INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Woodruff-Sawyer & Co. Profit Sharing and Pre-tax Savings Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of Woodruff-Sawyer & Co. Profit Sharing and Pre-tax Savings Plan (the Plan) as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule of Schedule H, Line 4i–Schedule of Assets (Held at End of Year) as of the year ended December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Prudential Retirement Insurance and Annuity Company for all Prudential Retirement investments and Prudential Bank & Trust, F.S.B. for all non-Prudential Retirement investments, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the trustees as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the Plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on these accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of Woodruff-Sawyer & Co. Profit Sharing and Pre-tax Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established under Section 401(b) of the Internal Revenue Code (IRC). Woodruff-Sawyer & Co. (the Company) originally established the Plan in 1970 for the purpose of rewarding long and loyal service to the company by providing to employees additional security at retirement. All salaried employees over 20.5 years old are eligible for participation in the Plan, excluding nonresident aliens. Incidental benefits are provided in the case of disability, death or other termination of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and certain provisions of the Internal Revenue Code (IRC).

Plan Administration

The Plan is administered by the Administrative Committee of the Plan (the Committee), which consists of employees of Woodruff-Sawyer & Co. As administrator, the Committee has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the custodian). The Company paid the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses primarily comprise legal fees, auditing fees, and expenses relating to the maintenance of the Plan's records.

Contributions

Participants may contribute to the Plan from 1% to 25% of their annual eligible compensation, up to the Internal Revenue Code Section 402(g) limit of $16,500 for 2011. Participants who are age 50 or older may elect to defer additional amounts (called "catch-up contributions") to the Plan. The additional amounts may be deferred regardless of any other limitation on the amount that a participant may defer to the Plan. Participants may also contribute amounts rolled over from other qualified plans.

Effective January 2007, The Plan was amended to change the contribution periods for matching contributions, qualified nonelective contributions, and profit sharing contributions from each calendar quarter to each plan year. On behalf of each Participant who is eligible to share in discretionary matching contributions for the Plan Year, the Company provides a discretionary matching contribution equal to 3% of the Participant's contribution up to $7,350 per Participant. The match is paid yearly, and to be eligible for the match, the Participant must be employed on the first and last day of the contribution period. Effective January 1, 2011, participants in the Plan may also elect to make after-tax salary deferral contributions to Roth accounts.

Continued

1. **Description of Plan**, continued

Contributions, continued

In addition to the discretionary matching contribution, a discretionary profit sharing contribution is allocated in the amount of $1,000 per participant for the Plan year. In January 2007, the employees' discretionary matching contribution was amended from 100% of participant contribution up to $1,000 per participant to a uniform percentage determined by The Plan at its discretion. To be eligible for an allocation, the Participant must be employed during the full year for which the contribution is calculated. The Participant must be employed on the first and last day of the contribution period to be eligible to receive matching contributions, qualified nonelective contributions, and profit sharing contributions.

Contributions are limited under Section 415(c) of the Internal Revenue Code. Contributions to this plan and the Woodruff-Sawyer & Co. Employee Stock Ownership Plan are combined for purposes of the limitation test. In the event there are excess contributions, the 401(k) deferrals will be returned to the Participants through this plan, the Woodruff-Sawyer & Co. Profit Sharing and Pre-tax Savings Plan, as a taxable distribution to the extent needed to pass the limitation test.

Participant Accounts

Each Participant's account is credited with the Participant's contribution and rollovers and an allocation of (1) the Company's discretionary matching contribution, (2) the Company's discretionary profit-sharing contribution and (3) plan earnings. Company discretionary matching and profit-sharing contributions are allocated based on each Participant's eligible compensation. Plan earnings are allocated based upon each Participant's investment election and the investment performance. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance. A maximum of one note receivable may be outstanding at any time. Note receivable terms are established for five years and may be extended to a maximum of ten years for the purpose of purchasing the Participant's principal residence. Note receivable balances may be paid off earlier with no penalty. The notes receivables are secured by the vested balances in the Participant's account and bear interest at rates commensurate with local prevailing rates, which range from 6.25% to 11.25% per annum at December 31, 2011. In the event of Participant termination or discontinuance of the Plan before a note receivable is fully repaid, the unpaid note receivable balance will be due and payable and the administrative committee will first satisfy any unpaid balances before making any payment to the Participant or the Participant's beneficiary, if applicable. Principal and interest are paid in monthly installments through payroll deductions.

1. **Description of Plan**, continued

Vesting

Participant contributions, rollovers and discretionary employer matching contributions made before January 1, 2007, as well as all earnings on these contributions, are fully vested when made or earned. At January 1, 2007, the Plan's vesting schedule was amended such that a Participant's vested interest in the profit sharing contribution prior to January 1, 2007 and the matching contributions on and after January 1, 2007 shall be determined in accordance with the following schedule:

Years of Credited Service	Vested Percentage
Less than 1	0%
1, but less than 2	20%
2, but less than 3	40%
3, but less than 4	60%
4, but less than 5	80%
5 or more	100%

In the event of termination of a Participant's service on or after attaining the normal retirement age, or by reason of death or disability, the full value of the Participant's account shall become vested and nonforfeitable.

In January 2007, the Plan was also amended to state qualified nonelective contributions included in determining the highly compensated employee's contribution percentage shall be distributed, and that any excess matching contributions shall be distributed only to the extent a Participant has a vested interest in the matching contribution and shall otherwise be forfeited.

