Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITORS' REPORT

To the Trustee Committee
New York Islanders Hockey Club, LP 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of New York Islanders Hockey Club, LP 401(k) Plan (the "Plan") as of December 31, 2011 and 2010, the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held At End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by John Hancock Life Insurance Co. of New York, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1. DESCRIPTION OF PLAN

The following description of New York Islanders Hockey Club, LP 401(k) Plan (the "Plan") provides only general information. For a more complete description of the Plan's provisions, refer to the Plan document.

General

The Plan is a defined contribution plan covering all employees of the New York Islanders Hockey Club, LP ("NYI") and Harbor Yard Sports and Entertainment, LLC ("HYSE") (collectively known as the "Company"), except members of a collective bargaining unit and non-resident aliens, who have completed one month of service and 83 hours of service each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Contributions

Amounts deferred by a participant in any calendar year may not exceed the limits specified under Internal Revenue Code ("IRC") Sections 401(k), 404 and 415.

Employer Contributions

Pursuant to the Plan's provisions, each participant will receive the basic matching contribution of 100% of the elective deferral that does not exceed 4% of compensation, subject to Internal Revenue Service ("IRS") compensation limits. The Company may also make a discretionary employer contribution. In order to receive a non-elective employer contribution, a participant must complete 1,000 hours of service and be employed on the last day of the year. If a participant dies or becomes disabled during the year, the participant is entitled to a match, regardless of the above rule.

Participants' Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, Plan earnings, and forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The participants elect from among several investment vehicles offered by the Plan to which contributions are directed on their behalf.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account at his or her election within a reasonable amount of time.

Notes Receivable from Participants

The minimum loan amount is $1,000 and the maximum is the lesser of $50,000 or 50% of the vested account balance. Interest on the loan is charged at prime plus 1.5%. The maximum term for loans is generally five years.

If a participant fails to make a payment when the loans are due under the terms of the loan, that participant will be in default. The loan in default could be considered a distribution from the Plan and could be considered income to the participant. Failure to repay a loan will reduce the benefit a participant would otherwise be entitled to from the Plan.

When a loan is made, the employee's account is charged, thereby reducing the balance in

Notes Receivable from Participants (Continued)
the employee's account.

The repayment of the loan, including interest, is credited to the specific employee account as received (i.e., the interest paid on the loan is credited to the account of the participant borrower).

Vesting
Participants are immediately vested in their contributions, allocated earnings or losses thereon, safe harbor matching contributions, and amounts transferred from other plans.

All participants entering the Plan will have a nonforfeitable right to a percentage of the employer's matching and discretionary contributions based upon the following schedule:

Years of Vesting Service	Nonforfeitable Percentage
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Forfeitures
Forfeitures will be used to supplement employer matching contributions. Forfeitures are allocated to participants in the same manner as the employer contributions to which they relate. Forfeitures of nonvested accounts amounted to $29,815 and $21,017 for the years ended December 31, 2011 and 2010, respectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared using the accrual basis of accounting.

Recently Adopted Accounting Pronouncements
In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2010-06, *Improving Disclosures about Fair Value Measurements.* This update amends FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, to require new disclosures for significant transfers in and out of Level 1 and Level 2 fair value measurements, disaggregation regarding classes of assets and liabilities, valuation techniques, and inputs used to measure fair value for both recurring and nonrecurring fair value measurements for Level 2 or Level 3. These disclosures are effective for reporting periods beginning after December 15, 2009. Additional new disclosures regarding the purchases, sales, issuances, and settlements in the rollforward of activity in Level 3 fair value measurements are effective for fiscal years beginning after December 15, 2010. The Plan adopted certain of the relevant disclosure provisions of ASU 2010-06 on January 1, 2010, and certain other provisions on January 1, 2011. The adoption of this standard did not have a material effect on the Plan's financial statements.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Under this standard, fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Investment Valuation and Income Recognition

The Plan's investments in pooled separate accounts are valued at net asset value as reported by the investment manager of the fund. The pooled separate accounts are redeemable daily, without restriction. Investments in the guaranteed interest account and the stable value fund are valued at fair value at the valuation date and are then adjusted to contract value. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded as earned on an accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fully Benefit-Responsive Investment Contracts

FASB ASC 946, *Financial Services - Investment Companies* ("FASB ASC 946"), states that investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were able to initiate permitted transactions under the terms of the Plan. As required by FASB ASC 946, the statements of net assets available for plan benefits present the fair value of the investment contracts with an adjustment to contract value.

Investment Alternatives

Pooled Separate Accounts

The Plan has an investment contract with John Hancock Life Insurance Company of New York (the "Custodian"). Under the terms of the contract, the Custodian maintains the contributions in a pooled separate account. Each participant establishes his or her own separate investment accounts within the pooled separate account. Investment accounts are sub-accounts within the pooled separate account, which primarily consists of mutual funds. The pooled account is entirely segregated from the general funds of the Custodian and is subject to the investment direction of the participants. Contributions into the participant's investment account purchase units of the sub-accounts. An investment in a fund will fluctuate in value to reflect the investment results of the fund's holding. The value of an account is determined by the value of the sub-account multiplied by the number of units in the account. Any income, gains or losses, whether realized or unrealized, will be credited to or charged against the account without regard to the other income, gains or losses of the Custodian. The sub-accounts are subject to an annual investment charge. The Plan allows inter-account transfers.

Guaranteed Investment Contract

Participants may also invest in guaranteed interest accounts ("GIA") in which his or her contribution will accumulate interest in the Custodian's general funds over a defined term of 10 years, providing all contributions remain in the account until the end of the guarantee period. GIAs are designed to preserve principal, primarily through investments in federal and other government bonds, corporate bonds and commercial mortgages, and are commingled with the Custodian's other assets. Interest rates are established on the first day of each calendar month and apply to all regular ongoing contributions made to the account in that month. At the end of each year, a crediting interest rate is determined based upon an agreed-upon formula with the Custodian. Contributions made during a year will continue to earn that year's crediting interest rate until the end of the guaranteed term. The actual weighted average crediting interest rate was 2.53% and 2.90% at December 31, 2011 and 2010, respectively. The average yields were approximately 1.30% and 1.25% for December 31, 2011 and 2010, respectively. There are no reserves against the contract value for credit risk of the contract issuer.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Alternatives (Continued)

Stable Value Fund

Participants may also invest in stable value fund accounts ("SVF"). Because the SVF is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the SVF. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The actual weighted average crediting interest rate was 3.02% and 3.40% in December 31, 2011 and 2010, respectively. The average yields were approximately 1.97% and 2.83% for December 31, 2011 and 2010, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

With respect to the GIA and the stable value fund, certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Administrative Expenses

Administrative expenses of the Plan, such as accounting and legal fees, are paid by the Company.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, the Company has evaluated subsequent events through September 24, 2012, the date on which these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTE 3. CASH

At December 31, 2011 and 2010, cash represents forfeiture balances that have not yet been allocated to the participants.

NOTE 4. FAIR VALUE MEASUREMENTS

Assets and liabilities measured at fair value are based on one or more of three valuation techniques identified in the tables below. The valuation techniques are as follows:

(a) *Market approach.* Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities;

(b) *Cost approach.* Amount that would be required to replace the service capacity of an asset (replacement cost); and

(c) *Income approach.* Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques, option pricing and excess earnings models).

The following tables summarize the Plan's assets measured at fair value on a recurring basis, categorized by GAAP's valuation hierarchy, as of 2011 and 2010:

Description	Level 1: Quoted Prices in Active Markets for Identical Assets	Level 2: Significant Other Observable Inputs	Level 3: Significant Unobservable Inputs	Total at December 31, 2011	Valuation Technique

During the years ended December 31, 2011 and 2010, there were no transfers between levels of the fair value hierarchy.

The following is a description of the valuation methodologies used for instruments measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled separate accounts, and the *stable value fund* are valued using the net asset value ("NAV") provided by the trustee. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding.

Guaranteed interest accounts are stated at fair value. The fair value of the GIAs are calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The following tables summarize investment and other asset information regarding the Plan as of December 31, 2011 and 2010, and for the year ended December 31, 2011, included in the Plan's financial statements and supplemental schedule, that was prepared by, or derived from, information prepared by the Custodian, and furnished to the plan administrator. The plan administrator has obtained certifications from the Custodian that such information is complete and accurate.

	2011	2010
Investments:		
Greater than 5% of net assets:		
JNY Lifestyle Moderate Fund	$ 413,425	$ 369,889
JNY Lifestyle Aggressive Fund	2,110,452	1,061,836
JNY Lifestyle Balanced Fund	929,104	818,077
JNY Lifestyle Growth Fund	1,053,691	1,873,854
	4,506,672	4,123,656
Others, less than 5% of net assets available for benefits individually	1,763,949	1,651,433
Total investments	$ 6,270,621	$ 5,775,089
Notes receivable from participants	$ 57,952	$ 32,315
Cash	$ 4,432	$ 34,223

The Custodian also certified as to the accuracy and completeness of the following:

Net appreciation (depreciation) in fair value of investments:	
Pooled separate accounts	$ (239,048)
Guaranteed investment accounts	334
Stable value fund	3,850
	$ (234,864)
Interest - notes receivable from participants	$ 2,752

NOTE 6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7. RELATED PARTY TRANSACTIONS

Substantially all of the Plan's investments consist of investments in units of pooled separate accounts managed by the Custodian; therefore, these transactions qualify as party-in-interest transactions.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in combinations of pooled separate accounts and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9. NET ASSET VALUE PER SHARE

The following tables set forth a summary of the Plan's investments with a reported NAV per share at December 31, 2011 and 2010:

	Fair Value Estimated Using NAV per Share December 31, 2011				
Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled separate account (a)	$ 6,028,938	$ -	Daily	None	None
Stable Value Fund (b)	226,839	-	Daily	None	Up to 12 months
Total	$ 6,255,777	$ -			

	Fair Value Estimated Using NAV per Share December 31, 2010				
Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled separate accounts (a)	$ 5,548,000	$ -	Daily	None	None
Stable Value Fund (b)	215,332	-	Daily	None	Up to 12 months
Total	$ 5,763,332	$ -			

The fair values of the investments have been estimated using the NAV of the investments:

(a) The pooled separate accounts seek various investment objectives including the long term growth of capital, a high level of total return, or a combination of both. The investment objectives are determined by the underlying investments owned by each pooled separate account.

(b) The stable value fund seeks to achieve a stable unit value, a competitive current return, a high-quality diversified portfolio, and liquidity by investing in high-quality insurance company and bank investment contracts, private placements, money markets, and other investments.

NOTE 10. TAX STATUS

The Plan uses a prototype plan document sponsored by Associated Pension Consultants, Inc. Associated Pension Consultants, Inc. received an opinion letter from the IRS, dated March 31, 2008 which states that the prototype document satisfied the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Although the Plan has been amended since the prototype plan document sponsored by Associated Pension Consultants, Inc. and used by the Plan received its opinion letter from the IRS, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.
