INDEPENDENT AUDITOR'S REPORT

We were engaged to audit the financial statements of the National Electric Coil, Inc. Union 401(k) Plan as of December 31, 2011 and 2010 and for the years then ended and the supplemental schedules as of December 31, 2011 as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in the footnotes, which was certified by Fifth Third Bank, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2011 and 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

UNION 401(K) PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2011 and 2010

DESCRIPTION OF PLAN

The following brief description of the National Electric Coil, Inc. Union 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General - The Plan is a defined contribution retirement plan sponsored by National Electric Coil, Inc. (the Plan Sponsor). The Plan covers substantially all union employees of National Electric Coil and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - An employee shall be eligible to participate in the Plan on the entry date (if employed) coincident with the date of completion of 60 days of service.

Contributions - To participate in the Plan, an eligible employee must enter into a contribution agreement with the employer authorizing the employer to deduct and withhold from such employee's compensation a specified amount, or percentage thereof, ranging from 1% to 25%, and to contribute such amount to the employee's account in the Plan. Effective January 1, 2006, the Plan was amended to include, among other changes, an option for participants to irrevocably designate contributions as "Roth 401(k) deferrals." Such deferrals are contributions made from the after tax income of the participant and are accounted for separately under the Plan.

The Plan Sponsor makes discretionary matching contributions in an amount not to exceed 20% of each participant's first 10% of compensation contributed as elective deferrals for the Plan year. Participants direct these contributions among a choice of investment options.

In accordance with Section 401(k) of the Internal Revenue Code, all amounts withheld from compensation and contributed to a participant's account, up to the maximum allowed, (except for Roth deferrals) shall be excluded from gross income of the participant for federal income tax purposes.

Vesting - Participants are immediately vested in their elective deferrals and actual earnings thereon. Participants shall have a vested percentage in employer contributions in accordance with the following schedule:

20%	after 1 year of service
40%	after 2 years of service
60%	after 3 years of service
80%	after 4 years of service
100%	after 5 years of service

Investment Options - Upon enrollment in the Plan, a participant may direct contributions in any of the investment options noted below. Participants may change their investment options at any time.

DESCRIPTION OF PLAN - Continued

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution, (b) Plan earnings, and (c) an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as provided in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants - Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their account balance up to a maximum of five years. The loans are secured by the balance in the participant's account and bear interest at local prevailing rates as determined by the Plan administrator.

Payment of Benefits - Upon termination, participants may receive the vested portion of their account as a distribution in the form of a lump sum payment, or elect to remain a non-contributing participant in the Plan. A participant's account shall be payable to him or her, or in the event of death, to a beneficiary, upon the earlier of disability, termination of employment or retirement date. Retirement date is upon attainment of age 65 or age 55 with at least five years of service. Hardship withdrawals may be made for an immediate and heavy financial need of the participant as defined in the Plan agreement.

Plan Amendments or Terminations - National Electric Coil, Inc. reserves the right at any time to amend or terminate the Plan, provided that no such amendment or termination shall have the effect of giving National Electric Coil, Inc. any right, or of reducing the rights of any participant, in the funds then held by the custodian. No amendment to the Plan shall have the effect of eliminating or reducing a retirement benefit, or eliminating an optional form of benefit with respect to benefits attributable to service before the amendment.

Administrative Fees and Expenses - The Plan Sponsor absorbs or reimburses the Plan for the majority of administrative fees and expenses. Fees of \$492 were paid by the Plan in 2011.

Forfeitures - Forfeitures are used to offset future employer matching contributions or to offset administrative fees. During the years ended December 31, 2011 and 2010, forfeitures of \$286 and \$39, respectively, were added to the forfeiture account. At December 31, 2011 the balance in the forfeitures account was \$1,396.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Following are the significant accounting policies adopted by the Plan and used in the preparation of these financial statements:

Use of Estimates - The preparation of the financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on the plan administrator's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

Risks and Uncertainties - The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Investment Valuation and Income Recognition - Investments are recorded at fair value based upon quoted market prices at year end. Income from investments is recorded as earned on the accrual basis of accounting. Cost of investments is determined using the average cost basis and is used when determining realized gains and losses upon disposition.

As described in ASC 962-325-05, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined contribution plan are required to be reported at fair value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a guaranteed interest account through a group contract. Contract value for this guaranteed interest account is based on the contributions, withdrawals and earnings of the trust as reported by Fifth Third Bank. No adjustment has been made to the Stable Value Fund since the difference between the fair value and contract value was not significant. Certain events limit the ability of the Plan to transact at contract value with the issuer. However, management of the Plan does not believe that such events are probable of occurring.

Notes Receivable from Participants - Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest.

Contributions - Contributions are recorded as earned on the accrual basis when withheld from the participant's earnings and when contributions are allocated by the Plan Sponsor.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - Subsequent events were evaluated through August 30, 2012, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncements - In May, 2011, the Financial Accounting Standards Board (FASB) issued ASU No. 2011-04, Fair Value Measurement (Topic 820), *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards*. ASU No. 2011-04 provides a consistent definition of fair value to ensure that the fair value measurement and disclosure requirements are similar between U.S. generally accepted accounting principles and International Financial Reporting Standards. Some of the amendments clarify the FASB's intent about the application of existing fair value measurement requirements. Other amendments change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. ASU No. 2011-4 is effective for periods beginning after December 15, 2011. The Plan is currently evaluating the impact that the adoption will have on its financial statements in fiscal 2012.