Forfeitures

If Participants terminate employment for any reason other than retirement, death, or disability, they will be entitled to a distribution of the vested value of their participant account, and will forfeit the value of any nonvested participant account balance as of the last day of the Plan year in which termination of employment from the Company occurs. Forfeited amounts are used to meet the Employer's contribution obligations to the Plan or to pay Plan expenses, as directed by the Administrator. If a Participant is reemployed prior to the occurrence of a five-consecutive-year break in service, the portion of his or her account that was forfeited shall be restored as if there had been no forfeiture. Such restoration shall be made out of forfeitures occurring in the Plan year of reemployment.

In 2007, the Plan was amended to change the allocation of forfeitures for highly compensated individuals from an allocation to the remaining eligible Participants" accounts to an offset to the employer contribution obligations. If the forfeitures exceed the amount of employer contribution obligation, the excess amount shall be held unallocated in a suspense account established with respect to the employer and shall be applied against plan expenses and the employers contribution obligation of the following contribution period.

Investment Options

Upon enrollment in the Plan, a Participant may direct contributions in percentage increments among various qualified investment options, including self-directed brokerage accounts.

Payment of Benefits

When Participants leave the Company, upon retirement or for any other reason, those Participants (or their beneficiaries) may receive the full value of their vested account balance determined as of the Anniversary Date immediately preceding the date of distribution.

Participants with account balances greater than $1,000 may elect to receive the value of their accumulated Plan benefits in accordance with the provisions of the Plan in a lump-sum distribution or in an alternative manner mutually agreed upon by the Participant and the Plan administrator.

Participants with account balances below $1,000 will receive the value of their account in a lump-sum distribution or by direct rollover to an IRA or other eligible retirement plan as soon as administratively feasible.

In order to receive this distribution, Participants are required to file the appropriate forms with the Plan administrator.

Administration

An Administrative Committee consisting of one or more individuals appointed by the Board of Directors of the Company administers the Plan. In addition, the Company uses a third-party administrator, Prudential Financial, to assist with record-keeping and administration of the Plan. All Plan assets are held by Prudential Retirement Insurance and Annuity Company for all Prudential Retirement Investments and Prudential Bank & Trust F.S.B. for all non-Prudential Retirement Investments, the trustees of the Plan (the trustees).

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Administrative Expenses

Certain investment fees are paid out of Plan assets and are offset against Plan investment income and losses. For the 2011 Plan Year, the majority of Plan administrative expenses were paid by the Company and will not be reimbursed by the Plan. Administrative fees of $6,012 were paid by the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Recognition of Benefit Payments

Benefit payments are recorded when paid.

Recent Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board issued Accounting Standard Update No. 2011-04, which amends Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, to result in common fair value measurements and disclosures between accounting principles generally accepted in the United States of America and International Financial Reporting Standards. The amendments explain how to measure fair value. They do not require additional fair value measurements and are not intended to establish valuation standards or affect valuation practices outside of financial reporting. The amendments change the wording used to describe fair value measurement requirements and disclosures, but often do not result in a change in the application of current guidance. Certain amendments clarify the intent about the application of existing fair value measurement requirements, while certain other amendments change a principle or requirement for fair value measurement or disclosure. This guidance is effective for interim and annual periods beginning after December 15, 2011. The Plan does not anticipate that the adoption of this guidance will have an impact on the Plan's financial statements.

Information Certified by Trustees

Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the trustees of the Plan, have prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, and income, which was used to prepare the accompanying financial statements and supplemental schedule.

Investment Valuation and Income Recognition

All investments are recorded at fair value as required under ERISA regulations. Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the valuation period. In accordance with the policy of stating investments at fair value, net realized and unrealized appreciation (depreciation) for the year is reflected in the Statement of Changes in Net Assets Available for Benefits.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date.

Investment contracts held by a defined-contribution plan are required to be at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the fair value of investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Contract with Insurance Company

The Plan has, as an investment option which is a benefit-responsive investment contract, the Guaranteed Income Fund, with Prudential Retirement Insurance and Annuity Company (Prudential). Prudential maintains the contributions in a general ledger account. The account is credited with earnings and charged for participant withdrawals and administrative expenses. There are not any specific securities in the general account that back the liabilities of this annuity contract. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specific period of time as outlined in the group annuity contract. The contract is included in the Statements of Net Assets Available for Benefits at fair value as determined using the market approach based discounted cash flows. There is no significant difference between fair market value and contract value for this investment. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the investment contract at December 31, 2011 and 2010 was $9,044,819 and $8,730,130, respectively. The average yield and crediting interest rates was approximately 2.80% and 3.05% for 2011 and 2010 , respectively. The crediting interest rate is based on several factors, including current economic factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within Prudential's general account. The minimum crediting rate under the contract is 1.50%.

Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within ninety days or in rare circumstances, contract value paid over time. There are not any events that allow Prudential to terminate the contract and which require settlement at an amount different than contract value paid either within ninety days or over time.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability ("exit price") in an orderly transaction between market participants at the measurement date. ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) an entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1–Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2–Directly or indirectly observable inputs as of the reporting date through correlation with market data, including quoted prices for similar assets and liabilities in active markets and quoted prices in markets that are not active. Level 2 also includes assets and liabilities that are valued using models or other pricing methodologies that do not require significant judgment since the input assumptions used in the models, such as interest rates and volatility factors, are corroborated by readily observable data from actively quoted markets for substantially the full term of the financial instrument.

