NOTE A – DESCRIPTION OF THE PLAN

The following description of the Steadfast 401(k) Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on February 1, 2003, by Steadfast Management Company, which was subsequently replaced by Steadfast Investment Properties, Inc. (the Employer), as a qualified defined contribution plan, with a cash or deferred arrangement, covering employees who have met certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). John Hancock Life Insurance Company (U.S.A) (John Hancock) serves as the custodian of Plan assets. The Plan's assets are invested through a group annuity contract into units of interest in sub-accounts at John Hancock.

Eligibility

Employees become eligible to participate in employee deferral, employer discretionary matching contributions and employer profit sharing contributions upon reaching age 18 and after completing three months of service. The entry dates for the Plan are the first day of the month following the date the employee met the eligibility requirements.

Employee Contributions

Participants can make pretax and after-tax (Roth 401(k)) contributions, up to the lesser of their annual compensation or the maximum amount allowed by law (plus catch-up contributions for participants over age 50) as presented in the following table:

Calendar Year	Limit	Catch-up
2010	$16,500	$5,500
2011	$16,500	$5,500

The Plan also provides for automatic enrollment at a 4% contribution rate for all new and returning employees.

NOTE A – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions

Each year the Employer may elect to make, solely at its own discretion, a profit sharing contribution. Contributions are subject to certain limitations. The Employer did not make a profit sharing contribution for either of the years ended December 31, 2011 and 2010.

In addition to the discretionary profit sharing contribution, the Employer may make matching contributions equal to a discretionary percentage, as determined by the Employer, of the participant's salary reductions. The Employer made no matching contributions for either of the years ended December 31, 2011 and 2010.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's contribution (as described above), and (b) Plan earnings, and is charged with an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employee contributions will be 100% vested at all times. Contributions made by the Employer will be subject to the following vesting schedule:

Year of service	Vested Percentage
1	25 %
2	50 %
3	75 %
4	100 %

Each participant's vested interest becomes distributable upon retirement, attainment of age 59 1/2, financial hardship, termination of employment, disability, or death. Participants become fully vested in the Employer's contribution in the event of total or permanent disability while employed by the Employer or upon normal retirement at the age of 65. Upon termination of the Plan, the accounts of all participants become fully vested.

NOTE A – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Upon approval by the plan administrator, active participants are permitted to borrow from the Plan without incurring a penalty. A participant may borrow a minimum of $1,000, up to the lesser of 50 percent of his or her vested account balance or $50,000 minus the participant's highest outstanding loan amount during the prior 12 month period. Two loans is the maximum number of loans that maybe outstanding at any time for any participant. Loan transactions are treated as a transfer between the investment fund and the participant loans fund. Loan terms range up to 5 years, except for the loans used for the purchase of a primary residence for which the plan administrator may permit a longer repayment period. The loan shall bear a reasonable interest rate set by the administrator who will review the interest rates charged for similar types of loans by other lenders. All loans are secured by the participant's vested interest in the Plan. Nonpayment of loans will be considered a default and treated as a distribution. Principal and interest are paid ratably through semi-monthly payroll deductions. Loan balances are measured at their unpaid principal balance plus any accrued interest. The interest rates on participant loans ranged from 4.25% to 9.25% for the years ended December 31, 2011 and 2010. At December 31, 2011 and 2010, loans outstanding were $146,410 and $234,268 respectively.

Payment of Benefits

Upon termination of service due to death, disability, normal retirement or other reasons, a participant will receive a lump-sum amount equal to the value of the participant's vested interest. The Plan provides for hardship withdrawals if participants meet the requirements for such a withdrawal as defined in the Plan.

Investment Options

A participant may direct his or her account into any of 45 investment options and may change the investment options on a daily basis.

Forfeitures

Upon termination of employment of a participant, the non-vested portion of the employer contributions are forfeited. Forfeitures are first used to pay any administrative expenses and then to reduce any employer contributions. There were no forfeitures used for the year ended December 31, 2011. Forfeitures used for the year ended December 31, 2010 was approximately $4,602. At December 31, 2011 and 2010, forfeited non-vested accounts totaled $8,218 and $1,894, respectively.

NOTE A – DESCRIPTION OF THE PLAN (Continued)

Administrative Expenses

The Employer has elected to pay for most of the costs associated with Plan administration in excess of forfeitures. Such costs include administrator compensation, account support, accounting and investment advisor fees (this excludes individual loan costs which are paid from participant accounts and certain minor custodian fees which are reported as administrative expenses in the accompany statements of changes in net assets available for benefits).

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in compliance with the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. As allowed under Department of Labor Regulations, the financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates (see Note D).

Investment Valuation

Plan assets are invested in units of interest in sub-accounts of John Hancock which hold mutual funds as selected by participants. The sub-accounts are stated at fair market value at December 31, 2011 and 2010, as reported by the custodian. Quoted market prices are used to value investments. Net appreciation includes the Plan's gain and losses on the investments bought and sold as well as held during the year.

Undistributed Benefits

The Plan does not accrue undistributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid. At December 31, 2011 and 2010, there were no material amounts to be paid to participants who have withdrawn from the Plan.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

New Accounting Pronouncements Not Yet Adopted

In May 2011, FASB issued Auditing Standards Update (ASU) No. 2011-04, *Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs.* The objective of this update is to improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP) and International Financial Reporting Standards (IFRSs), by changing the wording used to describe many of the requirements in U.S. GAAP for measuring fair value and disclosing information about fair value measurements. The amendments include those that clarify FASB's intent about the application of existing fair value measurement and disclosure requirements and those that change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. This ASU, which is to be applied prospectively, is effective for public entities during interim and annual periods beginning after December 15, 2011. Nonpublic entities may early implement during interim periods beginning after December 15, 2011. Some of the disclosures required by the amendments in the ASU are not required for nonpublic entities. The Plan expects to adopt the provisions of ASU 2011-04 for the period ending December 31, 2012 and does not anticipate the adoption of this ASU to have a material impact on its financial statements.

NOTE C – CUSTODIAN CERTIFICATION

NOTE D – FAIR VALUE MEASUREMENTS

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

NOTE D – FAIR VALUE MEASUREMENTS (Continued)

Mutual funds held in sub-accounts: Valued at the net assets value of units held by the Plan at year end and, generally, include the use of significant observable inputs in determining the unit value. There are no restrictions as to the redemption of these investments nor does the Plan have any contractual obligations to further invest in any of these sub-accounts.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's underlying investments at fair value as of December 31, 2011 and 2010.

		Fair Value Measurements at Reporting as of December 31, 2011

NOTE E – RELATED PARTY TRANSACTIONS

John Hancock is the asset custodian of the Plan and, therefore, investment transactions entered into by John Hancock qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules.

NOTE F – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect Participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. In addition, the Plan held substantially all of its assets with one institution. In the event of the institution's failure, the Plan could be subject to losses.

NOTE G – PLAN TERMINATION

Although it has not expressed intent to do so, the Employer has the right under the Plan to amend or terminate the Plan subject to the provisions of ERISA. In the event of termination of the plan, all participants become fully vested.

NOTE H –TAX STATUS

The Plan is a volume submitter profit sharing plan with CODA, which is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan has been amended since receiving the opinion letter on March 31, 2008, which states that the plan is in accordance with the IRC. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.