INCOME TAX STATUS

In its most recent determination letter, dated November 19, 2001, the Internal Revenue Service informed the administrator and the Plan Sponsor that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The plan administrator is not aware of any provision, action or event that has occurred that might affect the Plan's qualified status.

The Plan complies with ASC 740-10 related to uncertain tax positions. This standard prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken on a tax return. Plan administration is not aware of any tax

positions taken by the Plan that it considers to be uncertain. Tax returns for the years ended 2008, 2009, and 2010 are open and subject to examination by the Internal Revenue Service.

INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following investment-related information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Plan's custodian, Fifth Third Bank, as of December 31, 2011 and 2010 and for the years then ended:

	<u>2011</u>	<u>2010</u>
Investments, at fair value:		
Cash equivalent	\$ 1,396	\$ 1,601
Mutual funds	2,600,445	2,633,190
Notes receivable from participants	134,230	120,293
Accrued interest receivable	3,060	2,475
Dividend and interest income	47,256	37,842
Net unrealized and realized gains in value of investments	16,829	154,175
Administrative fees	492	-

INVESTMENTS

Investments of the Plan consist of mutual funds maintained by Fifth Third Bank. Investments in the following funds exceeded 5% of the Plan's net assets available for benefits at December 31, 2011:

Fifth Third Money Market Fund I
Wells Fargo Advantage Growth Fund
Fifth Third Life Model Moderate Inst
Pimco Total Return A

The net realized and unrealized gains in the fair value of investments (\$16,829 and \$154,175 for the years ended December 31, 2011 and 2010, respectively) relate to mutual funds that have a net asset value published on a public source.

The Plan maintains a fully benefit-responsive investment contract (Stable Value Fund) with Fifth Third Bank. The contract is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. As described in SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract, which approximates fair value. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The crediting interest rate was 1.32% and 1.57% for the years ended December 31, 2011 and 2010, respectively. The crediting interest rate is adjusted quarterly.

REPORTABLE TRANSACTIONS

The Plan's assets are participant-directed, and thus, the schedule of reportable transactions and certain cost information is not required.

RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Differences between the audited financial statements and the information on the Form 5500 related to the timing of recording certain transactions to reflect the accrual basis of accounting and the different classification of certain items of investment income which were insignificant. The Plan's financial statements included employee and employer contributions of \$7,853 and \$7,312 not reflected on the Form 5500 for 2011 and 2010, respectively. The Plan Sponsor indicated the 2011 receivables will be included in contributions in the 2012 Form 5500. The 2010 contributions receivable are included in the 2011 Form 5500.

PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by the Plan's investment advisor, as is customary in retirement plans. FasCore serves as third party administrator and Balestra, Harr & Scherer, CPAs serves as the Plan's auditors. As a result, transactions with these parties qualify as party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee received compensation from the Plan. Certain administrative expenses of the Plan are paid directly by the Plan Sponsor and are not charged to the Plan.

FAIR VALUE MEASUREMENTS

The Plan complies with ASC 820 *Fair Value Measurements and Disclosures* to account for and report fair value. ASC 820 provides a single definition of fair value, a framework for measuring fair value and expanded disclosures concerning fair value. It also defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

Fair value of certain assets and liabilities are determined based on the fair value hierarchy established in the standard, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The standard describes three levels within its hierarchy that may be used to measure fair value which are:

Level 1 - Values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 - Values are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

**NATIONAL ELECTRIC COIL, INC.
UNION 401(K) PLAN**

NOTES TO FINANCIAL STATEMENTS - Continued

December 31, 2011 and 2010

FAIR VALUE MEASUREMENTS – Continued

Level 3 - Values are generated from unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities. These unobservable inputs would reflect management's estimates of assumptions that market participants would use in pricing related assets or liabilities. Valuation techniques might include the use of pricing models, discounted cash flow models or similar techniques.

A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>At December 31, 2011:</u>				
Cash and cash equivalents	\$ 1,396	\$ 666,369	\$ -	\$ 667,765
Equity mutual funds	1,819,145	-	-	1,819,145
Debt mutual funds	57,219	-	-	57,219
Stable value funds	-	57,712	-	57,712
	<u> </u>	<u> </u>	<u> </u>	<u> </u>
Total	<u>\$ 1,877,760</u>	<u>\$ 724,081</u>	<u>\$ -</u>	<u>\$ 2,601,841</u>
<u>At December 31, 2010:</u>				
Cash and cash equivalents	\$ 1,601	\$ 658,894	\$ -	\$ 660,495
Equity mutual funds	1,897,603	-	-	1,897,603
Debt mutual funds	76,693	-	-	76,693
	<u> </u>	<u> </u>	<u> </u>	<u> </u>
Total	<u>\$ 1,975,897</u>	<u>\$ 658,894</u>	<u>\$ -</u>	<u>\$ 2,634,791</u>

Debt and equity mutual funds are publicly traded and their fair value represents the closing price or net asset value as of December 31, 2011 and 2010. As a result, these items and cash and certain cash equivalents are listed as Level 1. Money market funds, also included in cash equivalents above, are listed as Level 2 and their value is based on the values of the underlying securities held by the funds.

The Stable Value Fund invests in units of collective trust funds and short-term investment funds and are valued at their respective net asset values as published daily.
