NOTES TO FINANCIAL STATEMENTS
Year ended December 31, 2011

NOTE A – DESCRIPTION OF PLAN

The following description of the DISCOVERX CORPORATION ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

History. The Plan became effective January 1, 2000, with the approval of the Board of Directors of DiscoverRx Corporation.

General. The Plan is a defined contribution plan covering all employees of the Company. There is not an age requirement or a service requirement. The participant may enter into the plan the first day of the plan year and the first day of the fourth, seventh, and tenth months. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute up to 60% of pretax annual compensation (as defined in the Plan), up to the limits defined by law. Matching contribution may also be made to the plan. Matching contributions are not required, the formula, amount, and frequency of the contribution, will be determined by management. Profit Sharing Contributions may also be made, these contributions are totally discretionary on the part of management.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses), and charged with an allocation of administrative expenses, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. The vested interest in the matching contribution account is determined based on your credited years of service as of the date your vested interest is determined. In determining vested interest in this account, all years of service will be counted. Any part of this account which is not vested will be forfeited when you receive a distribution of your vested interest (or after you incur 5 consecutive breaks in service, if earlier) and will thereafter be used to reduce our other contributions.

1 Year of Service.....	25% Vested
2 Years of Service.....	50% Vested
3 Years of Service.....	75% Vested
4 Years of Service.....	100% Vested

Payment of Benefits. On termination of service due to reasons other than death, Vested Interest will be received by the participant as a lump distribution as soon as administratively feasible after employment is terminated. If the vested Interest is \$5,000 or more the participant may elect installment payments over a specific period of time. Distributions upon death can be elected by the beneficiary as lump sum or equal installment payments.

Notes receivable from participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The balance in the participant's account secures the loans. All loans must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over a five year period unless the loan is for a principal residence. Participant loans are reclassified as distributions based on the terms of the Plan document. Interest rates on outstanding participant notes as of December 31, 2011 are 10%.

Forfeited Accounts. At December 31, 2011 and 2010 forfeited non-vested accounts totaled \$231 and \$231, respectively. Annually, these amounts are reallocated to the remaining participants based on their respective account balances.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review. Subsequent events were evaluated through August 21, 2012, which is the date the financial statements were available to be issued.

Basis of Accounting. The Plan has elected the accrual basis of accounting for financial reporting purposes and modified cash basis to file its Form 5500.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of the registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end, see Note H for discussion of fair value.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date they are received.

NOTE C – INVESTMENTS

The following presents investments at December 31, 2011 and 2010 that represent 5% or more of the Plan's net assets.

	<u>2011</u>	(Unaudited) <u>2010</u>
Mutual Funds:		
Fidelity Contrafund	\$ 196,148	\$ 160,306
Fidelity Intermed Bond	181,553	129,890
Fidelity OTC Portfolio	199,704	95,284
Fidelity Diversified International	270,015	279,972

Fidelity Freedom 2030	217,211	230,032
Fidelity Retirement Money Market	229,468	240,072

During 2011, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, decreased in value by \$217,989 in the current plan year.

NOTE D – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan's Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of whole or partial plan termination; participants would become fully vested as to the amount credited to their accounts after deductions for estimated liquidation and distribution expenses.

NOTE E – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

DISCOVERX CORPORATION
NOTES TO FINANCIAL STATEMENTS
Year ended December 31, 2011

NOTE F – TAX STATUS

The Plan adopted a prototype plan effective May 27, 2009. The prototype plan has been amended and received an opinion letter dated March 31, 2008 from the Internal Revenue Service as to the prototype plan's qualified status. The prototype opinion letter has been relied upon by the plan. The Plan administrator believes the Plan is being operated in compliance with the applicable requirement of the internal revenue code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE G – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	<u>2011</u>	<u>2010</u>
Investments, at fair value:		
Mutual funds	\$ 3,138,400	\$ 2,934,904
Interest bearing cash	229,468	240,072
Investment income(loss)	(217,989)	413,068
Participant notes	40,001	4,729

NOTE H – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs are available to the Plan, and Level 3 inputs are only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded

NOTE H – FAIR VALUE MEASUREMENTS (continued)

Level 2 Fair Value Measurements

Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. The plan has no level 2 assets.

Level 3 Fair Value Measurements

Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. The plan has no level 3 assets

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010.

NOTES TO FINANCIAL STATEMENTS
Year ended December 31, 2011

NOTE A – DESCRIPTION OF PLAN

The following description of the DISCOVERX CORPORATION ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

History. The Plan became effective January 1, 2000, with the approval of the Board of Directors of DiscoverRx Corporation.

General. The Plan is a defined contribution plan covering all employees of the Company. There is not an age requirement or a service requirement. The participant may enter into the plan the first day of the plan year and the first day of the fourth, seventh, and tenth months. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute up to 60% of pretax annual compensation (as defined in the Plan), up to the limits defined by law. Matching contribution may also be made to the plan. Matching contributions are not required, the formula, amount, and frequency of the contribution, will be determined by management. Profit Sharing Contributions may also be made, these contributions are totally discretionary on the part of management.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses), and charged with an allocation of administrative expenses, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. The vested interest in the matching contribution account is determined based on your credited years of service as of the date your vested interest is determined. In determining vested interest in this account, all years of service will be counted. Any part of this account which is not vested will be forfeited when you receive a distribution of your vested interest (or after you incur 5 consecutive breaks in service, if earlier) and will thereafter be used to reduce our other contributions.

1 Year of Service.....	25% Vested
2 Years of Service.....	50% Vested
3 Years of Service.....	75% Vested
4 Years of Service.....	100% Vested

Payment of Benefits. On termination of service due to reasons other than death, Vested Interest will be received by the participant as a lump distribution as soon as administratively feasible after employment is terminated. If the vested Interest is \$5,000 or more the participant may elect installment payments over a specific period of time. Distributions upon death can be elected by the beneficiary as lump sum or equal installment payments.

Notes receivable from participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The balance in the participant's account secures the loans. All loans must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over a five year period unless the loan is for a principal residence. Participant loans are reclassified as distributions based on the terms of the Plan document. Interest rates on outstanding participant notes as of December 31, 2011 are 10%.

Forfeited Accounts. At December 31, 2011 and 2010 forfeited non-vested accounts totaled \$231 and \$231, respectively. Annually, these amounts are reallocated to the remaining participants based on their respective account balances.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review. Subsequent events were evaluated through August 21, 2012, which is the date the financial statements were available to be issued.

Basis of Accounting. The Plan has elected the accrual basis of accounting for financial reporting purposes and modified cash basis to file its Form 5500.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of the registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end, see Note H for discussion of fair value.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date they are received.

NOTE C – INVESTMENTS

The following presents investments at December 31, 2011 and 2010 that represent 5% or more of the Plan's net assets.

	<u>2011</u>	(Unaudited) <u>2010</u>
Mutual Funds:		
Fidelity Contrafund	\$ 196,148	\$ 160,306
Fidelity Intermed Bond	181,553	129,890
Fidelity OTC Portfolio	199,704	95,284
Fidelity Diversified International	270,015	279,972

Fidelity Freedom 2030	217,211	230,032
Fidelity Retirement Money Market	229,468	240,072

During 2011, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, decreased in value by \$217,989 in the current plan year.

NOTE D – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan's Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of whole or partial plan termination; participants would become fully vested as to the amount credited to their accounts after deductions for estimated liquidation and distribution expenses.

NOTE E – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

DISCOVERX CORPORATION
NOTES TO FINANCIAL STATEMENTS
Year ended December 31, 2011

NOTE F – TAX STATUS

The Plan adopted a prototype plan effective May 27, 2009. The prototype plan has been amended and received an opinion letter dated March 31, 2008 from the Internal Revenue Service as to the prototype plan's qualified status. The prototype opinion letter has been relied upon by the plan. The Plan administrator believes the Plan is being operated in compliance with the applicable requirement of the internal revenue code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE G – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	<u>2011</u>	<u>2010</u>
Investments, at fair value:		
Mutual funds	\$ 3,138,400	\$ 2,934,904
Interest bearing cash	229,468	240,072
Investment income(loss)	(217,989)	413,068
Participant notes	40,001	4,729

NOTE H – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs are available to the Plan, and Level 3 inputs are only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded

NOTE H – FAIR VALUE MEASUREMENTS (continued)

Level 2 Fair Value Measurements

Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. The plan has no level 2 assets.

Level 3 Fair Value Measurements

Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. The plan has no level 3 assets

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010.
