We have audited the accompanying statements of net assets available for benefits of Anheuser-Busch Baldwinsville Brewery/Teamsters Local Union 1149 Pension Plan (the Plan) as of December 31, 2011 and 2010 and the related statement of changes in net assets available for benefits for the year ended December 31, 2011. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluation of the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements, referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2011 and 2010, and the changes in net assets available for benefits for the year ended December 31, 2011 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held at end of year as of December 31, 2011 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. Description of Plan

The following description of the Anheuser-Busch Baldwinsville Brewery/Teamsters Local Union 1149 Pension Plan ("the Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering regular employees and apprentices, as defined in the Plan, of the Baldwinsville Brewery of Anheuser-Busch, LLC (the "Company") who are covered by the Union 1149 Collective Bargaining Agreement (the "Union"). Employees become eligible for participation in the Plan upon expiration of the applicable probationary period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) Section 404(c).

Plan Administration

The Plan is administered by the Baldwinsville Brewery of Anheuser-Busch, LLC, which acts as the Plan Sponsor. The Vanguard Group, Inc. (Vanguard) serves as the custodian and record keeper of the Plan.

Contributions

Employer contributions and Union contributions are made and allocated to participants in accordance with the terms and provisions of the Collective Bargaining Agreement. Participants are also permitted to make voluntary after-tax contributions to their accounts.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested upon entering the Plan and obtain a nonforfeitable interest in 100% of their accounts.

Investment Options

Participants may direct contributions to selected investments as made available and determined by the Plan Administrator. All contributions are invested in assets as determined by the participant. Participants may change their investment options at their discretion.

1. **Description of Plan** (continued)

Payment of Benefits

Distributions of a participant's account may be made or commenced as soon as practicable following the participant's termination of employment at the participant's election. Distributions shall commence no later than sixty days following the close of the calendar quarter in which the later of termination of employment or attainment of age 65 occurs, unless the participant or beneficiary consents to a later distribution. In any event, distributions of benefits must commence no later than the first day of April following the calendar year in which the later of termination of employment or age 70-1/2 occurs.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Based on the participant's options, the retirement benefit is payable in a lump sum; by payment in a series of substantially equal installments over a period of years, which period may be elected by the participant but may not exceed 10 years or the actuarial life expectancy of the participant, if less; or in the form of a qualified joint and survivor annuity.

Benefits are recorded when paid.

2. **Summary of Accounting Policies**

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principals generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan invests in various investment securities. These investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with these investments, and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

2. **Summary of Accounting Policies** (continued)

Investment Valuation and Income Recognition

The Plan's mutual fund investments are stated at fair market value. Shares of mutual funds are valued at quoted market prices at the end of the plan year. The investment in common collective trusts represents investments in the Vanguard Retirement Savings Trust. The Vanguard Retirement Savings Trust is a collective investment trust fund that invests solely in the Vanguard Retirement Savings Master Trust (the "Master Trust"). The underlying investments of the Master Trust are primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by high-quality bonds, bond trusts and bond mutual funds. Investment contracts include traditional Guaranteed Investments Contracts (GICs), Synthetic Investment Contracts (SICs) and wrapper contracts. GICs are valued based on estimated fair value, computed using discounted cash flows. SICs are valued based on the aggregate market value of the applicable bond trusts, mutual funds and other investments. Wrapper contracts are valued at estimated fair value based on a replacement cost approach.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Vanguard Retirement Savings Trust at contract value. In determining the net assets available for benefits, the Vanguard Retirement Savings Trust is included in the financial statements at fair value and then adjusted to contract value. Contract value represents contributions made under the contracts, plus earnings, less withdrawals. An investment contract is generally valued at contract value, rather than fair value, to the extent it is fully benefit-responsive.

As described in Financial Accounting Standards Board Accounting Standards Codification Topic 946 (ASC 946), *Financial Services – Investment Companies*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

As required by the ASC 946, the Statements of Net Assets Available for Benefits present the fair value of the investment in the common collective trust as well as the adjustment of the investment in the common collective trust from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. The average yield earned by the Plan for the common collective trust during 2011 and 2010 were as follows:

	2011	2010
Averge yields:		
Based on actual earnings	3.09%	3.36%
Based on interest credited to participants	2.68%	3.01%

2. **Summary of Accounting Policies** (continued)

Investment Valuation and Income Recognition (continued)

The Plan includes on the Statement of Changes in Net Assets Available for Benefits, the net appreciation or depreciation of investments, which consists of realized gains and losses and unrealized appreciation and depreciation in investment fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Accounting Pronouncements Adopted

In May 2011, the FASB released ASU No. 2011-04, "Amendments to Achieve Common Fair Value Measurements and Disclosures Requirements in the U.S. GAAP and IFRSs." This ASU amends FASB ASC Topic 820, "Fair Value Measurement," to establish common requirements for measuring fair value and for disclosing information about fair value measurements in accordance with GAAP. This ASU is effective for fiscal years and interim periods beginning after December 31, 2011. Management has concluded that the adoption of ASU No. 2011-04 is not expected to have a material impact on the Plan's financial statements and the accompanying notes.

3. **Fair Value Measurements**

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 3 inputs were available to the Plan.

Level 1 Fair Value Measurements:

The fair values of mutual funds are based on the closing price reported in the active market where the individual securities are traded, when available.

3. **Fair Value Measurements** (continued)

Level 2 Fair Value Measurements:

The underlying investments of the common collective trusts are primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by high-quality bonds, bond trusts and bond mutual funds. Guaranteed investment contracts are valued based on estimated fair value, computed using discounted cash flows. Synthetic investment contracts are valued based on the aggregate market value of the applicable bond trusts, mutual funds and other investments. Wrapper contracts are valued at estimated fair value based on a replacement cost approach.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	As of December 31, 2011

Vanguard Mid-Cap Index Fund	4,762,570	5,435,780

5. Plan Termination

While the Company has not expressed any intent to do so, the Company and the Union have the right, by joint action, to discontinue contributions or terminate the Plan at any time subject to the provisions of ERISA.

6. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated February 24, 2003, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC), and are therefore exempt from federal income taxes. The Plan has been amended since receiving the determination letter; however, the Plan Sponsor believes the Plan continues to operate in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements at December 31, 2011.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to 2008.

7. Related Party Transactions

Plan investments are shares of mutual funds and common collective trusts managed by The Vanguard Group, Inc. Vanguard is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

8. Subsequent Events

Management has reviewed subsequent events through September 6, 2012, the date the financial statements were available to be issued, and there are no other matters that would require disclosure or adjustment in the financial statements as of December 31, 2011.
