Notes to Financial Statements

1. Description of Plan

The following description of the C.R. Laurence Co., Inc. (the "Company") 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the Company who have at least 90 days of service in a Plan year and who are at least age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

All employees who have completed three months of service and are at least 21 years of age are eligible to participate in the Plan. Entry dates into the Plan are monthly.

Contributions

Participants may contribute up to 100% of their annual compensation, subject to certain Internal Revenue Service (IRS) limitations, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. The Company contributes, as a matching contribution, an amount equal to 50% of the participants' contribution, up to a 6% deferral rate which equates to 3% of the participants' compensation. The match is invested in various investment options as directed by the participant. The Company may also make discretionary contributions to the Plan as determined and approved by its board of directors. Participants are allowed to rollover funds into the Plan. Participants' contributions for the Plan year ended December 31, 2011 include \$1,433,641 of rollovers.

Participants' Accounts

Each participant account is credited with the participant's contribution, the Company's matching contribution, and an allocation of Plan earnings and expenses. Allocations are based on the participant's account balance. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions to the Plan, plus actual earnings thereon. The Company's matching contribution is vested at a rate of 20% per year after the second year of service, so that a participant is 100% vested after six years of service.

Payment of Benefits

Benefits are recorded when paid. A participant under normal retirement is entitled to a lump-sum distribution or periodic cash payments equal to the value of the participant's account at the participant's 65th birthday.

C.R. Laurence Co., Inc.
401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

However, if said participant shall continue as an employee of the Company after reaching age 65, payment of said benefits shall be postponed until his or her actual retirement. Furthermore, the Plan provides for all distributions to be made or to commence no later than the first day of April following the end of the calendar year in which the participant attains age 70½.

Death benefits, early retirement and disability benefits, and benefits due upon termination are paid to Plan participants or their beneficiaries in the same manner as normal retirement benefits as soon as possible after the occurrence of the event.

Forfeitures

Forfeiture allocations are used to reduce employer contributions should a participant terminate his or her employment prior to meeting the vesting requirement. Forfeited invested accounts totaled \$93,468 and \$42,121 for the years ended December 31, 2011 and 2010, respectively. During the year ended December 31, 2011, the Company applied \$56,775 of forfeitures to reduce employer contributions.

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. The loans are secured by the non-forfeitable balance in the participant's account and bear interest at Prime plus 1%.

The loans are repaid ratably through bi-weekly payroll deductions over a period of five years or less. For loans for the purchase of a primary residence, the term is up to 15 years as allowed by the Internal Revenue Code.

Administrative Expenses

Expenses associated with the administration of the Plan are paid by the Plan through direct participant account deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could materially differ from those estimates.

Adoption of New Accounting Pronouncements

In January 2010, the FASB issued ASU No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures about Fair Value Measurements*, ("ASU 2010-06") to require new disclosures regarding (a) transfers in and out of levels 1 and 2, and (b) activity in level 3 fair value measurements. ASU 2010-06 also provides amendments to FASB Accounting Standards Codification ("ASC") 820 that clarify existing disclosures regarding (a) level of disaggregation for each class of assets and liabilities, and (b) disclosures about inputs and valuation techniques for fair value measurements that fall in either level 2 or level 3. Levels 1, 2, and 3 of fair value measurements are defined in Note 5 below. The Plan adopted this new accounting standards update during the year ending December 31, 2010 except for the provisions of this update that were effective (and adopted) for the year ending December 31, 2011. The adoption of all of these provisions did not have a material effect on the Plan's financial statements.

In May 2011, the FASB issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU 2011-04 amended ASC 820, *Fair Value Measurements and Disclosures*, to provide a consistent definition of fair value and improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with U.S. GAAP and IFRSs. Some of the amendments clarify the application of existing fair value measurement and disclosure requirements, while other amendments change a particular principle or requirement for measuring fair value or disclosing information about fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

Investment Valuation and Income Recognition

The Plan's investments in pooled separate accounts represent the number of fund participation units owned by the Plan and are stated at fair value. Quoted market prices of the underlying investments are used to value each fund, and are based on the net asset value of the shares held by the Plan at end of the year. The fair value of participation units held in the pooled separate accounts are based on net asset value after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts. At December 31, 2011, the Plan had no unfunded commitments related to these investments. The redemption of these investments is subject to the preference of individual Plan participants and contains no restrictions on the timing of redemption.

Investments in guaranteed interest accounts are valued by deposits made to the contract, plus earnings guaranteed at the crediting rate, less withdrawals and fees. The investment guarantees the return of principal plus compound interest earned over the defined terms, provided all contributions remain in the account until the end of the guarantee period. This is a group annuity product. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. Guarantees are based on the claims-paying ability of the issuing company. There are not any events that could limit the ability of the Plan to transact at contract value, paid within 90 days, or in rare circumstances, contract value paid over time. There are also not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value, paid either within 90 days or over time. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

C.R. Laurence Co., Inc.
401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis.

Investment Contracts

As described in ASC 946, *Financial Services - Investment Companies*, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant required measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

This standard did not have a material effect on the Plan's financial statements as interest rates for the guaranteed interest accounts approximate market interest rates for interest bearing investments of a similar credit risk for a similar duration. Accordingly, contract value, which represents net contributions plus interest at the contract rate, approximates fair value.

