INDEPENDENT AUDITORS' REPORT

Plan Committee of the
Clockwork, Inc. 401(k) Profit Sharing Plan
Sarasota, Florida

We were engaged to audit the accompanying statements of net assets available for benefits of the Clockwork, Inc. 401(k) Profit Sharing Plan (Plan) as of December 31, 2011, and the related statement of changes in net assets available for benefits for the year then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 3, 2011, indicated that because of the significance of the information that they did not audit, they were unable to, and did not, express any opinion on the financial statements taken as a whole, and the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 5, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2011 financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2011 that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the financial statements as of and for the year ended December 31, 2011 and supplemental schedule as of December 31, 2011. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The form and content of the information included in the 2011 financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Clockwork, Inc. 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan for employees of Clockwork, Inc. and its Subsidiaries (Company). On July 1, 2010, Clockwork, Inc. was acquired by Direct Energy. Substantially all nonunion employees of the Company are eligible to participate in the Plan on their first day of employment, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants may contribute a portion of their annual compensation, ranging from 1% to 80% as defined in the Plan, up to the maximum amount per year, as allowed under the Internal Revenue Code (IRC). For the year ended December 31, 2011, the maximum allowed was $16,500. The limit on catch-up elective deferrals for participants age 50 and over was an additional $5,500 for the 2011 plan year. Participants may also contribute amounts representing distributions from other qualified plans. The Plan also provides for the Company to make annual profit sharing contributions to the Plan at the discretion of the Board of Directors. The contribution is allocated to the participants based on the proportion of each participant's compensation, as defined, compared to total compensation of participants in the Plan. A participant must be employed on the last day of the plan year or, if terminated, have completed more than 500 hours of service, in order to receive a contribution. No profit sharing contribution was made for the year ended December 31, 2011. The Company may also make discretionary matching contributions. The Company elected not to make any matching contributions during 2011.

Rollover Contributions - Participants are allowed to make rollover contributions (contributions transferred to the Plan from other qualified plans), subject to certain requirements.

Participants may elect to invest their funds in 1% increments in any of the investment options. Asset transfers among these options are permitted daily.

Participant Accounts - Each participant's account is credited with the participants' contributions, allocations of the Company's contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Company contribution portion of their accounts plus earnings thereon is based on years of continuous service. A year of service means the period during which an employee has completed at least 1,000 hours of service. The Plan provides for 100% vesting of participant balances upon normal retirement, death or permanent disability in accordance with Plan provisions. A participant is incrementally vested over five years of credited service in employer contributions as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
Less than 2 years	20%
Less than 3 years	40%
Less than 4 years	60%
Less than 5 years	80%
More than 5 years	100%

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Notes Receivable From Participants - Participants may borrow up to the lesser of 50% of their vested account balance or $50,000. Notes are required to be repaid through payroll deductions within five years, except those loans used in the purchase of a primary residence, which must be repaid within a reasonable period of time, determined at the time the loan is executed. The notes are secured by the balance in the participant's account and bear interest at the prime lending rate plus 1% at the time of the loan. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits - Benefits provided by the Plan are paid from assets available for benefits at retirement, disability, death or termination of employment. Payment may be in the form of a lump-sum payout of the participant's account balance, purchase of an annuity or periodic cash payments, or rolled over to another qualified plan. Hardship distributions may also be granted in accordance with the guidelines of ERISA.

Forfeitures - Forfeited amounts of profit sharing and employer contributions will first be used to pay any administrative expenses and any remaining forfeitures will be used to reduce any employer contributions.

Forfeitures available to be used to reduce administrative expenses or employer contributions approximated $40,000 and $52,000 at December 31, 2011 and 2010, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits - Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses - Plan assets are held and managed by State Street Bank and Trust Company (the Trustee). Management of the Company assists in administering the Plan, and all normal administrative costs of the Plan may be paid by the Company, unless the Company elects to have such expenses paid by the Plan. In 2011, certain recordkeeping fees were paid by the Plan, with all other administrative fees being paid by the Company.

Subsequent Events - Plan management has evaluated subsequent events through October 4, 2012, the date on which the financial statements were available to be issued.

Reclassifications - Certain reclassifications have been made to the accompanying financial statements for the year ended December 31, 2010 to conform to the current year's presentation.

Recent Accounting Pronouncements - In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2011-04, Fair Value Measurement: Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs. This ASU provides a consistent definition of fair value to ensure that the fair value measurement and disclosure requirements are similar between accounting principles generally accepted in the United States (U.S. GAAP) and International Financial Reporting Standards (IFRS). This standard changes certain fair value measurement principles and enhances the disclosure requirements. ASU No. 2011-04 is effective for interim and annual periods beginning after December 15, 2011 and should be applied prospectively. The Plan is currently evaluating the impact, if any, this ASU will have on its financial statements.

NOTE 3 - INVESTMENTS

The fair value of individual investments at December 31, 2011 and 2010 that represent 5% or more of the Plan's net assets available for benefits is as follows:

	2011	2010
SSGA Government Money Market	$ 1,063,795	$ 1,010,255
Fidelity Adv Freedom 2030 - T	826,442	857,598
Invvk Equity and Income A	780,728	893,686
Pimco Real Return Fund - A	618,342	572,005
Fidelity Adv Freedom 2020 - T*	515,145	-
T Rowe Int G&I Advisor CL	485,249	564,740
Davis New York Venture Fund - A	462,625	493,492

* These funds were greater than 5% of net assets available for benefit as of December 31, 2011, but less than 5% as of December 31, 2010.

NOTE 4 - RELATED-PARTY TRANSACTIONS

The Plan invests in registered investment companies and accounts managed by State Street Bank and Trust. These transactions qualify as party-in-interest transactions that are allowable under ERISA.

NOTE 5 - INFORMATION CERTIFIED BY PLAN TRUSTEE (Unaudited)

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2011 and 2010, net realized and unrealized depreciation in fair value of investments and interest and dividends for the year ended December 31, 2011, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan in whole or in part subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their account balances.

NOTE 7 - INCOME TAX STATUS

The underlying nonstandardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008 stating that the form of the Plan is qualified under Section 401 of the IRC and, therefore, the related trust is tax-exempt. In accordance with Revenue Procedure 2002-6 and Announcement 2001-77, the Plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan option letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for tax years prior to 2008.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - FAIR VALUE MEASUREMENTS

The Fair Value Measurements and Disclosure topic of the Codification requires disclosures that categorize assets and liabilities measured at fair value into one of three different levels depending on the assumptions (i.e., inputs) used in the valuation. Level 1 provides the most reliable measure of fair value, while Level 3 generally requires significant management judgment. Financial assets and liabilities are classified in their entirety based on the lowest level of input significant to the fair value measurement. The fair value hierarchy is defined as follows:

> Level 1 - Valuations are based on unadjusted quoted prices in active markets for identical assets or liabilities.
>
> Level 2 - Valuations are based on quoted prices for similar assets or liabilities in active markets, or quoted prices in markets that are not active, but for which significant inputs are observable, either directly or indirectly.
>
> Level 3 - Valuations are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. Inputs reflect management's best estimate of what market participants would use in valuing the asset or liability at the measurement date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2011 or 2010.

> Registered Investment Companies and Money Market Funds - Valued at the net asset value (NAV) of shares held by the Plan at year-end.
>
> Index Funds - Valued at the net asset value (NAV) of shares held by the Plan at year-end.

The method described above might produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 9 - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques might require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Company evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2011, there were no significant transfers in or out of Levels 1, 2 or 3.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
