We were engaged to audit the accompanying statements of net assets available for benefits of Weitz and Luxenberg Employee Savings Plan (the "Plan") as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental information of schedule of assets (held at end of year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Guardian Insurance and Annuity Company, Inc., the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1. Description of Plan

The following description of the Weitz and Luxenberg Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Weitz & Luxenberg, P.C. (the "Company"). The Plan was established January 1, 1992, and most recently amended on April 15, 2010, effective retroactively to January 1, 2010. Employees become eligible to participate in the Plan upon completing three months of service and attaining the age of 21. Employees are eligible to enter the Plan and begin making salary reduction contributions on the earlier of January 1, April 1, July 1, or October 1 after meeting the eligibility requirements. Employees become eligible to receive Company discretionary profit sharing and supplemental contributions upon completion of one year of service and attaining the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute an amount up to 75 percent of their annual compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary profit sharing and supplemental contributions as determined. The Company does not make matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in the value of their contributions plus actual earnings thereon. Company contributions are subject to vesting provisions as follows:

Years of Service	Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

NOTE 1. Description of Plan (continued)

Forfeited Accounts

Forfeitures of unvested Company contributions may be applied to reduce future Company contributions or to pay administrative expenses of the Plan. For the year ended December 31, 2011, no forfeitures were used to reduce future Company contributions or to pay administrative expenses.

Notes Receivable from Participants

Participants may borrow up to the lesser of $50,000 or 50% of the participant's vested account balance. The minimum loan amount is $1,000. Loans are collateralized by the participant's vested account balance and are accounted for as a specific investment of the borrowing participant's account. Loan repayments are made at least quarterly with interest based on interest rates comparable to those offered by financial institutions. Loans for reasons other than the purchase of a primary residence are to be repaid within five years. Loans are reported at their unpaid principal balances plus any accrued but unpaid interest.

Notes receivable from participants approximate the amortized cost of the loans because the loans are secured by each respective participant's account balance.

Payment of Benefits

Upon termination of employment, retirement, death or disability, a participant or their beneficiary, in the event of death, is entitled to distribution of their vested account balance. A participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or equal monthly, quarterly, semi-annual, or annual installments over a period not to exceed the lifetime of the participant or the participant's beneficiary. However, if the value of a participant's vested interest is $5,000 or less, a lump-sum distribution will be made to the participant or his or her beneficiary. During service, participants may withdraw amounts from their salary reduction accounts to satisfy an immediate and heavy financial need, upon provision of proof to the satisfaction of the Plan administrator. Certain income tax penalties may apply to distributions taken prior to age 59½. Distributions are subject to the applicable provisions of the Plan agreement. Benefit claims are recorded as expenses when they have been approved for payment and paid by the Plan.

Administrative Expenses

At the election of the Company, expenses incurred in the administration of the Plan may be paid by the Company or using assets of the Plan. For the year ended December 31, 2011, the Company paid a significant portion of administrative fees.

NOTE 2. Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through August 7, 2012, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for investments in financial instruments that, in general, are exposed to risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur and materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3. Information Prepared And Certified By Trustee

The following information included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2011 and 2010, was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2011	2010
Investments, at fair value		
Investments	$ 11,841,572	$ 11,457,520
Net change in fair value of investments	(488,735)	1,193,258
Interest	4,496	23,064

NOTE 4. Investment Contract with Insurance Company

In 2002, The Plan entered into a benefit-responsive investment contract with Guardian Insurance and Annuity Company, Inc. (Guardian). Guardian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Guardian.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Guardian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with Guardian. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-off of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974.

The average yields of the guaranteed investment contract for 2011 and 2010, were 1% and 4%, respectively.

The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

NOTE 4. Investment Contract with Insurance Company (continued)

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2011 and 2010, was $44,360 and $39,406, respectively.

NOTE 5. Plan Amendments

Effective January 1, 2010, the Plan was amended and restated to comply with the requirements of the Employee Retirement Income and Security Act (ERISA) of 1974, the Internal Revenue Code of 1986, as amended by subsequent legislation, including The Economic Growth and Tax Relief Reconciliation Act (EGTRRA) of 2001 and the Job Creation and Workers Assistance Act (JCWAA) of 2002, and all applicable rulings and Regulations promulgated thereunder.

NOTE 6. Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated May 25, 2004, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In a determination letter dated July 6, 2010, the Internal Revenue Service informed the Company that the Plan continues to qualify under the applicable Internal Revenue Codes.

NOTE 7. Transactions with Parties-in-Interest

The Plan invests in shares of mutual funds managed by Guardian, who acts as custodian for the Plan. The Plan loans funds to its participants according to the applicable provisions of the Plan agreement. The Company provides the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE 8. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurements Using:

State of Israel Bond	50,000	-	50,000
	$ 11,507,520	$ 11,418,114	$ 89,406

NOTE 8. Fair Value Measurements (continued)

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consists of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair values using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company, and the State of Israel bond are not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer; the fair value of the State of Israel Bond is stated at its maturity value. The following table provides further details of the Level 3 value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3):

	Investment Contract	Bond	Total
December 31, 2011			
Beginning balance	$ 39,406	$ 50,000	$ 89,406
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	-	-	-

Ending balance	$ 44,360	$ 50,000	$ 94,360

Ending balance	$ 39,406	$ 50,000	$ 89,406

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2011, are reported in net appreciation in fair value of investments.

NOTE 9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' accounts will be distributed in accordance with the Plan agreement.

NOTE 10. Investments

The Plan's investments are held by an administered trust fund. The following investments represent 5% or more of the Plan's net assets at December 31,

	2011	2010
Benefit Stadion Growth ETF Trust	$ 1,660,085	$ 1,837,788

Other, under 5% of net assets	3,984,052	3,318,276
Total	$ 11,891,572	$ 11,507,520

NOTE 10. Investments (continued)

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $488,735.

NOTE 11. Accounting for Uncertainty in Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition. The Plan is no longer subject to audits by the applicable taxing jurisdictions for tax periods prior to 2008, which is the standard statute of limitations look-back period.