Level 3–Unobservable inputs that are supported by little or no market data and require the use of significant management judgment. These values are generally determined using pricing models for which the assumptions utilize management's estimates of market participant assumptions.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Cash and cash equivalents: Valued at fair value.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Guaranteed income fund: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer (see Note 2).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements, continued

The Plan's valuation methodology used to measure the fair values of money market, mutual funds, and common stock were derived from quoted market prices, as substantially all of these instruments have active markets. Guaranteed income fund is valued by discounting the related cash flows based on current yield.

4. Investments

The fair values of investments are separately identified in the schedule of assets held for investment purposes. Individual investments greater than 5% of Plan net assets available for benefits at December 31, 2011 and 2010 are as follows:

5. Investments–Information Prepared and Certified by Trustees (unaudited)

The following information included in the accompanying financial statements and supplemental schedule at December 31, 2011 and 2010 and for the year ended December 31, 2011 was obtained from data that has been prepared and certified as complete and accurate by the trustees.

	2011	2010
Investments, at fair value:		
Guaranteed Income Fund	$ 9,044,819	$ 8,730,130
Mutual funds and cash equivalents	$ 31,997,622	$ 32,148,579
Notes receivable from participants	$ 378,456	$ 537,674
Interest and dividends	$ 258,622	N/A
Interest on participant loans	$ 32,739	N/A
Net depreciation in fair value of investments	$ (993,223)	N/A

6. Party-in-Interest Transactions

Certain Plan investments in pooled separate accounts and mutual funds are managed by Prudential Retirement Insurance and Annuity Company for all Prudential Retirement investments and Prudential Bank & Trust, F.S.B. for all non-Prudential Retirement investments, the trustees of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Tax Status

The Plan obtained its latest determination letter effective March 22, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrative Committee believes it is no longer subject to income tax examinations for years prior to 2008.

8. Forfeitures

There were $32,111 in forfeitures during 2011 that have been used to pay Plan expenses for the Plan year ended December 31, 2011. There were no unallocated forfeitures at December 31, 2011 and 2010.

9. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, Participants will become fully vested in their accounts and distributions will be made as described in the Plan agreement.

10. Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds offered by the Plan. Such investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and Statement of Changes in Net Assets Available for Benefits.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for Plan benefits per the financial statements to the Form 5500 as of December 31, 2011 and 2010:

	2011	2010
Net assets available for benefits per the financial statements	$ 42,334,159	$ 42,476,811
Receivable–employer contributions	(982,642)	(1,060,428)
Overfunded contribution due to Company	69,380	-
Net assets per Form 5500	$ 41,420,897	$ 41,416,383

The following is a reconciliation of net increase in net assets per the financial statements to the Form 5500 for the year ended December 31, 2011:

Net decrease in net assets per financial statements	$ (142,652)
Net change in receivable–employer contributions	77,786
Net change in payable	69,380
Net increase in net assets per Form 5500	$ 4,514

12. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through September 27, 2012, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since December 31, 2011 that requires recognition or disclosure in such financial statements.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Woodruff-Sawyer & Co. Profit Sharing and Pre-tax Savings Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of Woodruff-Sawyer & Co. Profit Sharing and Pre-tax Savings Plan (the Plan) as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule of Schedule H, Line 4i–Schedule of Assets (Held at End of Year) as of the year ended December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Prudential Retirement Insurance and Annuity Company for all Prudential Retirement investments and Prudential Bank & Trust, F.S.B. for all non-Prudential Retirement investments, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the trustees as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the Plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on these accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of Woodruff-Sawyer & Co. Profit Sharing and Pre-tax Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established under Section 401(b) of the Internal Revenue Code (IRC). Woodruff-Sawyer & Co. (the Company) originally established the Plan in 1970 for the purpose of rewarding long and loyal service to the company by providing to employees additional security at retirement. All salaried employees over 20.5 years old are eligible for participation in the Plan, excluding nonresident aliens. Incidental benefits are provided in the case of disability, death or other termination of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and certain provisions of the Internal Revenue Code (IRC).

Plan Administration

The Plan is administered by the Administrative Committee of the Plan (the Committee), which consists of employees of Woodruff-Sawyer & Co. As administrator, the Committee has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the custodian). The Company paid the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses primarily comprise legal fees, auditing fees, and expenses relating to the maintenance of the Plan's records.

Contributions

Participants may contribute to the Plan from 1% to 25% of their annual eligible compensation, up to the Internal Revenue Code Section 402(g) limit of $16,500 for 2011. Participants who are age 50 or older may elect to defer additional amounts (called "catch-up contributions") to the Plan. The additional amounts may be deferred regardless of any other limitation on the amount that a participant may defer to the Plan. Participants may also contribute amounts rolled over from other qualified plans.

Effective January 2007, The Plan was amended to change the contribution periods for matching contributions, qualified nonelective contributions, and profit sharing contributions from each calendar quarter to each plan year. On behalf of each Participant who is eligible to share in discretionary matching contributions for the Plan Year, the Company provides a discretionary matching contribution equal to 3% of the Participant's contribution up to $7,350 per Participant. The match is paid yearly, and to be eligible for the match, the Participant must be employed on the first and last day of the contribution period. Effective January 1, 2011, participants in the Plan may also elect to make after-tax salary deferral contributions to Roth accounts.

