As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplementary information. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator (“you”) in completing the Form 5500 Schedule C¹ by identifying different types of compensation paid with respect to the Hartford product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2011 - 12/31/2011 and indirect compensation is presented on a calendar year basis ending 12/31/2011.

This report includes compensation actually paid to or by the Hartford within the indicated plan year as part of your Hartford product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your Hartford customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than Hartford). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our Hartford product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your Hartford Service Team should you require additional information regarding the compensation paid to or by Hartford with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan’s service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹ Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Indirect Compensation

Float compensation	Payor: Reliance Trust Company	EIN: 58-1428634	\$106.78
---------------------------	-------------------------------	-----------------	-----------------

This is an estimate based on the average annual rate of float compensation (0.0712% for 2011) earned on certain processing bank accounts for the 2011 calendar year multiplied by an estimate of the assets related to uncashed checks*. This estimate does not include float earned for any other reason (e.g., if amounts remitted to The Hartford cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor. The Plan Sponsor should consult with their tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. Hartford's Code of Ethics and Business Conduct generally restricts Hartford employees from giving to or receiving gifts from customers and/or business partners having a value of over \$100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including Hartford, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-Hartford parties may not be available to The Hartford.

Please consult with your legal or tax advisors if you have any questions.

The list includes any investment option held by the plan on at least one month end during the 2011 calendar year. To arrive at an estimate of the dollar amount that Hartford received from each fund, multiply the rate of fees received from each fund by your plan's year-end balance (or if the fund was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the fund at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

* Please note that Hartford Retirement Services, LLC's affiliate, Hartford Securities Distribution Company, Inc., receives the sales compensation (12b-1 fees) portion of this amount. After compensating the plan's broker-dealer firm, if applicable, any residual amount is paid to Hartford Retirement Services, LLC.

NOTE: In 2011, Hartford participated in Morgan Stanley Smith Barney's ("MSSB") retirement platform for sales and marketing support, and paid a Training Support Fee of \$250,000 to MSSB for its services, with respect to 2,945 Hartford brokerage-based plans. MSSB has instructed Hartford to use MSSB's per plan allocation reflected above for 2011 Form 5500 Schedule C reporting purposes, which MSSB has advised was calculated based on the total amount of Training Support Fee payments MSSB collected from all participating providers, including Hartford, divided by MSSB's entire book of 13,161 (as of 12/31/2011) brokerage-based plans with those participating providers. Please note that this per plan allocation would have been different if presented based on the Training Support Fee paid by a particular participating provider (e.g., Hartford), divided by the number of brokerage-based plans with that participating provider.

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Notes to Financial Statements

1. Description of the Plan

The following brief description of the Delaware North Companies 401(k) Union Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan sponsored by Delaware North Companies, Inc. (“Plan Sponsor” or the “Company”). The Company also administers the Plan, which provides benefits to the union employees covered by the various union agreements of affiliated employers, as defined in the Plan document.

Employees are eligible to participate in the Plan following completion of one year of service, achievement of certain union requirements and upon reaching age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (the “Code”).

Contributions – The majority of participants may elect to contribute between 1% and 20% of their annual compensation limited to the amount imposed by law except for participants covered by a certain agreement with an affiliated employer, in which contributions may only be made between 1% and 15%. In addition, all participants except those covered by an agreement with another affiliated employer are eligible to make voluntary after-tax contributions, not to exceed the amount imposed by law. Participants age 50 or older may also elect to make a catch-up contribution limited to the amount imposed by law. Participants may also contribute amounts representing distributions (i.e., rollovers) from other qualified plans. Rollover contributions totaled \$30,314 and \$102,533 for the years ended December 31, 2011 and 2010, respectively.

The Company and affiliated employers will make matching and/or non-elective profit sharing contributions, as defined by the Plan document. Actual amounts vary based on the affiliated employers.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions, Plan Sponsor contributions, and earnings on the participant-directed investments. Participant accounts are decreased by participant distributions, losses on the participant-directed investments and certain administrative expenses, if applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately fully vested in their salary deferral, rollover contributions, and actual earnings thereon. Based upon affiliated employer requirements as defined by the Plan document, employer contributions vest upon completion of three to seven years of service.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Payment of Benefits – Upon termination of service due to retirement, death, disability, or as required by law, a participant may elect to receive installment distributions or a lump-sum distribution in an amount equal to the vested value of their account. The Plan permits in-service distributions for participants older than age 59½.

Notes Receivable from Participants – In accordance with Plan provisions, participants are permitted to borrow a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms shall not exceed 5 years or a maximum of 15 years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are required to be repaid in equal installments over the term of the loan.

Notes receivable from participants are presented at the unpaid principal balance plus any unpaid accrued interest. Principal and interest is paid ratably through each payroll deduction. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Income Taxes – The Plan received its latest determination letter from the Internal Revenue Service ("IRS") dated May 18, 2005, stating that the Plan, as then designed, was in compliance with the applicable requirements of the IRS. The Plan has been amended subsequent to the IRS determination letter. However, the Plan administrator believes that the Plan is operating in compliance with the requirements of the Code. Therefore, the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Forfeitures – The non-vested balances of participant accounts for those participants who have ceased employment with the Company or an affiliated employer are forfeited upon the occurrence of a one-year break in service. At the Plan Sponsor's discretion, forfeitures arising during any Plan year may be used to reduce the Company's contributions and pay the Plan's administrative expenses. Forfeitures and interest earned thereon totaled \$24,623 and \$91,612 during the years ended December 31, 2011 and 2010, respectively.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts as of the effective date of termination.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared under the accrual method of accounting.

As described within Financial Accounting Standards Board Accounting Standards Codification Topic 946, *Financial Services – Investment Companies* (the “Topic”), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the Topic, the Statements of Net Assets Available for Benefits should present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value.

Valuation of Investments – The Plan’s investments consist of mutual funds and a common/collective trust. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Units held in the common /collective trust consist of holdings in fully benefit-responsive investment contracts and are reported at fair value and are adjusted to contract value in the accompanying Statements of Net Assets Available for Benefits.

The Plan presents in the accompanying Statements of Changes in Net Assets Available for Benefits the net (depreciation) appreciation in the fair value of its investments which consists of the realized (losses) gains and the unrealized (depreciation) appreciation of those investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Plan Expenses – Substantially all expenses of the Plan including investment advisory, legal expenses and audit fees are funded as a percentage of total assets under the provisions of the Plan. Loan maintenance and setup fees are paid directly from participant accounts.

Delaware North Companies
401(k) Union Plan
Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Benefit Payments – Benefits are recorded when paid.

Party-in-Interest Transactions – Certain Plan investments are shares of mutual funds and units of a common/collective trust whose assets are managed by Reliance Trust Company (“Reliance”). Reliance is the Plan trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Risks and Uncertainties – Investments are exposed to various risks, such as interest rate and market risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants’ account balances and the amount reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Reclassification – In order to facilitate comparison of financial information, certain amounts reported in the prior year have been reclassified to conform to the current year presentation.

Subsequent Events – The Plan has evaluated subsequent events, for recognition or disclosure through September 12, 2012, the date the financial statements were available to be issued.

3. Information Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance has certified that the following data included in the accompanying financial statements and supplementary information is complete and accurate.

4. Fair Value Measurements

The schedule below provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.
- Level 2 Inputs – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.
- Level 3 Inputs – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no Level 3 inputs applicable to the Plan's assets as of December 31, 2011 and 2010.

Delaware North Companies
401(k) Union Plan
Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	<u>2011</u>	<u>2010</u>
Level 1:		
Mutual funds	\$ 15,442,341	\$ 15,072,012
Level 2:
