These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Hartford Life Insurance Company and Reliance Trust Company, the custodians of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the plan administrator that Hartford Life Insurance Company held the Plan's investment assets and executed investment transactions from January 1, 2011 to December 31, 2011, and that Reliance Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2010. The plan administrator has obtained a certification from the custodians as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the custodians is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RETIREMENT SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011 AND 2010

Note 1 - Description of Plan and Summary of Accounting Policies -

Description of Plan

The following description of Durr Heavy Construction, LLC 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan adopted January 1, 1999. It covers all eligible employees of Durr Heavy Construction, LLC and Circle E Contracting, LLC (collectively, the Company) who are at least 20 years of age and have one year of service as defined in the Plan adoption agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a percentage of their annual compensation, not exceeding the dollar limit set by law. Matching contributions by the Company may be made at their discretion. For the year ended December 31, 2011, matching contributions on behalf of the participants were 25% of the elective deferrals not to exceed 6% of the employees' compensation. At its discretion, the Company may also elect to make discretionary contributions; however, the Company did not make any discretionary contributions in 2011 and 2010.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching and discretionary contributions, and an allocated portion of the Plan's earnings. Allocations are based upon participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Forfeitures

Forfeited non-vested accounts are used to reduce future employer contributions and to pay administrative expenses. The balance of forfeited non-vested accounts at December 31, 2011 and 2010 was \$2,039 and \$2,060, respectively. In 2011, employer contributions were reduced by \$2,060 from forfeited non-vested accounts.

Payment of Benefits

Upon termination of service, participants are entitled to receive a lump-sum payment equal to the value of their vested account balance.

Vesting

Participants are immediately vested in their voluntary contributions. Vesting in the Company's matching and discretionary contributions is based on the following vesting schedule.

<u>Years of Vesting Service</u>	<u>Percentage Vested</u>
One	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six or More	100%

Accounting Policies

The financial statements of the Plan are prepared in accordance with the accrual basis of accounting. All assets are participant directed and are valued at current fair value as quoted by the custodian of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net Investment Gain (Loss) includes gains and losses on investments sold during the year as well as appreciation and depreciation of the investments held at the end of the year.

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Plan. If such expenses are not paid by the Plan, they are paid by the Plan sponsor.

Investment Contracts

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required, the Statement of Net Assets Available for Benefits presents fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes of Net Assets Available for Benefits is prepared on a contract value basis. As of December 31, 2011 the Plan had no fully benefit-responsive investment contracts.

As of December 31, 2010, the Plan held investments in the SEI Trust Company Fixed Fund, which owned fully benefit-responsive investment contracts. The Plan reflected these fully benefit responsive investment contracts at fair value and recognized an adjustment from fair value to contract value of \$8,278 as of December 31, 2010 in the accompanying Statements of Net Assets Available for Benefits.

The average yields of the SEI Trust Company Fixed Fund were as follows:

	<u>2010</u>
Based on actual earnings	2.33 %
Based on interest rates credited to participants	1.49 %

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The plan invests in various mutual funds and common/collective trust fund. These funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these accounts, it is at least reasonably possible that changes in the values of the funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Subsequent Events

The Plan evaluated subsequent events and transactions through August 21, 2012, which is the date the financial statements were available to be issued.

Note 2 - Plan Termination -

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 3 - Investments -

The following investments at December 31, 2011 and 2010 represent 5% or more of the Plan's net assets.

Note 4 - Fair Value Measurements -

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels. Level 1 inputs to the valuation methodology are based on unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets and/or based on inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are unobservable and are based on assumptions market participants would utilize in pricing the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2011 and 2010:

Mutual Funds - The fair value of the mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

Common Collective Trust - The fair value of the common/collective trust is derived from the fair value of the underlying securities which invests primarily in a broadly diversified portfolio of Guaranteed Investment Contracts (GICs and synthetic GICs).

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan

believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

The Plan's policy is to recognize transfers into and out of Level 2 as of the date of the event or change in circumstances that caused the transfer. On July 15, 2011, the Plan changed Hartford investment platforms eliminating the fixed fund investment option for participants. The change in platforms caused a transfer of funds invested in a Level 2 investment to a Level 1 investment.

Note 5 - Tax Status -

The Company has adopted a prototype plan which received a favorable determination from the Internal Revenue Service. The Plan itself has not separately applied for recognition of tax-exempt status. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations for years prior to 2008.

Note 6 - Information Prepared and Certified by the Custodian -

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Hartford Life Insurance Company, the Plan's custodian for the year ended December 31, 2011, and Reliance Trust Company, the Plan's custodian for the year ended December 31, 2010.