Continued

1. **Description of Plan**, continued

Contributions, continued

In addition to the discretionary matching contribution, a discretionary profit sharing contribution is allocated in the amount of $1,000 per participant for the Plan year. In January 2007, the employees' discretionary matching contribution was amended from 100% of participant contribution up to $1,000 per participant to a uniform percentage determined by The Plan at its discretion. To be eligible for an allocation, the Participant must be employed during the full year for which the contribution is calculated. The Participant must be employed on the first and last day of the contribution period to be eligible to receive matching contributions, qualified nonelective contributions, and profit sharing contributions.

Contributions are limited under Section 415(c) of the Internal Revenue Code. Contributions to this plan and the Woodruff-Sawyer & Co. Employee Stock Ownership Plan are combined for purposes of the limitation test. In the event there are excess contributions, the 401(k) deferrals will be returned to the Participants through this plan, the Woodruff-Sawyer & Co. Profit Sharing and Pre-tax Savings Plan, as a taxable distribution to the extent needed to pass the limitation test.

Participant Accounts

Each Participant's account is credited with the Participant's contribution and rollovers and an allocation of (1) the Company's discretionary matching contribution, (2) the Company's discretionary profit-sharing contribution and (3) plan earnings. Company discretionary matching and profit-sharing contributions are allocated based on each Participant's eligible compensation. Plan earnings are allocated based upon each Participant's investment election and the investment performance. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance. A maximum of one note receivable may be outstanding at any time. Note receivable terms are established for five years and may be extended to a maximum of ten years for the purpose of purchasing the Participant's principal residence. Note receivable balances may be paid off earlier with no penalty. The notes receivables are secured by the vested balances in the Participant's account and bear interest at rates commensurate with local prevailing rates, which range from 6.25% to 11.25% per annum at December 31, 2011. In the event of Participant termination or discontinuance of the Plan before a note receivable is fully repaid, the unpaid note receivable balance will be due and payable and the administrative committee will first satisfy any unpaid balances before making any payment to the Participant or the Participant's beneficiary, if applicable. Principal and interest are paid in monthly installments through payroll deductions.

Continued

1. **Description of Plan**, continued

Vesting

Participant contributions, rollovers and discretionary employer matching contributions made before January 1, 2007, as well as all earnings on these contributions, are fully vested when made or earned. At January 1, 2007, the Plan's vesting schedule was amended such that a Participant's vested interest in the profit sharing contribution prior to January 1, 2007 and the matching contributions on and after January 1, 2007 shall be determined in accordance with the following schedule:

Years of Credited Service	Vested Percentage
Less than 1	0%
1, but less than 2	20%
2, but less than 3	40%
3, but less than 4	60%
4, but less than 5	80%
5 or more	100%

In the event of termination of a Participant's service on or after attaining the normal retirement age, or by reason of death or disability, the full value of the Participant's account shall become vested and nonforfeitable.

In January 2007, the Plan was also amended to state qualified nonelective contributions included in determining the highly compensated employee's contribution percentage shall be distributed, and that any excess matching contributions shall be distributed only to the extent a Participant has a vested interest in the matching contribution and shall otherwise be forfeited.

Forfeitures

If Participants terminate employment for any reason other than retirement, death, or disability, they will be entitled to a distribution of the vested value of their participant account, and will forfeit the value of any nonvested participant account balance as of the last day of the Plan year in which termination of employment from the Company occurs. Forfeited amounts are used to meet the Employer's contribution obligations to the Plan or to pay Plan expenses, as directed by the Administrator. If a Participant is reemployed prior to the occurrence of a five-consecutive-year break in service, the portion of his or her account that was forfeited shall be restored as if there had been no forfeiture. Such restoration shall be made out of forfeitures occurring in the Plan year of reemployment.

In 2007, the Plan was amended to change the allocation of forfeitures for highly compensated individuals from an allocation to the remaining eligible Participants" accounts to an offset to the employer contribution obligations. If the forfeitures exceed the amount of employer contribution obligation, the excess amount shall be held unallocated in a suspense account established with respect to the employer and shall be applied against plan expenses and the employers contribution obligation of the following contribution period.

Investment Options

Upon enrollment in the Plan, a Participant may direct contributions in percentage increments among various qualified investment options, including self-directed brokerage accounts.

Payment of Benefits

When Participants leave the Company, upon retirement or for any other reason, those Participants (or their beneficiaries) may receive the full value of their vested account balance determined as of the Anniversary Date immediately preceding the date of distribution.

Participants with account balances greater than $1,000 may elect to receive the value of their accumulated Plan benefits in accordance with the provisions of the Plan in a lump-sum distribution or in an alternative manner mutually agreed upon by the Participant and the Plan administrator.

Participants with account balances below $1,000 will receive the value of their account in a lump-sum distribution or by direct rollover to an IRA or other eligible retirement plan as soon as administratively feasible.

In order to receive this distribution, Participants are required to file the appropriate forms with the Plan administrator.

Administration

An Administrative Committee consisting of one or more individuals appointed by the Board of Directors of the Company administers the Plan. In addition, the Company uses a third-party administrator, Prudential Financial, to assist with record-keeping and administration of the Plan. All Plan assets are held by Prudential Retirement Insurance and Annuity Company for all Prudential Retirement Investments and Prudential Bank & Trust F.S.B. for all non-Prudential Retirement Investments, the trustees of the Plan (the trustees).

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies, continued

Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Administrative Expenses

Certain investment fees are paid out of Plan assets and are offset against Plan investment income and losses. For the 2011 Plan Year, the majority of Plan administrative expenses were paid by the Company and will not be reimbursed by the Plan. Administrative fees of $6,012 were paid by the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Recognition of Benefit Payments

Benefit payments are recorded when paid.

Recent Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board issued Accounting Standard Update No. 2011-04, which amends Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, to result in common fair value measurements and disclosures between accounting principles generally accepted in the United States of America and International Financial Reporting Standards. The amendments explain how to measure fair value. They do not require additional fair value measurements and are not intended to establish valuation standards or affect valuation practices outside of financial reporting. The amendments change the wording used to describe fair value measurement requirements and disclosures, but often do not result in a change in the application of current guidance. Certain amendments clarify the intent about the application of existing fair value measurement requirements, while certain other amendments change a principle or requirement for fair value measurement or disclosure. This guidance is effective for interim and annual periods beginning after December 15, 2011. The Plan does not anticipate that the adoption of this guidance will have an impact on the Plan's financial statements.

Information Certified by Trustees

Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the trustees of the Plan, have prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, and income, which was used to prepare the accompanying financial statements and supplemental schedule.

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

All investments are recorded at fair value as required under ERISA regulations. Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the valuation period. In accordance with the policy of stating investments at fair value, net realized and unrealized appreciation (depreciation) for the year is reflected in the Statement of Changes in Net Assets Available for Benefits.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date.

Investment contracts held by a defined-contribution plan are required to be at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the fair value of investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Contract with Insurance Company

The Plan has, as an investment option which is a benefit-responsive investment contract, the Guaranteed Income Fund, with Prudential Retirement Insurance and Annuity Company (Prudential). Prudential maintains the contributions in a general ledger account. The account is credited with earnings and charged for participant withdrawals and administrative expenses. There are not any specific securities in the general account that back the liabilities of this annuity contract. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specific period of time as outlined in the group annuity contract. The contract is included in the Statements of Net Assets Available for Benefits at fair value as determined using the market approach based discounted cash flows. There is no significant difference between fair market value and contract value for this investment. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the investment contract at December 31, 2011 and 2010 was $9,044,819 and $8,730,130, respectively. The average yield and crediting interest rates was approximately 2.80% and 3.05% for 2011 and 2010 , respectively. The crediting interest rate is based on several factors, including current economic factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within Prudential's general account. The minimum crediting rate under the contract is 1.50%.

Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within ninety days or in rare circumstances, contract value paid over time. There are not any events that allow Prudential to terminate the contract and which require settlement at an amount different than contract value paid either within ninety days or over time.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability ("exit price") in an orderly transaction between market participants at the measurement date. ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) an entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1–Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2–Directly or indirectly observable inputs as of the reporting date through correlation with market data, including quoted prices for similar assets and liabilities in active markets and quoted prices in markets that are not active. Level 2 also includes assets and liabilities that are valued using models or other pricing methodologies that do not require significant judgment since the input assumptions used in the models, such as interest rates and volatility factors, are corroborated by readily observable data from actively quoted markets for substantially the full term of the financial instrument.

Level 3–Unobservable inputs that are supported by little or no market data and require the use of significant management judgment. These values are generally determined using pricing models for which the assumptions utilize management's estimates of market participant assumptions.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Cash and cash equivalents: Valued at fair value.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Guaranteed income fund: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer (see Note 2).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements, continued

The Plan's valuation methodology used to measure the fair values of money market, mutual funds, and common stock were derived from quoted market prices, as substantially all of these instruments have active markets. Guaranteed income fund is valued by discounting the related cash flows based on current yield.

4. Investments

The fair values of investments are separately identified in the schedule of assets held for investment purposes. Individual investments greater than 5% of Plan net assets available for benefits at December 31, 2011 and 2010 are as follows:

	2011	2010
Investments, at fair value:		
Guaranteed Income Fund	$ 9,044,819	$ 8,730,130
T Rowe Price Growth Stock	3,165,620	3,570,660
Core Plus Bond/PIMCO	3,065,605	3,373,802

Total investments	$ 41,042,441	$ 40,878,709

The Plan's investments, including investments bought, sold, and held during the year, appreciated (depreciated) in value by $(993,223), as follows:

Guaranteed income fund	$ 314,689
Mutual funds	(1,307,912)
Net depreciation in fair value	$ (993,223)

5. Investments–Information Prepared and Certified by Trustees (unaudited)

The following information included in the accompanying financial statements and supplemental schedule at December 31, 2011 and 2010 and for the year ended December 31, 2011 was obtained from data that has been prepared and certified as complete and accurate by the trustees.

	2011	2010
Investments, at fair value:		
Guaranteed Income Fund	$ 9,044,819	$ 8,730,130
Mutual funds and cash equivalents	$ 31,997,622	$ 32,148,579
Notes receivable from participants	$ 378,456	$ 537,674
Interest and dividends	$ 258,622	N/A
Interest on participant loans	$ 32,739	N/A
Net depreciation in fair value of investments	$ (993,223)	N/A

6. Party-in-Interest Transactions

Certain Plan investments in pooled separate accounts and mutual funds are managed by Prudential Retirement Insurance and Annuity Company for all Prudential Retirement investments and Prudential Bank & Trust, F.S.B. for all non-Prudential Retirement investments, the trustees of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Tax Status

The Plan obtained its latest determination letter effective March 22, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrative Committee believes it is no longer subject to income tax examinations for years prior to 2008.

8. Forfeitures

There were $32,111 in forfeitures during 2011 that have been used to pay Plan expenses for the Plan year ended December 31, 2011. There were no unallocated forfeitures at December 31, 2011 and 2010.

9. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, Participants will become fully vested in their accounts and distributions will be made as described in the Plan agreement.

10. Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds offered by the Plan. Such investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and Statement of Changes in Net Assets Available for Benefits.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for Plan benefits per the financial statements to the Form 5500 as of December 31, 2011 and 2010:

	2011	2010
Net assets available for benefits per the financial statements	$ 42,334,159	$ 42,476,811
Receivable–employer contributions	(982,642)	(1,060,428)
Overfunded contribution due to Company	69,380	-
Net assets per Form 5500	$ 41,420,897	$ 41,416,383

The following is a reconciliation of net increase in net assets per the financial statements to the Form 5500 for the year ended December 31, 2011:

Net decrease in net assets per financial statements	$ (142,652)
Net change in receivable–employer contributions	77,786
Net change in payable	69,380
Net increase in net assets per Form 5500	$ 4,514

12. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through September 27, 2012, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since December 31, 2011 that requires recognition or disclosure in such financial statements.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Woodruff-Sawyer & Co. Profit Sharing and Pre-tax Savings Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of Woodruff-Sawyer & Co. Profit Sharing and Pre-tax Savings Plan (the Plan) as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule of Schedule H, Line 4i–Schedule of Assets (Held at End of Year) as of the year ended December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Prudential Retirement Insurance and Annuity Company for all Prudential Retirement investments and Prudential Bank & Trust, F.S.B. for all non-Prudential Retirement investments, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the trustees as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the Plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on these accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of Woodruff-Sawyer & Co. Profit Sharing and Pre-tax Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established under Section 401(b) of the Internal Revenue Code (IRC). Woodruff-Sawyer & Co. (the Company) originally established the Plan in 1970 for the purpose of rewarding long and loyal service to the company by providing to employees additional security at retirement. All salaried employees over 20.5 years old are eligible for participation in the Plan, excluding nonresident aliens. Incidental benefits are provided in the case of disability, death or other termination of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and certain provisions of the Internal Revenue Code (IRC).

Plan Administration

The Plan is administered by the Administrative Committee of the Plan (the Committee), which consists of employees of Woodruff-Sawyer & Co. As administrator, the Committee has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the custodian). The Company paid the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses primarily comprise legal fees, auditing fees, and expenses relating to the maintenance of the Plan's records.

Contributions

Participants may contribute to the Plan from 1% to 25% of their annual eligible compensation, up to the Internal Revenue Code Section 402(g) limit of $16,500 for 2011. Participants who are age 50 or older may elect to defer additional amounts (called "catch-up contributions") to the Plan. The additional amounts may be deferred regardless of any other limitation on the amount that a participant may defer to the Plan. Participants may also contribute amounts rolled over from other qualified plans.

Effective January 2007, The Plan was amended to change the contribution periods for matching contributions, qualified nonelective contributions, and profit sharing contributions from each calendar quarter to each plan year. On behalf of each Participant who is eligible to share in discretionary matching contributions for the Plan Year, the Company provides a discretionary matching contribution equal to 3% of the Participant's contribution up to $7,350 per Participant. The match is paid yearly, and to be eligible for the match, the Participant must be employed on the first and last day of the contribution period. Effective January 1, 2011, participants in the Plan may also elect to make after-tax salary deferral contributions to Roth accounts.

Continued

1. **Description of Plan**, continued

Contributions, continued

In addition to the discretionary matching contribution, a discretionary profit sharing contribution is allocated in the amount of $1,000 per participant for the Plan year. In January 2007, the employees' discretionary matching contribution was amended from 100% of participant contribution up to $1,000 per participant to a uniform percentage determined by The Plan at its discretion. To be eligible for an allocation, the Participant must be employed during the full year for which the contribution is calculated. The Participant must be employed on the first and last day of the contribution period to be eligible to receive matching contributions, qualified nonelective contributions, and profit sharing contributions.

Contributions are limited under Section 415(c) of the Internal Revenue Code. Contributions to this plan and the Woodruff-Sawyer & Co. Employee Stock Ownership Plan are combined for purposes of the limitation test. In the event there are excess contributions, the 401(k) deferrals will be returned to the Participants through this plan, the Woodruff-Sawyer & Co. Profit Sharing and Pre-tax Savings Plan, as a taxable distribution to the extent needed to pass the limitation test.

Participant Accounts

Each Participant's account is credited with the Participant's contribution and rollovers and an allocation of (1) the Company's discretionary matching contribution, (2) the Company's discretionary profit-sharing contribution and (3) plan earnings. Company discretionary matching and profit-sharing contributions are allocated based on each Participant's eligible compensation. Plan earnings are allocated based upon each Participant's investment election and the investment performance. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance. A maximum of one note receivable may be outstanding at any time. Note receivable terms are established for five years and may be extended to a maximum of ten years for the purpose of purchasing the Participant's principal residence. Note receivable balances may be paid off earlier with no penalty. The notes receivables are secured by the vested balances in the Participant's account and bear interest at rates commensurate with local prevailing rates, which range from 6.25% to 11.25% per annum at December 31, 2011. In the event of Participant termination or discontinuance of the Plan before a note receivable is fully repaid, the unpaid note receivable balance will be due and payable and the administrative committee will first satisfy any unpaid balances before making any payment to the Participant or the Participant's beneficiary, if applicable. Principal and interest are paid in monthly installments through payroll deductions.

