Plan Administrator
Robert Fox, Inc. 401(k) Plan
Mineola, New York

We were engaged to audit the accompanying Statements of Net Assets Available for Benefits of Robert Fox, Inc. 401(k) Plan (the "Plan") as of December 31, 2011 and 2010 and the related Statement of Changes in Net Assets Available for Benefits for the Year Ended December 31, 2011, and the supplemental Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and the supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by MG Trust Company, LLC, the custodians of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the custodians that the information provided to the Plan administrator by the custodians is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Act of 1974. The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the Robert Fox, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, as amended and restated July 1, 2009, is a participant-directed defined contribution plan covering all eligible employees of Robert Fox, Inc. and its wholly-owned subsidiary, Orchard Apparel Group, Ltd. (collectively referred to as "Employer") with one year of service who have reached the age of twenty-one. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute to the Plan amounts not less than 1% of compensation, as defined, up to a maximum percentage as determined by the Plan administrator. The Plan requires an automatic deferral contribution of 3% of compensation for new employees, unless the participant elects not to make a contribution or elects a different percentage. Such contributions are excluded from the participant's Federal taxable income until received as a withdrawal or distribution from the Plan. Participants may also contribute amounts representing rollover distributions from other qualified plans. The employer may make discretionary matching contributions to the Plan. For 2011, the employer matching contribution was 25% of the first 4% of base compensation that a participant contributes to the Plan. Contributions are subject to certain limitations.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the participant's contribution, earnings (loss) and an allocation of the Employer's contribution. Allocations of Employer contributions are based on the participants' salary deferral. As a participant-directed plan, each participant's investments determine their share of earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The value of each investment is determined on a daily basis.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in employer's matching contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in employer's contributions and earnings thereon after 6 years of credited service.

Participant Investment Options

Upon enrollment in the Plan, participants may direct their contributions in various investment alternatives made available by the Employer under the Plan. Participants may change their contribution investment options daily, transfer part or all of past investments to other funds daily, and may elect to change their deferral percentage or stop making contributions at any time.

1. Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their vested fund account balance a minimum of $1,000 and up to a maximum equal to the lesser of (a) $50,000 reduced by the highest outstanding Plan loan balance during the preceding year or (b) one-half of the value of their vested fund account balance reduced by any outstanding loan balance. The maximum payment term allowed for any loan will be five years (unless the loan is for the purchase of a principal residence in which case the term may not exceed 30 years) with interest fixed at prime rate plus 1% at the time of the approval of the loan. The loans are measured at their unpaid principal balance plus any accrued but unpaid interest. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 7.25%. Principal and interest are paid ratably through payroll deductions. Loans mature at various dates through December 2017.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements, as defined in the Plan, the participant's account will be reinstated. At December 31, 2011 and 2010, forfeited non-vested accounts were $3,915 and $2,092, respectively. Unvested forfeitures may be used to pay expenses of the Plan, then to reduce the Employer's matching contribution. During 2011, the Employer's matching contribution was reduced by $1,595 as a result of forfeitures.

Hardship Withdrawals

Hardship withdrawals by the Plan participants may be made upon written request and approval of the Plan administrator. The distribution is limited to the value of the vested interest in their account.

Payment of Benefits

On termination of service due to death, disability or retirement, as defined in the Plan, participants are generally entitled to a fully vested lump-sum payment of their account balance. For termination of service due to other reasons, participants are entitled to the value of the vested interest in their account as a lump-sum distribution. The Plan shall make automatic rollovers of vested account balances that are not more than $5,000, if participant does not make own cash or rollover election.

Expenses of the Plan

Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Certain Plan expenses are deducted from participant accounts, and the remainder of the Plan expenses are generally paid by the Employer.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments, except as discussed below are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Mutual funds are valued at the net asset value of shares or units held by the Plan.

The Plan's investments in common collective trust funds are valued at fair value and then adjusted to contract value because they are fully benefit-responsive. In accordance with the authoritative guidance of the Financial Accounting Standards Board ("FASB"), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. Withdrawals or transfers prior to maturity were based on fair market value.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. There have been no changes in the methodologies used at December 31, 2011 and 2010.

2. Summary of Significant Accounting Policies (Continued)

Benefits to Participants

Participants' benefits are recorded when paid.

Deemed Distributions

Deemed distributions are recorded when a participant ceases making repayments on a loan from the Plan. These amounts are no longer included in net assets available for benefits.

Recent Accounting Pronouncements

In May 2011, the FASB issued new accounting guidance to provide a consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between U.S. GAAP and International Financial Reporting Standards. The new guidance changes certain fair value measurement principles and enhances the disclosure requirements particularly for level 3 fair value measurements. The guidance is effective for the Plan prospectively for the year ending December 31, 2012. The Plan is currently evaluating the impact of pending adoption of the new guidance on its financial statements and notes thereto.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were issued, October 4, 2012.

3. Information Certified by the Custodian

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by MG Trust Company, LLC (the "Custodian"), except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule. The Plan administrator has obtained a certification from the custodian that the information provided to the Plan administrator by the custodian as of December 31, 2011 and 2010 and for the year ended December 31, 2011 is complete and accurate.

