributions must commence no later than the first day of April following the calendar year in which the later of termination of employment or age 70 1/2 occurs.

The participant may elect to receive the distribution in a lump-sum or in the form of an annuity.

Forfeited Accounts

At December 31, 2011 and 2010, forfeited nonvested accounts totaled $-0- and $9,431, respectively. These accounts are to be used to reduce future employer contributions and defray administrative expenses of the Plan which consist of attorney fees, audit fees and record keeping costs.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are based primarily on quoted prices for similar assets or liabilities in active or inactive markets and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

NOTE 6 - FAIR VALUE MEASUREMENTS (Continued)

Level 3 Fair Value Measurements

The participant loans are not actively traded and significant other observable inputs are not available. The fair value of participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

December 31, 2011	Participant Loans	December 31, 2010	Participant Loans
Balance, at beginning of year	$ 186,424	Balance, at beginning of year	$ 166,228
Purchases, sales, issuances	32,303	Purchases, sales, issuances	20,196
Balance, end of year	$ 218,727	Balance, end of year	$ 186,424

There were no gains or losses, either realized or unrealized, included in the changes in net assets available for benefits for participant loans.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2011 and 2010, result entirely from investments in mutual funds and are reported as net appreciation (depreciation) in fair value of investments.

NOTE 7 - TAX STATUS

The Plan obtained its latest determination letter on July 30, 2003 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. The Plan administrator and the Plans' tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2008.

NOTE 8 - SEPARATED PARTICIPANTS

At December 31, 2011, accounts totaling $1,307,501 belong to six separated participants who at the date of the financial statements have not directed disbursement of their accounts.

NOTE 9 – CERTIFIED INFORMATION

Fidelity, as custodian of the Plan, holds all of the Plan's investment assets and executes transactions therein. Financial information relating to the assets is included in the accompanying financial statements and is based on information provided by the custodian. The plan administrator has instructed the independent certified public accountants not to examine the information certified as complete and accurate by the custodian. The custodian's certificate applies to substantially all Plan assets and transactions for the dates presented, as well as the Statement of Assets Held for Investment Purposes.

NOTE 10 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