Continued

1. **Description of Plan**, continued

Vesting

Participant contributions, rollovers and discretionary employer matching contributions made before January 1, 2007, as well as all earnings on these contributions, are fully vested when made or earned. At January 1, 2007, the Plan's vesting schedule was amended such that a Participant's vested interest in the profit sharing contribution prior to January 1, 2007 and the matching contributions on and after January 1, 2007 shall be determined in accordance with the following schedule:

Years of Credited Service	Vested Percentage
Less than 1	0%
1, but less than 2	20%
2, but less than 3	40%
3, but less than 4	60%
4, but less than 5	80%
5 or more	100%

In the event of termination of a Participant's service on or after attaining the normal retirement age, or by reason of death or disability, the full value of the Participant's account shall become vested and nonforfeitable.

In January 2007, the Plan was also amended to state qualified nonelective contributions included in determining the highly compensated employee's contribution percentage shall be distributed, and that any excess matching contributions shall be distributed only to the extent a Participant has a vested interest in the matching contribution and shall otherwise be forfeited.

Forfeitures

If Participants terminate employment for any reason other than retirement, death, or disability, they will be entitled to a distribution of the vested value of their participant account, and will forfeit the value of any nonvested participant account balance as of the last day of the Plan year in which termination of employment from the Company occurs. Forfeited amounts are used to meet the Employer's contribution obligations to the Plan or to pay Plan expenses, as directed by the Administrator. If a Participant is reemployed prior to the occurrence of a five-consecutive-year break in service, the portion of his or her account that was forfeited shall be restored as if there had been no forfeiture. Such restoration shall be made out of forfeitures occurring in the Plan year of reemployment.

In 2007, the Plan was amended to change the allocation of forfeitures for highly compensated individuals from an allocation to the remaining eligible Participants" accounts to an offset to the employer contribution obligations. If the forfeitures exceed the amount of employer contribution obligation, the excess amount shall be held unallocated in a suspense account established with respect to the employer and shall be applied against plan expenses and the employers contribution obligation of the following contribution period.

Investment Options

Upon enrollment in the Plan, a Participant may direct contributions in percentage increments among various qualified investment options, including self-directed brokerage accounts.

Payment of Benefits

When Participants leave the Company, upon retirement or for any other reason, those Participants (or their beneficiaries) may receive the full value of their vested account balance determined as of the Anniversary Date immediately preceding the date of distribution.

Participants with account balances greater than $1,000 may elect to receive the value of their accumulated Plan benefits in accordance with the provisions of the Plan in a lump-sum distribution or in an alternative manner mutually agreed upon by the Participant and the Plan administrator.

Participants with account balances below $1,000 will receive the value of their account in a lump-sum distribution or by direct rollover to an IRA or other eligible retirement plan as soon as administratively feasible.

In order to receive this distribution, Participants are required to file the appropriate forms with the Plan administrator.

Administration

An Administrative Committee consisting of one or more individuals appointed by the Board of Directors of the Company administers the Plan. In addition, the Company uses a third-party administrator, Prudential Financial, to assist with record-keeping and administration of the Plan. All Plan assets are held by Prudential Retirement Insurance and Annuity Company for all Prudential Retirement Investments and Prudential Bank & Trust F.S.B. for all non-Prudential Retirement Investments, the trustees of the Plan (the trustees).

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Administrative Expenses

Certain investment fees are paid out of Plan assets and are offset against Plan investment income and losses. For the 2011 Plan Year, the majority of Plan administrative expenses were paid by the Company and will not be reimbursed by the Plan. Administrative fees of $6,012 were paid by the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Recognition of Benefit Payments

Benefit payments are recorded when paid.

Recent Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board issued Accounting Standard Update No. 2011-04, which amends Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, to result in common fair value measurements and disclosures between accounting principles generally accepted in the United States of America and International Financial Reporting Standards. The amendments explain how to measure fair value. They do not require additional fair value measurements and are not intended to establish valuation standards or affect valuation practices outside of financial reporting. The amendments change the wording used to describe fair value measurement requirements and disclosures, but often do not result in a change in the application of current guidance. Certain amendments clarify the intent about the application of existing fair value measurement requirements, while certain other amendments change a principle or requirement for fair value measurement or disclosure. This guidance is effective for interim and annual periods beginning after December 15, 2011. The Plan does not anticipate that the adoption of this guidance will have an impact on the Plan's financial statements.

Information Certified by Trustees

Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the trustees of the Plan, have prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, and income, which was used to prepare the accompanying financial statements and supplemental schedule.

Investment Valuation and Income Recognition

All investments are recorded at fair value as required under ERISA regulations. Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the valuation period. In accordance with the policy of stating investments at fair value, net realized and unrealized appreciation (depreciation) for the year is reflected in the Statement of Changes in Net Assets Available for Benefits.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date.

