INDEPENDENT AUDITOR'S REPORT

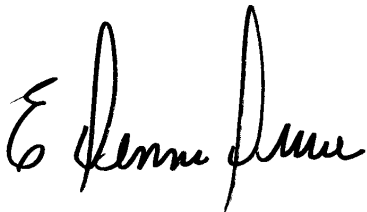

MCL Corporation
Plan Administrator and Sponsor
MCL Corporation 401(k) Profit Sharing Plan and Trust
Paducah, Kentucky

I was engaged to audit the statements of net assets, modified cash basis, of the MCL Corporation 401(k) Profit Sharing Plan and Trust as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits, modified cash basis, for the year ended December 31, 2011, and the supplemental schedule as of and for the year ended December 31, 2011. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note H, which was certified by the Nationwide Financial Services, Inc., the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. I have been informed by the plan administrator that Nationwide Financial Services, Inc. held the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2011 and 2010 that the information provided to the plan administrator by the custodian is complete and accurate.

As described in Note B, the financial statements were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, has been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MCL CORPORATION 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS Years Ended December 31, 2011 and 2010

NOTE A: DESCRIPTION OF PLAN

The following description of the MCL Corporation 401(k) Profit Sharing Plan and Trust provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a qualified, defined contribution pension plan with a profit sharing provision covering most employees of MCL Corporation and its affiliates not covered by union pension plans. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, eligible participants, those who have attained age 21 and one year of service, may defer up to the maximum percentage allowable not to exceed the limits of Code Section 401(k), 402(g), 404 and 415, as defined in the Plan. The employer (MCL Corporation) makes the basic safe harbor matching contributions and/or other discretionary contributions. The safe harbor matching contribution is equal to 100% of each participant's deferral contribution not exceeding 3% of the participant's compensation, plus 50% of each participant's deferral contributions in excess of 3% but not in excess of 5% participant's compensation. Contributions are subject to certain limitations.

The Plan accepts rollover contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the basic safe harbor matching contribution plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service as follows:

Non-Top Heavy Schedule

<u>Years of Service for Vesting</u>	<u>Nonforfeitable Percentages</u>
Less than 1 year	0%
2	20%
3	40%
4	60%
5	80%
6	100%

On termination of service, a participant with a vested account balance is entitled to the vested portion of the account balance. Benefit payments are made as soon as administratively possible in lump sum payments. There were no accounts allocated to persons who, at the financial statement date, have elected to withdraw from the Plan but have not been paid out as of December 31, 2011 and 2010.

Prior to separation from service, a participant who has reached the age of 59½ may elect to have a distribution of all or any portion of his deferral contributions, qualified nonelective contributions, qualified matching contributions, or safe harbor contributions.

Investments

The Plan permits participant direction of investment and is a 404(c) plan. The Plan's assets are maintained in a discretionary trust by Nationwide Financial Services, Inc., who acts as custodian for the Plan.

MCL CORPORATION 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS Years Ended December 31, 2011 and 2010

NOTE A: DESCRIPTION OF PLAN, continued

Payments of Benefits

Nonelective contributions may be distributed to a participant prior to separation from service if the participant has reached age 59½, participated in the Plan for at least five years, and is 100% vested in the account balance. Also, the Plan Administrator must allocate contributions to be distributed for a period of not less than two plan years before the distribution date.

Forfeitures

Forfeitures from nonelective contributions (profit sharing), if any, are used to reduce employer nonelective contributions. There were no forfeited nonvested accounts available to reduce nonelective contributions at December 31, 2011 and 2010.

Net Appreciation in Fair Value of Instruments

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying financial statements of changes in net assets available for benefits in fair value of instruments.

Brokerage fees are added to the acquisition cost of assets and subtracted from the proceeds of assets sold.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, transactions are recorded using the cash method of accounting with adjustments to reflect employer and employee receivables.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts by Certain Investment Companies Subject to AICPA Investment Company Guide and Defined-Contribution Health and Welfare Pension Plans* (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined contribution plan attributable to fully-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The fair value of the contract is equal to contract value; consequently no adjustment is required to adjust the fully-responsive investment contract from fair value to contract value.

Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. The fair value of the guaranteed investment contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

Purchases and sales of investments are recorded on a trade-date basis.

Payment of Benefits

Benefits are recorded when paid.

MCL CORPORATION 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS Years Ended December 31, 2011 and 2010

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Uncertain Tax Positions

The financial statements for the year ended December 31, 2011 include no interest or penalties related to taxes. The Plan is not aware of any position for which a significant change is reasonably possible within the next year. As of December 31, 2011, the Plan's federal tax filings for years ended December 31, 2008 through December 31, 2011 remain open for review by taxing authorities.

NOTE C: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE D: TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE E: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE F: TRUSTEE'S BOND

The trustee of the Plan is not bonded.

NOTE G: INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a benefit-responsive investment contract with Nationwide Insurance Company (Nationwide). Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is reset quarterly. The contract does not have a maturity date. The contract's provisions do not provide for a distribution at book value at some specified future date. The contract continues in force until all assets have been distributed, or no further payments are due.

As described in Note B, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

The contract crediting rate and average yield are the same. Crediting rates for the years ending December 31, 2011 and 2010 are:

	2011	2010
First quarter	0.00%	0.00%
Second quarter	0.00%	0.00%
Third quarter	0.00%	0.00%

NOTE I: FAIR VALUE MEASUREMENTS, continued

Accounting Standards Codification (ASC) 820-10, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted market prices.

Level 2 Fair Value Measurements

The Plan held no assets subject to Level 2 valuation.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined based on the fund's guaranteed interest rates/periods. On day one of the quarterly guaranteed period the crediting rate is reset to match market rates and fixed fund's value is set to 1.000000. The fixed fund's unit value is a product of the crediting interest rate and will increase incrementally to reflect interest that is earned daily.

Following are details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

Guaranteed Investment Contract

	2011	2010
Balance, beginning	\$ 33,330	\$ 29,124
Total gains (losses), realized and unrealized, included in changes in net assets available for benefits	(129)	(70)
Purchases, sales, issuances and settlements (net)	4,583	4,276
Balance, ending	<u>\$ 37,784</u>	<u>\$ 33,330</u>

Gains and losses, realized and unrealized, included in changes in net assets available for benefits for the year ended December 31, 2011 are reported in net appreciation in fair value of investments.

NOTE J: ADMINISTRATIVE EXPENSES

Direct expenses incurred in the administration of the Plan were paid by the Plan's sponsor, except as noted below.

Transactions with companies that provide services to the Plan are considered party-in-interest transactions. The following party-in-interest transactions occurred during the year ended December 31, 2011:

Certain plan investments are held and managed by the custodian.

Investment management fees and participant account fees totaling \$25,860 for mutual funds and accounts managed by Nationwide Financial Services, Inc. are netted with earnings.

INDEPENDENT AUDITOR'S REPORT

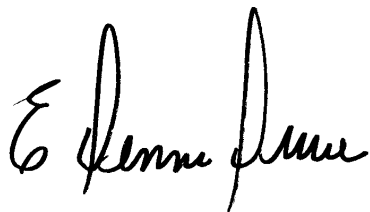

MCL Corporation
Plan Administrator and Sponsor
MCL Corporation 401(k) Profit Sharing Plan and Trust
Paducah, Kentucky

I was engaged to audit the statements of net assets, modified cash basis, of the MCL Corporation 401(k) Profit Sharing Plan and Trust as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits, modified cash basis, for the year ended December 31, 2011, and the supplemental schedule as of and for the year ended December 31, 2011. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note H, which was certified by the Nationwide Financial Services, Inc., the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. I have been informed by the plan administrator that Nationwide Financial Services, Inc. held the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2011 and 2010 that the information provided to the plan administrator by the custodian is complete and accurate.

As described in Note B, the financial statements were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, has been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.