Net Appreciation (Depreciation) in Fair Value of Investments

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net depreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid. There was no amount owed to current or terminated participants as of December 31, 2011 and 2010.

Notes Receivable - Participant Loans

Notes receivable represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2011 or 2010. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Notes to Financial Statements

Concentration of Market and Credit Risk

The Plan offers participants a number of different investment options for participants to select based upon different risk profiles from conservative to aggressive growth. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's provisions as well as those of ERISA and the participants' investment preference dictate the Plan's concentration of credit risk and market risk.

The Plan invests in pooled separate accounts that invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices may be more volatile than those of securities of comparable U.S. companies.

3. Investments

The following table represents the fair values of investments that represent five percent or more of the Plan's net assets:

<i>December 31,</i>	2011	2010
John Hancock Lifestyle Fund - Balanced Portfolio	\$ 6,479,569	\$ 5,569,476
John Hancock Lifestyle Fund - Growth Portfolio	5,163,069	5,135,155
John Hancock Money Market Fund	3,806,550	3,896,505
John Hancock Lifestyle Fund - Conservative Portfolio	2,035,337	1,728,798
John Hancock Lifestyle Fund - Moderate Portfolio	1,734,156	1,719,609

Net depreciation in fair value of investments, on the Statement of Changes in Net Assets Available for Benefits, consists of net depreciation in fair value of the pooled separate accounts in the amount of \$712,762.

4. Investment Contract with Insurance Company

Investment Contract with Insurance Company

The Plan is a party to investment contracts with John Hancock Life Insurance Company (U.S.A.). The Trustee maintains the contributions in pooled accounts. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by the Trustee. The contracts are included in the financial statements at fair value, with an adjustment to contract value, as reported to the Plan by the Trustee. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. A description of the guaranteed accounts, maturity dates, average yield, crediting interest rate, and contract value were as follows for the years ended December 31, 2011 and 2010:

Description	Maturity Dates	December 31, 2011		Contract Value
		Average Yield	*Crediting Interest Rate	
3-Year Guaranteed Interest Account	12/31/2011 to 12/31/2013	0.15% to 1.55%	0.20%	\$ 1,542,113
5-Year Guaranteed Interest Account	12/31/2011 to 12/31/2015	0.63% to 4.03%	0.75%	295,233

5-Year Guaranteed Interest Account	12/31/2010 to 12/31/2015	1.00% to 4.10%	0.70%	170,202
10-Year Guaranteed Interest Account	12/31/2010 to 12/31/2020	0.97% to 5.35%	1.25%	173,960
				\$ 1,605,756

* The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on an annual basis for resetting.

5. Fair Value Measurements

ASC 820 established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

C.R. Laurence Co., Inc.
401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Level 1

Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2

Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3

Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

Financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The valuation methodologies discussed in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan investment assets at fair value as of December 31, 2011:

	<i>Investment Assets at Fair Value as of December 31, 2011</i>

The following table sets forth, by level within the fair value hierarchy, the Plan investment assets at fair value as of December 31, 2010:

	<i>Investment Assets at Fair Value as of December 31, 2010</i>			
	Level 1	Level 2	Level 3	Total

Total investments at fair value	\$ 41,920	\$ 31,910,966	\$ -	\$ 31,952,886

The Plan invests in pooled separate accounts for which the valuation is based on the values of the underlying investments adjusted for certain maintenance fees. The underlying investments are primarily valued using quoted market prices. However, the pooled separate accounts themselves are not traded on an active exchange independent of the Trustee. As a result, these investments are classified as Level 2. The guaranteed interest accounts are valued by deposits made to the contract, plus earnings guaranteed at the crediting rate, less withdrawals and fees. As interest rates are adjusted monthly to reflect prevailing market rates, the guaranteed interest accounts are classified as Level 2.

6. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

<i>Years ended December 31,</i>	2011	2010
Cash	\$ 37,820	\$ 41,920
Investments, at fair value:

Notes to Financial Statements

<i>Year ended December 31,</i>	<i>2011</i>
Interest income	\$ 90,010
Net depreciation in fair value of investments	(712,762)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. Income Tax Status

The Internal Revenue Service has determined and informed the Plan Committee, in a letter dated September 4, 2001, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

8. Plan Termination

The Company expects the Plan to continue indefinitely but reserves the right to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, all participants will become fully vested and the balance in each participant's account will be distributed.

9. Excess Contributions Payable

As a result of the Plan's nondiscrimination testing, excess contributions totaled \$43,163 for the year ended December 31, 2011 and was refunded on March 6, 2012. These corrective distributions were made so that the Plan may be in compliance with nondiscrimination testing at December 31, 2011.

10. Party-in-Interest Transactions

As trustee of the Plan, John Hancock is a party-in-interest as defined by ERISA. Certain Plan investments are shares of mutual funds managed by the trustee; therefore, these transactions qualify as party-in-interest transactions permitted by the Department of Labor's regulations. In addition, notes receivable from participants qualify as party-in-interest transactions.

11. Subsequent Events

The Company evaluated subsequent events through September 7, 2012, which is when this audit report was available to be issued. The Company is not aware of any significant events that would have a material impact on its financial statements.