Investment contracts held by a defined-contribution plan are required to be at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the fair value of investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Contract with Insurance Company

The Plan has, as an investment option which is a benefit-responsive investment contract, the Guaranteed Income Fund, with Prudential Retirement Insurance and Annuity Company (Prudential). Prudential maintains the contributions in a general ledger account. The account is credited with earnings and charged for participant withdrawals and administrative expenses. There are not any specific securities in the general account that back the liabilities of this annuity contract. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specific period of time as outlined in the group annuity contract. The contract is included in the Statements of Net Assets Available for Benefits at fair value as determined using the market approach based discounted cash flows. There is no significant difference between fair market value and contract value for this investment. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the investment contract at December 31, 2011 and 2010 was $9,044,819 and $8,730,130, respectively. The average yield and crediting interest rates was approximately 2.80% and 3.05% for 2011 and 2010 , respectively. The crediting interest rate is based on several factors, including current economic factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within Prudential's general account. The minimum crediting rate under the contract is 1.50%.

Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within ninety days or in rare circumstances, contract value paid over time. There are not any events that allow Prudential to terminate the contract and which require settlement at an amount different than contract value paid either within ninety days or over time.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability ("exit price") in an orderly transaction between market participants at the measurement date. ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) an entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1–Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2–Directly or indirectly observable inputs as of the reporting date through correlation with market data, including quoted prices for similar assets and liabilities in active markets and quoted prices in markets that are not active. Level 2 also includes assets and liabilities that are valued using models or other pricing methodologies that do not require significant judgment since the input assumptions used in the models, such as interest rates and volatility factors, are corroborated by readily observable data from actively quoted markets for substantially the full term of the financial instrument.

Level 3–Unobservable inputs that are supported by little or no market data and require the use of significant management judgment. These values are generally determined using pricing models for which the assumptions utilize management's estimates of market participant assumptions.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Cash and cash equivalents: Valued at fair value.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Guaranteed income fund: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer (see Note 2).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements, continued

The Plan's valuation methodology used to measure the fair values of money market, mutual funds, and common stock were derived from quoted market prices, as substantially all of these instruments have active markets. Guaranteed income fund is valued by discounting the related cash flows based on current yield.

4. Investments

The fair values of investments are separately identified in the schedule of assets held for investment purposes. Individual investments greater than 5% of Plan net assets available for benefits at December 31, 2011 and 2010 are as follows:

	2011	2010
Investments, at fair value:		
Guaranteed Income Fund	$ 9,044,819	$ 8,730,130
T Rowe Price Growth Stock	3,165,620	3,570,660
Core Plus Bond/PIMCO	3,065,605	3,373,802
Large Cap Value/AJO Fund	2,988,166	3,255,374
Fidelity Contrafund Account	2,926,653	2,623,170
Dryden S&P 500 Index Fund	2,699,011	2,973,220
SA/Templeton Foreign Strategy	2,779,586	-
Total other mutual funds (individually less than 5%)	14,372,981	16,352,353
Total investments	$ 41,042,441	$ 40,878,709

The Plan's investments, including investments bought, sold, and held during the year, appreciated (depreciated) in value by $(993,223), as follows:

Guaranteed income fund	$ 314,689
Mutual funds	(1,307,912)
Net depreciation in fair value	$ (993,223)

5. Investments–Information Prepared and Certified by Trustees (unaudited)

The following information included in the accompanying financial statements and supplemental schedule at December 31, 2011 and 2010 and for the year ended December 31, 2011 was obtained from data that has been prepared and certified as complete and accurate by the trustees.

	2011	2010
Investments, at fair value:		
Guaranteed Income Fund	$ 9,044,819	$ 8,730,130
Mutual funds and cash equivalents	$ 31,997,622	$ 32,148,579
Notes receivable from participants	$ 378,456	$ 537,674
Interest and dividends	$ 258,622	N/A
Interest on participant loans	$ 32,739	N/A
Net depreciation in fair value of investments	$ (993,223)	N/A

6. Party-in-Interest Transactions

Certain Plan investments in pooled separate accounts and mutual funds are managed by Prudential Retirement Insurance and Annuity Company for all Prudential Retirement investments and Prudential Bank & Trust, F.S.B. for all non-Prudential Retirement investments, the trustees of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Tax Status

The Plan obtained its latest determination letter effective March 22, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrative Committee believes it is no longer subject to income tax examinations for years prior to 2008.

8. Forfeitures

There were $32,111 in forfeitures during 2011 that have been used to pay Plan expenses for the Plan year ended December 31, 2011. There were no unallocated forfeitures at December 31, 2011 and 2010.

9. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, Participants will become fully vested in their accounts and distributions will be made as described in the Plan agreement.

10. Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds offered by the Plan. Such investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and Statement of Changes in Net Assets Available for Benefits.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for Plan benefits per the financial statements to the Form 5500 as of December 31, 2011 and 2010:

	2011	2010
Net assets available for benefits per the financial statements	$ 42,334,159	$ 42,476,811
Receivable–employer contributions	(982,642)	(1,060,428)
Overfunded contribution due to Company	69,380	-
Net assets per Form 5500	$ 41,420,897	$ 41,416,383

The following is a reconciliation of net increase in net assets per the financial statements to the Form 5500 for the year ended December 31, 2011:

Net decrease in net assets per financial statements	$ (142,652)
Net change in receivable–employer contributions	77,786
Net change in payable	69,380
Net increase in net assets per Form 5500	$ 4,514

12. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through September 27, 2012, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since December 31, 2011 that requires recognition or disclosure in such financial statements.
