**Statement by Enrolled Actuary**

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

**Part I Service Provider Information (see instructions)**

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

**1 Information on Persons Receiving Only Eligible Indirect Compensation**

**a** Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☐ Yes ☒ No

**b** If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

**(b)** Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

**(b)** Enter name and EIN or address of person who provided you disclosure on eligible indirect compensation

**(b)** Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

**(b)** Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

---

**(b)** Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

**Part I Service Provider Information (continued)**

**3** If you reported on line 2 receipt of indirect compensation, other than eligible indirect compensation, by a service provider, and the service provider is a fiduciary or provides contract administrator, consulting, custodial, investment advisory, investment management, broker, or recordkeeping services, answer the following questions for (a) each source from whom the service provider received \$1,000 or more in indirect compensation and (b) each source for whom the service provider gave you a formula used to determine the indirect compensation instead of an amount or estimated amount of the indirect compensation. Complete as many entries as needed to report the required information for each source.

| (a) Enter service provider name as it appears on line 2             | (b) Service Codes<br>(see instructions)                                                                                                                            | (c) Enter amount of indirect compensation |
|---------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------|
|                                                                     |                                                                                                                                                                    |                                           |
| (d) Enter name and EIN (address) of source of indirect compensation | (e) Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation. |                                           |
|                                                                     |                                                                                                                                                                    |                                           |
| (a) Enter service provider name as it appears on line 2             | (b) Service Codes<br>(see instructions)                                                                                                                            | (c) Enter amount of indirect compensation |
|                                                                     |                                                                                                                                                                    |                                           |
| (d) Enter name and EIN (address) of source of indirect compensation | (e) Describe the indirect compensation, including any formula used to determine the service provider's eligibility for or the amount of the indirect compensation. |                                           |
|                                                                     |                                                                                                                                                                    |                                           |

|---------------|--------------------------------------|
| <b>Part I</b> | <b>Asset and Liability Statement</b> |
|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

| Assets                                                                                            |                 | (a) Beginning of Year | (b) End of Year |

**Part III Accountant's Opinion**

**3** Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

**a** The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☐ Unqualified (2) ☐ Qualified (3) ☒ Disclaimer (4) ☐ Adverse

**b** Did the accountant perform a limited scope audit pursuant to 29 CFR 2520.103-8 and/or 103-12(d)? ☒ Yes ☐ No

**c** Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: DIXON HUGHES GOODMAN LLP (2) EIN: 56-0747981

**d** The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

**Part IV Compliance Questions**

- 4** CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete 4j and 4l. MTIAs also do not complete 4l.

During the plan year:

|                                                                                                                                                                                                                                                                                                                 | Yes | No | Amount   |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|----|----------|
| <b>a</b> Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.).....                 |     | X  |          |
| <b>b</b> Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)..... |     | X  |          |
| <b>c</b> Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.) .....                                                                                                                            |     | X  |          |
| <b>d</b> Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.).....                                                                                                                  |     | X  |          |
| <b>e</b> Was this plan covered by a fidelity bond?.....                                                                                                                                                                                                                                                         | X   |    | 10000000 |
| <b>f</b> Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty? .....                                                                                                                                                                         |     | X  |          |
| <b>g</b> Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser? .....                                                                                                                                      |     | X  |          |
| <b>h</b> Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser? .....                                                                                                                            |     | X  |          |
| <b>i</b> Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.).....                                                                                                                                                   | X   |    |          |
| <b>j</b> Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked, and see instructions for format requirements.).....                                                                                    |     | X  |          |
| <b>k</b> Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?.....                                                                                                                                              |     | X  |          |
| <b>l</b> Has the plan failed to provide any benefit when due under the plan? .....                                                                                                                                                                                                                              |     | X  |          |
| <b>m</b> If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.).....                                                                                                                                                                                     |     |    |          |
| <b>n</b> If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3. ....                                                                                                                        |     |    |          |
| <b>4n</b>                                                                                                                                                                                                                                                                                                       |     |    |          |

- 5a** Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?

