INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
M.J. Peterson Corp.
401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the M.J. Peterson Corp. 401(k) Plan (the Plan) as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended and the supplemental Schedule of Assets (Held at End of Year) for the year ended December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company, as custodian for certain investments and as agent for Union Bond and Trust, a custodian of certain other investments, except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained a certification from the custodian and agent as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan Administrator by the custodian and agent is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974.

NOTE 1. DESCRIPTION OF PLAN

The following brief description of the M.J. Peterson Corp. (the Company) 401(k) Plan (the Plan) provides only general informational. Participants should refer to the Plan agreement for more complete information of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of the Company who have six months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and the Plan became effective on July 1, 1996. The Plan is a qualified retirement plan designed to meet the requirements of Section 401(k) of the Internal Revenue Code. The Plan is sponsored and administered by the Company.

Certain assets of the Plan are maintained in investment funds held by Principal Life Insurance Company (Principal) who also serves as the third party administrator. The common collective trust is maintained by Union Bond and Trust.

Contributions: Each year, participants may contribute up to 100% of pretax or after tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions and the Company's contributions, into various investment options offered by the Plan. Participants may change their investment allocation on a daily basis. The Company makes a matching contribution equal to 20% of the first 4% of base compensation that a participant contributes to the Plan. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, (b) Plan earnings. Plan earnings and administrative expense allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Employer contributions vest to 100% over a six year period to the participant as follows:

1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at prevailing commercial rates as determined by the Plan administrator. Principal and interest is paid ratably through weekly payroll deductions.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits: Upon termination of service due to death, disability, retirement, or attaining age 59 ½ , a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Normal retirement age is attained when the participant reaches age 65.

Forfeitures: Forfeitures may be used by the Plan to pay Plan expenses or to reduce future employer contributions. During the years ended December 31, 2011 and 2010 forfeited accounts totaled $579 and $469, respectively. At December 31, 2011 and 2010, there were no accumulated forfeitures. Forfeitures used to reduce employer contributions and plan expenses for the years ended December 31, 2011 and 2010 amounted to $579 and $469, respectively.

Plan Expenses: Certain Plan fees and expenses, including fees and expenses connected with the costs of providing administrative services by external service providers, are paid from Plan assets.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The Plan prepares its financial statements on the accrual basis of accounting and presents fair value of net assets available for benefits and changes in these net assets in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through one collective trust. As a result, the Statements of Net Assets Available for Benefits present the fair value of the investments in collective trusts as well as the adjustment of the investment in the collective trusts from fair value to contract value relating to the fully benefit-responsive investment contracts. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Recently Issued Accounting Pronouncements: In May 2011, the FASB issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs, (ASU 2011-04).* ASU 2011-04 amended ASC 820 *Fair Value Measurements.* This update changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Other than requiring additional disclosures, the adoption of this new guidance is not expected to have a material impact on the Plan's financial statements.

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (Update) 2010-06, "Improving Disclosures About Fair Value Measurements." Topic 820 of the Accounting Standards Codification (ASC) requires new disclosures about transfers into and out of Levels 1 and 2 of the fair value hierarchy and separate disclosure about purchases, sales, issuances and settlements relating to Level 3 measurements. It also clarifies existing fair value disclosures about the level of disaggregation and about inputs and valuation techniques used to measure fair value. The new disclosures and clarifications of existing

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

disclosures are effective for interim and annual reporting periods beginning after December 15, 2009, except for the disclosures about purchases, sales, issuances and settlements in the roll forward of activity in Level 3 fair value measurements. Those disclosures are effective for periods beginning after December 15, 2010. Disclosures required under Update 2010-06 are included in the notes to the Plan's financial statements for the years ended December 31, 2011 and 2010. Other than requiring additional disclosures, the adoption of this new guidance did not have a material impact on the Plan's financial statements.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investment bought and sold as well as held during the year.

Guaranteed Interest Account with Insurance Company: The Plan currently invests in an investment contract with Principal. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the account, plus earnings, less participant withdrawals and administrative expenses which approximates fair market value at December 31, 2011 and 2010. Due to the possible market value adjustment when funds are withdrawn prior to their maturity, the investment contract is not considered benefit responsive.

