Pollock 401(k) Savings Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Pollock 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by Pollock Investments, Inc. (the “Company”) under the provision of Section 401(a) of the United States Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company.

All employees of the Company who have completed six months of service, as defined, are eligible to participate, provided they are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan is administered by the Pension Committee which is appointed by the board of directors of the Company. The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets and keeping accurate records and reports. The Plan’s Trustee, State Street Bank & Trust Company, is responsible for the custody and management of the Plan’s assets.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan, subject to a maximum contribution as required under Section 402(g) of the IRC. Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes 100 percent of employee pretax contributions, not to exceed 3 percent of eligible compensation plus 50 percent of employee pretax contributions that exceed 3 percent of eligible compensation not to exceed 5 percent of the eligible compensation.

Participant Accounts

Individual accounts are maintained for each of the Plan’s participants to reflect the participant’s contributions and related employer matching contributions, as well as the Participant’s share of investment income, appreciation (depreciation) and any related administrative expenses.

The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment funds. The benefit to which a Participant is entitled is limited to the amount of the Participant’s vested account balance.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of vesting service. Effective January 1, 2006, all employer contributions are immediately vested. For employer contributions made prior to January 1, 2006, a participant is 100 percent vested after five years of credited service. Participants who leave the Company before they are fully vested in the Company’s contributions forfeit their non-vested portion.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment funds determined at the discretion of the Plan Administrator and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Pollock 401(k) Savings Plan
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may leave their account in the Plan or may elect to receive a single lump-sum payment in cash or may elect to receive installments. However, a participant with an account balance of \$5,000 or less may only receive a single lump-sum payment in cash. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan. Participants may not make contributions for at least six months after the receipt of the hardship distribution. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. These funds may be used to reduce the Company's matching contributions, or reallocated to participants in the same manner as employer contributions, in accordance with the Plan document. At December 31, 2011 and 2010 forfeited accounts totaled \$5,248 and \$3,480, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP"), management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Changes in market value are reflected in operations. Mutual funds and common/collective trusts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. Units held in common/collective trusts are valued at the unit value as reported by the investment managers at year end. Interest and other income are recorded on the accrual basis. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end, is presented in the statement of changes in net assets available for benefits. Brokerage fees, if any, are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

The Stable Fund (common collective trust) consists primarily of investments in short-term bonds and other fixed income securities, mortgage backed securities and derivative instruments. The Stable Value Fund also purchases third party wrap contracts and investment contracts offered by insurance companies and other approved financial institutions that provide for the payment of a specified rate of interest. The Stable Value Fund is considered to be fully benefit-responsive, and the wrap and investment contracts in the fund assure that payments will be made for participant directed withdrawals at contract value. In determining the net assets available for benefits, the Stable Value Fund is included in the accompanying statements of net assets available for benefits at contract value, which represents contributions made under the contract plus earnings, less withdrawals and administrative expenses.

Investment contracts are generally valued at contract value, rather than fair value, to the extent it is fully benefit-responsive. The average yield to maturity and crediting interest rate for the fund at December 31, 2011 and 2010 was approximately 2.25% and 3.00%, respectively. This represents the annualized earnings of all investments in the Fund, including the earnings recorded at the underlying collective trust funds, divided by the fair value of all investments in the Fund at December 31, 2011 and 2010, respectively.

Risks and Uncertainties

Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with such investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and affected the short term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. INVESTMENTS

The fair market values of individual assets that represent 5% or more of the Plan's net assets are as follows as of December 31:

	2011	2010
Mutual Funds:		
Stock Index Fund	\$ 3,881,293	\$ 4,034,430
Core Bond Fund	3,100,614	2,065,671
Intermediate Horizon Safe Fund	1,348,274	1,545,561
Mid Cap Value Fund	1,259,813	1,239,419
High Quality Bond Fund	1,020,050	1,017,605
Large Cap Value Fund – Class A	1,047,138	971,992
Common / Collective Trust:		
Stable Fund *	2,763,712	2,614,159

The net appreciation (depreciation) in fair value of plan investments was \$(211,584) and \$1,581,851 for the years ended December 31, 2011 and 2010, respectively and was all incurred on mutual fund investments.

* - The schedule reflects the fair value. The contract value of this investment was \$2,787,405 and \$2,662,889 at December 31, 2011 and 2010, respectively.

4. FAIR VALUE MEASUREMENTS

GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. During 2011, the common/collective trust investment was transferred accordingly from Level 3 to Level 2. For the years ended December 31, 2011 and 2010, there were no significant transfers in or out of levels 1, 2 or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2011 and 2010.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Common/collective trusts: Valued based on information using the audited financial statements of the collective trust at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

5. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (Continued)

Investment income:

Interest and dividends	\$ 293,620	\$ 278,751
Net appreciation (depreciation) in fair value of investments	<u>(211,584)</u>	<u>1,581,851</u>
	<u>\$ 82,036</u>	<u>\$ 1,860,602</u>

* The Trustee certified this investment at contract value. The fair value of this investment was \$2,763,712 and \$2,614,159 at December 31, 2011 and 2010, respectively.

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

6. REPORTABLE TRANSACTIONS

During the years ended December 31, 2011 and 2010, there were no reportable transactions, investment assets acquired and disposed of within the Plan year or non-exempt transactions with parties-in-interest which would require supplemental presentation under DOL Rules and Regulations.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and units of common/collective trust funds managed by Transamerica Partners Funds Group and Transamerica Asset Allocation Funds, related entities to Diversified Investment Advisors, Inc. (the record keeper). Therefore, these transactions qualify as party-in-interest transactions.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC. The Plan provides for full and immediate vesting of all participant rights upon termination of the Plan.

9. TAX STATUS OF THE PLAN

The Company has adopted the Fidelity Investments Defined Contribution Prototype Plan and Trust. The United States Internal Revenue Service ("IRS") has issued an opinion letter dated October 26, 2007 stating that the plan is acceptable under section 401 of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2001-77) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

10. NEW ACCOUNTING PRONOUNCEMENTS

In May 2011, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update 2011-04, Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in GAAP and IFRSs (ASU 2011-04). ASU 2011-04 amended ASC 820 to converge the fair value measurement guidance in GAAP and International Financial Reporting Standards (“IFRSs”). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The Plan’s management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan’s financial statements.

In January 2010, the FASB issued ASU No. 2010-06, *Improving Disclosures about Fair Value Measurements*. This ASU amended ASC 820 and required new disclosures about transfers into and out of Levels 1 and 2 and separate disclosures about purchases, sales, issuances, and settlements relating to Level 3 measurements. It also clarified existing fair value disclosures about the level of disaggregation and about inputs and valuation techniques used to measure fair value. The new disclosures and clarifications of existing disclosures were effective for the Plan’s fiscal year ending December 31, 2010, except for the disclosures about purchases, sales, issuances, and settlements relating to Level 3 measurements, which are effective for the Plan’s fiscal year ending December 31, 2011. The adoption of this guidance did not have a significant impact on the Plan’s net assets available for benefits or its changes in net assets available for benefits, as changes were related to the fair value measurement disclosures.

11. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 3, 2012, the date the financial statements were available to be issued.