If "Yes," enter the amount of any plan assets that reverted to the employer this year..... ☐ Yes ☒ No Amount:

- 5b** If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

- 14** Enter the number of participants on whose behalf no contributions were made by an employer as an employer of the participant for:

|                                                                          |            |  |
|--------------------------------------------------------------------------|------------|--|
| <b>a</b> The current year .....                                          | <b>14a</b> |  |
| <b>b</b> The plan year immediately preceding the current plan year ..... | <b>14b</b> |  |
| <b>c</b> The second preceding plan year .....                            | <b>14c</b> |  |

- 15** Enter the ratio of the number of participants under the plan on whose behalf no employer had an obligation to make an employer contribution during the current plan year to:

|                                                                                                       |            |  |
|-------------------------------------------------------------------------------------------------------|------------|--|
| <b>a</b> The corresponding number for the plan year immediately preceding the current plan year ..... | <b>15a</b> |  |
| <b>b</b> The corresponding number for the second preceding plan year .....                            | <b>15b</b> |  |

- 16** Information with respect to any employers who withdrew from the plan during the preceding plan year:

|                                                                                                                                                                        |            |  |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------|--|
| <b>a</b> Enter the number of employers who withdrew during the preceding plan year .....                                                                               | <b>16a</b> |  |
| <b>b</b> If item 16a is greater than 0, enter the aggregate amount of withdrawal liability assessed or estimated to be assessed against such withdrawn employers ..... | <b>16b</b> |  |

- 17** If assets and liabilities from another plan have been transferred to or merged with this plan during the plan year, check box and see instructions regarding supplemental information to be included as an attachment. .... ☐

**Part VI Additional Information for Single-Employer and Multiemployer Defined Benefit Pension Plans**

- 18** If any liabilities to participants or their beneficiaries under the plan as of the end of the plan year consist (in whole or in part) of liabilities to such participants and beneficiaries under two or more pension plans as of immediately before such plan year, check box and see instructions regarding supplemental information to be included as an attachment. .... ☐

- 19** If the total number of participants is 1,000 or more, complete items (a) through (c)

- a** Enter the percentage of plan assets held as:

Stock: \_\_\_\_\_% Investment-Grade Debt: \_\_\_\_\_% High-Yield Debt: \_\_\_\_\_% Real Estate: \_\_\_\_\_% Other: 100%

- b** Provide the average duration of the combined investment-grade and high-yield debt:

☐ 0-3 years ☐ 3-6 years ☐ 6-9 years ☐ 9-12 years ☐ 12-15 years ☐ 15-18 years ☐ 18-21 years ☐ 21 years or more

- c** What duration measure was used to calculate item 19(b)?

☐ Effective duration ☐ Macaulay duration ☐ Modified duration ☐ Other (specify):

**Independent Auditors' Report**

To the Participants and Administrator of the  
Doosan Pension Plan Number One

We were engaged to audit the financial statements of the Doosan Pension Plan Number One (the "Plan") as of December 31, 2011 and 2010 and for the years then ended and the supplemental schedule as of December 31, 2011, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, ("ERISA") the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 7 and 8, which was certified by JPMorgan Chase Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2011 and 2010 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Independent Auditors' Report**

To the Participants and Administrator of the  
Doosan Pension Plan Number One

We were engaged to audit the financial statements of the Doosan Pension Plan Number One (the "Plan") as of December 31, 2011 and 2010 and for the years then ended and the supplemental schedule as of December 31, 2011, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, ("ERISA") the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 7 and 8, which was certified by JPMorgan Chase Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2011 and 2010 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

# **Doosan Pension Plan Number One**

## **Notes to Financial Statements**

### **December 31, 2011 and 2010**

---

#### **1. Description of the Plan**

The following brief description of the Doosan Pension Plan Number One (the “Plan”) is provided for general information purposes. Participants should refer to the plan document for complete information.

##### **History**

On November 30, 2007, Doosan Infracore International, Inc. (the “Company”) purchased from Ingersoll-Rand plc (“IR”) its Bobcat, Utility Equipment, and Attachment businesses. As defined in the purchase agreement, employees and former employees of these IR businesses became employees and former employees of the Company, and the related pension assets and liabilities for these individuals were to be transferred to the Plan.

On July 1, 2011, the Plan became a multiple employer plan. On that date, approximately 80 employees were moved from the Company to Doosan Information and Communications America, LLC (“DSIA”), another employer which is not considered to be under control of the Company. Per regulations governing multiple employer defined benefit plans, the Plan assets were removed from the Master Trust. The consulting actuary will calculate each employer’s obligation separately, but either company could be liable for required contributions.