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefit.

Payment of Benefits: Benefit payments to participants are recorded upon distribution.

Subsequent Event: These financial statements have not been updated for subsequent events occurring after September 9, 2012 which is the date these financial statements were available to be issued.

NOTE 3. INVESTMENTS

The following presents the fair market value of investments at December 31, 2011 and 2010 that represent 5% or more of the Plan's net assets:

	2011	2010
Principal LargeCap S&P 500 Index Separate Principal MidCap Growth Separate Account-R6	**$ 218,391**	$ 218,623
Principal MidCap Growth Separate Account-R6	**$ 80,124**	$ 80,427

* Investment balance did not meet 5% threshold at year end, presented for comparison purposes.

During the year ended December 31, 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during each year) depreciated in value by $347 (appreciated $153,384 - 2010) as follows:

	2011	2010
Pooled separate accounts	**$ (891)**	$ 152,603
Guaranteed interest accounts and common collective trust	**544**	781
Total (depreciation) appreciation	**$ (347)**	$ 153,384

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standard Board (FASB) *Accounting Standards Codification* (ASC) 820: *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Units of Pooled Separate Accounts: The separate accounts are stated at fair value based on the quoted market prices for the underlying mutual funds. The unit value of the separate accounts is calculated by dividing the total value of the assets of the separate account by the number of units in the separate account. For separate accounts that invest exclusively in mutual funds, the total value of the assets of the separate account is based on the net asset value (NAV), or price per share, of the underlying mutual fund. The mutual fund calculates its NAV by dividing the mutual fund's net assets by the mutual fund's outstanding number of shares. Units of separate accounts are classified as Level 2 investments.

Common Collective Trust: These investments are comprised of fully benefit-responsive investment contracts valued based on the net asset value (NAV) of units held by the Plan at year-end. Although the common collective trust is not available in an active market, the NAV of the units are approximated based on the quoted prices of the underlying investments that are traded in an active market. As a result, the inputs used to determine the fair value of the common collective trust is classified as a Level 2 investment.

The common collective trust has no unfunded commitments related to any of these investments, nor any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period. Certain events, such as a change in law, regulation, administrative ruling, or employer-initiated termination of the Plan, may limit the ability of the Plan to transact the common collective trust fund at contract value with the issuer. The Plan's management does not believe that the occurrence of any such event is probable.

Guaranteed Interest Accounts: Valued at fair value by discounting the related cash flow based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. These investments are classified as Level 3 investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

NOTE 5. INFORMATION PREPARED AND CERTIFIED BY PLAN CUSTODIAN

The following financial information relating to the Plan's assets at December 31, 2011 and 2010 as well as income and transactions for the years then ended have been derived from information provided by Principal Life Insurance Company, as custodian for certain investments and as agent for Union Bond and Trust, a custodian of certain other investments, and have been certified by them to the best of their knowledge as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certification, and the information relating to investments has not been audited by independent accountants.

Notes receivable from participants	**$ 55,342**	$ 24,058
Guaranteed interest accounts	**$ 232,418**	$ 208,581

NOTE 6. RELATED PARTY TRANSACTIONS

Plan investments are managed by Principal Life Insurance Company. Administrative expenses paid by the Plan to Principal amounted to $2,637 for the year ended December 31, 2011 ($2,432 - 2010). Principal Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Investment depreciation from investments sponsored by Principal investments amounted to $347 for the Plan year ended December 31, 2011 (appreciated $153,384 - 2010). Notes receivable from participants are considered party-in-interest. Interest income on participant loans amounted to $3,058 for the year ended December 31, 2011 ($1,052 - 2010).

NOTE 7. TAX STATUS

The Plan uses a prototype plan document of Principal Life Insurance Company. The prototype plan document of Principal Life Insurance Company has obtained an opinion letter from the Internal Revenue Service (IRS), which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS; however, the Plan's management and Principal Life Insurance Company, believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain tax positions that more likely than not would be sustained upon examination by the IRS. The Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in process. The Administrator believes it is no longer subject to income tax examinations for years prior to 2008.