3. Information Certified by the Custodians (Continued)

The following table summarizes the investments in the Plan that were certified as to their accuracy and completeness by the Custodian. Single investments that represent five percent or more of the Plan's net assets at either December 31, 2011 or 2010 are separately identified.

	2011	2010
Mutual Funds:		
Pimco Total Return	**177,426**	152,530
Federated Auto Cash Mgmt Trust	**-**	477,828

Other, individually less than 5% of net assets available for benefits	**1,098,422**	1,007,168
	2,563,410	3,102,701
Common Collective Trusts:		
Reliance Trust Co. Stable Value Fund (1)	**861,804**	-
Black Knight Asset Management Stable Value Trust	**8,616**	269,113
Total investments at fair value	**$ 3,433,830**	$ 3,371,814

(1) - Represents fair value, which was adjusted from the contract value of $819,551 that was certified to by the Custodian at December 31, 2011.

The Custodian also certified to the completeness and accuracy of $105,851 of net decrease in the fair value of investments and $88,372 of dividends related to the aforementioned investments for the year ended December 31, 2011. In addition the custodian certified to the cash balances of $1,553 and $7,631 as of December 31, 2011 and 2010, respectively.

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) had a net decrease in value of $105,851 as follows:

Common collective trusts	$ 9,971
Mutual funds	(115,822)
	$ 105,851

4. Fair Value Measurements

The Financial Accounting Standards Board ("FASB") established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

As of December 31, 2011:

	Level 1	Level 2	Total
Mutual funds	$ 2,563,410	$ -	$ 2,563,410
Common collective trust	-	870,420	870,420
Total investments at fair value	$ 2,563,410	$ 870,420	$ 3,433,830

4. Fair Value Measurements (Continued)

As of December 31, 2010:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,102,701	$ -	$ -	$ 3,102,701
Common collective trust	-	269,113	-	269,113
Total investments at fair value	$ 3,102,701	$ 269,113	$ -	$ 3,371,814

5. Related Party Transactions

Certain Plan investments are investment accounts managed by the custodian, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

6. Plan Amendments

The Employer has the right under the Plan to amend the Plan at any time.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

8. Tax Status

The Company adopted, effective July 1, 2009, a standardized Prototype 401(k) Savings Plan, sponsored by ExpertPlan, Inc., which received a favorable opinion letter from the Internal Revenue Service ("IRS"), dated March 31, 2008, as to the prototype Plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits at December 31, 2011 and changes in net assets available for benefits for the year then ended to the Form 5500:

Net assets available for benefits per the financial statements	$	3,519,307
Add: adjustment from contract value to fair value for fully benefit-responsive investment contract		42,253
Net assets available for benefits per the Form 5500	$	3,561,560

Independent Auditor's Report

Plan Administrator
Robert Fox, Inc. 401(k) Plan
Mineola, New York

We were engaged to audit the accompanying Statements of Net Assets Available for Benefits of Robert Fox, Inc. 401(k) Plan (the "Plan") as of December 31, 2011 and 2010 and the related Statement of Changes in Net Assets Available for Benefits for the Year Ended December 31, 2011, and the supplemental Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and the supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by MG Trust Company, LLC, the custodians of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the custodians that the information provided to the Plan administrator by the custodians is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Act of 1974. The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the Robert Fox, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, as amended and restated July 1, 2009, is a participant-directed defined contribution plan covering all eligible employees of Robert Fox, Inc. and its wholly-owned subsidiary, Orchard Apparel Group, Ltd. (collectively referred to as "Employer") with one year of service who have reached the age of twenty-one. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute to the Plan amounts not less than 1% of compensation, as defined, up to a maximum percentage as determined by the Plan administrator. The Plan requires an automatic deferral contribution of 3% of compensation for new employees, unless the participant elects not to make a contribution or elects a different percentage. Such contributions are excluded from the participant's Federal taxable income until received as a withdrawal or distribution from the Plan. Participants may also contribute amounts representing rollover distributions from other qualified plans. The employer may make discretionary matching contributions to the Plan. For 2011, the employer matching contribution was 25% of the first 4% of base compensation that a participant contributes to the Plan. Contributions are subject to certain limitations.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the participant's contribution, earnings (loss) and an allocation of the Employer's contribution. Allocations of Employer contributions are based on the participants' salary deferral. As a participant-directed plan, each participant's investments determine their share of earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The value of each investment is determined on a daily basis.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in employer's matching contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in employer's contributions and earnings thereon after 6 years of credited service.

Participant Investment Options

Upon enrollment in the Plan, participants may direct their contributions in various investment alternatives made available by the Employer under the Plan. Participants may change their contribution investment options daily, transfer part or all of past investments to other funds daily, and may elect to change their deferral percentage or stop making contributions at any time.

1. Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their vested fund account balance a minimum of $1,000 and up to a maximum equal to the lesser of (a) $50,000 reduced by the highest outstanding Plan loan balance during the preceding year or (b) one-half of the value of their vested fund account balance reduced by any outstanding loan balance. The maximum payment term allowed for any loan will be five years (unless the loan is for the purchase of a principal residence in which case the term may not exceed 30 years) with interest fixed at prime rate plus 1% at the time of the approval of the loan. The loans are measured at their unpaid principal balance plus any accrued but unpaid interest. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 7.25%. Principal and interest are paid ratably through payroll deductions. Loans mature at various dates through December 2017.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements, as defined in the Plan, the participant's account will be reinstated. At December 31, 2011 and 2010, forfeited non-vested accounts were $3,915 and $2,092, respectively. Unvested forfeitures may be used to pay expenses of the Plan, then to reduce the Employer's matching contribution. During 2011, the Employer's matching contribution was reduced by $1,595 as a result of forfeitures.

Hardship Withdrawals

Hardship withdrawals by the Plan participants may be made upon written request and approval of the Plan administrator. The distribution is limited to the value of the vested interest in their account.

Payment of Benefits

On termination of service due to death, disability or retirement, as defined in the Plan, participants are generally entitled to a fully vested lump-sum payment of their account balance. For termination of service due to other reasons, participants are entitled to the value of the vested interest in their account as a lump-sum distribution. The Plan shall make automatic rollovers of vested account balances that are not more than $5,000, if participant does not make own cash or rollover election.

Expenses of the Plan

Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Certain Plan expenses are deducted from participant accounts, and the remainder of the Plan expenses are generally paid by the Employer.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments, except as discussed below are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Mutual funds are valued at the net asset value of shares or units held by the Plan.

The Plan's investments in common collective trust funds are valued at fair value and then adjusted to contract value because they are fully benefit-responsive. In accordance with the authoritative guidance of the Financial Accounting Standards Board ("FASB"), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. Withdrawals or transfers prior to maturity were based on fair market value.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. There have been no changes in the methodologies used at December 31, 2011 and 2010.

2. Summary of Significant Accounting Policies (Continued)

Benefits to Participants

Participants' benefits are recorded when paid.

Deemed Distributions

Deemed distributions are recorded when a participant ceases making repayments on a loan from the Plan. These amounts are no longer included in net assets available for benefits.

Recent Accounting Pronouncements

In May 2011, the FASB issued new accounting guidance to provide a consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between U.S. GAAP and International Financial Reporting Standards. The new guidance changes certain fair value measurement principles and enhances the disclosure requirements particularly for level 3 fair value measurements. The guidance is effective for the Plan prospectively for the year ending December 31, 2012. The Plan is currently evaluating the impact of pending adoption of the new guidance on its financial statements and notes thereto.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were issued, October 4, 2012.

3. Information Certified by the Custodian

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by MG Trust Company, LLC (the "Custodian"), except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule. The Plan administrator has obtained a certification from the custodian that the information provided to the Plan administrator by the custodian as of December 31, 2011 and 2010 and for the year ended December 31, 2011 is complete and accurate.

3. Information Certified by the Custodians (Continued)

The following table summarizes the investments in the Plan that were certified as to their accuracy and completeness by the Custodian. Single investments that represent five percent or more of the Plan's net assets at either December 31, 2011 or 2010 are separately identified.

	2011	2010
Mutual Funds:		
Pimco Total Return	**177,426**	152,530

Black Knight Asset Management Stable Value Trust	**8,616**	269,113
Total investments at fair value	**$ 3,433,830**	$ 3,371,814

(1) - Represents fair value, which was adjusted from the contract value of $819,551 that was certified to by the Custodian at December 31, 2011.

The Custodian also certified to the completeness and accuracy of $105,851 of net decrease in the fair value of investments and $88,372 of dividends related to the aforementioned investments for the year ended December 31, 2011. In addition the custodian certified to the cash balances of $1,553 and $7,631 as of December 31, 2011 and 2010, respectively.

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) had a net decrease in value of $105,851 as follows:

Common collective trusts	$ 9,971
Mutual funds	(115,822)
	$ 105,851

4. Fair Value Measurements

The Financial Accounting Standards Board ("FASB") established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

As of December 31, 2011:

	Level 1	Level 2	Total
Mutual funds	$ 2,563,410	$ -	$ 2,563,410
Common collective trust	-	870,420	870,420
Total investments at fair value	$ 2,563,410	$ 870,420	$ 3,433,830

4. Fair Value Measurements (Continued)

As of December 31, 2010:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,102,701	$ -	$ -	$ 3,102,701
Common collective trust	-	269,113	-	269,113
Total investments at fair value	$ 3,102,701	$ 269,113	$ -	$ 3,371,814

5. Related Party Transactions

Certain Plan investments are investment accounts managed by the custodian, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

6. Plan Amendments

The Employer has the right under the Plan to amend the Plan at any time.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

8. Tax Status

The Company adopted, effective July 1, 2009, a standardized Prototype 401(k) Savings Plan, sponsored by ExpertPlan, Inc., which received a favorable opinion letter from the Internal Revenue Service ("IRS"), dated March 31, 2008, as to the prototype Plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC. Accordingly, no provision for income taxes has been included in the Plan's financial statements.