##### **General**

The Plan is a defined benefit plan covering United States employees of most U.S. subsidiary companies of the Company not covered by other defined benefit pension plans and employees of DSIA. Participation in the Plan begins at the date of employment. As of January 1, 2010, new hires of the Company are no longer eligible to participate in the Plan, except for certain hired employees who were previously eligible to participate in the Clark Equipment Company Melroe Division Bismarck, North Dakota Hourly-Rate Employees’ Pension Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

##### **Pension Benefits**

The normal retirement age is 65 with 5 years of vested service, subject to variations for specific subsidiaries. The monthly pension benefit is based on annual compensation, years of credited service, and Social Security benefit. Variations of this formula apply to employees of specific subsidiaries of the Company. Participants are eligible for early retirement at age 55 having completed 15 years of service, subject to variations for specific subsidiaries. Employees electing early retirement receive reduced pension benefits based on the difference between the normal retirement date and the date when pension payments begin. Variation of reduction in benefit payments is dependent on subsidiaries. Employees who become totally and permanently disabled with 15 years of credited service are also eligible for a disability benefit, the calculation of which is subject to variations for specific subsidiaries. The Plan also provides for surviving spousal benefits, in accordance with provisions of the Plan.

# **Doosan Pension Plan Number One**

## **Notes to Financial Statements**

### **December 31, 2011 and 2010**

---

## **2. Summary of Significant Accounting Policies**

### **Basis of Accounting**

The Plan's financial statements are prepared on the accrual basis of accounting.

### **Investment Valuation and Income Recognition**

The fair value of the Plan's interest in the Clark Equipment Company Pension Trust (the "Master Trust") is based on the beginning of the year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income or loss, less actual distributions and allocated and actual administrative expenses.

The Master Trust records purchases and sales of securities on a trade date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's proportionate share of the Master Trust's gains and losses on investments bought and sold as well as held during the year.

All other investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### **Expenses**

Through June 30, 2011, substantially all expenses of the Plan, except the Pension Benefit Guaranty Corporation ("PBGC") premiums, are paid by the Master Trust and are allocated to the Plan as a reduction to its interest in the earnings of the Master Trust. PBGC premiums are paid by the Master Trust and are specific to the Plan.

After July 1, 2011, expenses of the Plan are paid out of plan assets.

### **Reclassifications**

Certain reclassifications have been made to the 2010 financial statement presentation to conform to the 2011 presentation. Net assets as of December 31, 2010 did not change as a result of these reclassifications.

### **Benefit Payments**

Benefit payments are recorded when paid.

### **Actuarial Matters**

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries, beneficiaries of employees who have died and present employees or their beneficiaries. Benefits under the Plan are based on employees' highest compensation during their credited service and other factors of credited service in accordance with the terms of the plan document. The accumulated plan benefits for active employees are based on this formula for the five years ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances are

# Doosan Pension Plan Number One

## Notes to Financial Statements

### December 31, 2011 and 2010

---

included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits at January 1, 2011 and 2010 was determined by the consulting actuary. The actuarial present value results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the actuarial present value of accumulated plan benefits at January 1, 2011 and 2010 were as follows:

|                                                 |                                                                                        |
|-------------------------------------------------|----------------------------------------------------------------------------------------|
| Valuation method                                | – Projected Unit Credit Method                                                         |
| Life expectancy                                 | – Healthy: RP-2000 Generational with Adjustments<br>Disabled: RP-2000 with Adjustments |
| Discount rate                                   | – 8.20% in 2011, 8.11% in 2010                                                         |
| Expected retirement age for active participants | – Various ages from 55 to 65                                                           |
| Form of benefit                                 | – Various based on actual experience                                                   |
| Salary increase                                 | – 4.5%                                                                                 |

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated benefits at the date of the financial statements. Actual results could differ from those estimates.

#### Subsequent Events

The Plan has evaluated subsequent events through October 1, 2012, the date the financial statements were available to be issued.

# Doosan Pension Plan Number One

## Notes to Financial Statements

### December 31, 2011 and 2010

---

### 3. Investments

The following unaudited investments represent 5% or more of the Plan's net assets available for benefits at December 31, 2011 and 2010:

|                                                    | <u>2011</u>  | <u>2010</u> |
|----------------------------------------------------|--------------|-------------|
| MGI Large Cap Growth Equity                        | \$ 2,802,734 | *           |
| MGI US Large Cap Value Equity                      | 2,841,806    | *           |
| MGI Non-US Core Equity                             | 5,345,380    | *           |
| MGI Long Duration Fixed Income                     | 4,842,228    | *           |
| MGI Large Cap Passive Equity                       | 3,410,397    | *           |
| MGI Long Duration Passive<br>Fixed Income          | 2,164,507    | *           |
| MGI Long Duration Investment<br>Grade Fixed Equity | 2,990,778    | *           |

\* Indicates investment less than 5%

For the year ended December 31, 2011, the Plan's investments in commingled funds (including investments bought, sold, and held during the year) depreciated \$56,027.

### 4. Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

# Doosan Pension Plan Number One

## Notes to Financial Statements

### December 31, 2011 and 2010

---

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

At December 31, 2010, all of the Plan's investments were held in the Master Trust. The assets in the Master Trust are recorded at fair value.

Following is a description of the valuation methodologies used for the Plan's investments at December 31, 2011 and the Plan's underlying assets in the Master Trust at December 31, 2010 measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

*Commingled funds:* Valued at the current unit value of the fund at the end of the year as determined by the administrator of the fund. The current unit value is the value of the fund assets based on the closing prices on an active market less fund liabilities divided by the number of shares outstanding. The current unit value is a reasonable exit price, but it is not quoted in an active market. These investments are classified as Level 2.

*Short-term investment fund:* The fund invests in various high quality short-term debt securities, some of which may not have a quoted market price. The fund manager has valued the fund with a \$1 unit price. These investments are classified as Level 2.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011:

|                            | Level 1     | Level 2              | Level 3     | Total                |
|----------------------------|-------------|----------------------|-------------|----------------------|
| Commingled funds:          |             |                      |             |                      |
| Fixed income               | \$ -        | \$ 11,215,999 (a)    | \$ -        | \$ 11,215,999        |

| Total                      | <u>\$ -</u>    | <u>\$ 318,346,185</u> | <u>\$ -</u>    | <u>\$ 318,346,185</u> |

- (a) Represents investment in common collective trust funds, whose investment objective is to provide current income and long-term capital preservation by using a multi-manager, multi-style approach. Through its sub-advisors, the funds are primarily invested in U.S. dollar-denominated investment grade and government securities. There are no unfunded commitments, redemption frequency restrictions, or other redemption restrictions.
- (b) Represents investment in common collective trust funds, whose investment objective is to provide long-term capital appreciation by using a multi-manager, multi-style approach. Through its sub-advisors, the funds are invested in publicly traded companies of any size operating in developed and emerging markets outside the U.S. There are no unfunded commitments, redemption frequency restrictions, or other redemption restrictions.
- (c) Represents investment in common collective trust funds, whose investment objective is to provide long-term capital appreciation by using a multi-manager, multi-style approach. Through its sub-advisors, the funds are primarily invested in common stock of large cap companies in the U.S. There are no unfunded commitments, redemption frequency restrictions, or other redemption restrictions.
- (d) Represents investment in common collective trust funds, whose investment objective is to provide long-term capital appreciation by using a multi-manager, multi-style approach. Through its sub-advisors, the funds are invested in small to mid-sized companies in the U.S. There are no unfunded commitments, redemption frequency restrictions, or other redemption restrictions.

The fair values of the funds in the Plan and in the Master Trust shown above reflect the proceeds anticipated should the funds be sold. There are no restrictions on the redemption of the funds, nor are there any unfunded commitments related to these investments.

## **5. Funding Policy**

It is the Company's policy to make annual contributions to the Plan in amounts ranging from the minimum necessary to satisfy the funding requirements of ERISA to the maximum tax deductible

# **Doosan Pension Plan Number One**

## **Notes to Financial Statements**

### **December 31, 2011 and 2010**

---

contributions allowed by the Internal Revenue Code. In accordance with ERISA, minimum funding requirements have been met for the periods presented.

#### **6. Plan Termination**

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations.

Certain benefits under the Plan are insured by the PBGC if the Plan is terminated. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's benefits. However, the PBGC does not guarantee all types of benefits and the amount of benefit protection is subject to certain limitations.

Whether all participants receive their benefits should the Plan be terminated will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

#### **7. Investment in Master Trust**

At December 31, 2010, the assets of several of the Company's separate defined benefit pension plans are included in the Master Trust, for which the trustee is JPMorgan Chase Bank N.A. (the "Trustee"). The Trustee maintains separate accounting of all contributions, benefit payments and expenses and allocates income received by the Master Trust on the basis of the adjusted value of each plan at year end. Each pension plan has an undivided interest in the assets of the Master Trust. At December 31, 2010, the Plan's interest in the Master Trust was approximately 8.79%.

The following investments and receivables and the net appreciation (depreciation) in fair value of investments, interest, and dividend income are certified by the Trustee to be complete and accurate. The Trustee has also certified the Plan's proportionate share of such items to be complete and accurate. The Master Trust's financial statements are prepared on the modified cash basis of accounting while the Plan's financial statements are prepared on the accrual basis of accounting.

| Net depreciation in fair value of investments | <u>\$ (56,027)*</u>                         |

\*Represents activity from July 1, 2011, the date in which the Plan's assets were transferred from the Master Trust.

#### 9. Party-in-interest Transactions

Through the Master Trust and the Plan's trust, certain investments are managed by JPMorgan Chase Bank N.A. JPMorgan Chase Bank N.A. is the trustee as defined by the Plan and, therefore, these transactions are party-in-interest transactions, but are not deemed prohibited transactions. Through the Master Trust and the Plan's trust, certain investments are managed by Mercer Global Investments, Inc. ("MGI"). MGI is related to the Plan's actuary, Mercer, by common ownership, therefore these transactions are party-in-interest transactions but are not deemed prohibited transactions.

#### 10. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated January 21, 2012, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. For the years ended December 31, 2011 and 2010, the Company believed that the Plan was designed and operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are

**Doosan Pension Plan Number One**  
**Notes to Financial Statements**  
**December 31, 2011 and 2010**

---

currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2008.

**11. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

**Statement by Enrolled Actuary**

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

**Schedule SB, Line 24 — Change in Actuarial Assumptions**

- Interest discounts and mortality rates were updated from 2010 to 2011 in accordance with PPA.
- Expense normal cost increased from \$48,090 to \$49,315 to reflect our expectations for the current plan year.

**Schedule SB, Part V — Statement of Actuarial Assumptions/Methods****Actuarial assumptions****Discount rate sponsor elections**

**Mortality sponsor elections**

|                                     |                                                                                                                                                                                                                                                    |
|-------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| ▪ Healthy and disabled participants | Section 430(h)(3) prescribed separate static annuitant and nonannuitant mortality tables. These tables are based on the RP-2000 mortality tables projected with mortality improvement to the valuation year plus 7 and 15 years based on Scale AA. |
|-------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

**417(e) lump sums**

For participants where the 417(e) minimum lump sum applies, liabilities are determined based on the underlying annuity used by the plan to determine the lump sum amount, rather than valuing the lump sum payment. This annuity is valued based on funding interest rates rather than 417(e) rates and current year 417(e) unisex mortality.

**Other economic assumptions**

|                                 |                                             |
|---------------------------------|---------------------------------------------|
| ▪ Salary increases              | 4.50% per year.                             |
| ▪ Flat-dollar benefit increases | Not applicable.                             |
| ▪ Social Security wage base     | Not applicable.                             |
| ▪ Expected investment return    | 7.50% per year for years 2009 through 2011. |
| ▪ Expected expenses             | PBGC premiums added to normal cost.         |

**Benefit increases**

No projected pay or projected scheduled benefit increases have been assumed for minimum funding purposes. Salary increases are projected for maximum deductible purposes.

**Unpredictable contingent event assumptions**

Not applicable.

\* The rates of withdrawal used for the first three years of service are 30%, 25%, and 20%, respectively. Thereafter, the rates vary by age, as shown above.

**Actuarial methods****Asset methods**

The asset valuation method is an average of the adjusted market value for each year during the last 24 months preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110 percent and no less than 90 percent of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

**Participant methods**

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.

## Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

### Minimum funding methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

### Maximum deductible contribution method

Calculations of maximum deductible contributions include the excess of the funding target computed using the projected unit credit method over the minimum funding target. The objective of the projected unit credit method is to fund each participant's benefits under the plan as they accrue, taking into consideration expected future compensation increases. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- An individual's **projected funding target** is the present value of benefits based on credited service as of the beginning of the plan year and projected compensation that would be used in the calculation of the benefit on each expected separation date. If multiple decrements are used, the projected funding target for an individual is the sum of the component projected funding targets associated with the various anticipated separation dates.

## **Schedule SB, Part V — Statement of Actuarial Assumptions/Methods**

- The plan's **projected funding target** is the sum of the projected funding targets for all participants under the plan. The excess of the plan's projected funding target over the plan's funding target is included in the "cushion amount".

**Schedule SB, Part V — Summary of Plan Provisions****Benefits included or excluded**

Unless noted below, all benefits provided by the plan, as effective December 1, 2007, are included in this valuation.

- **Most recent plan amendments included:** There have been no amendments to the plan since it was restated on December 31, 2009 with an effective date of December 1, 2007.
- **Plan amendments excluded:** None
- **IRC Section 436 benefit restrictions:**
  - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
  - *Plan amendments:* See above.
  - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
  - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Scheduled benefit increases:** Scheduled benefit increases effective after the end of the current plan year are excluded from minimum funding requirements.
- **Late retirement increases:**
  - *Active participants:* The plan provides benefit suspension notices to participants who work beyond normal retirement; therefore, late retirement actuarial increases only apply to participants who defer retirement beyond age 70½. This valuation assumes continued accruals will provide the greater benefit.
  - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.
- **IRC Section 415(b) benefit limitations:** The limitations of Internal Revenue Code Section 415(b) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60 percent of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy accruals.

**Schedule SB, Part V — Summary of Plan Provisions****Summary of major plan provisions**

| ▪ Benefit                                   | <p><u>Active after January 1, 2003:</u> One-half of normal retirement benefit calculated as if participant separated from service on his/her date of death, survived to an annuity starting date elected by the beneficiary (in the case of spousal beneficiaries) or an immediate annuity starting date (in the case of non-spouse beneficiaries) and elected a single life annuity with 120 guaranteed monthly payments. The beneficiary also may elect a lump sum payment.</p> <p><u>Active prior to January 1, 2003:</u> For employees who prior to August 23, 1984 had (i) reached age 55 with 10 years of service, or (ii) reached age 50 with 20 years of service, or (iii) completed 25 years of service, surviving spouses receive one-half of the single life annuity otherwise payable the first day of the month following death; the benefit is reduced 0.3% per month for commencement prior to age 65, but the reduction will not exceed 50%.</p> <p>For other employees, the QJSA is paid.</p> <p>For terminated vested employees, the benefit is reduced by ½% for each year the surviving spouse is covered by the death benefit, but the reduction cannot exceed 10%.</p> |
| <b>Form of benefits</b>                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| ▪ Automatic form for unmarried participants | <p><u>Active after January 1, 2003:</u> Normal form is a single life annuity with 120 guaranteed monthly payments for single participants.</p> <p><u>Active prior to January 1, 2003:</u> The normal form is a single life annuity for single participants.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| ▪ Automatic form for married participants   | A 50% joint and survivor annuity                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| ▪ Optional forms                            | Optional forms include 75% and 100% contingent annuities, a 15-year certain and continuous annuity, a social security level income annuity, and unlimited lump sums (lump sums are limited to \$10,000 for participants that terminated prior to January 1, 2003).                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| ▪ Optional form conversion factors          | Optional form conversion factors for benefits other than a lump sum or social security level income annuity are contained in Tables A – C of the plan document. Lump sum benefits are calculated by multiplying the single life annuity benefit by 120. However, the lump sum benefit or social security level income annuity payable cannot be less than the actuarial equivalent benefit determined under the assumptions set forth in Section 417(e) of the Code.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
